

serine-type endopeptidase inhibitor activity

serine-type endopeptidase inhibitor activity

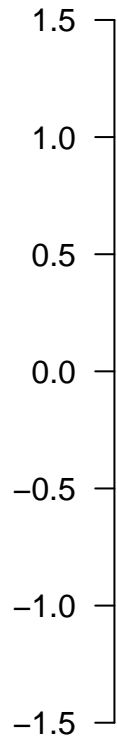

Enrichment in spots: serine-type endopeptidase inhibitor activity

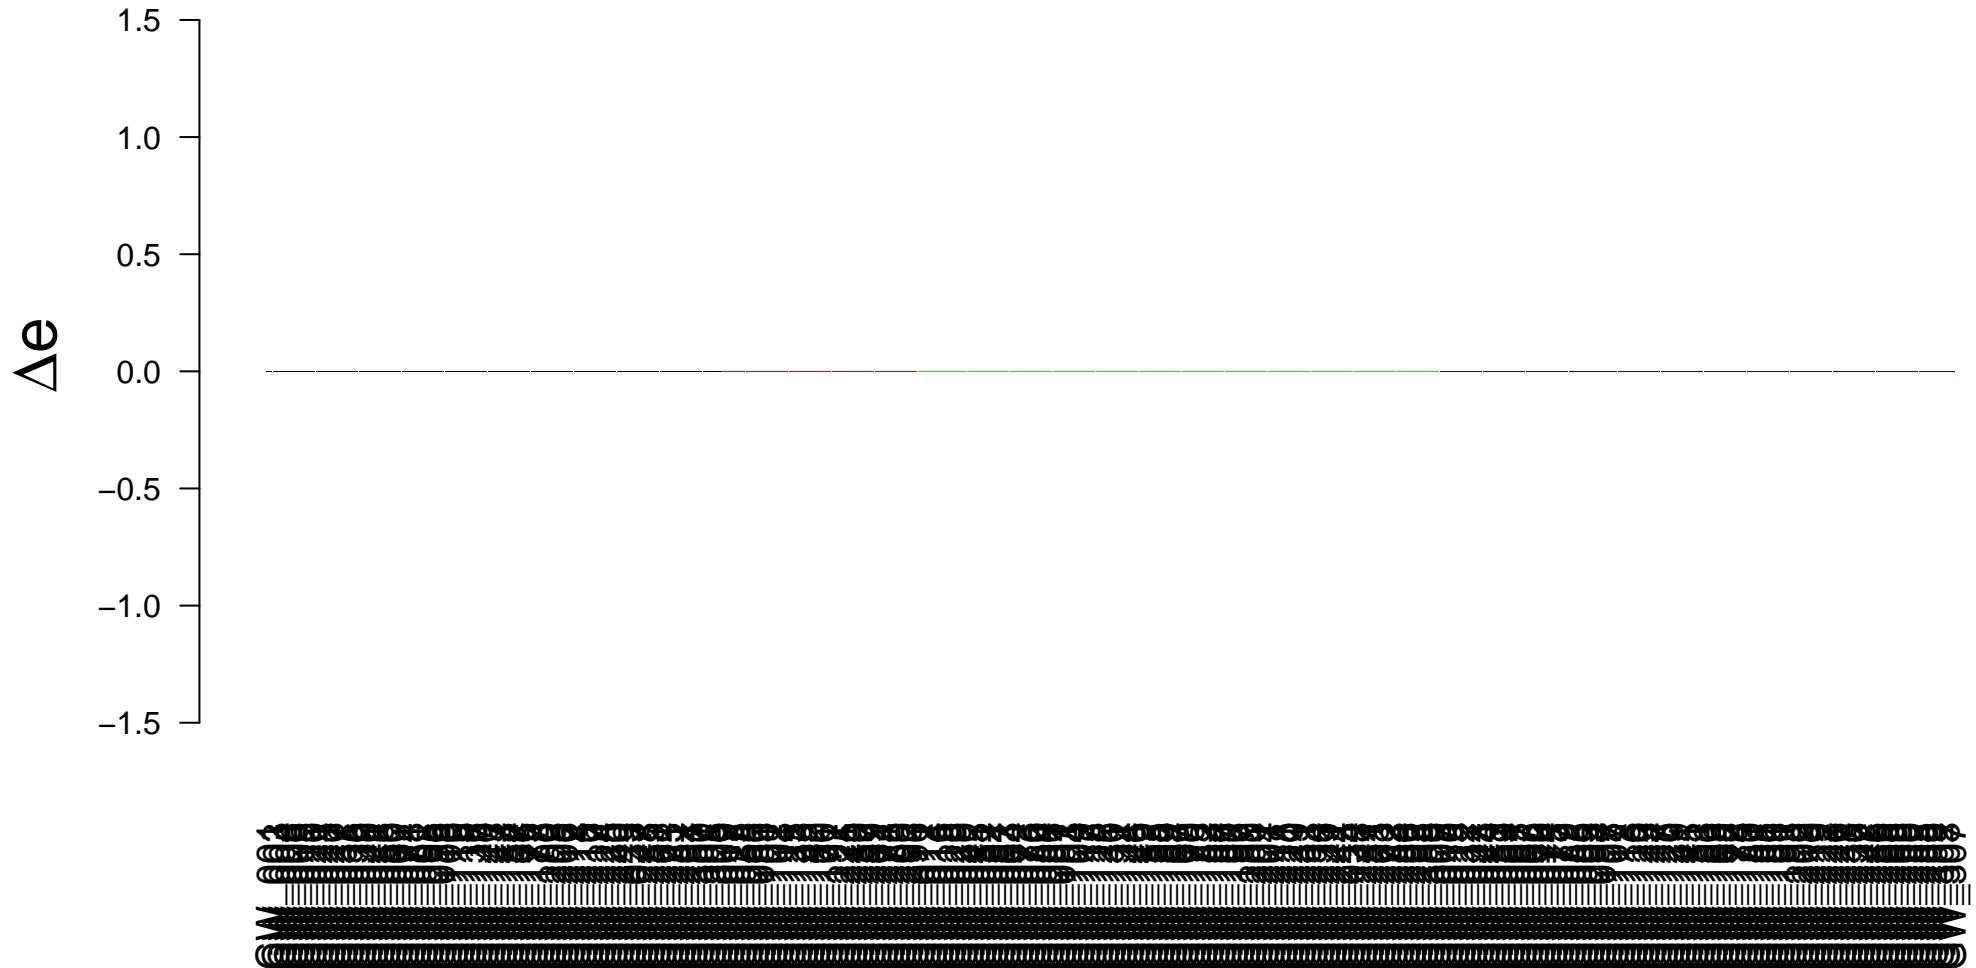

Expression of serine-type endopeptidase inhibitor activity in Spot A

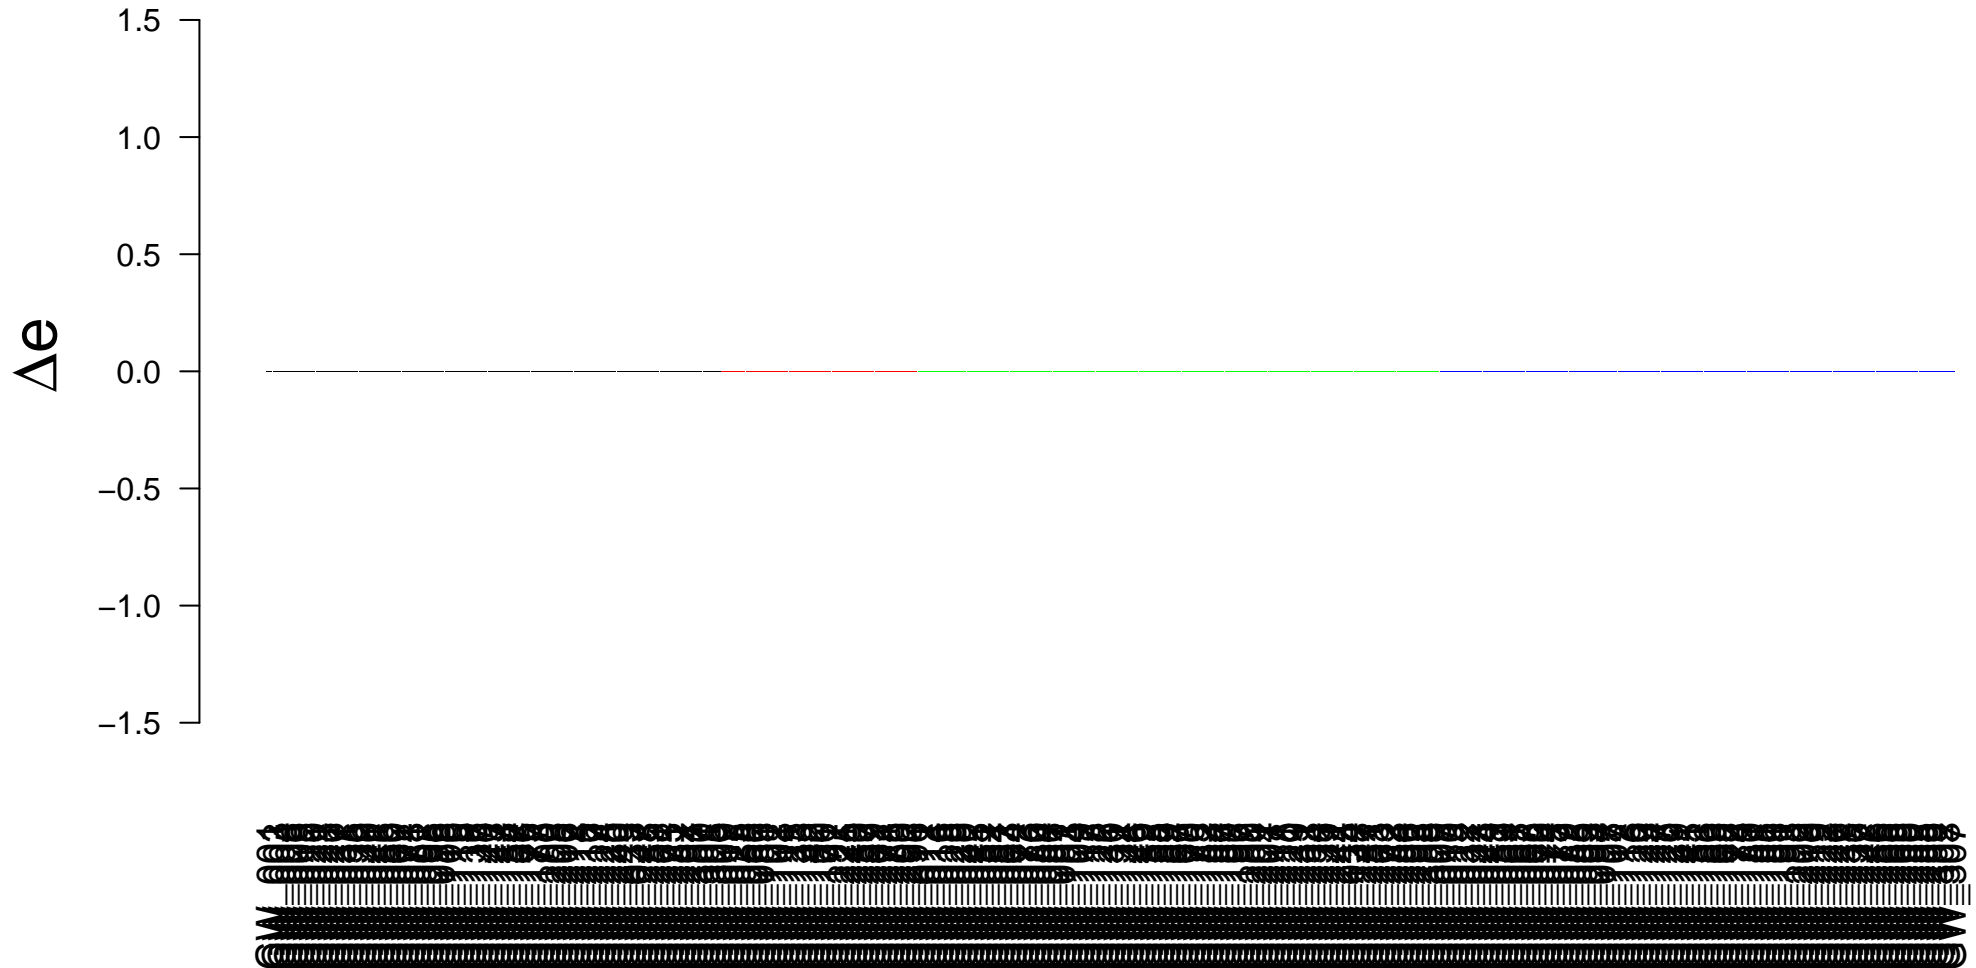

Δe

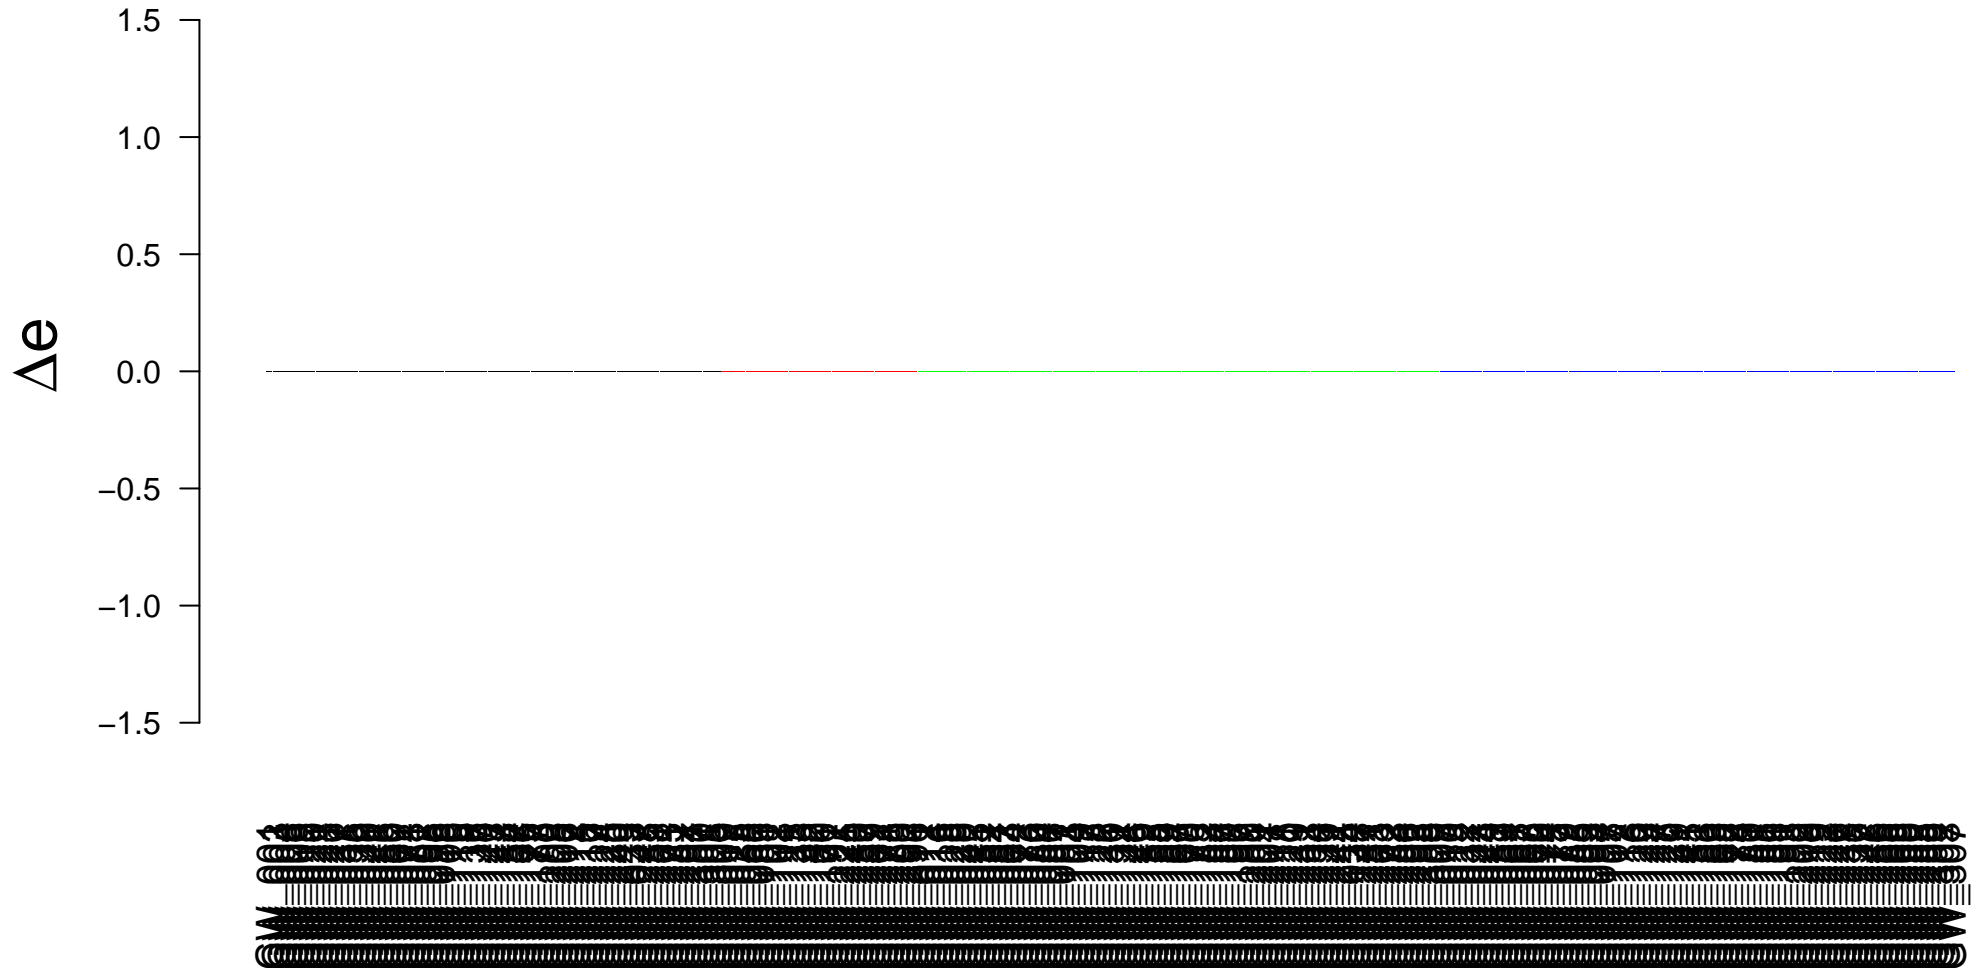

Expression of serine-type endopeptidase inhibitor activity in Spot B

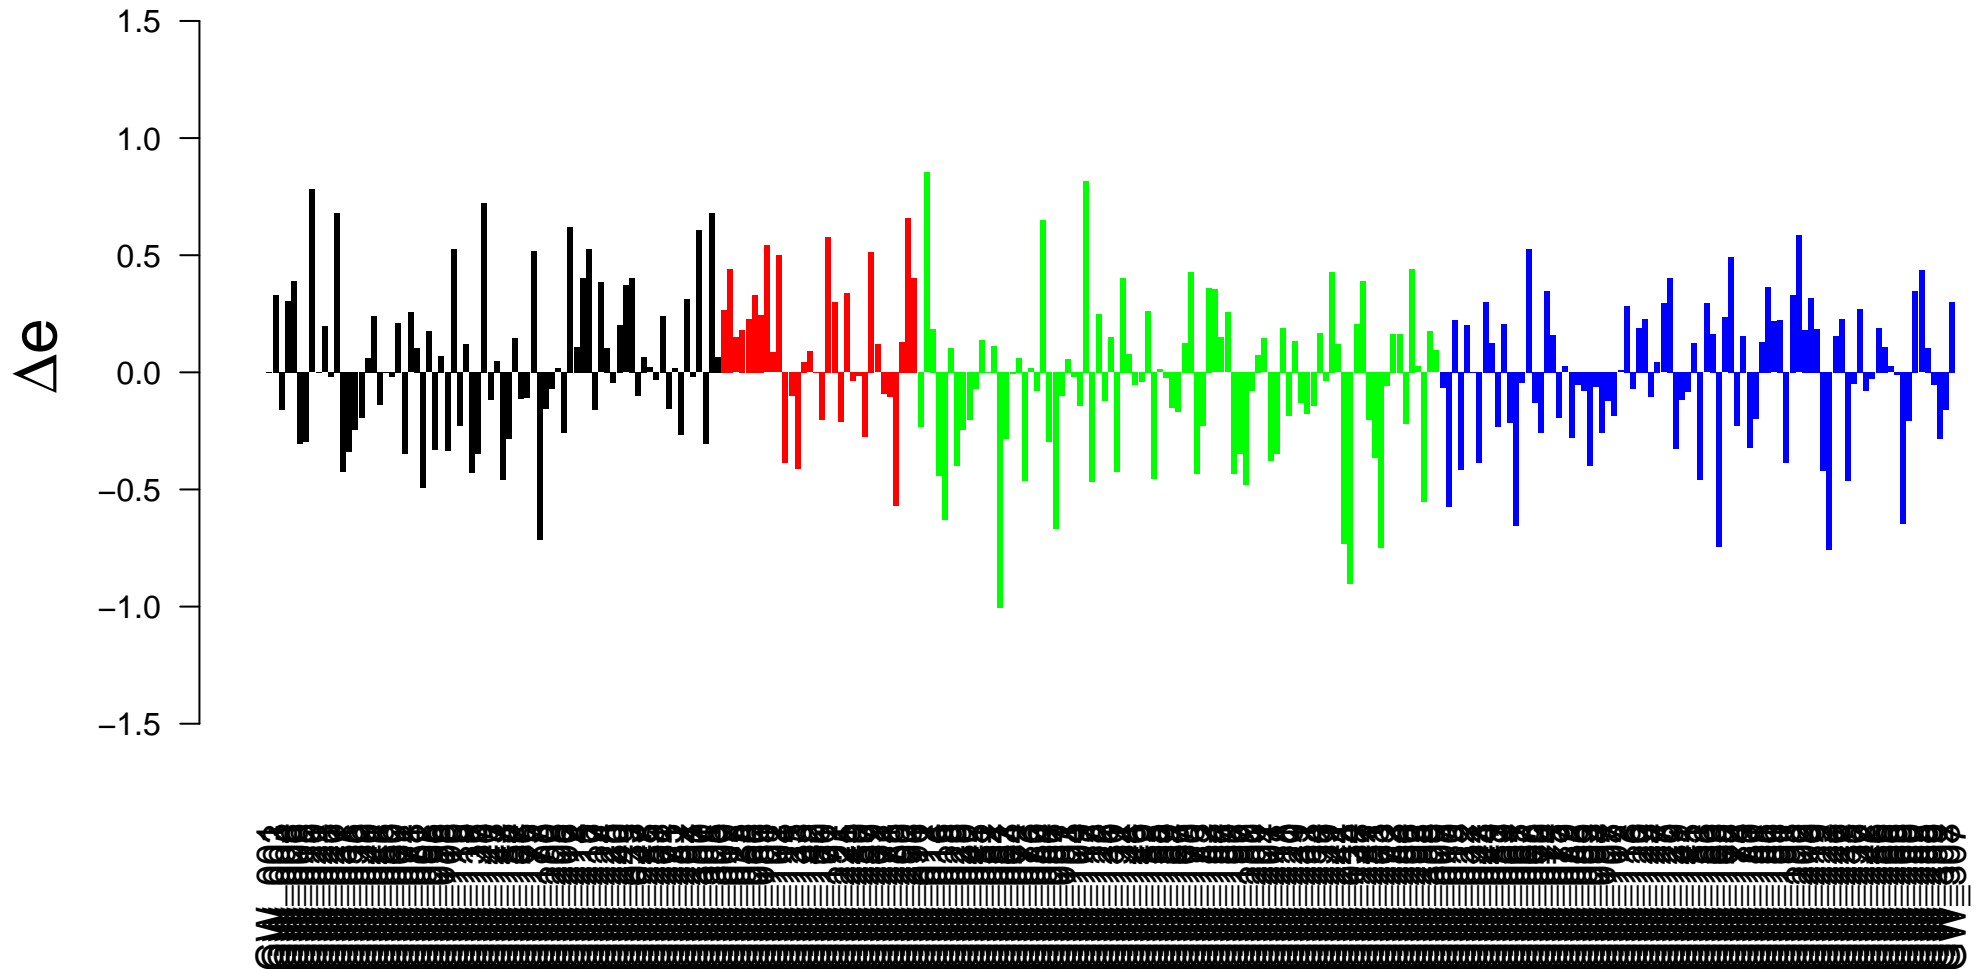

Expression of serine-type endopeptidase inhibitor activity in Spot C

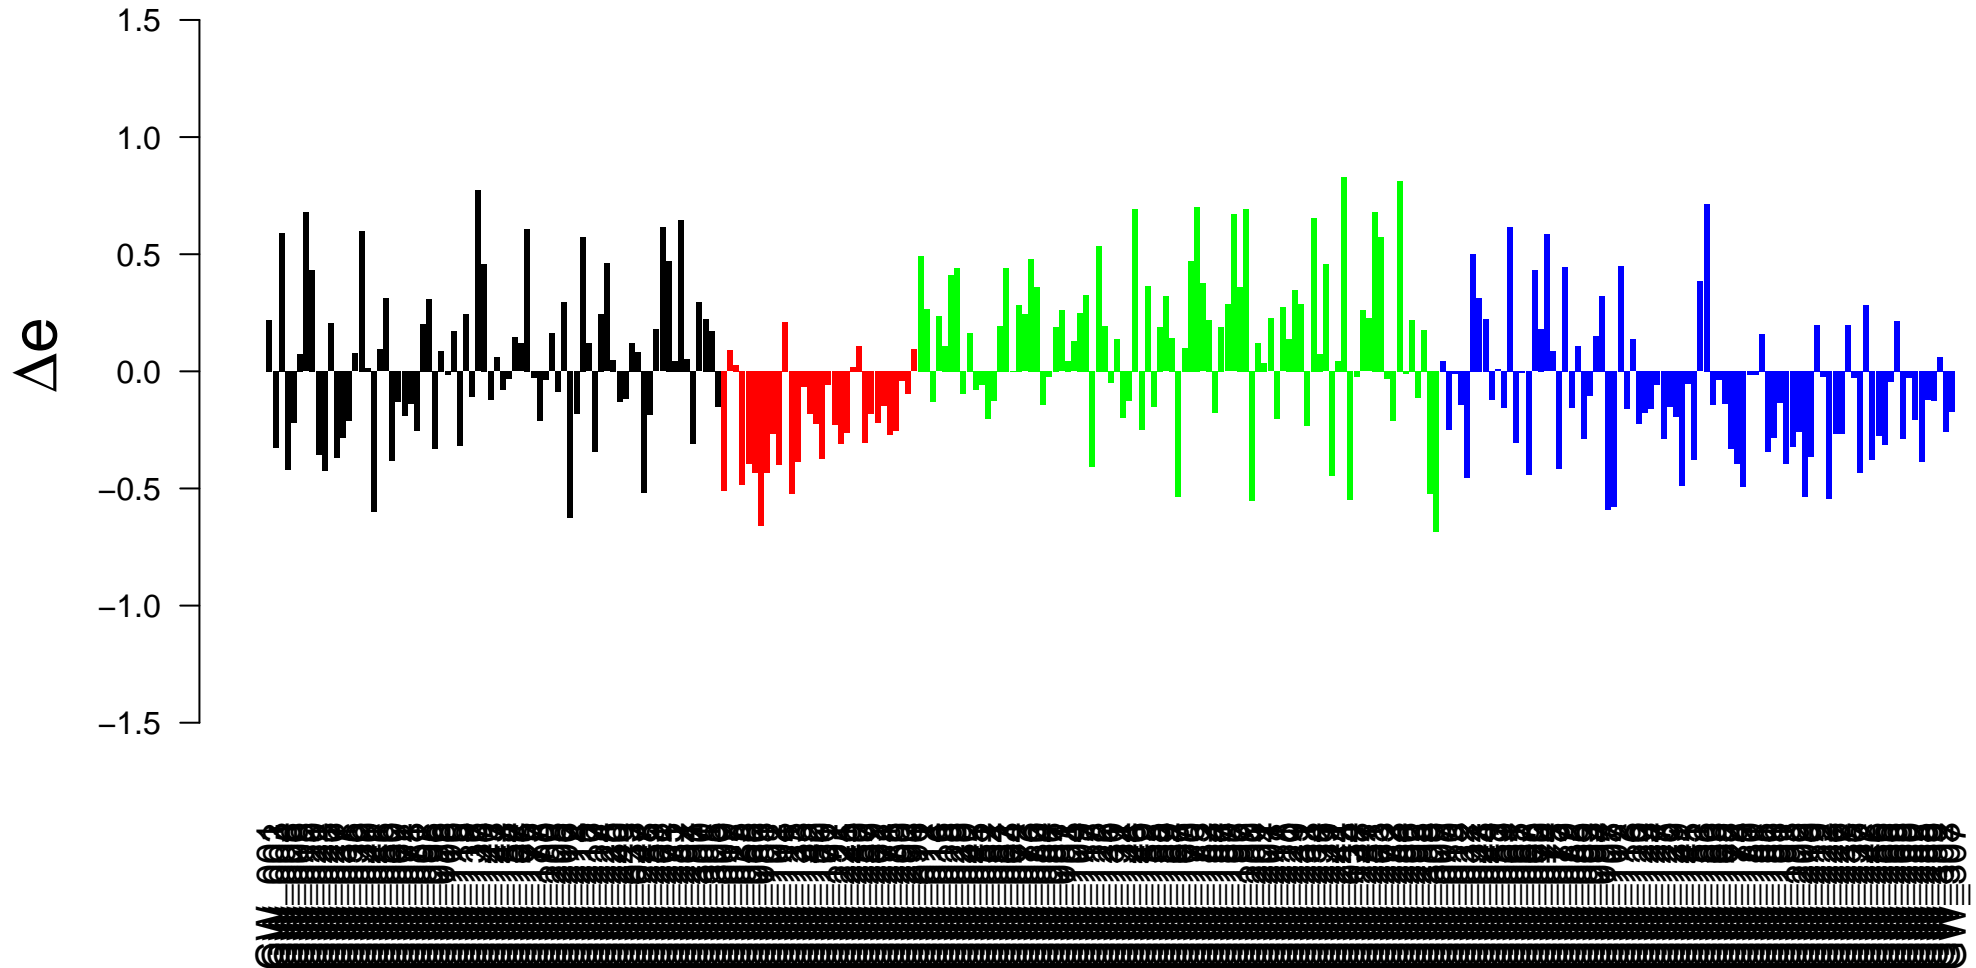

Expression of serine-type endopeptidase inhibitor activity in Spot D

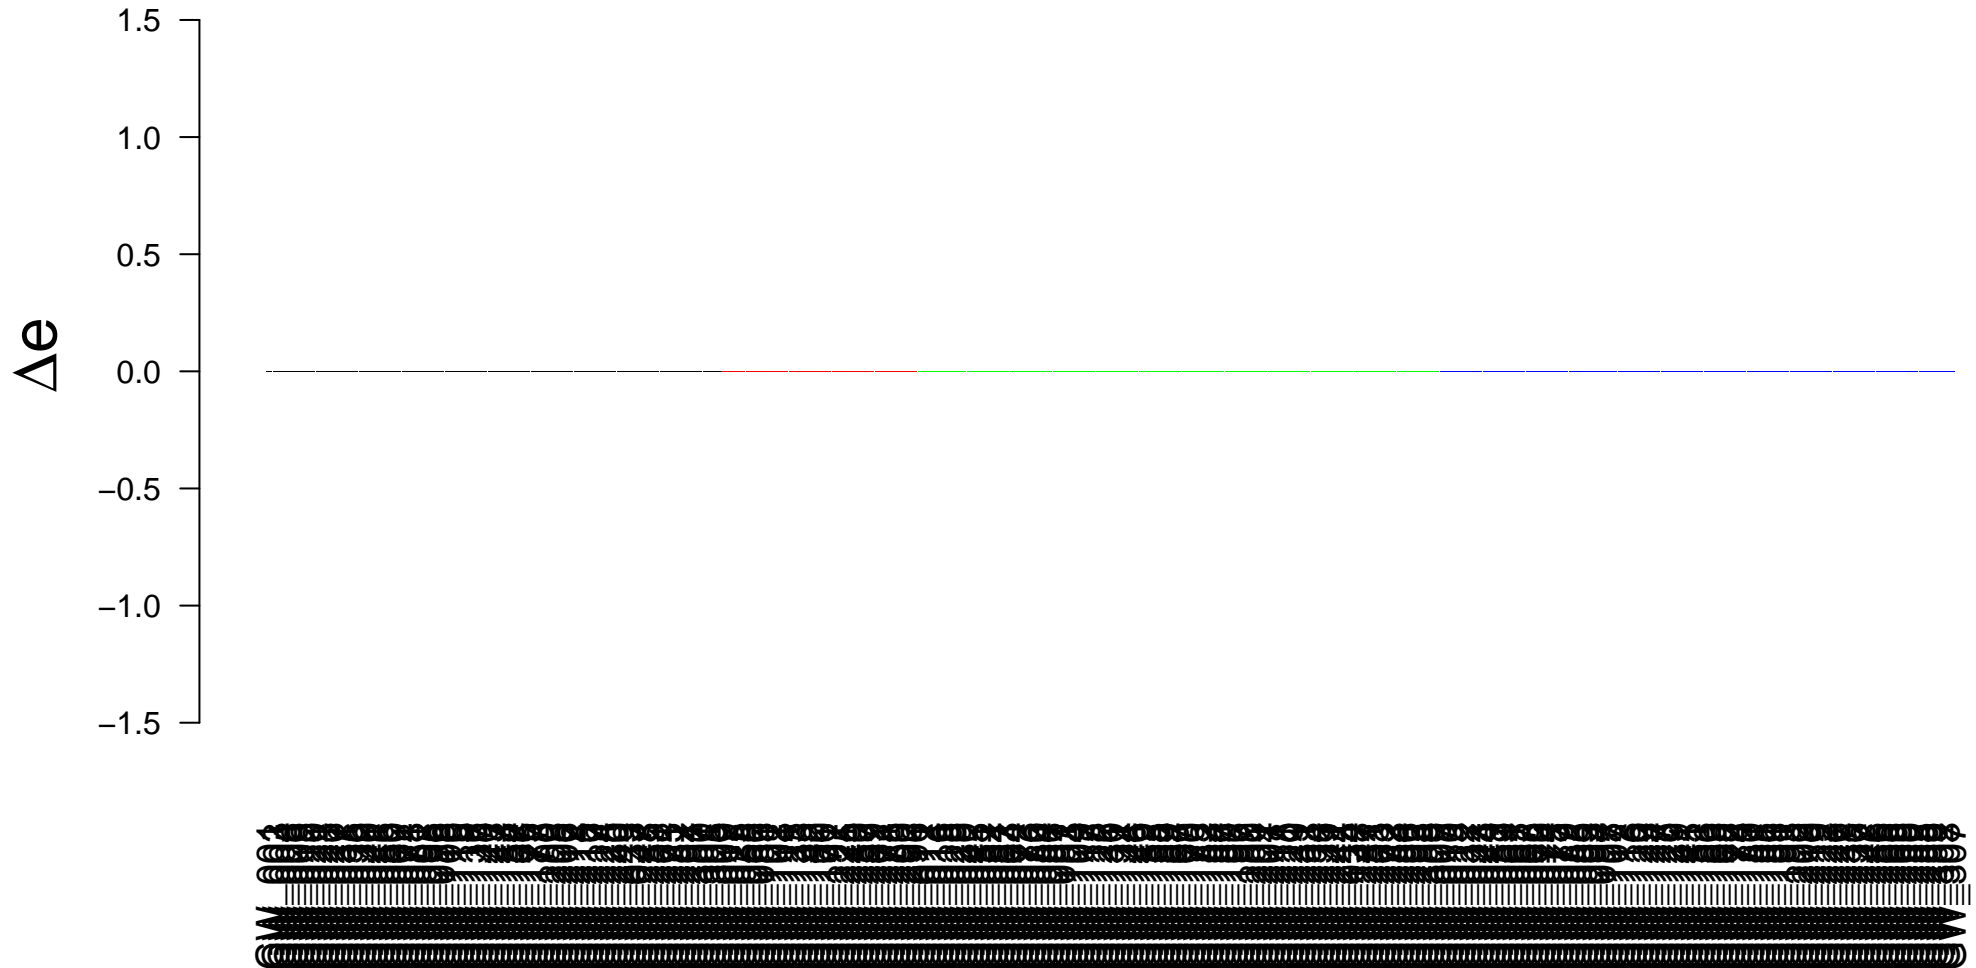

Expression of serine-type endopeptidase inhibitor activity in Spot E

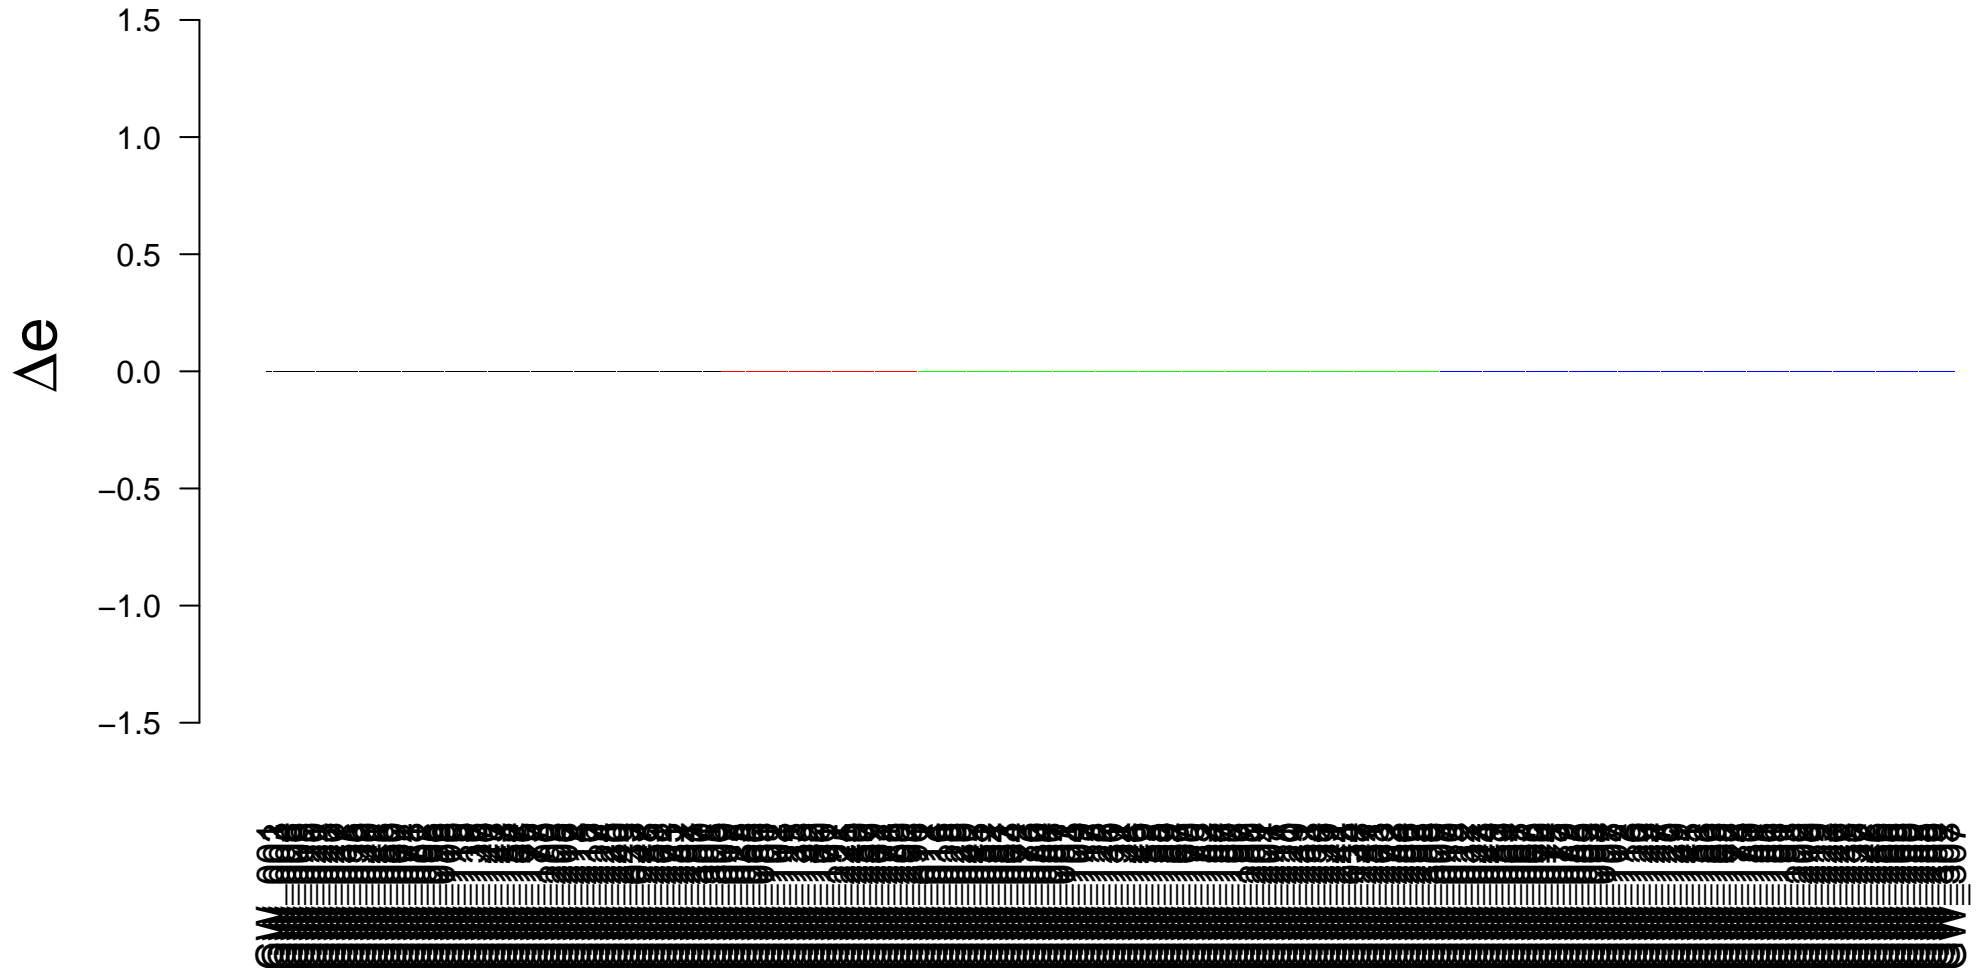

Expression of serine-type endopeptidase inhibitor activity in Spot F

Expression of serine-type endopeptidase inhibitor activity in Spot G

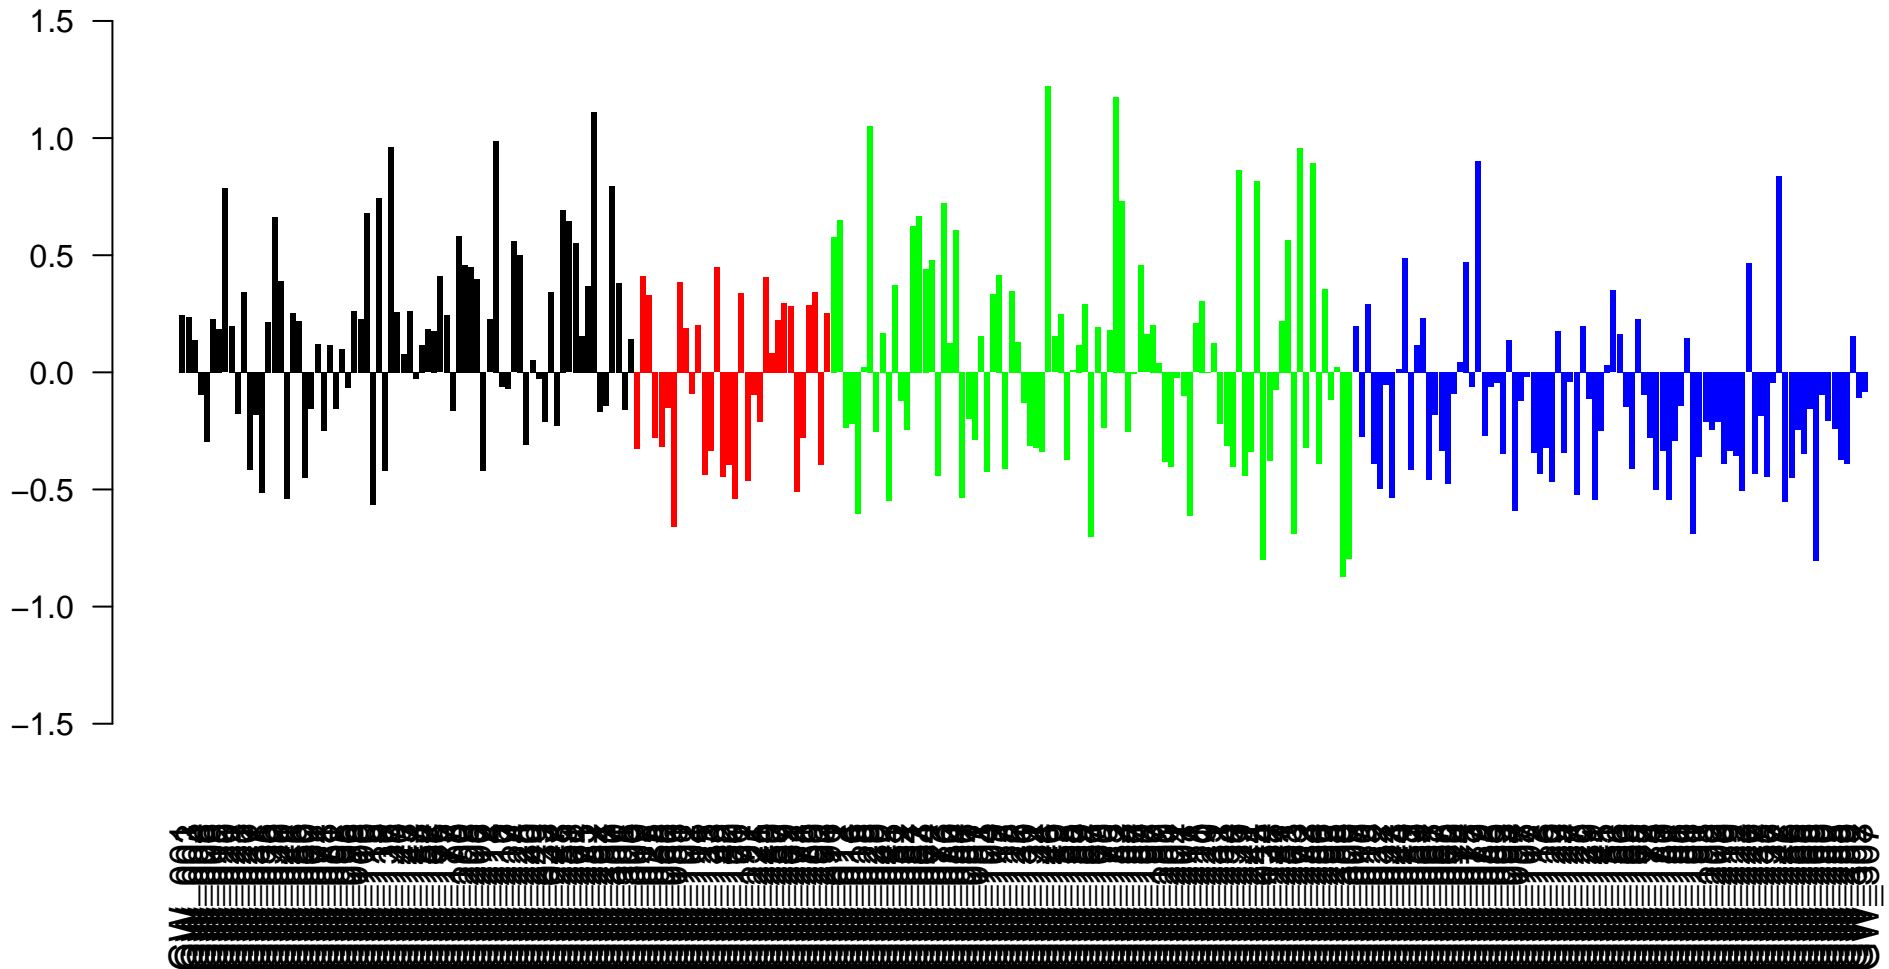

Expression of serine-type endopeptidase inhibitor activity in Spot H

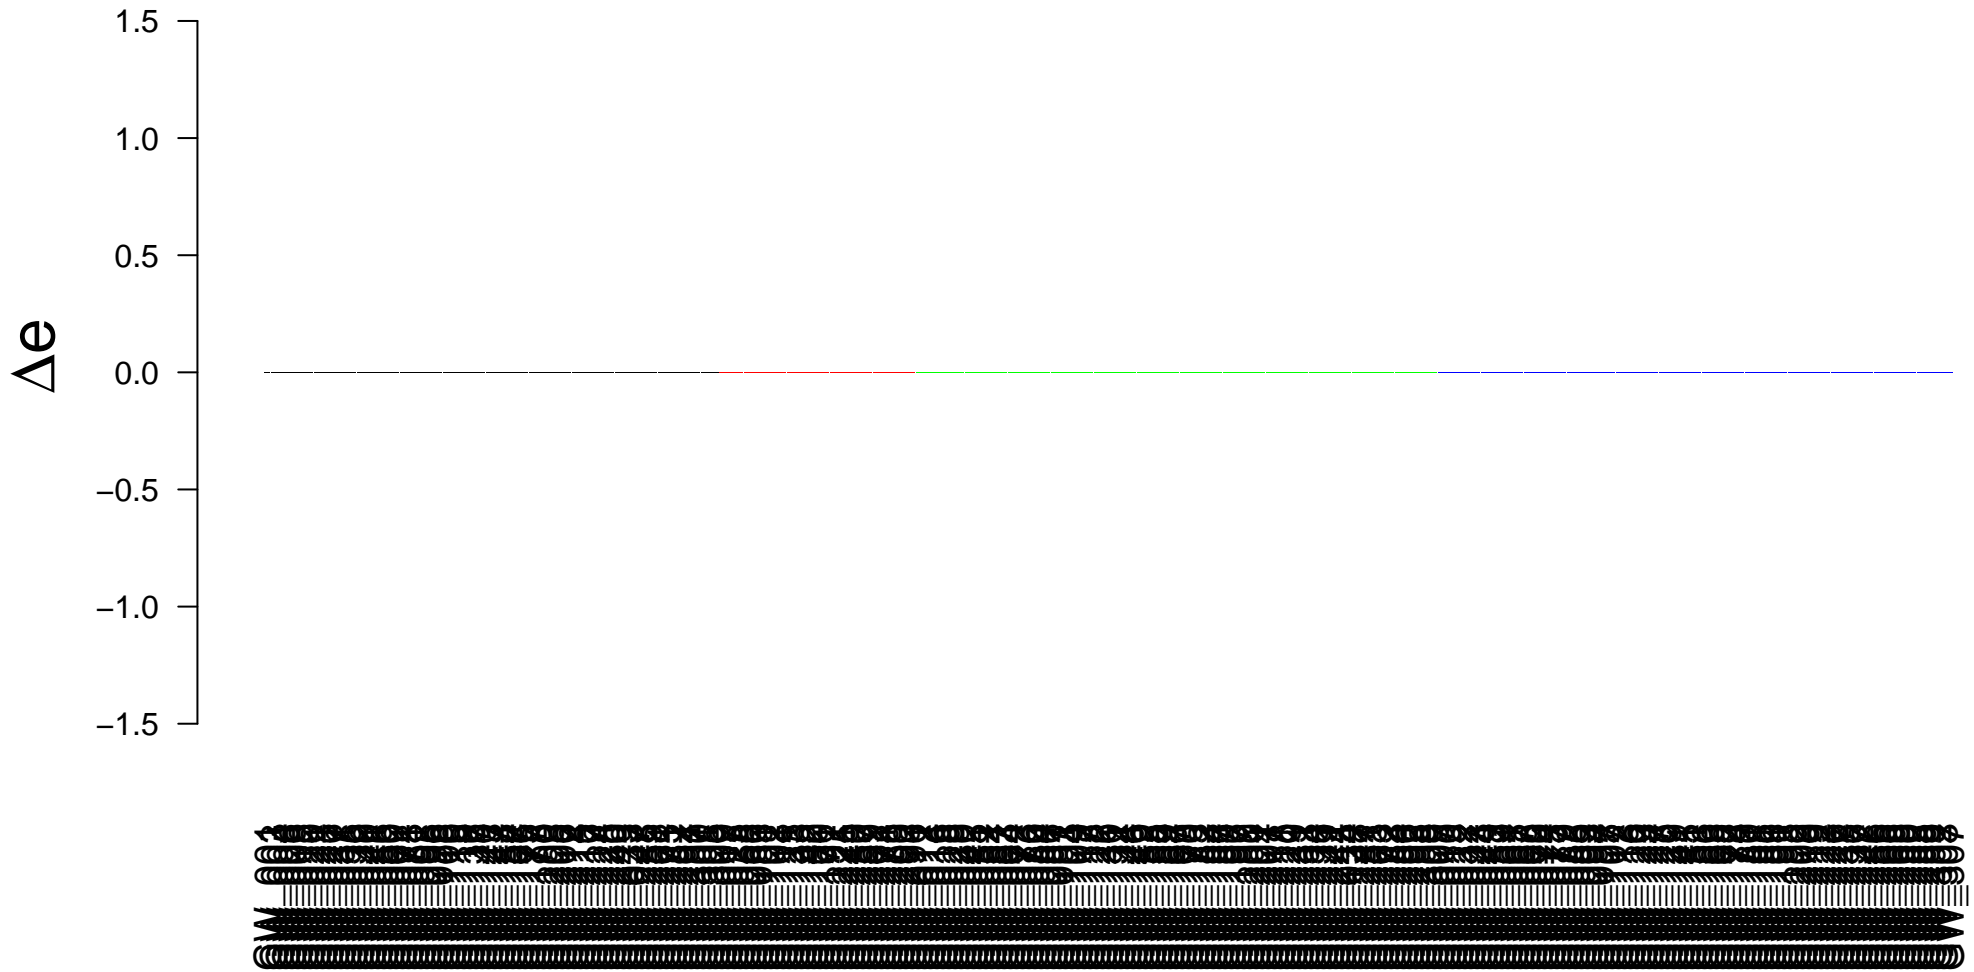

Expression of serine-type endopeptidase inhibitor activity in Spot I

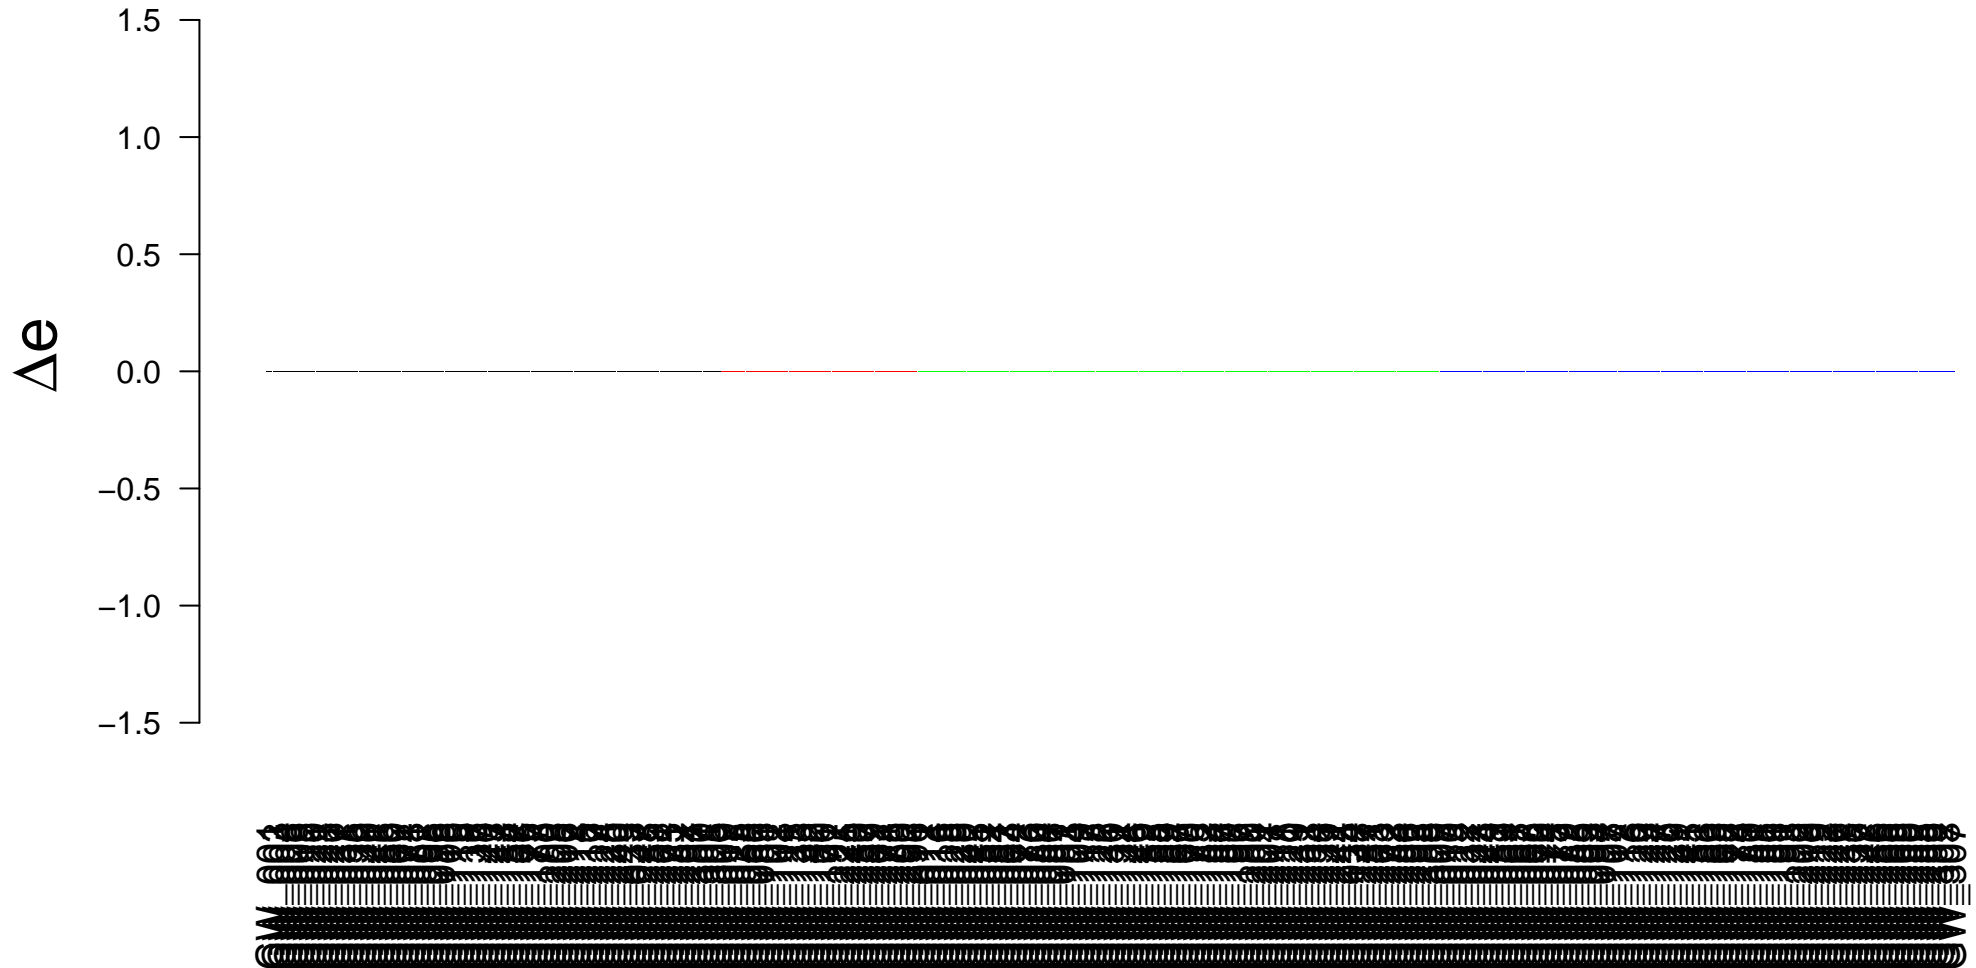

Δe

Expression of serine-type endopeptidase inhibitor activity in Spot J

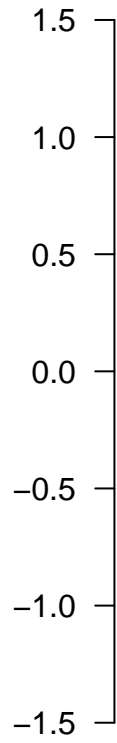

Expression of serine-type endopeptidase inhibitor activity in Spot K

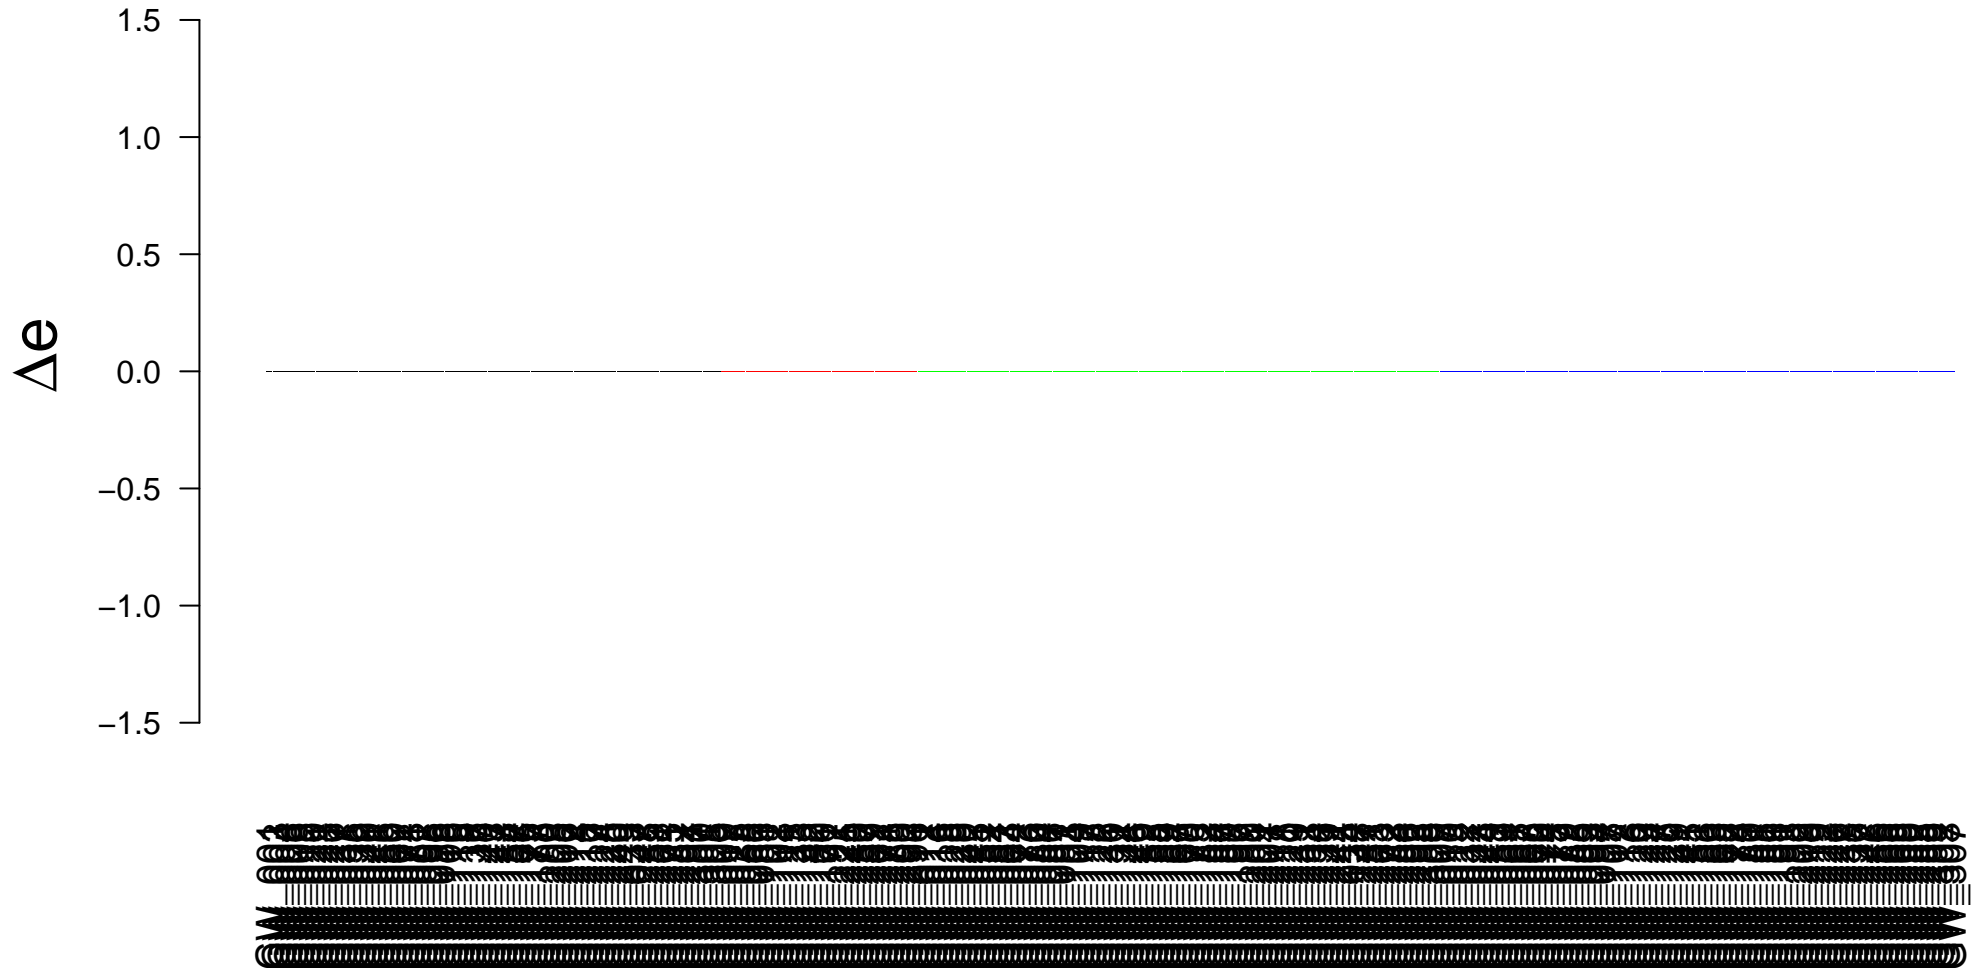

Expression of serine-type endopeptidase inhibitor activity in Spot L

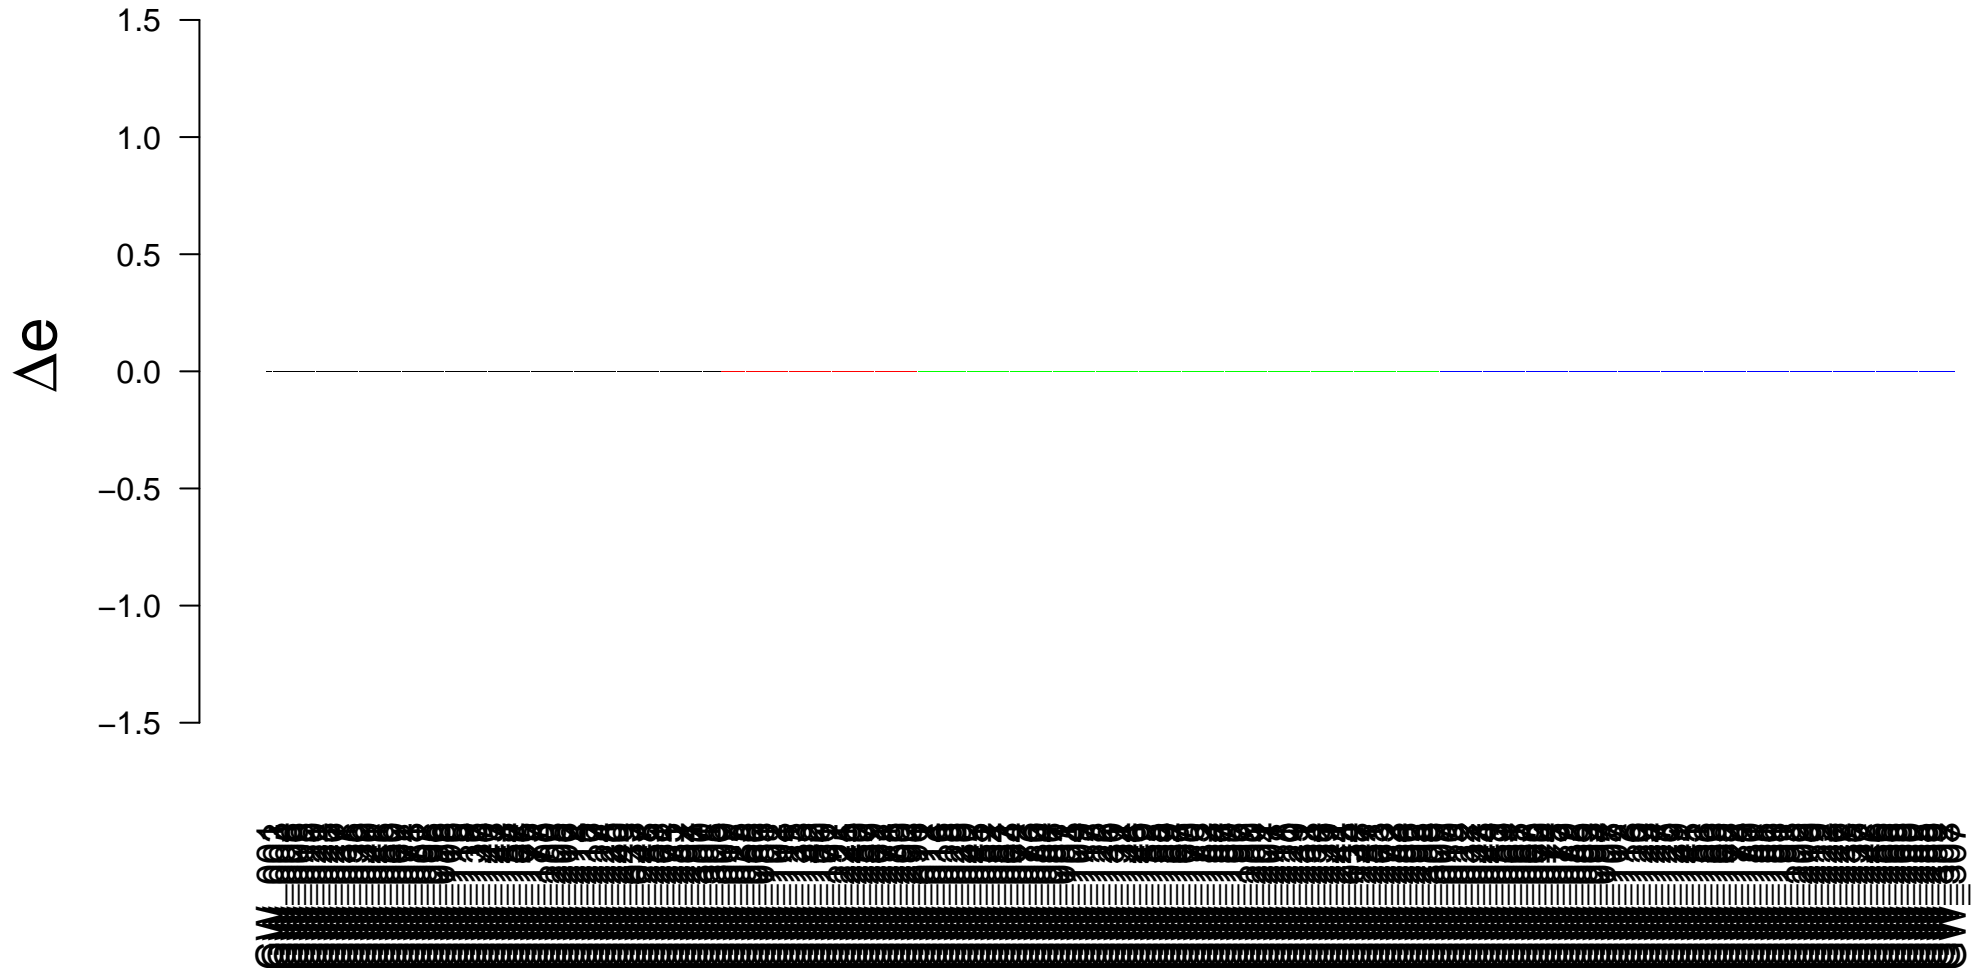

Δe

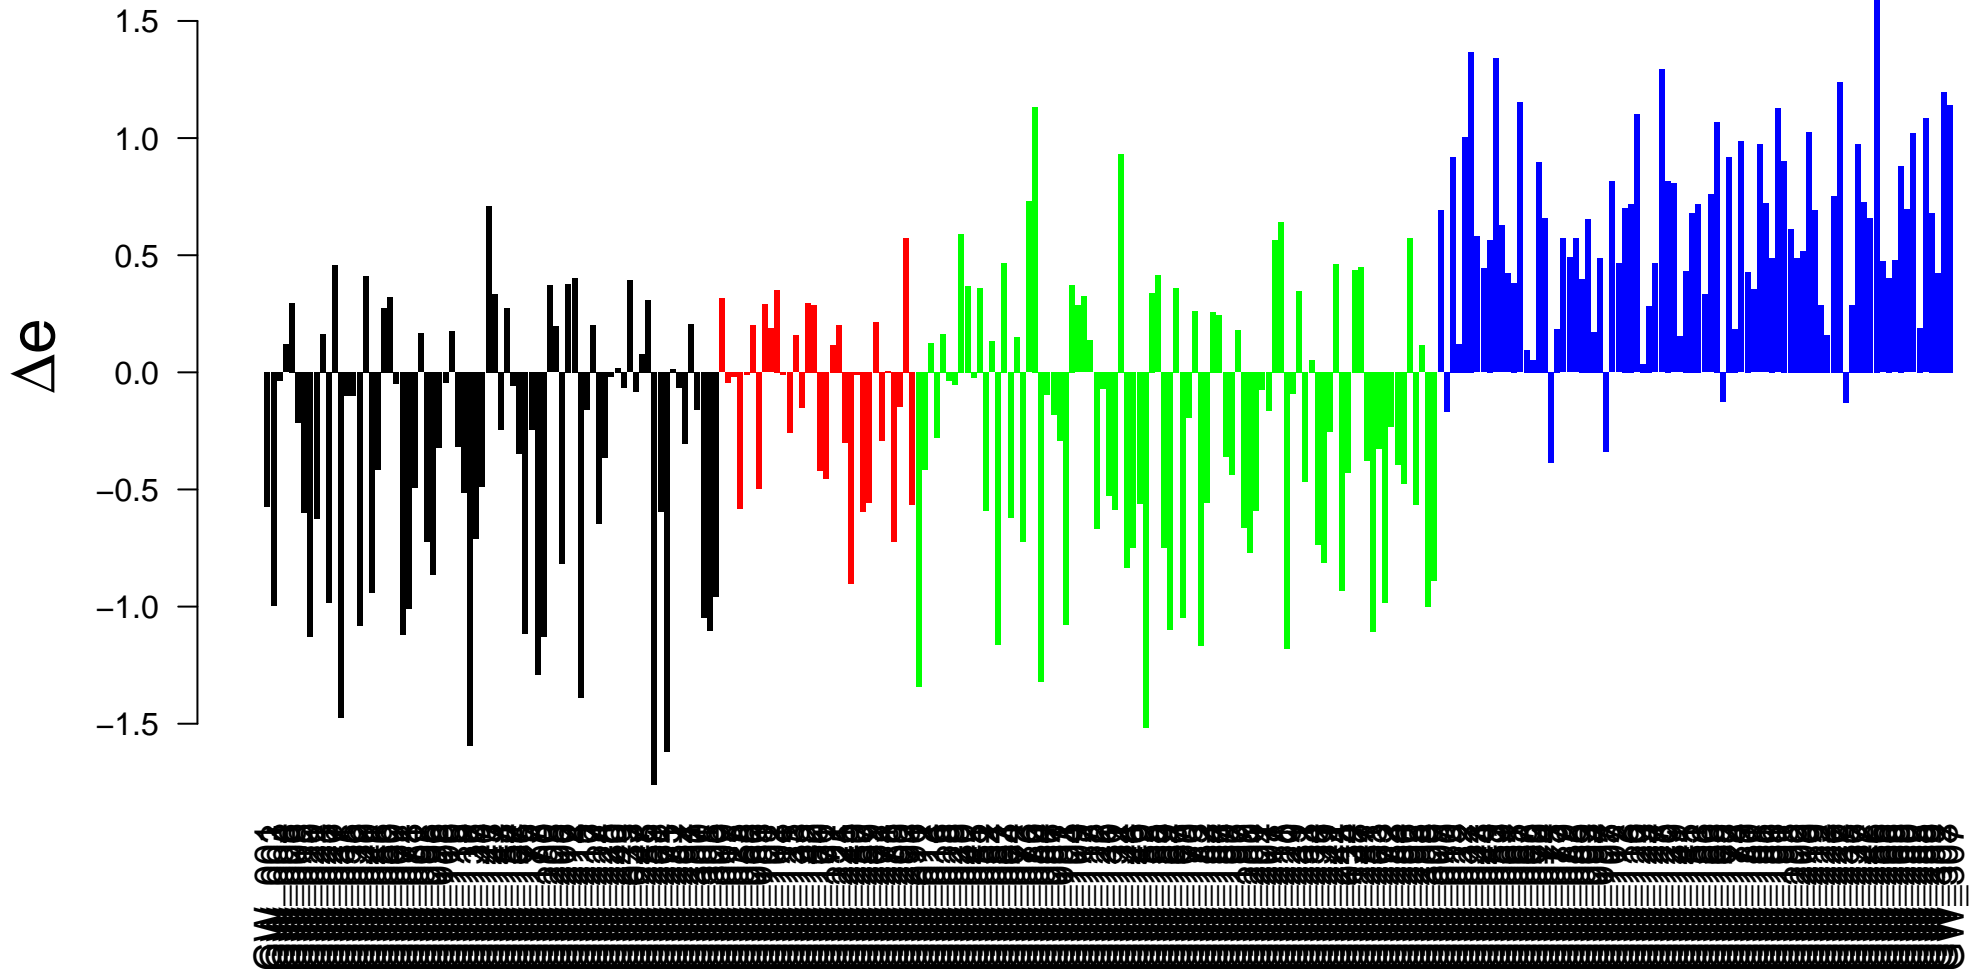

Expression of serine-type endopeptidase inhibitor activity in Spot M

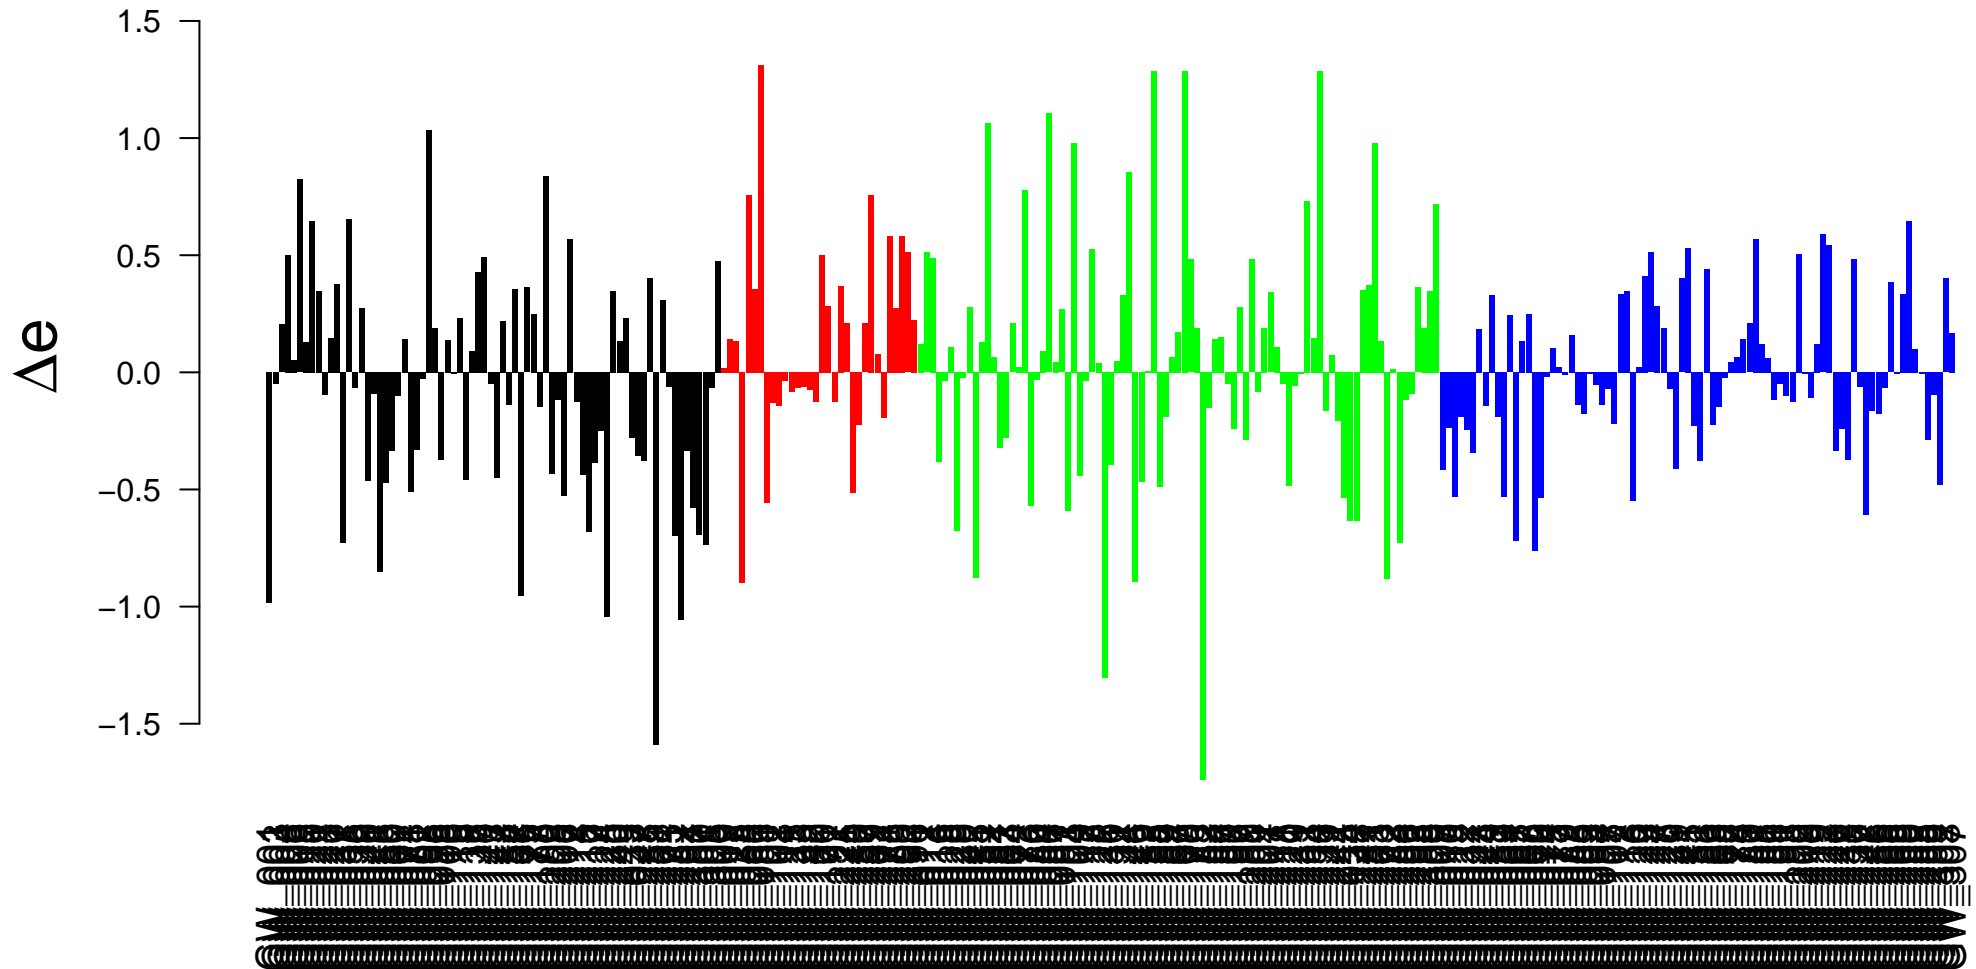

Expression of serine-type endopeptidase inhibitor activity in Spot N

Expression of serine-type endopeptidase inhibitor activity in Spot O

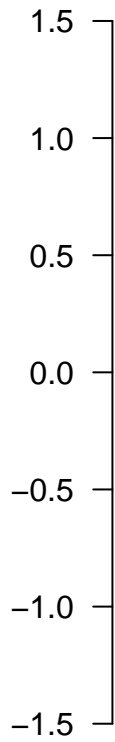

Expression of serine-type endopeptidase inhibitor activity in Spot P

Expression of serine-type endopeptidase inhibitor activity in Spot Q

Δe

Expression of serine-type endopeptidase inhibitor activity in Spot R
