

small GTPase mediated signal transduction

small GTPase mediated signal transduction

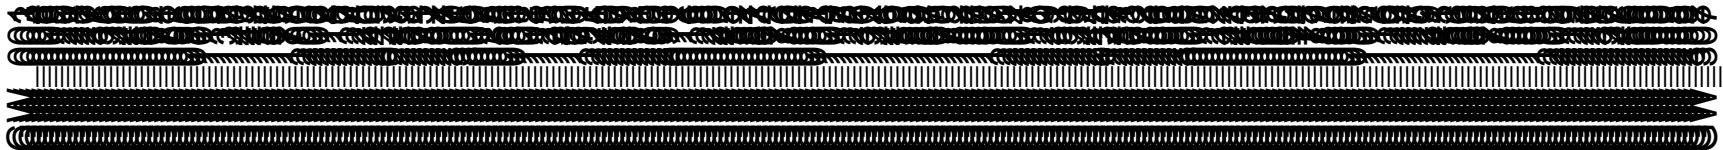

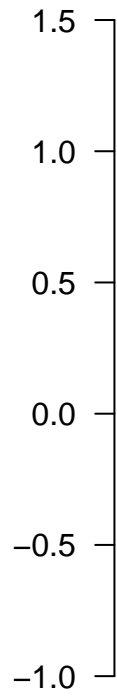

Enrichment in spots: small GTPase mediated signal transduction

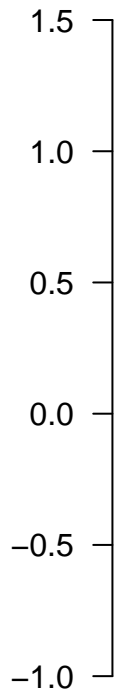

Expression of small GTPase mediated signal transduction in Spot A

Δe

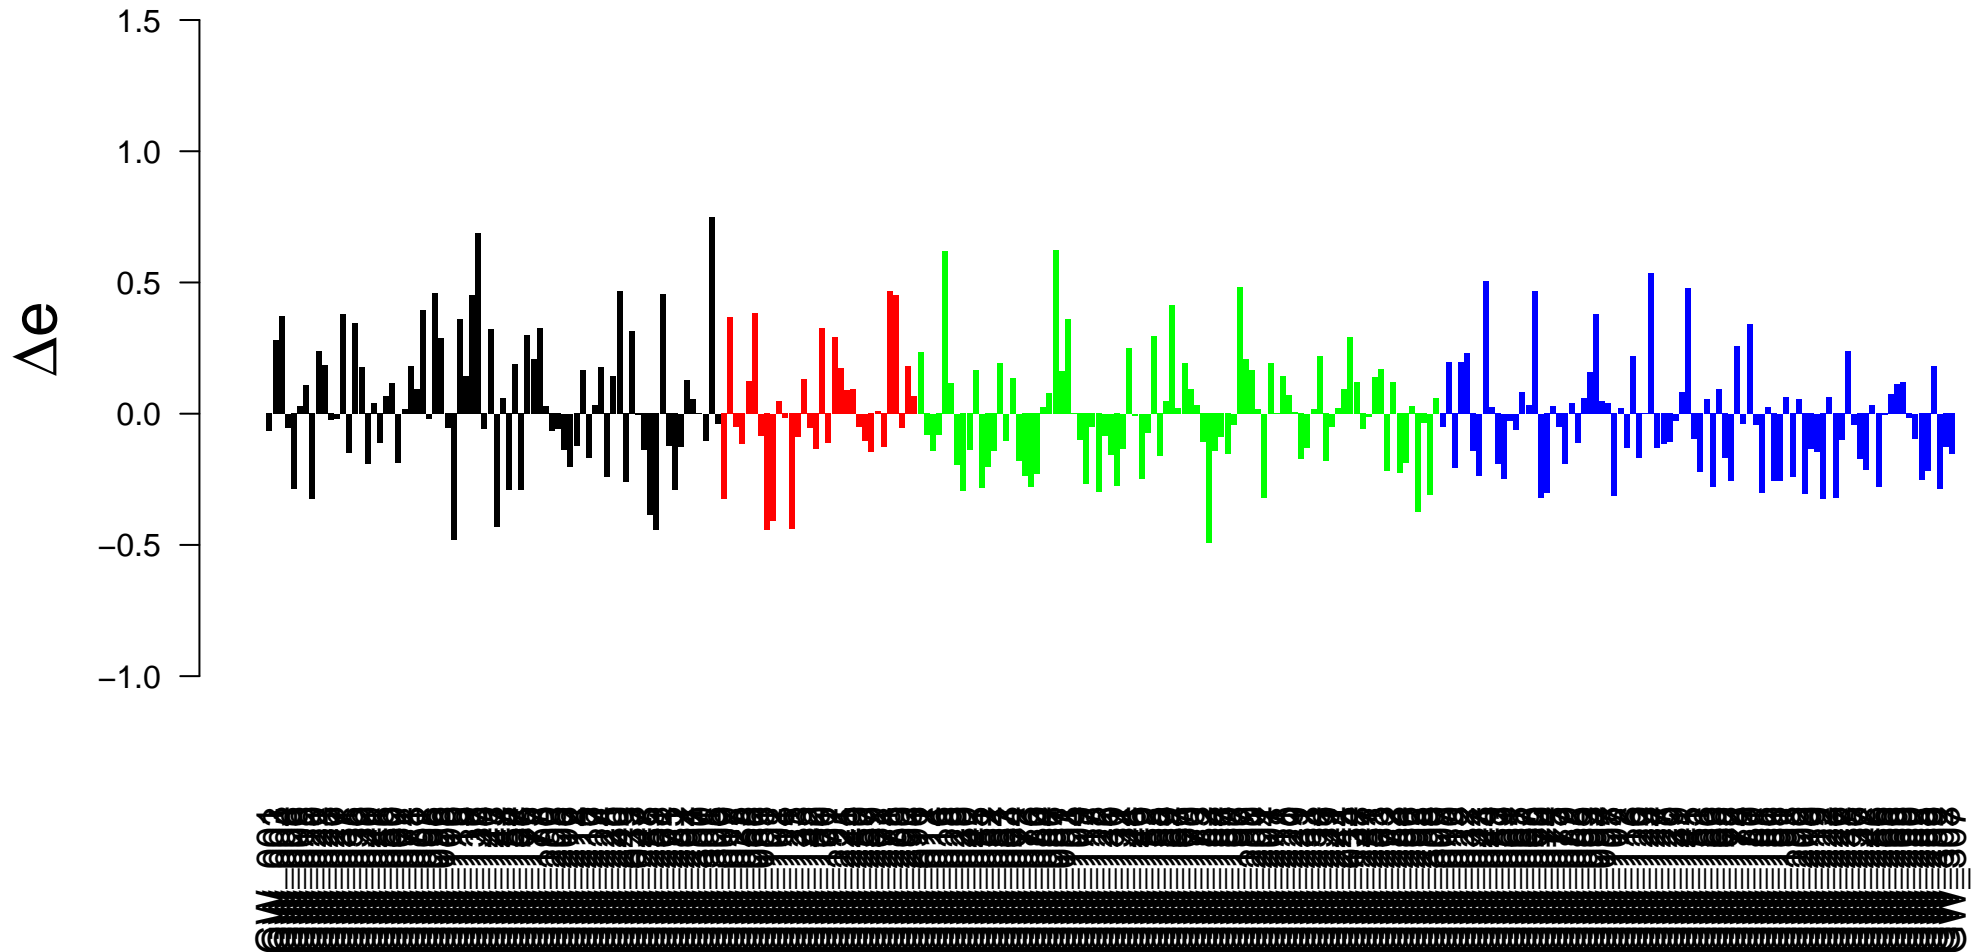

Expression of small GTPase mediated signal transduction in Spot B

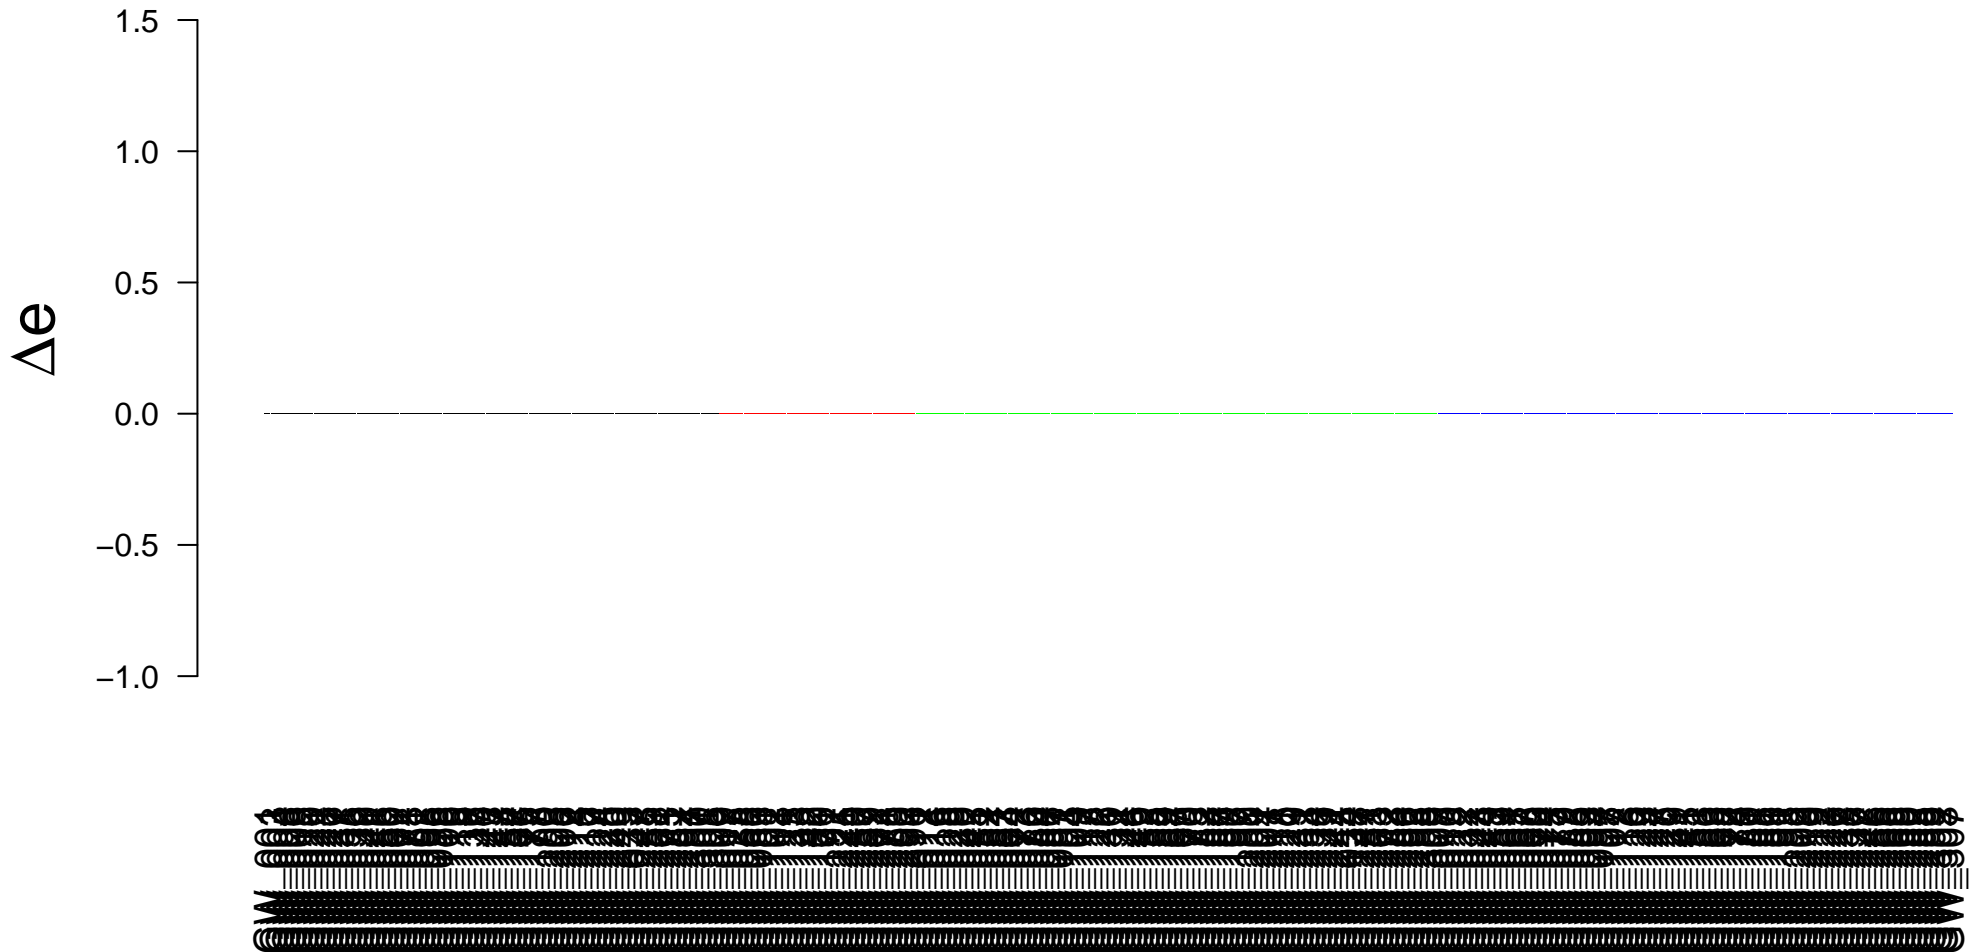

Δe

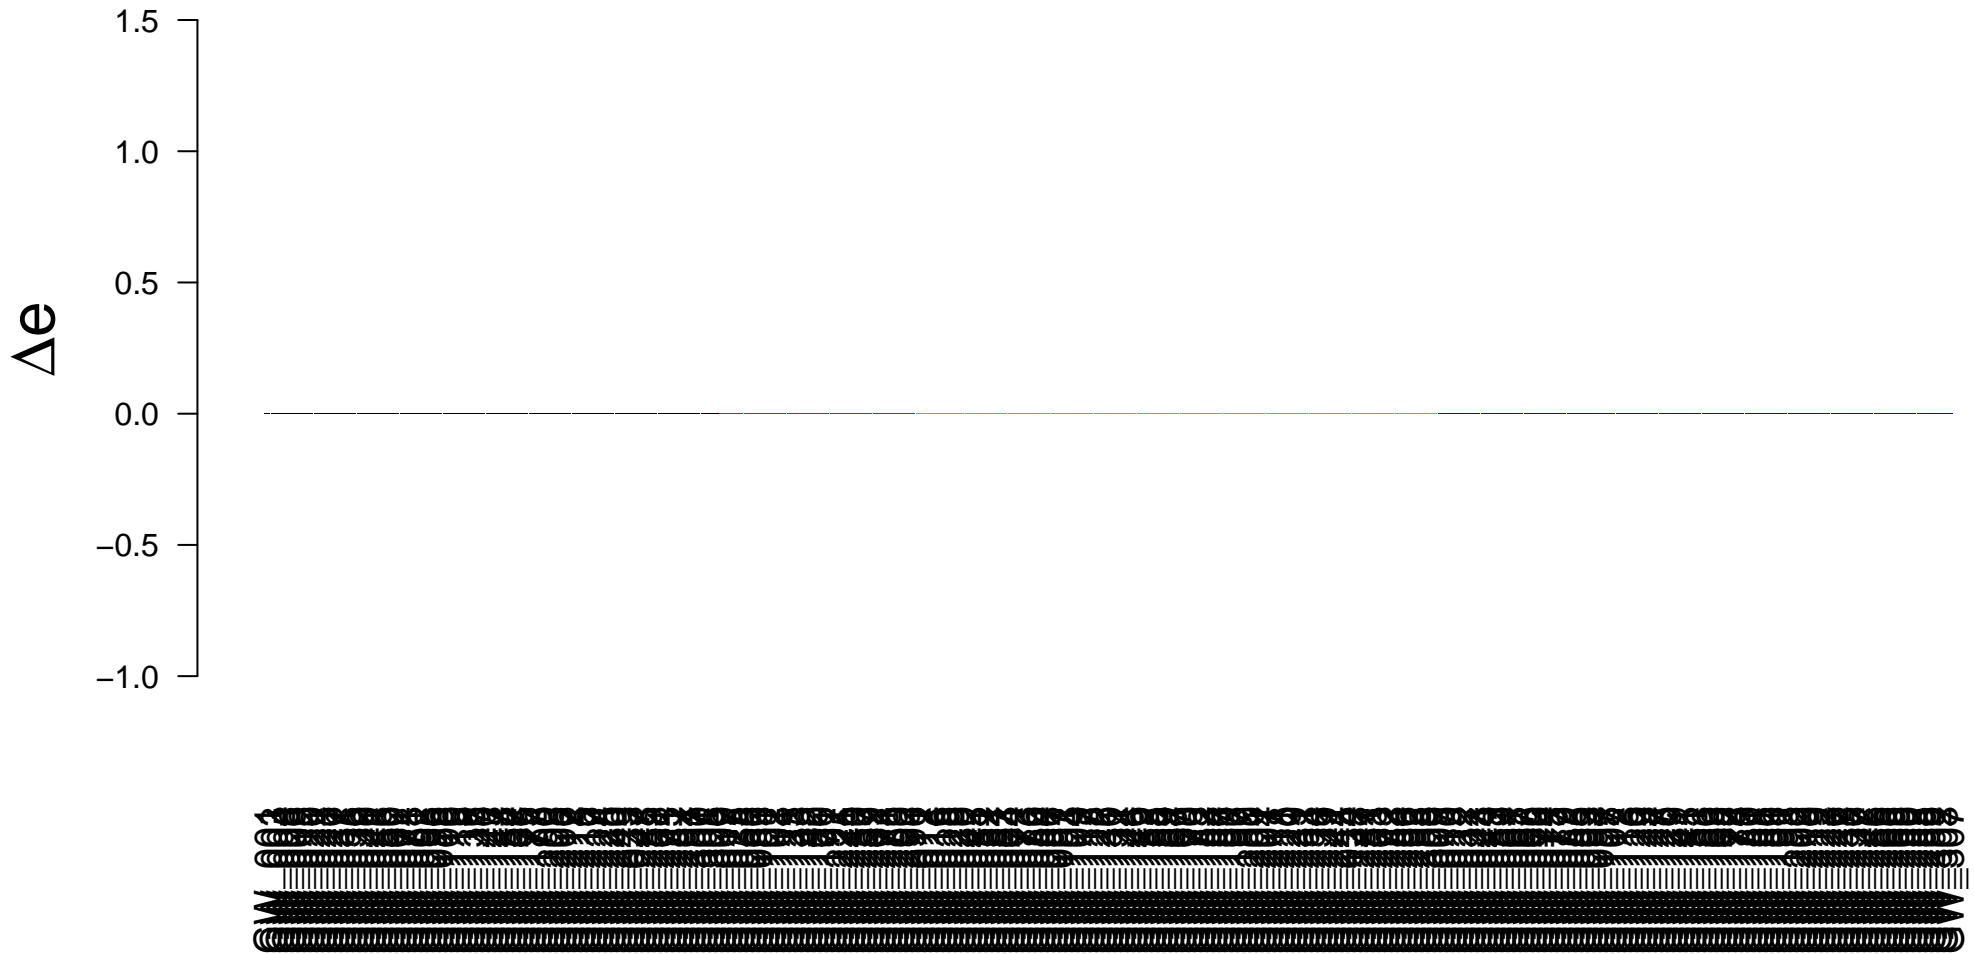

Expression of small GTPase mediated signal transduction in Spot C

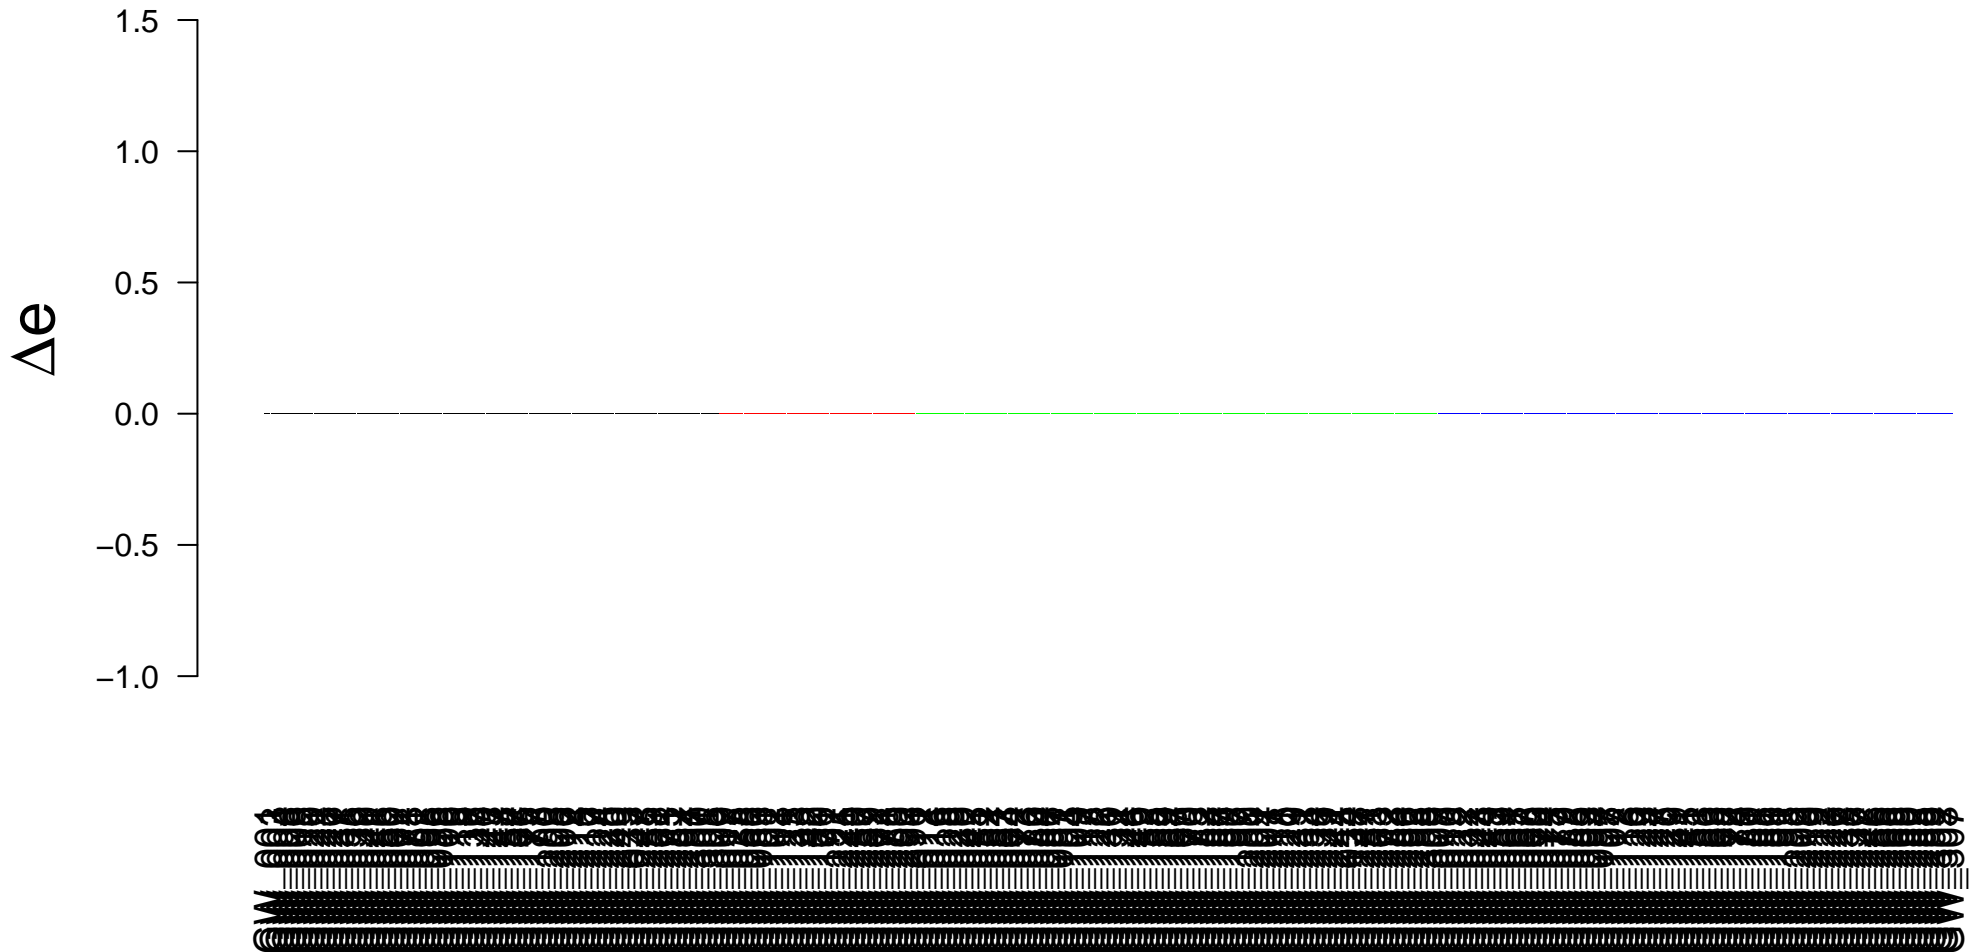

Expression of small GTPase mediated signal transduction in Spot D

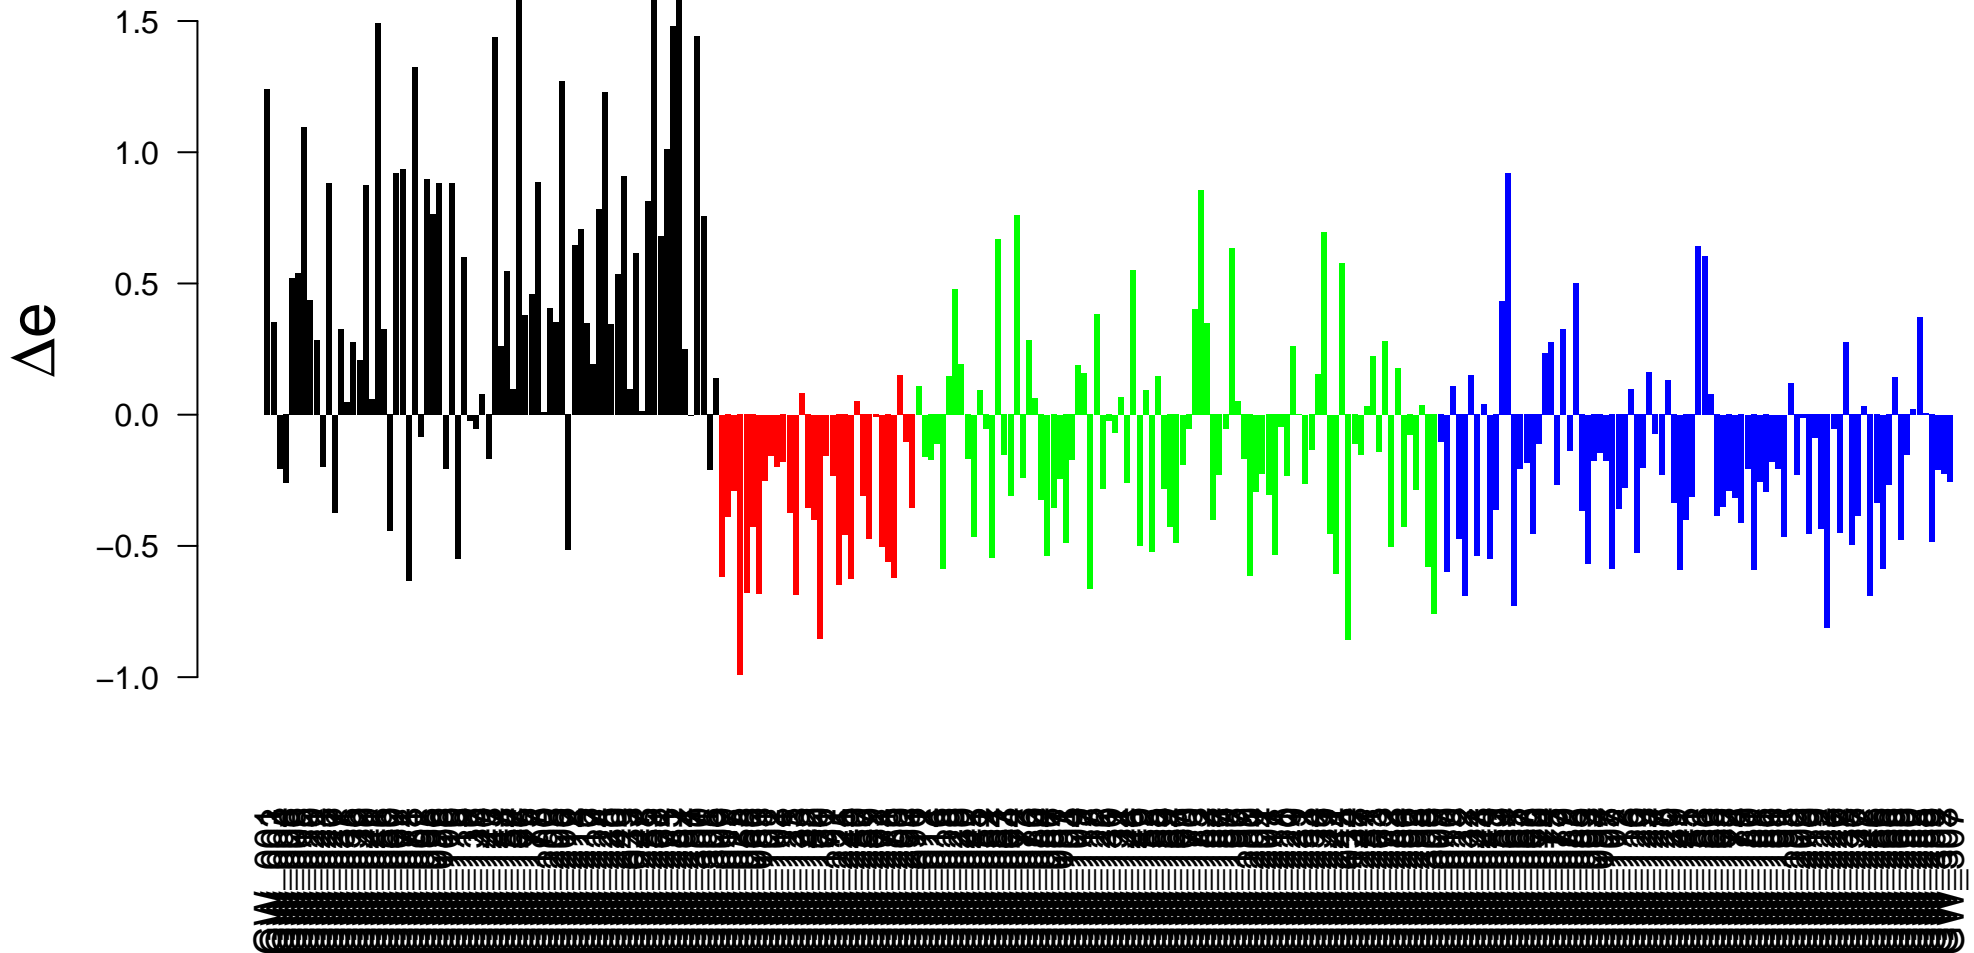

Expression of small GTPase mediated signal transduction in Spot E

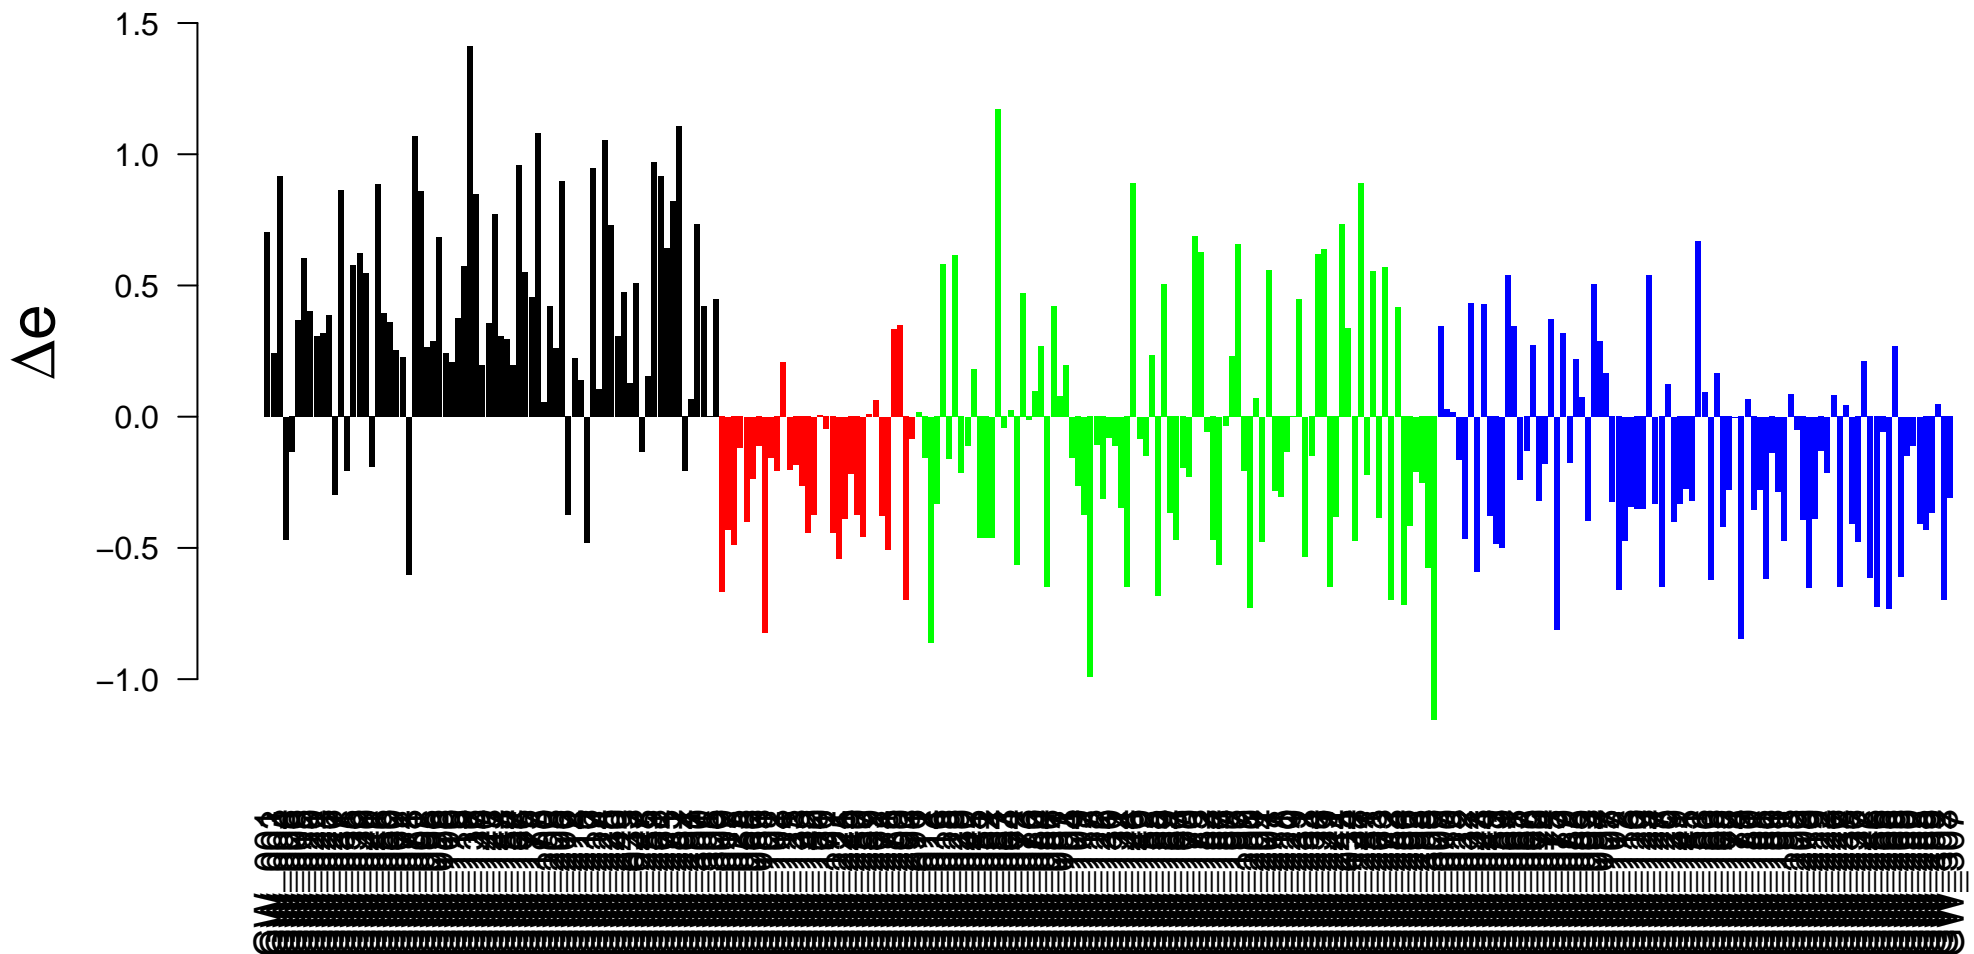

Expression of small GTPase mediated signal transduction in Spot F

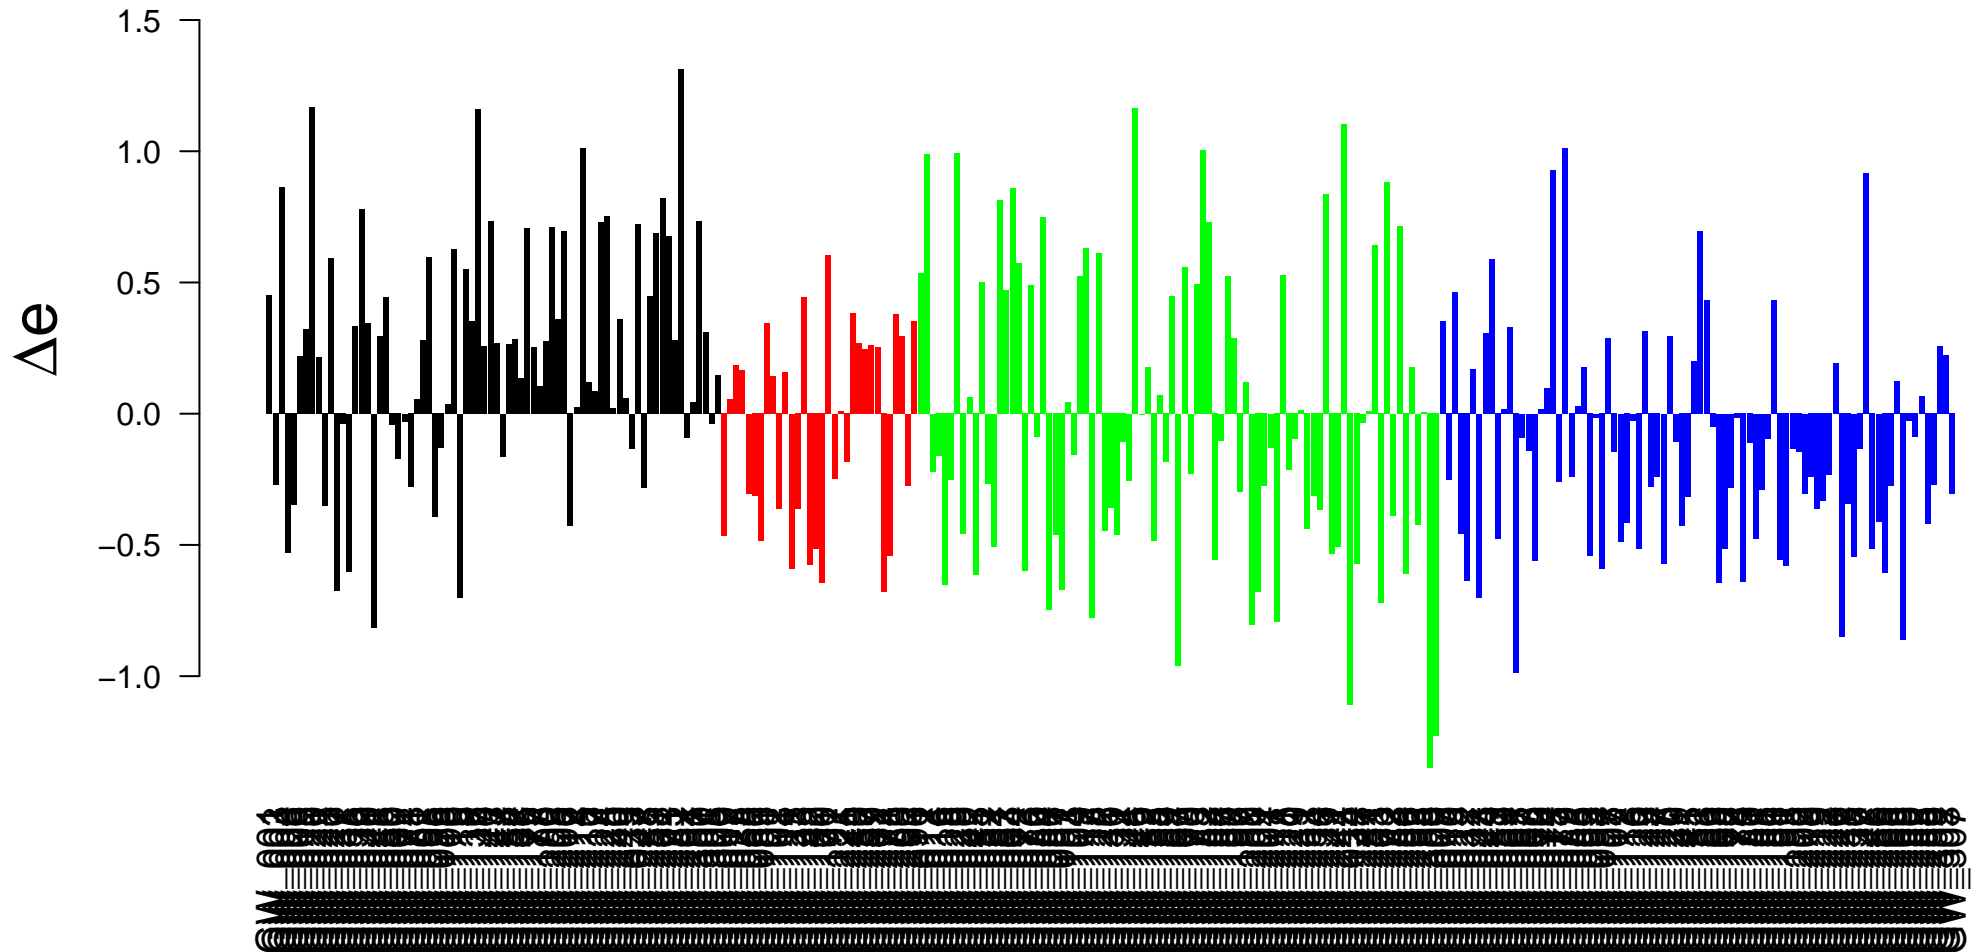

Expression of small GTPase mediated signal transduction in Spot G

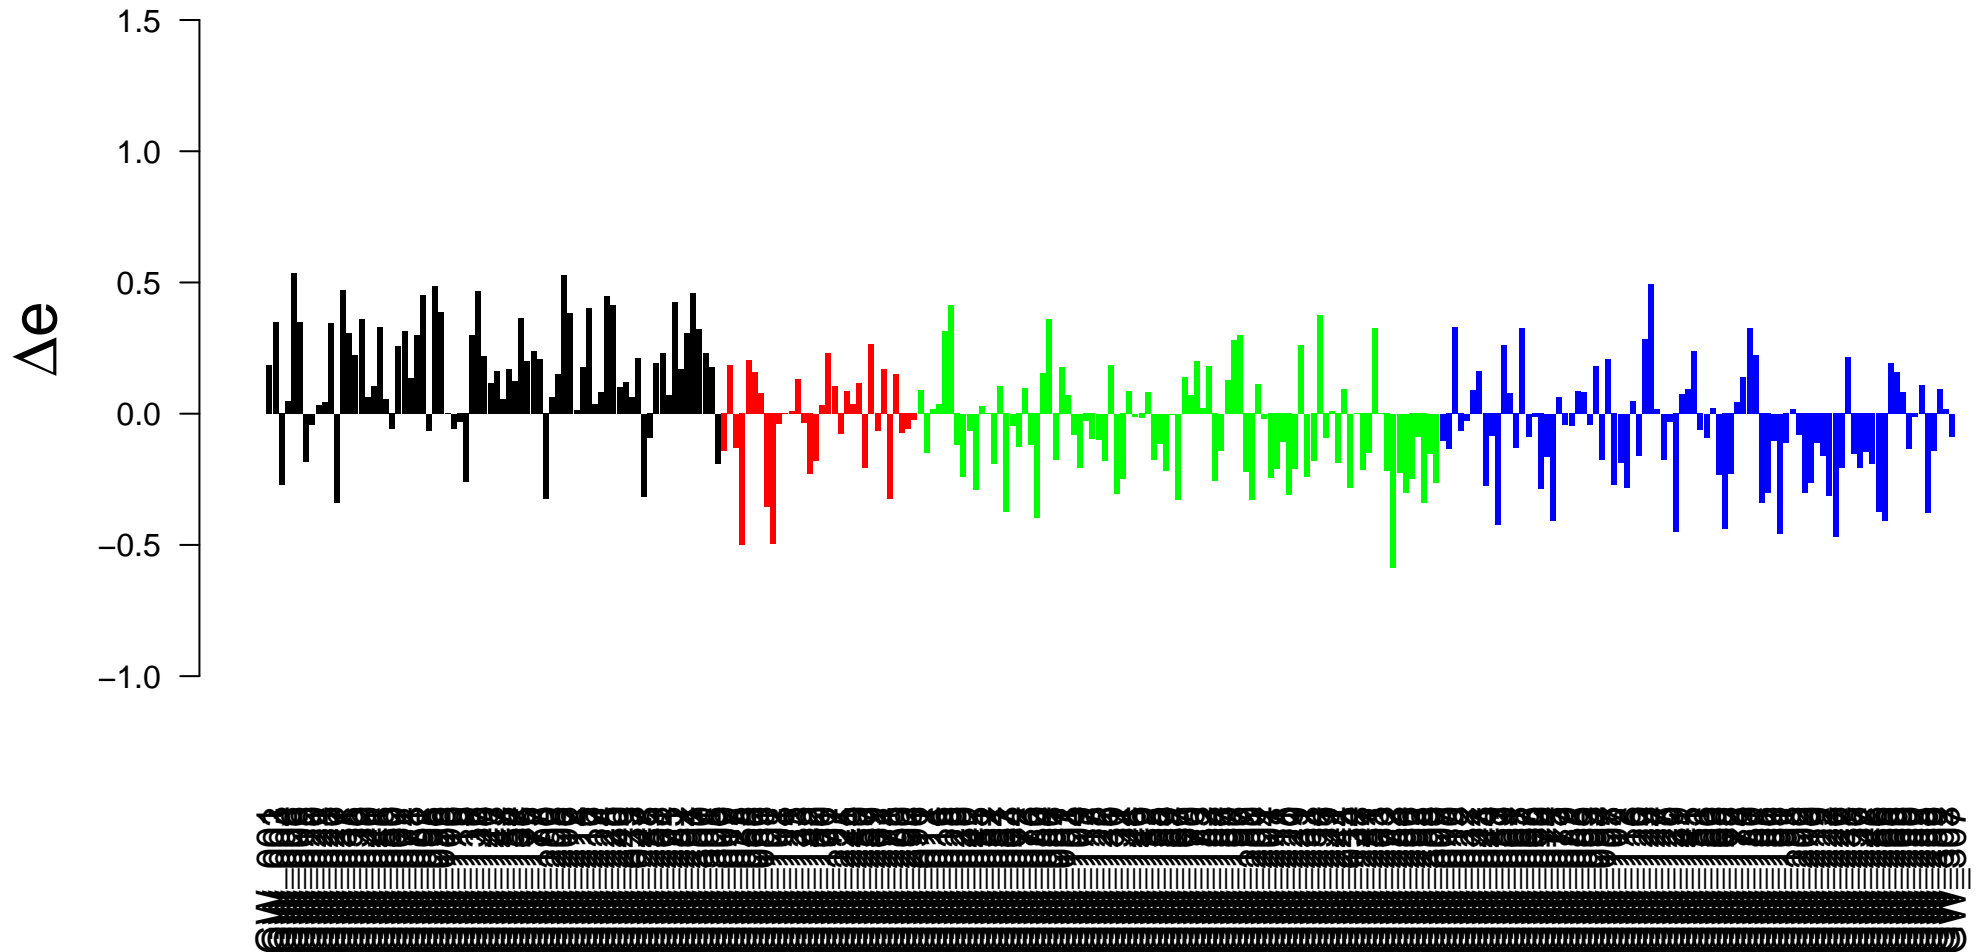

Expression of small GTPase mediated signal transduction in Spot H

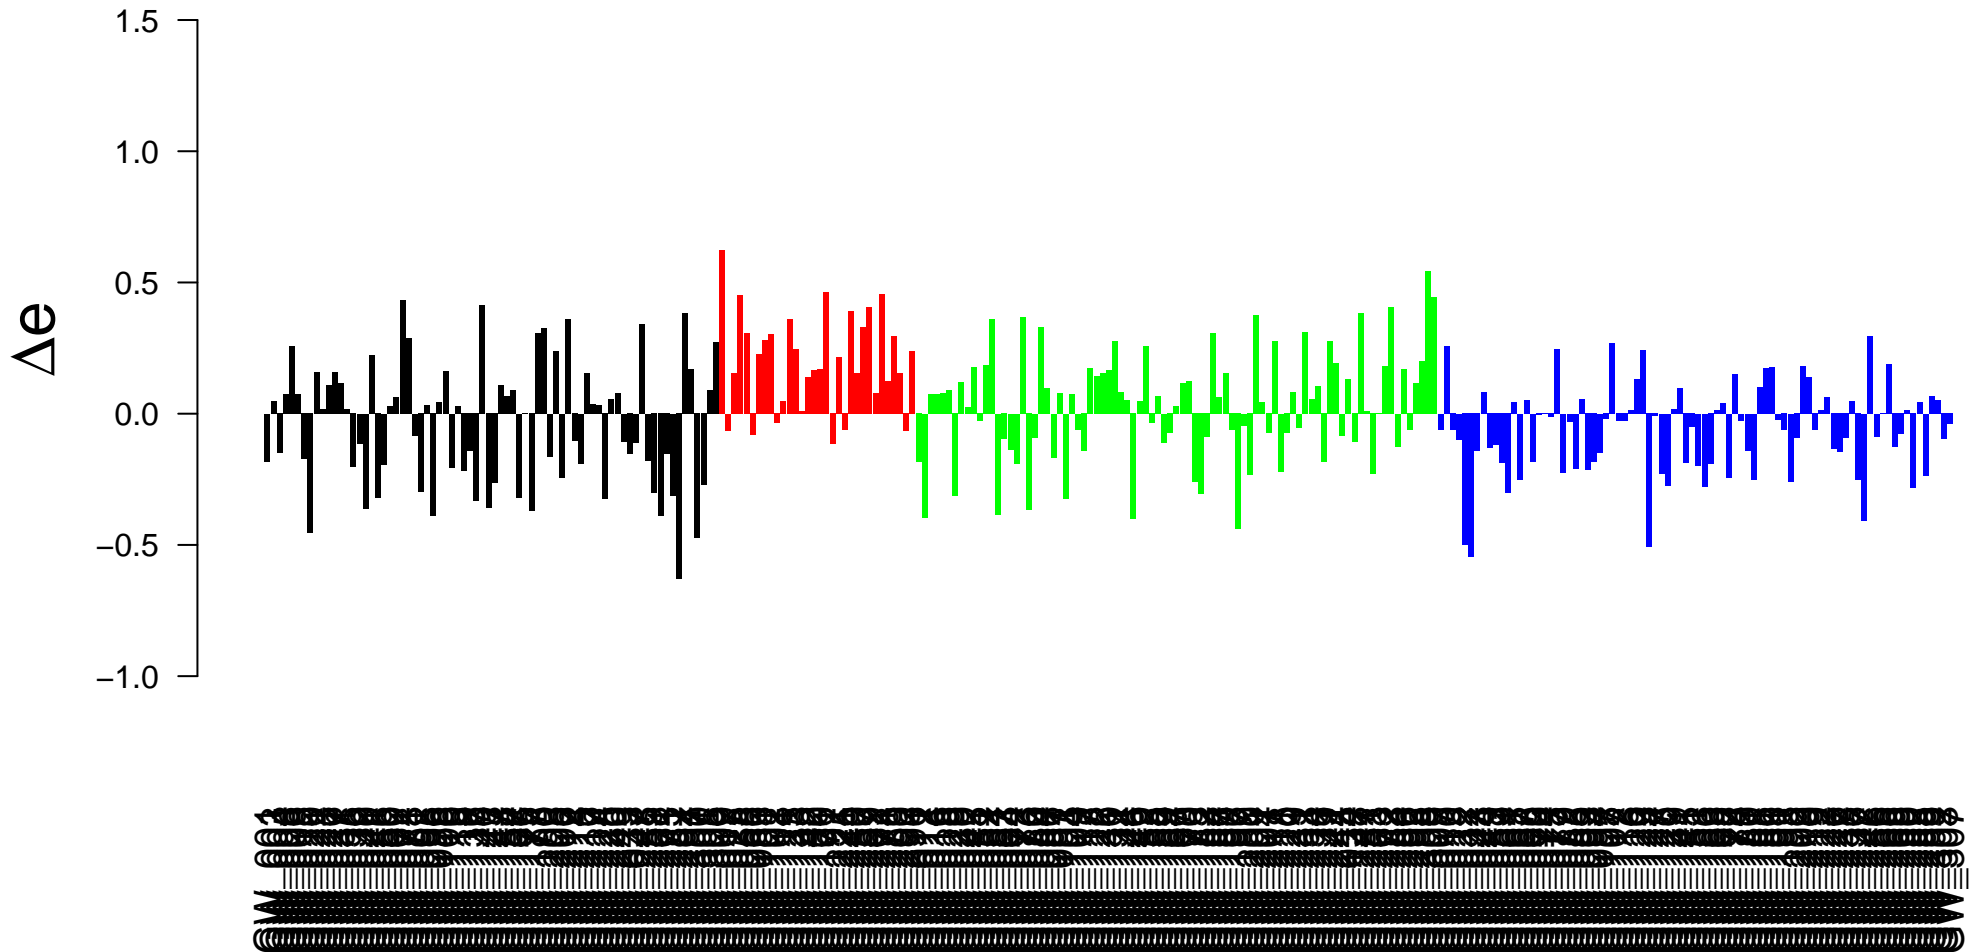

Expression of small GTPase mediated signal transduction in Spot I

Expression of small GTPase mediated signal transduction in Spot J

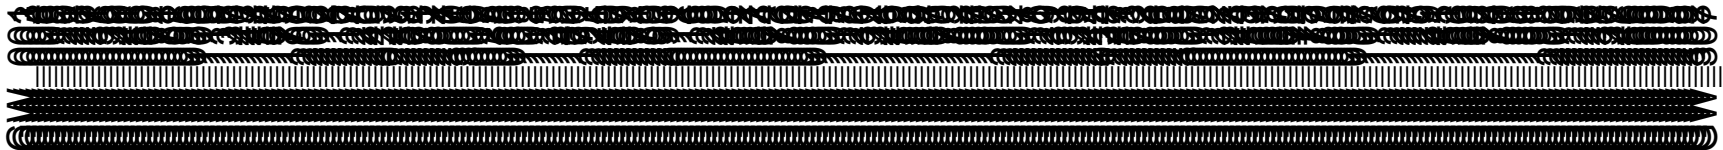

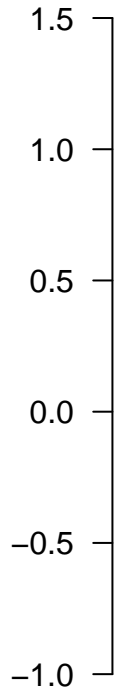

Expression of small GTPase mediated signal transduction in Spot K

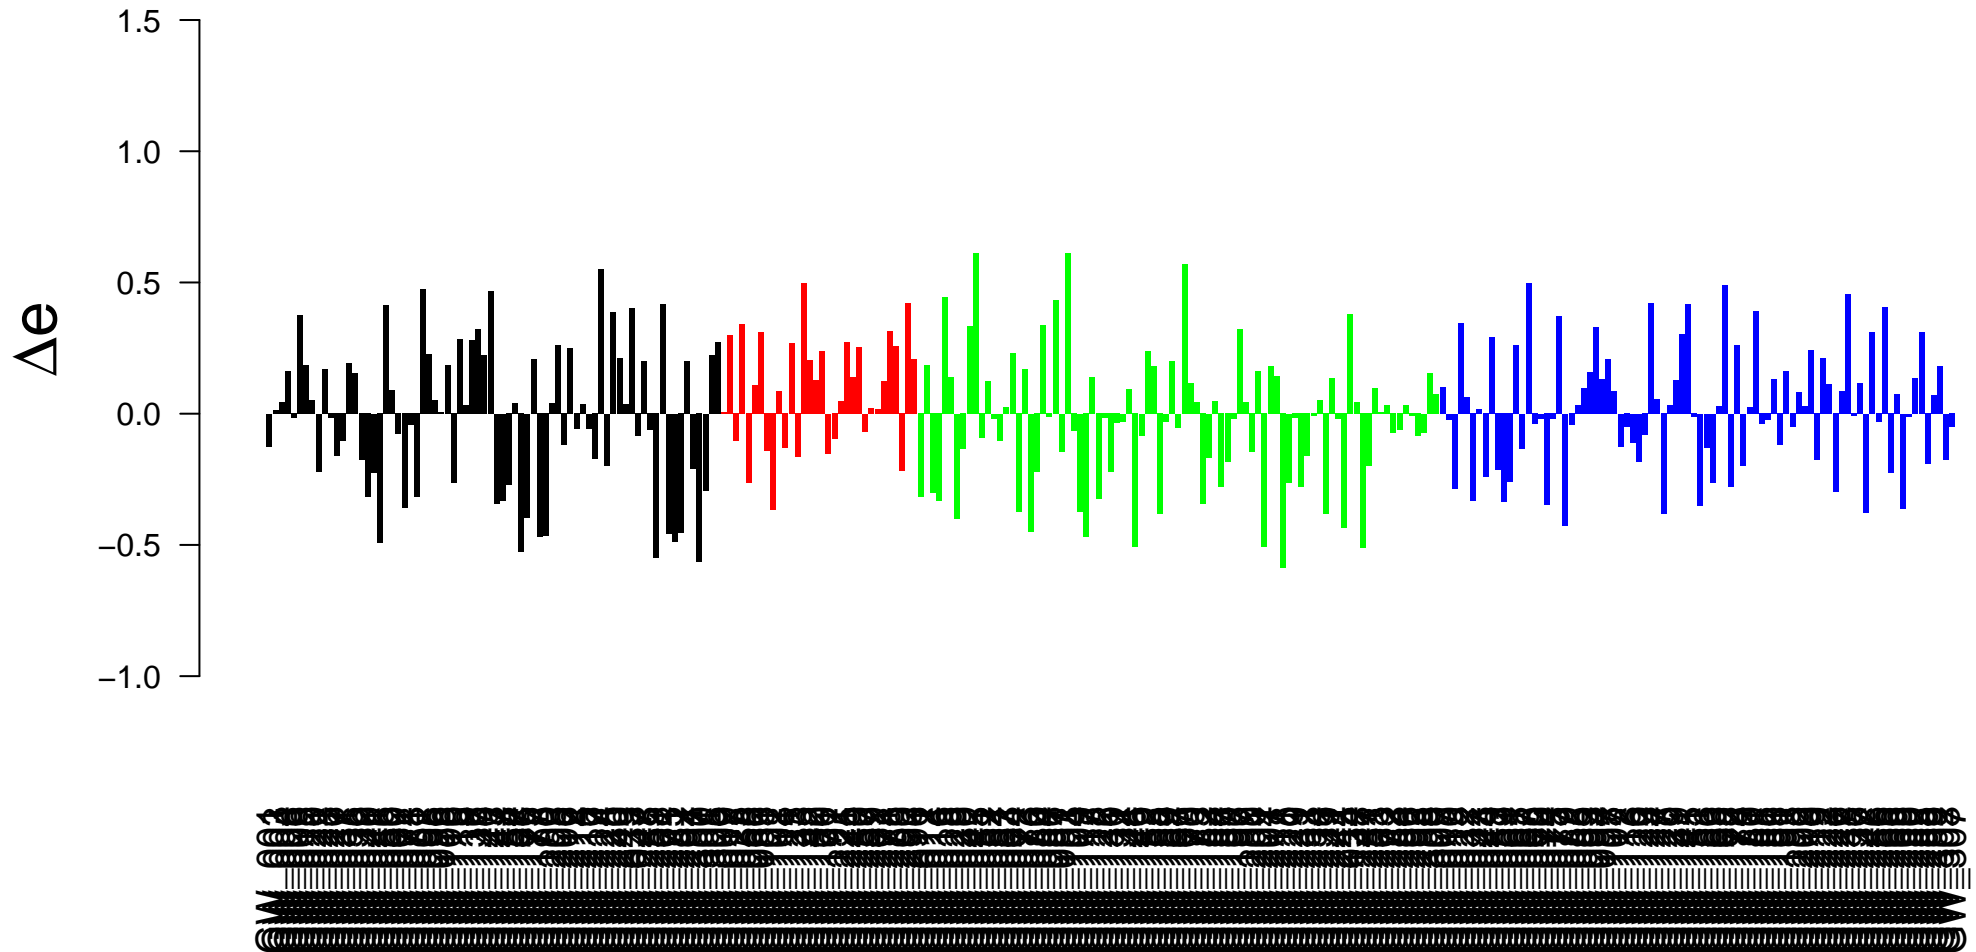

Expression of small GTPase mediated signal transduction in Spot L

Δe

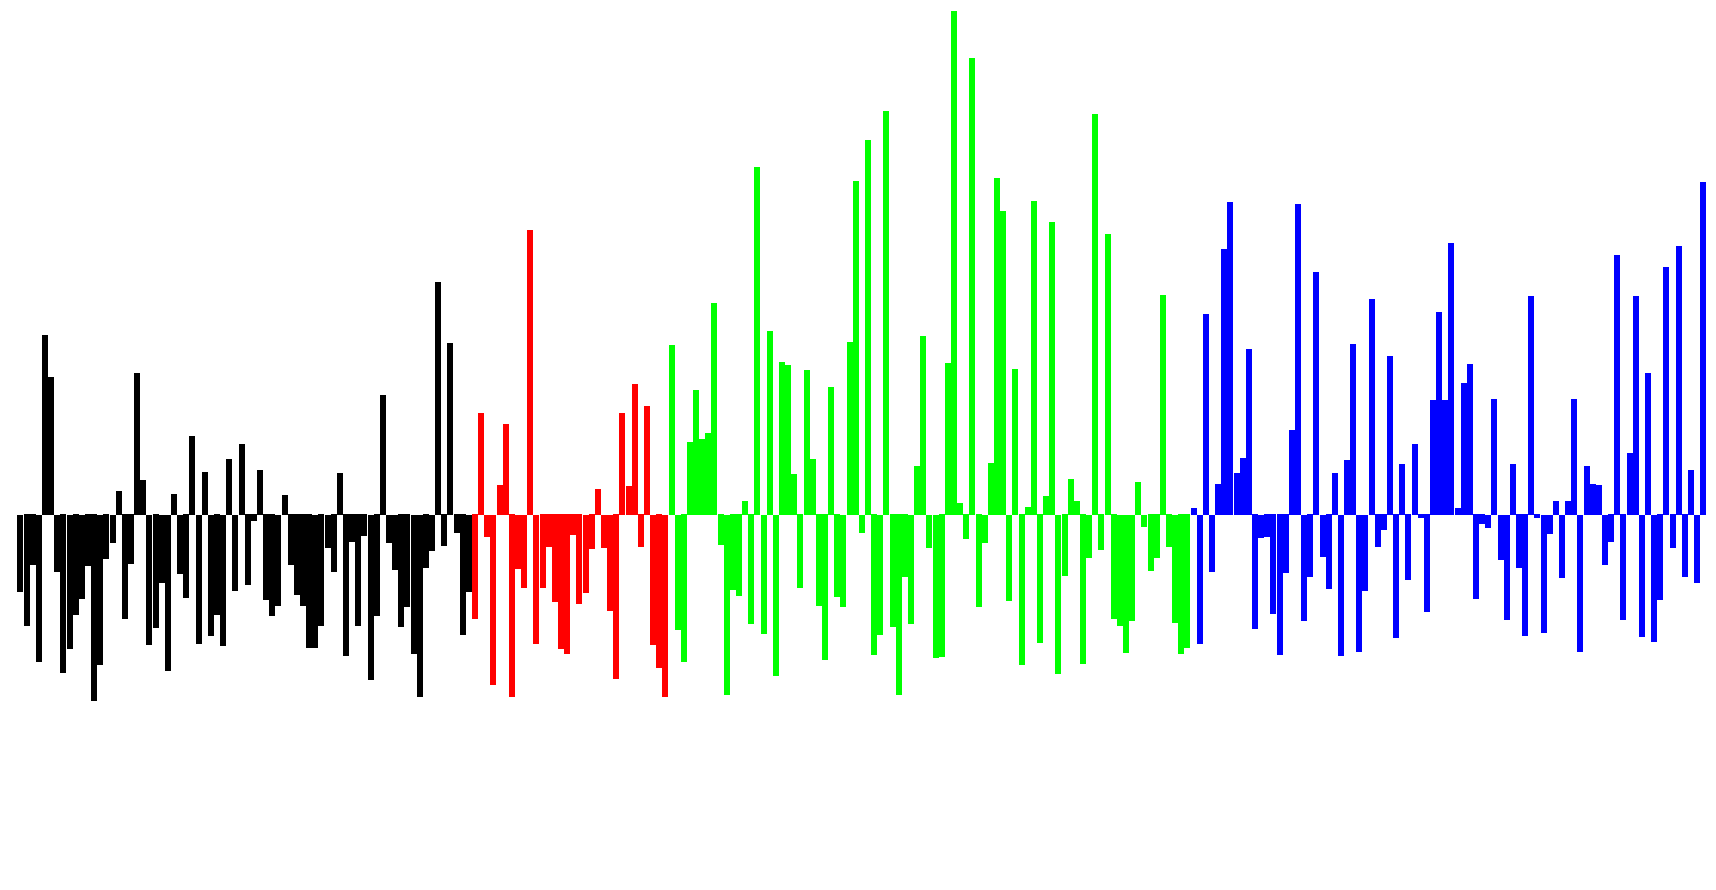

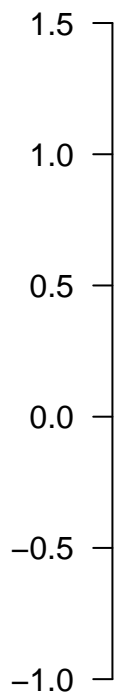

Expression of small GTPase mediated signal transduction in Spot M

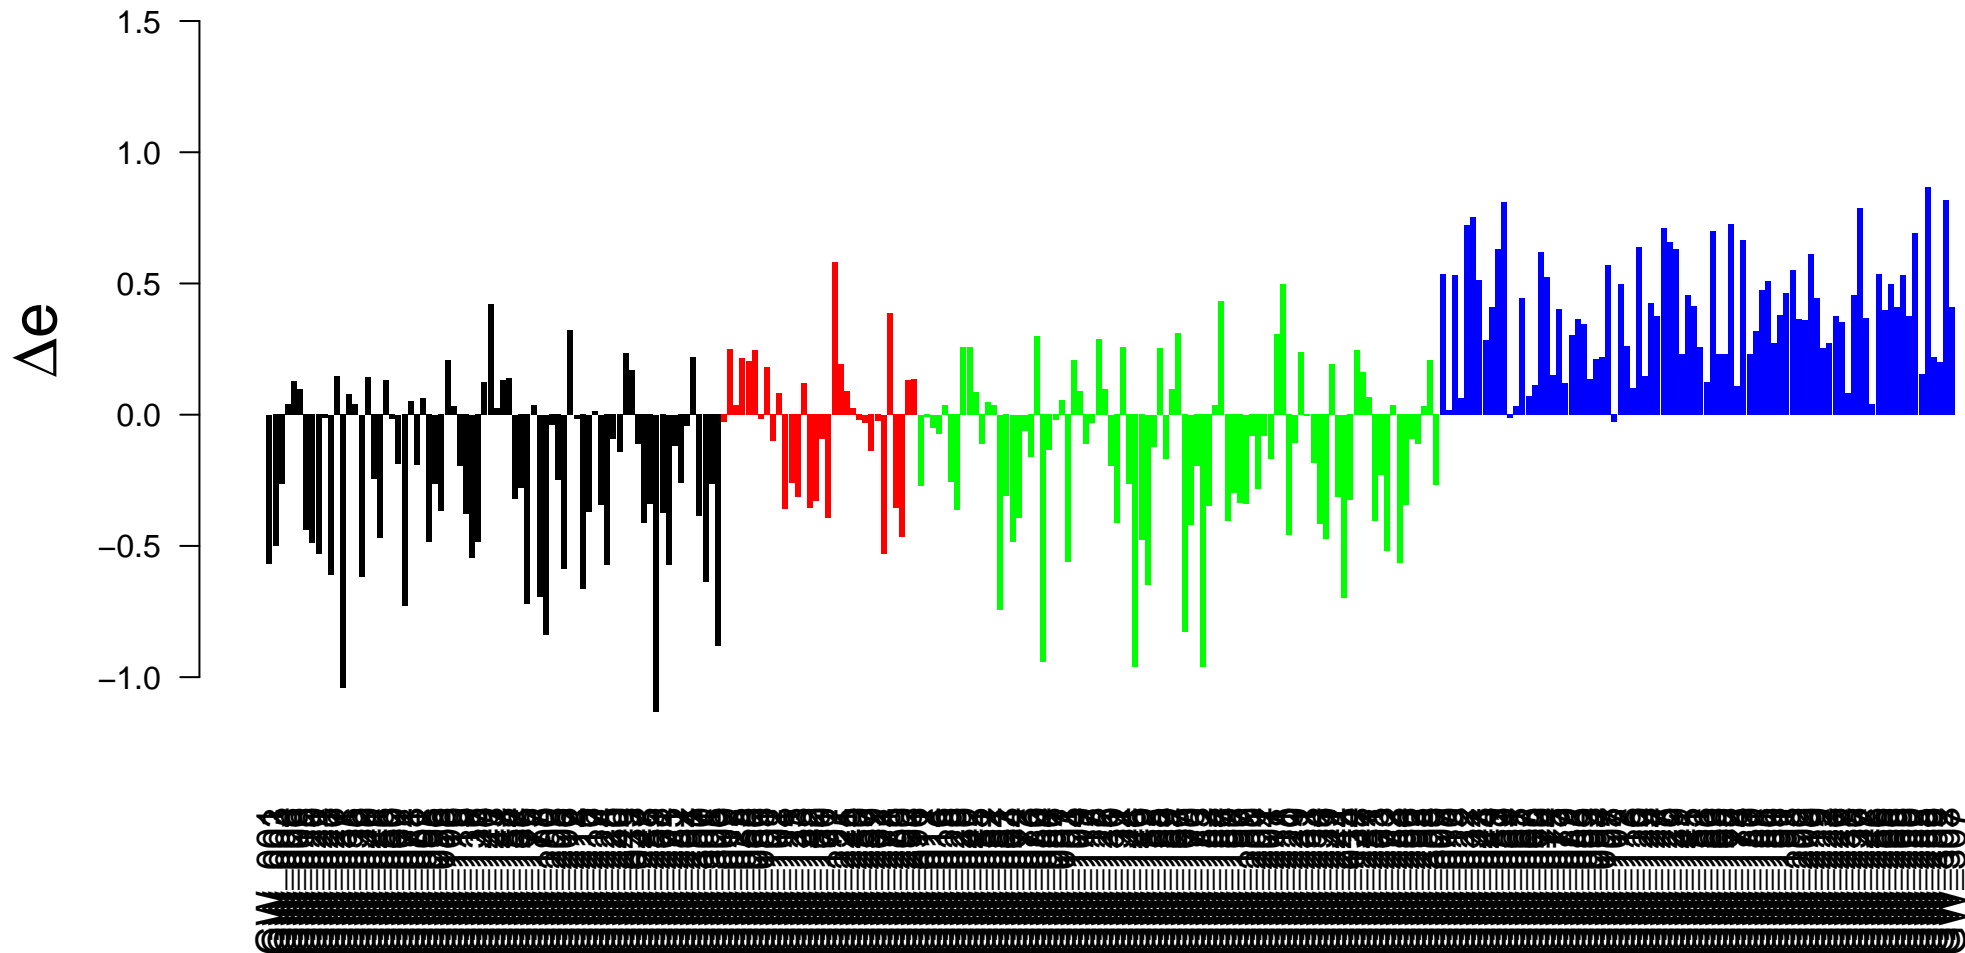

Expression of small GTPase mediated signal transduction in Spot N

Δe

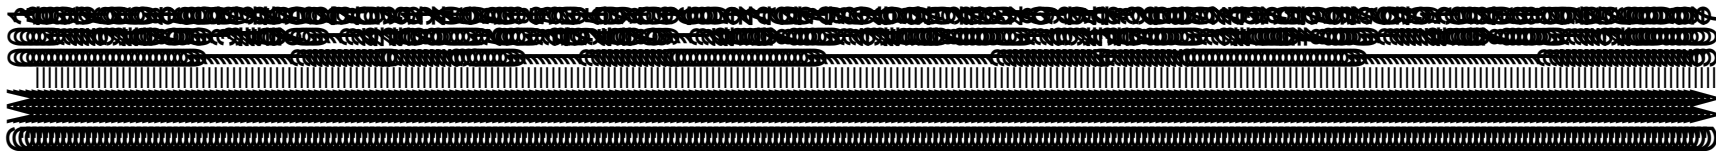

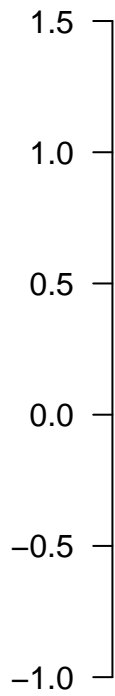

Expression of small GTPase mediated signal transduction in Spot O

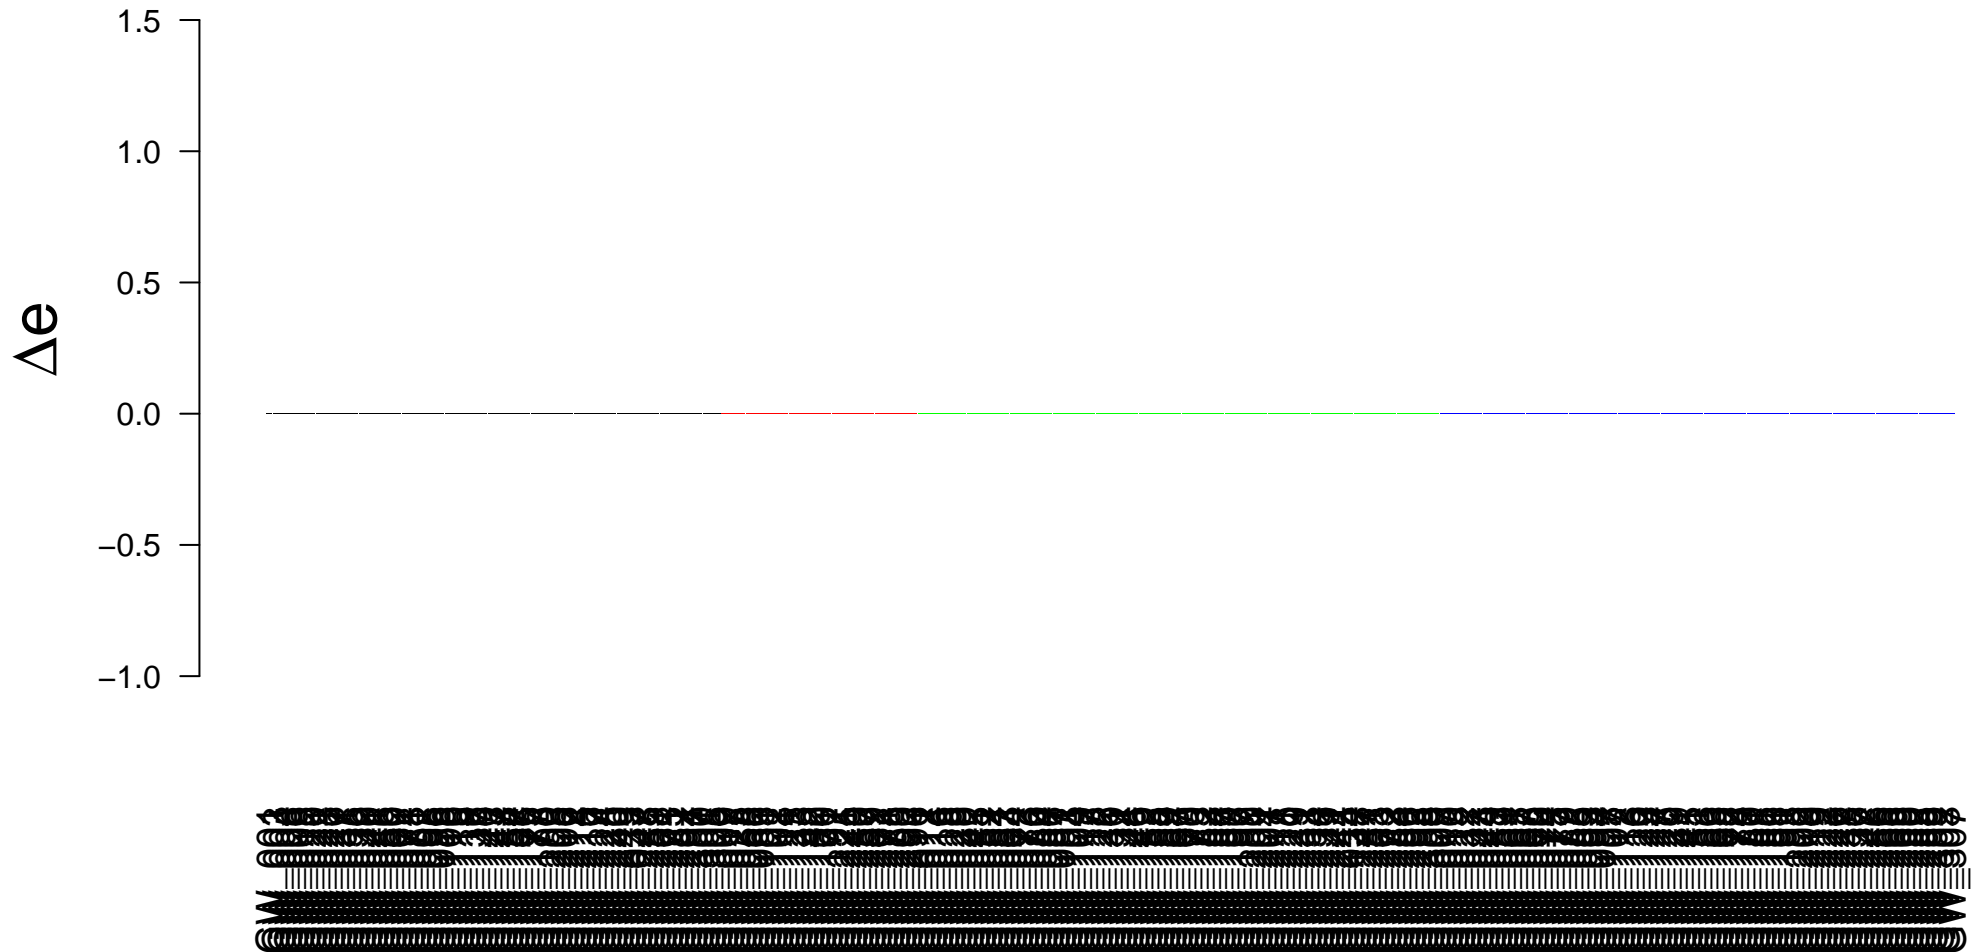

Expression of small GTPase mediated signal transduction in Spot P

Δe

Expression of small GTPase mediated signal transduction in Spot Q

Expression of small GTPase mediated signal transduction in Spot R
