

# small GTPase regulator activity

# small GTPase regulator activity

### Enrichment in spots: small GTPase regulator activity

# Expression of small GTPase regulator activity in Spot A

# Expression of small GTPase regulator activity in Spot B

# Expression of small GTPase regulator activity in Spot C

# Expression of small GTPase regulator activity in Spot D

# Expression of small GTPase regulator activity in Spot E

# Expression of small GTPase regulator activity in Spot F

# Expression of small GTPase regulator activity in Spot G

$\Delta e$

# Expression of small GTPase regulator activity in Spot H

# Expression of small GTPase regulator activity in Spot I

# Expression of small GTPase regulator activity in Spot J
