

small nuclear ribonucleoprotein complex

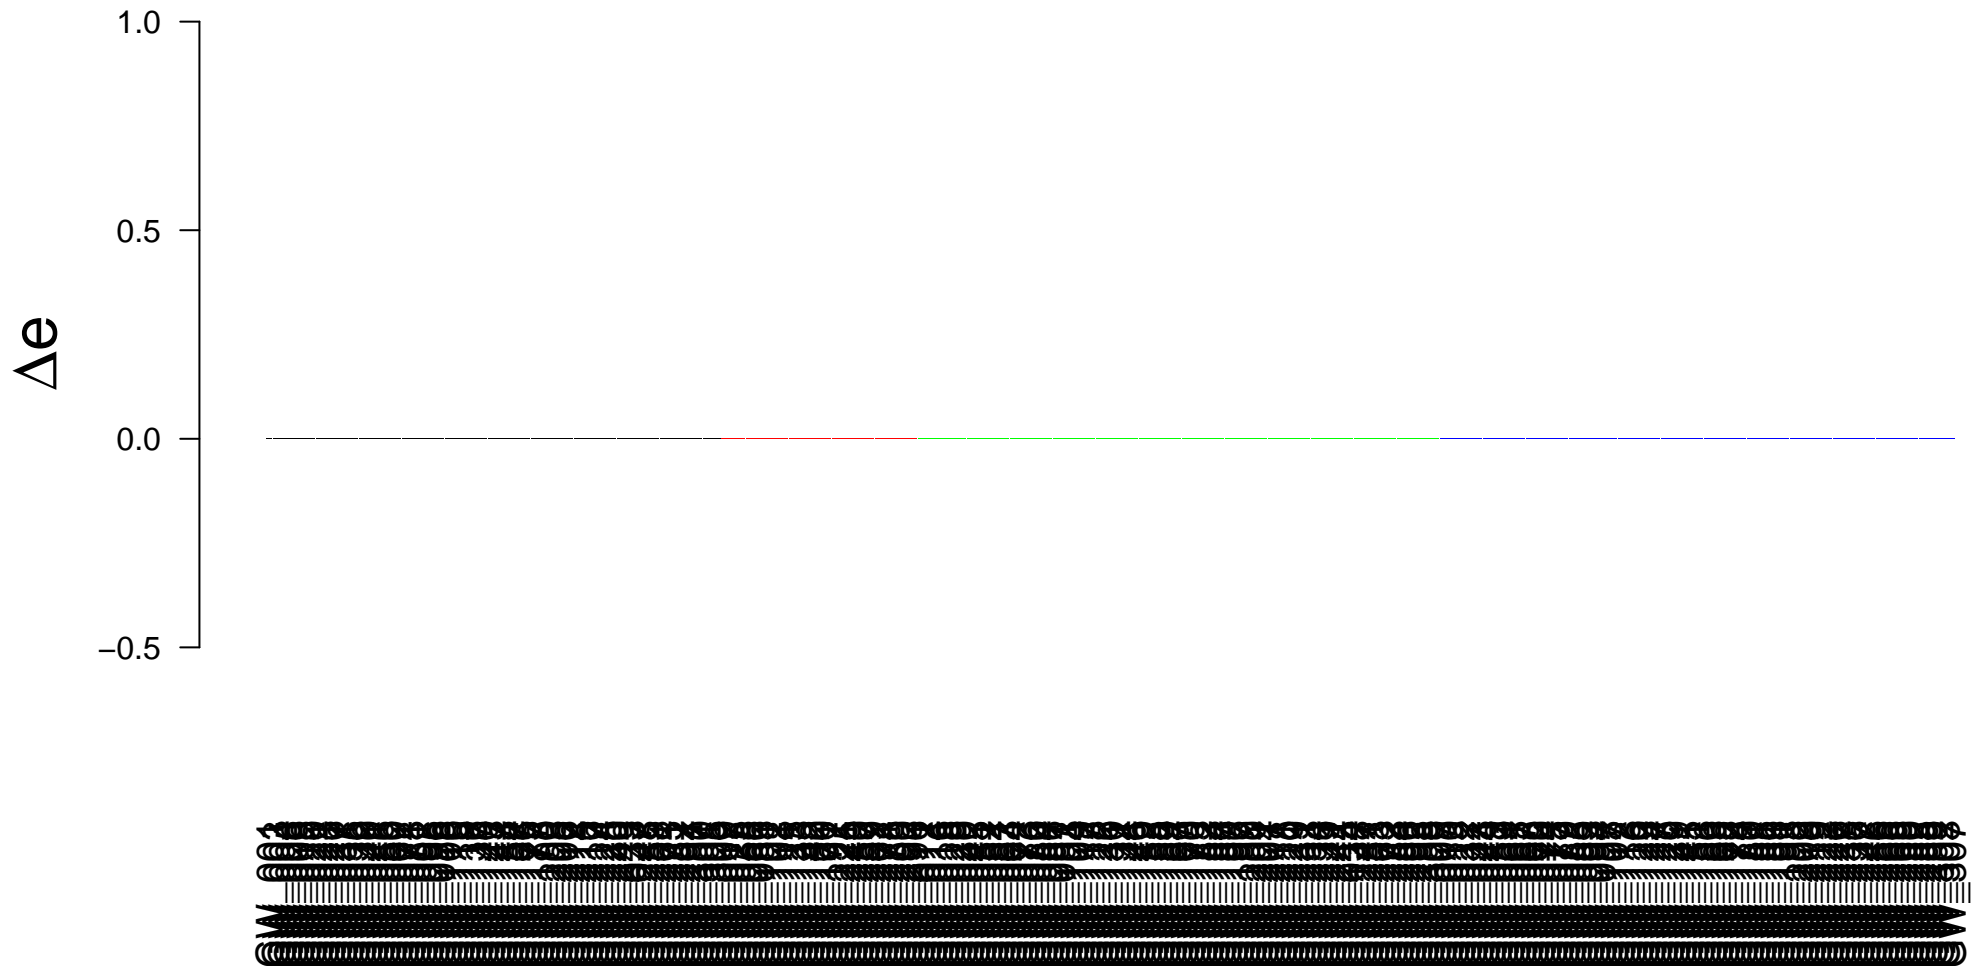

small nuclear ribonucleoprotein complex

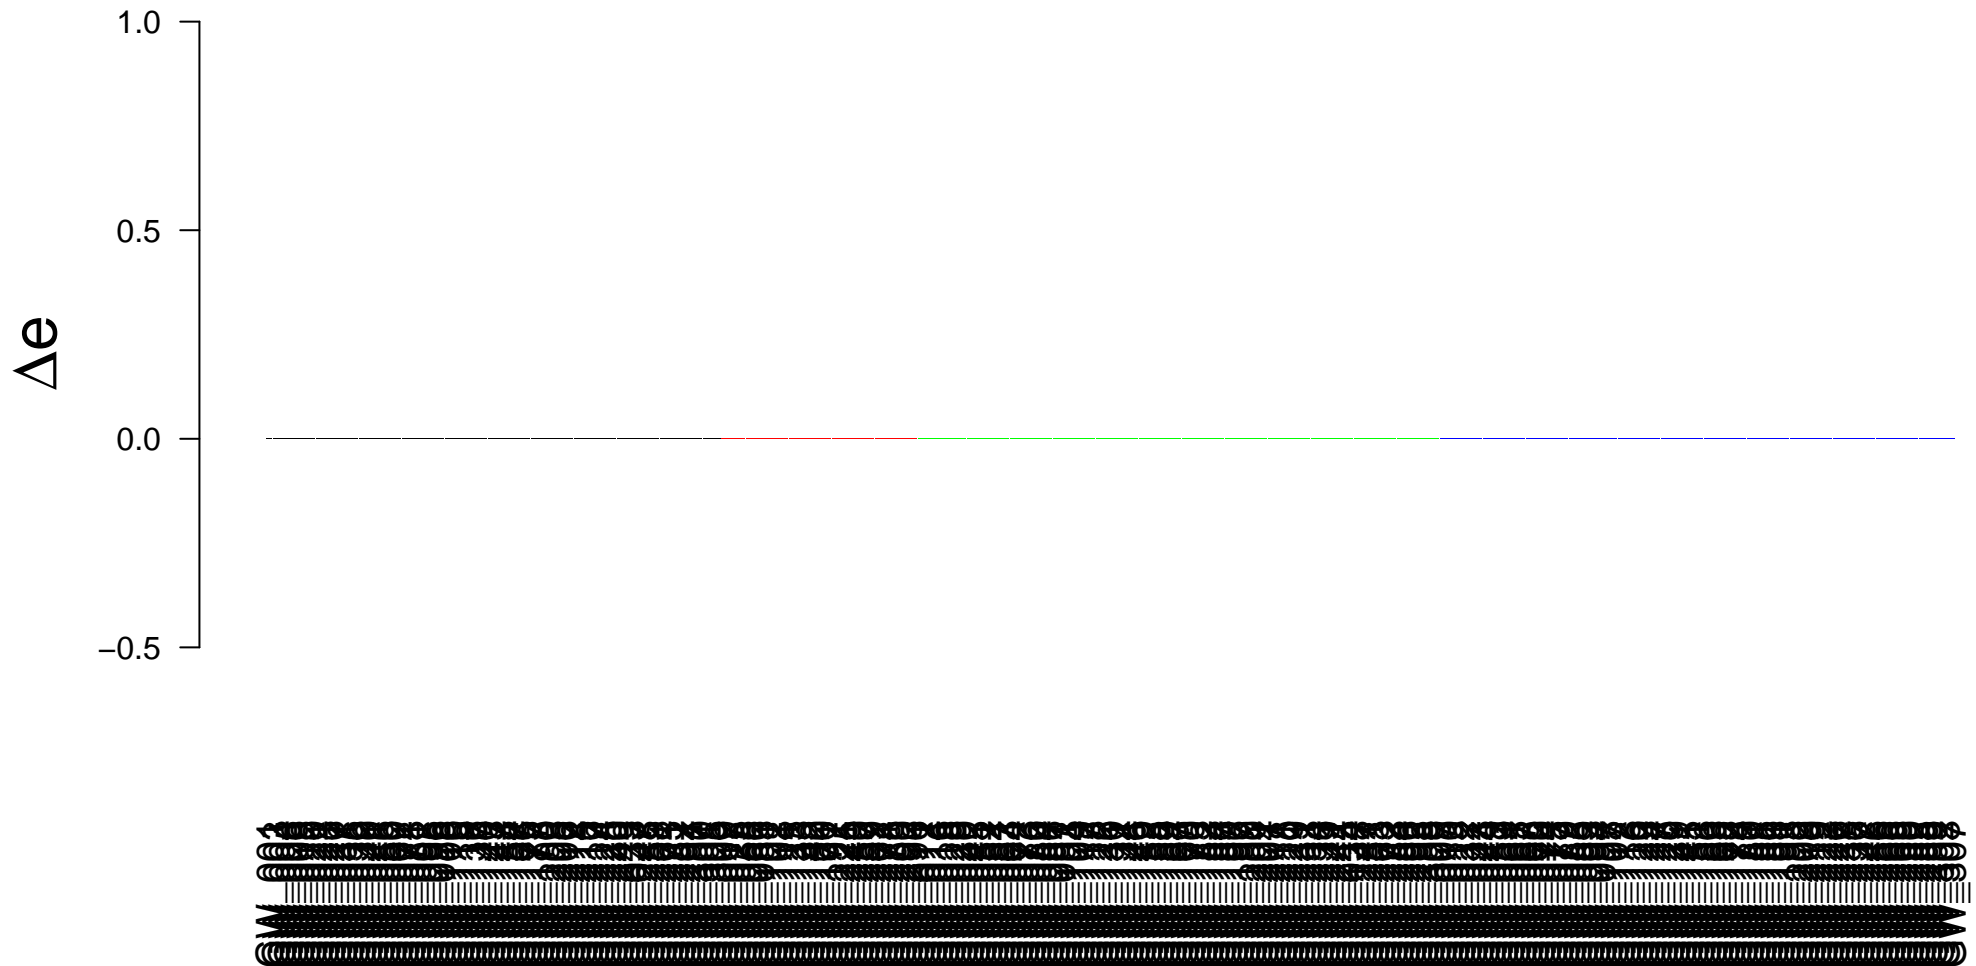

Enrichment in spots: small nuclear ribonucleoprotein complex

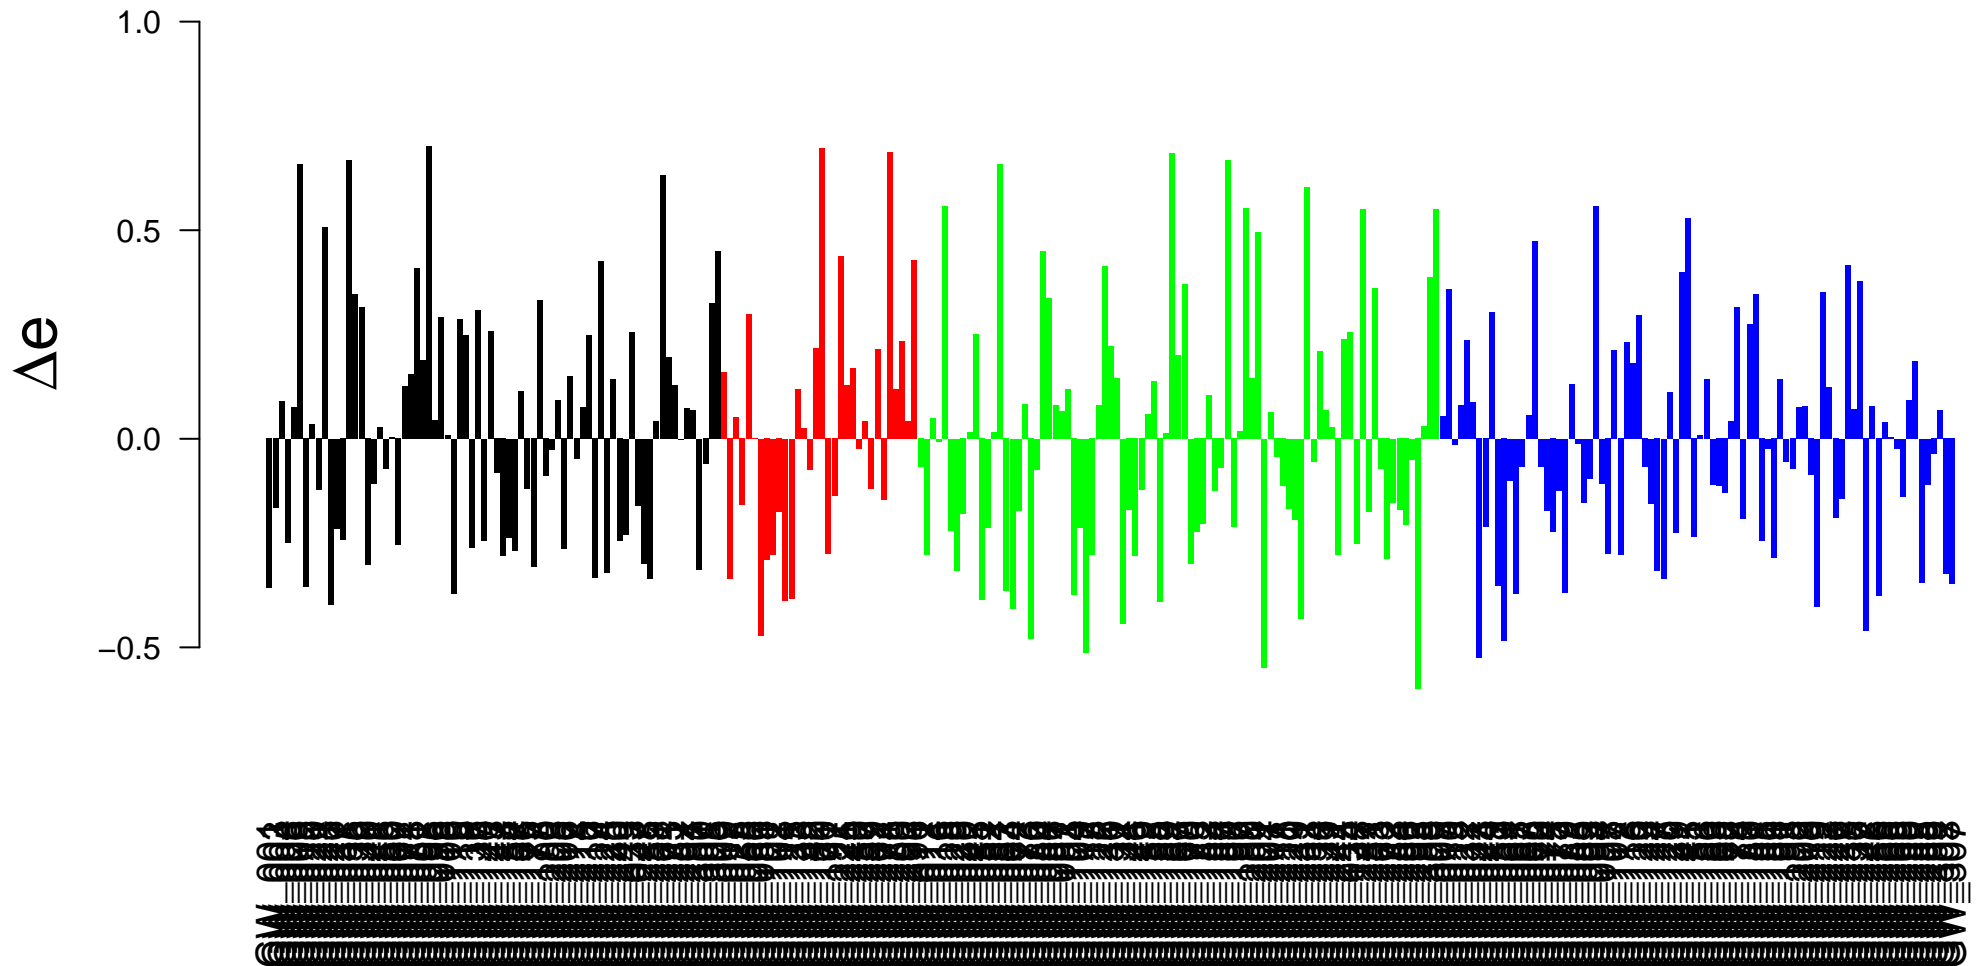

Expression of small nuclear ribonucleoprotein complex in Spot A

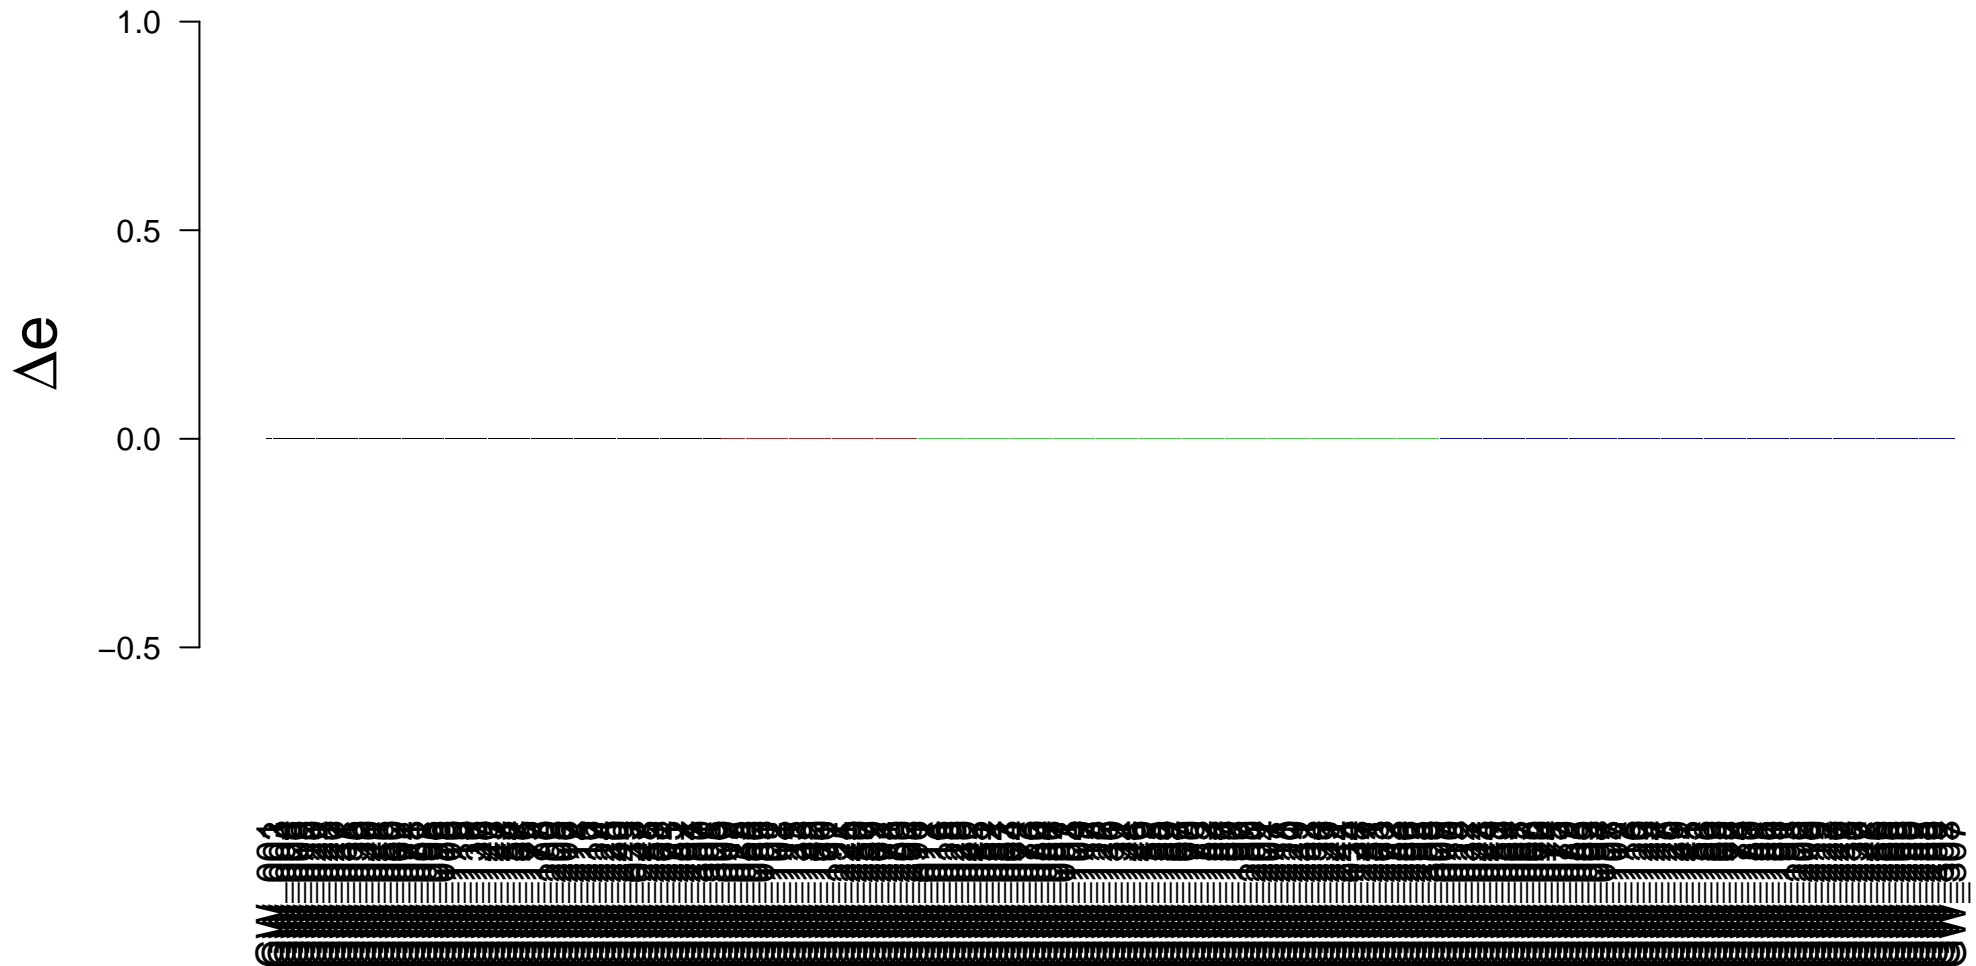

Expression of small nuclear ribonucleoprotein complex in Spot B

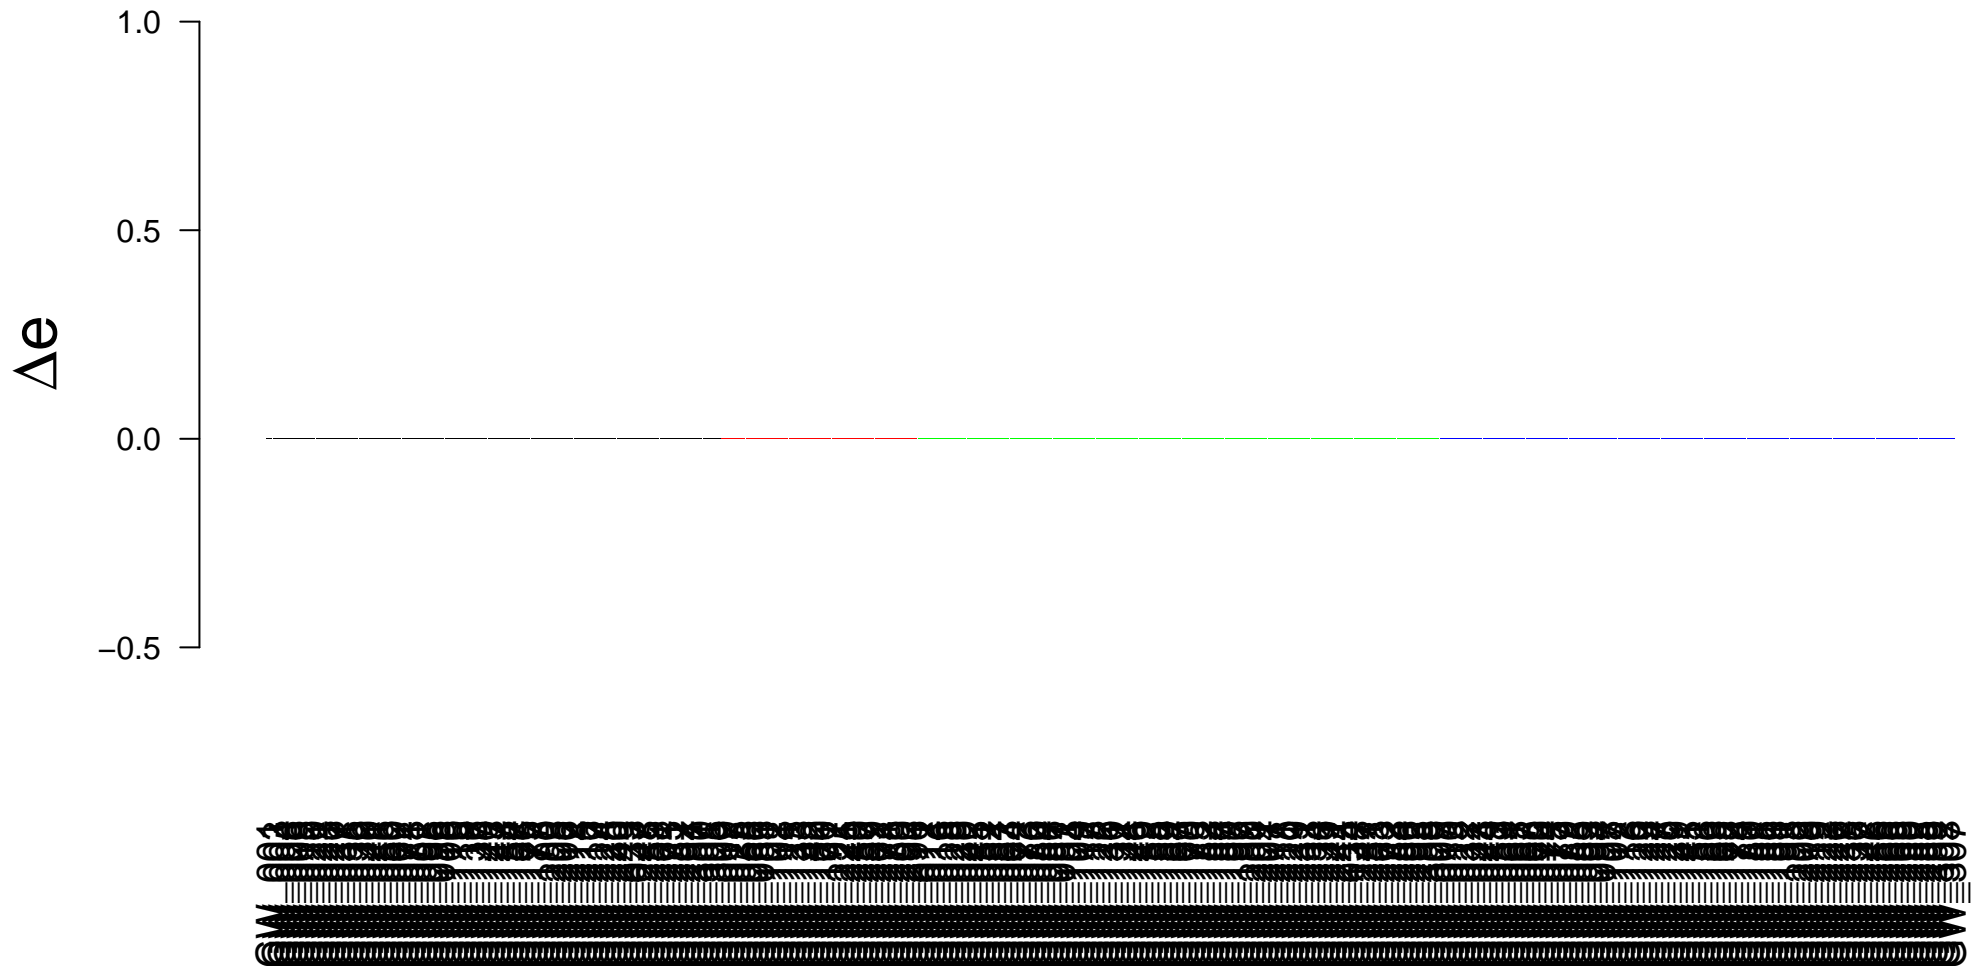

Expression of small nuclear ribonucleoprotein complex in Spot C

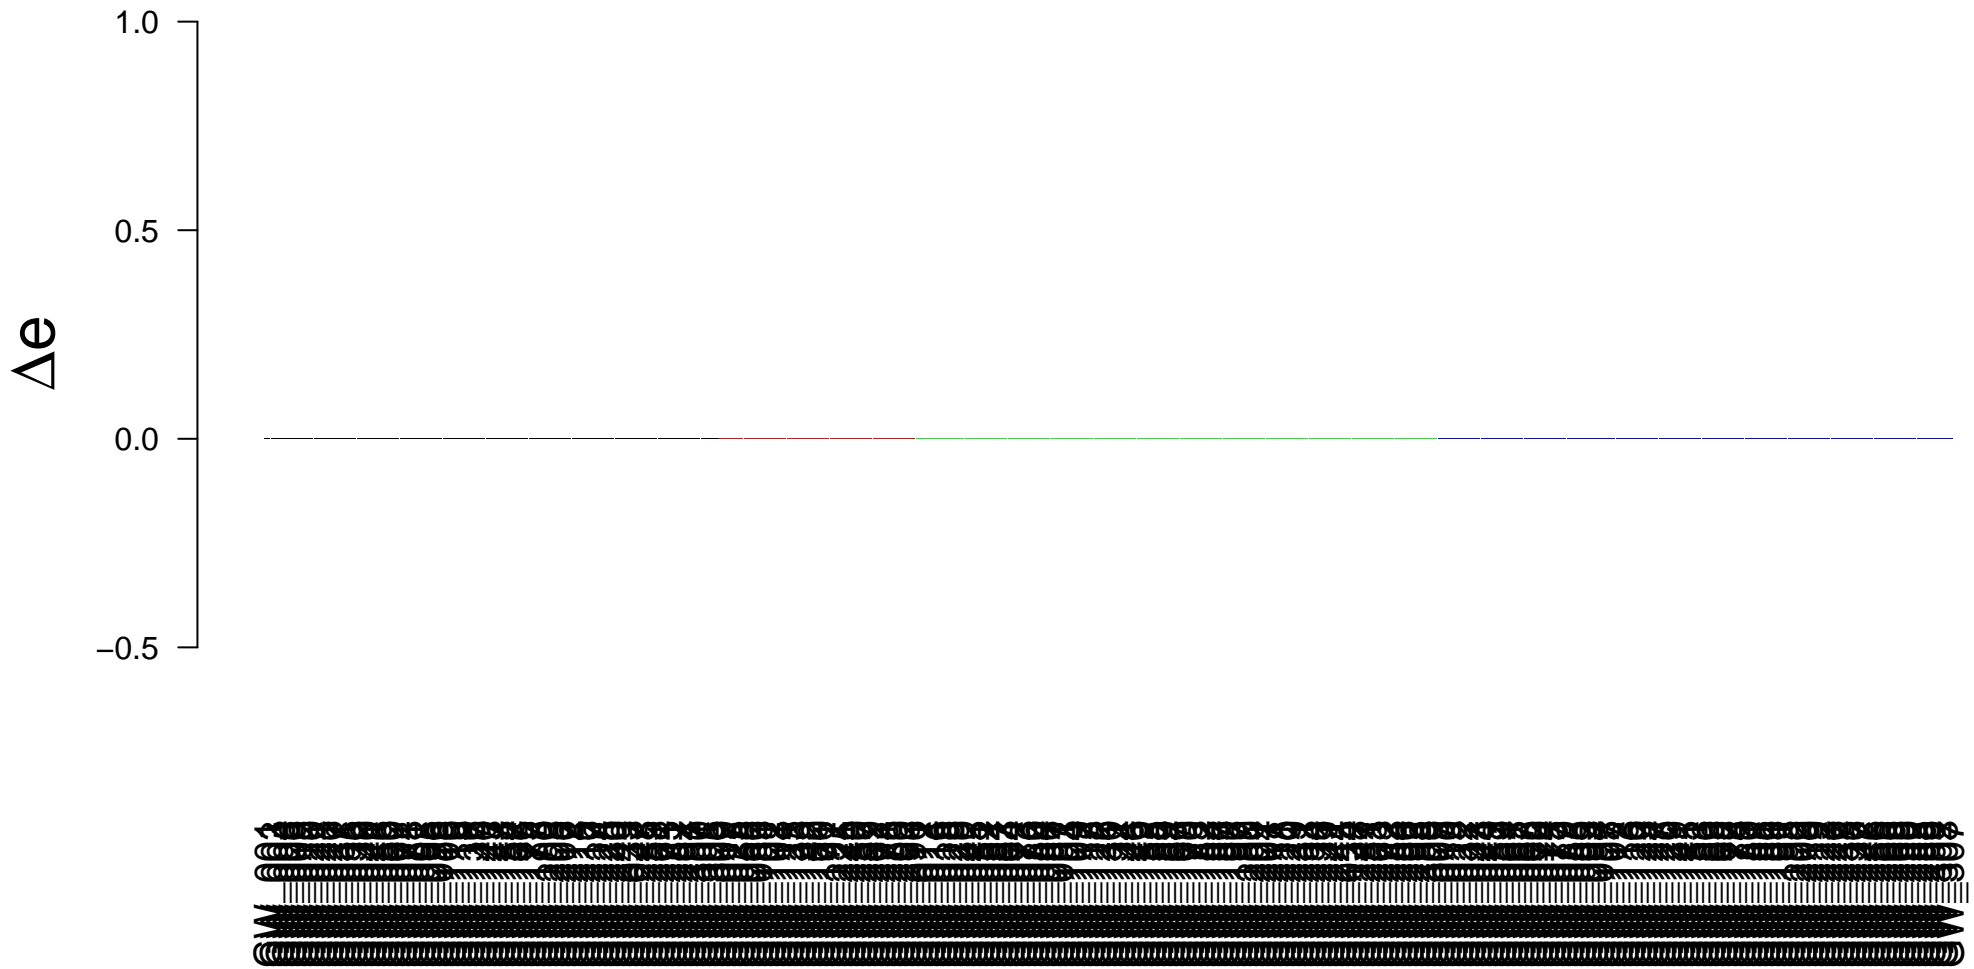

Expression of small nuclear ribonucleoprotein complex in Spot D

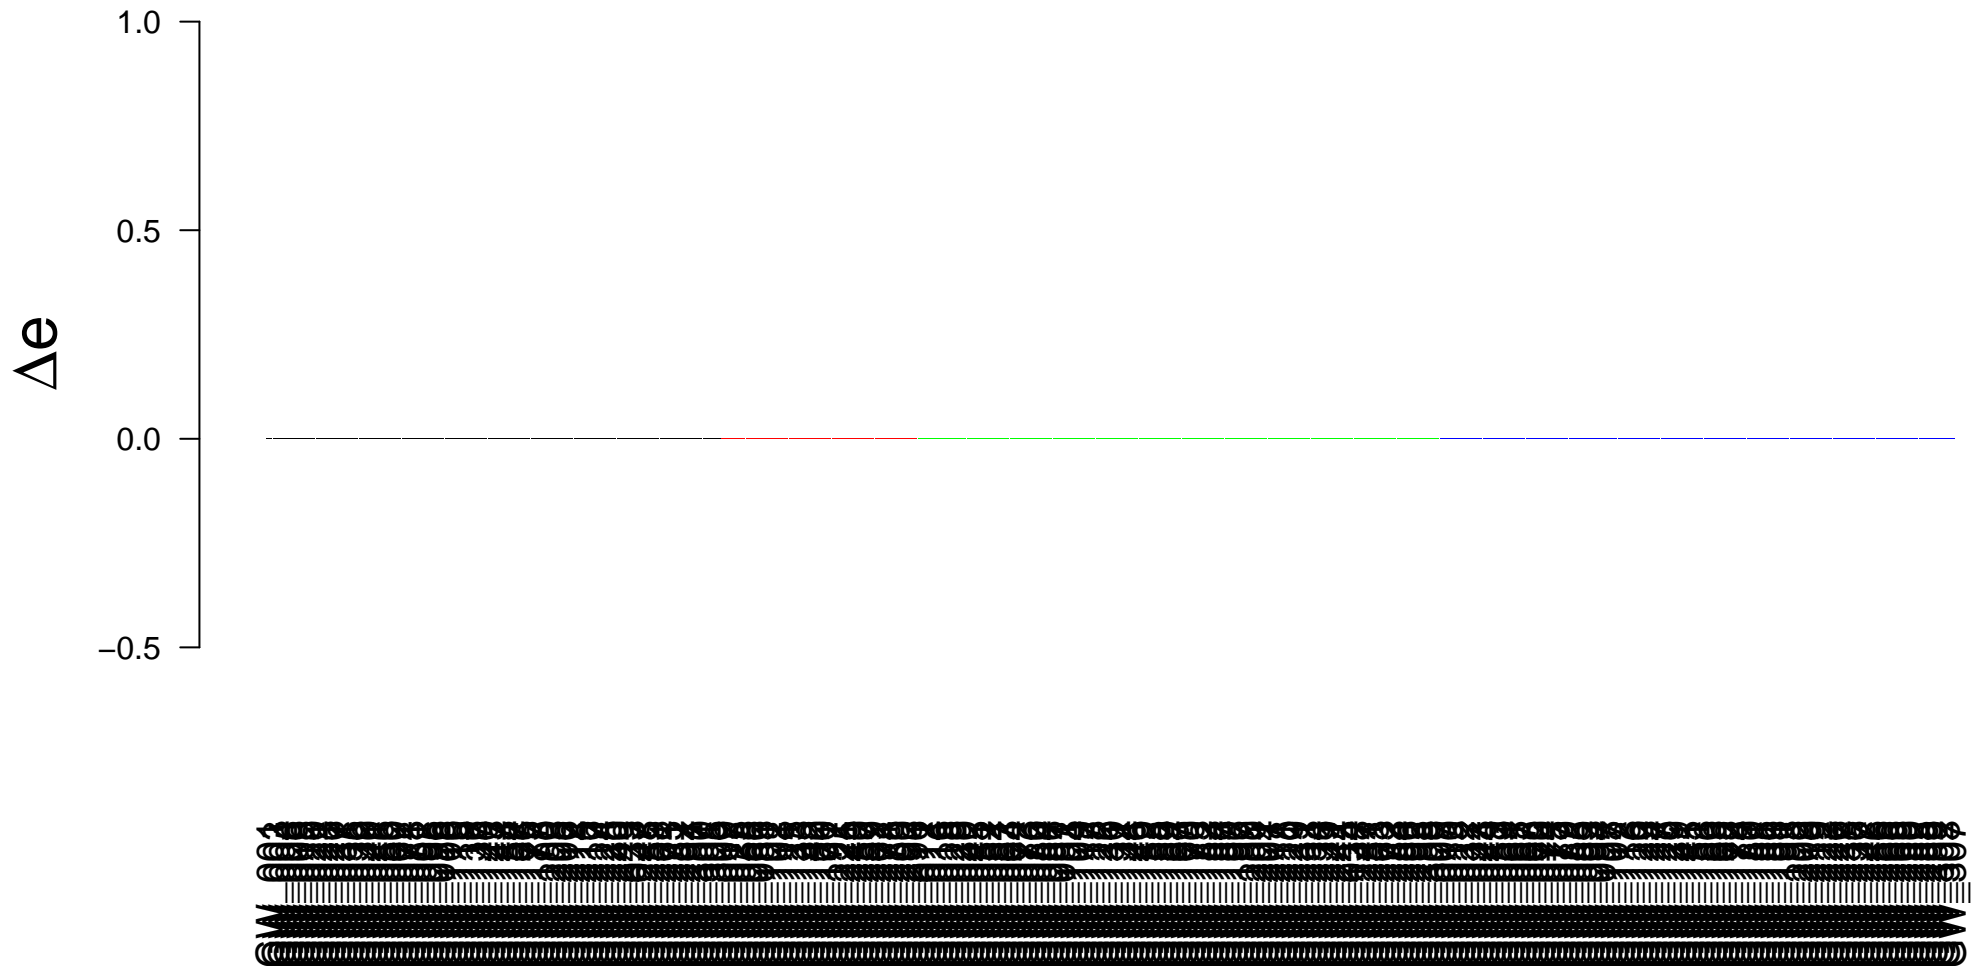

Expression of small nuclear ribonucleoprotein complex in Spot E

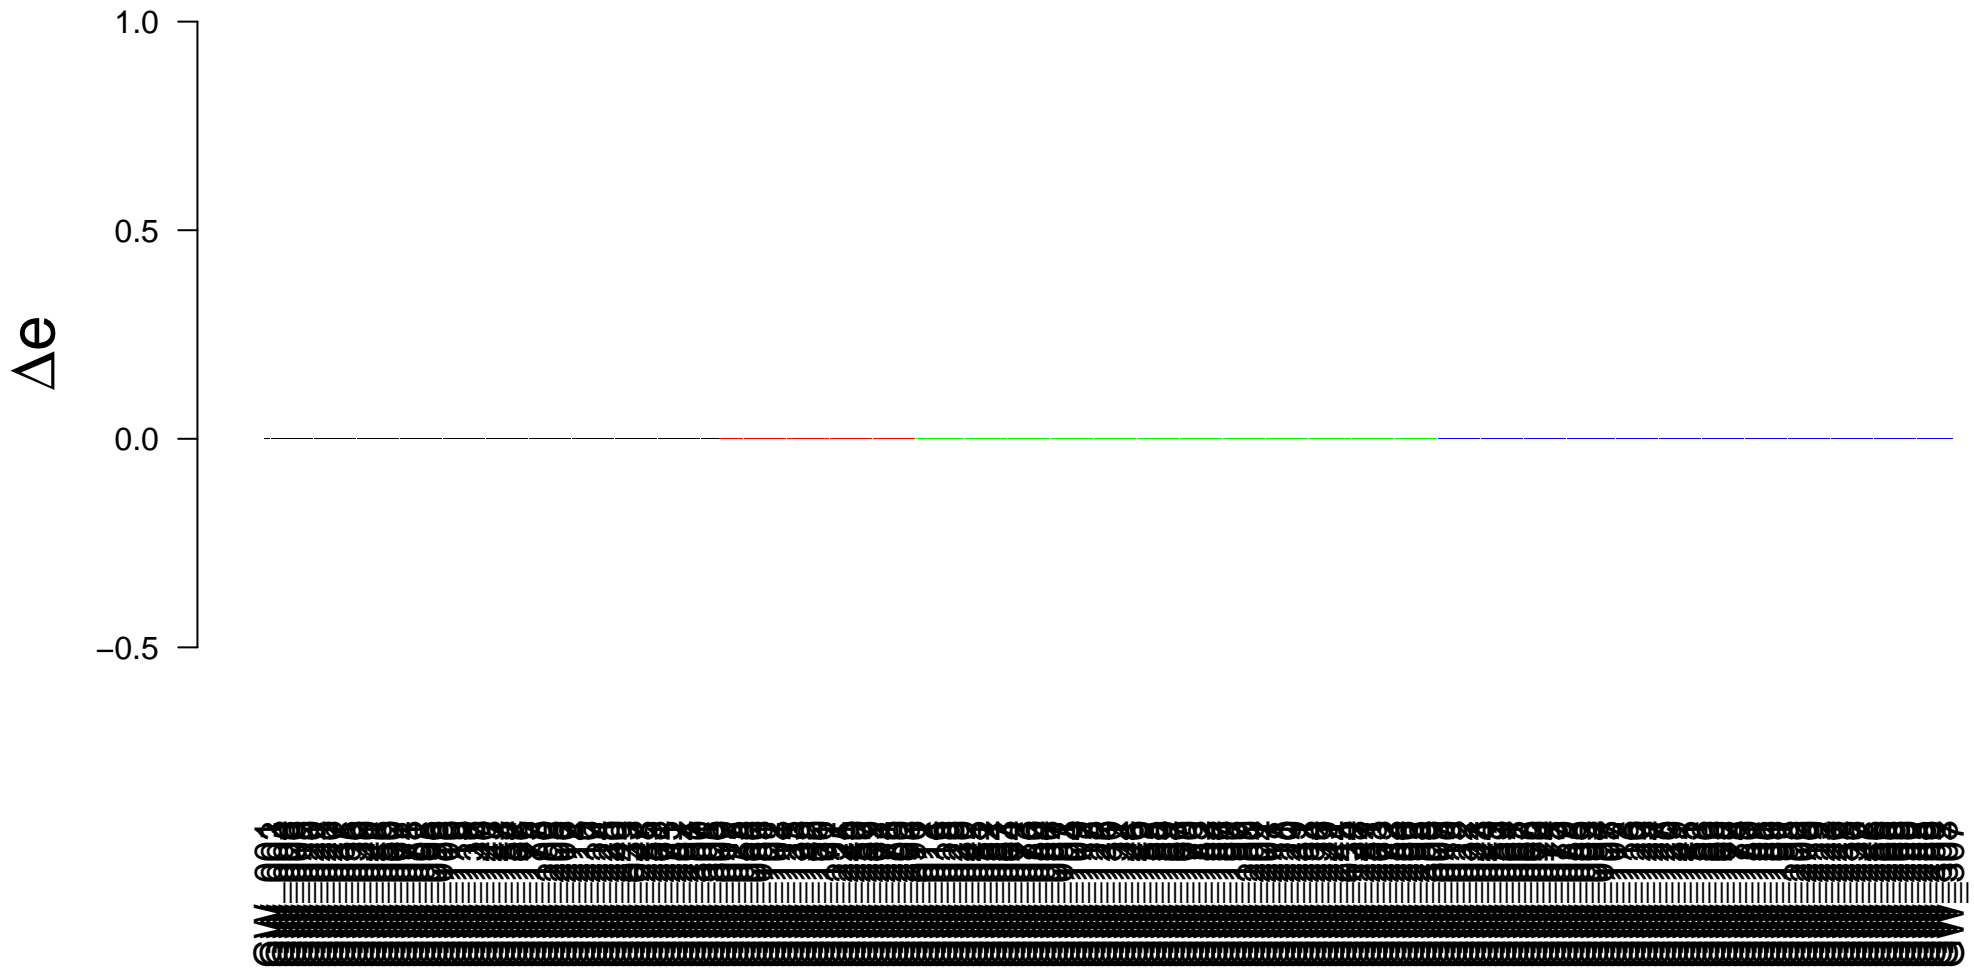

Expression of small nuclear ribonucleoprotein complex in Spot F

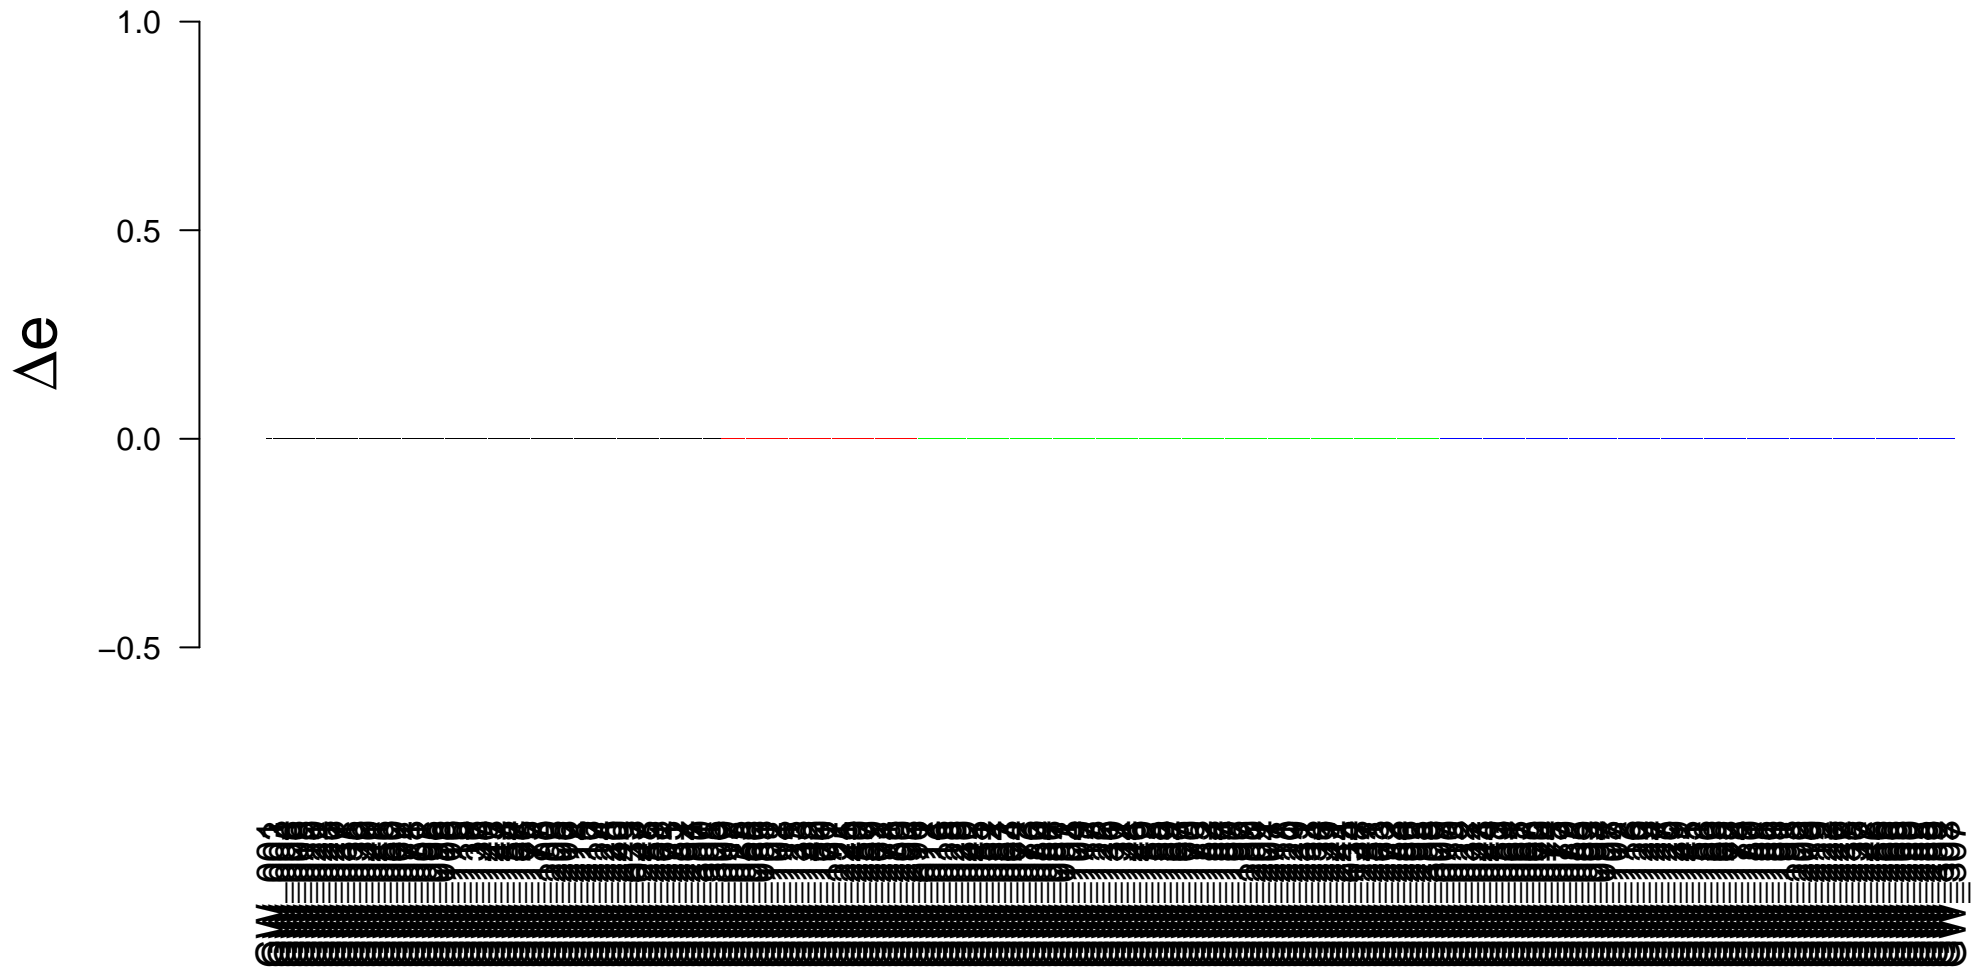

Expression of small nuclear ribonucleoprotein complex in Spot G

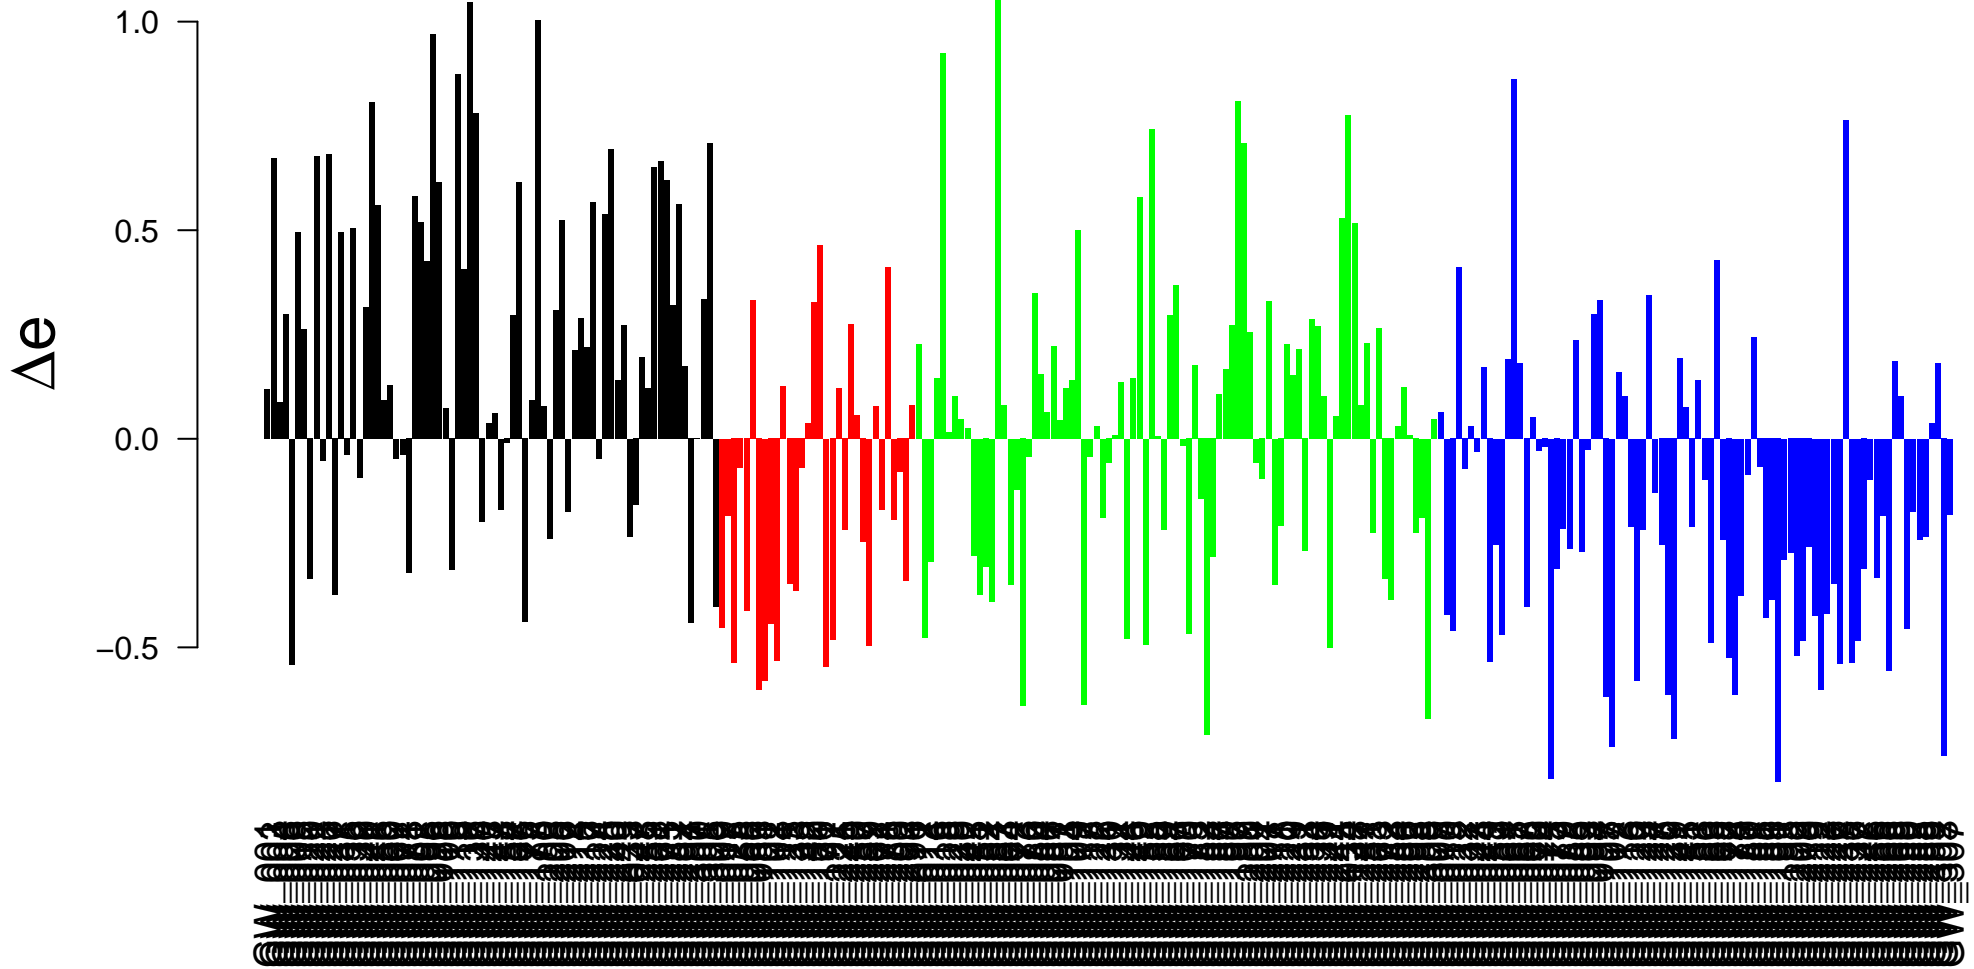

Expression of small nuclear ribonucleoprotein complex in Spot H

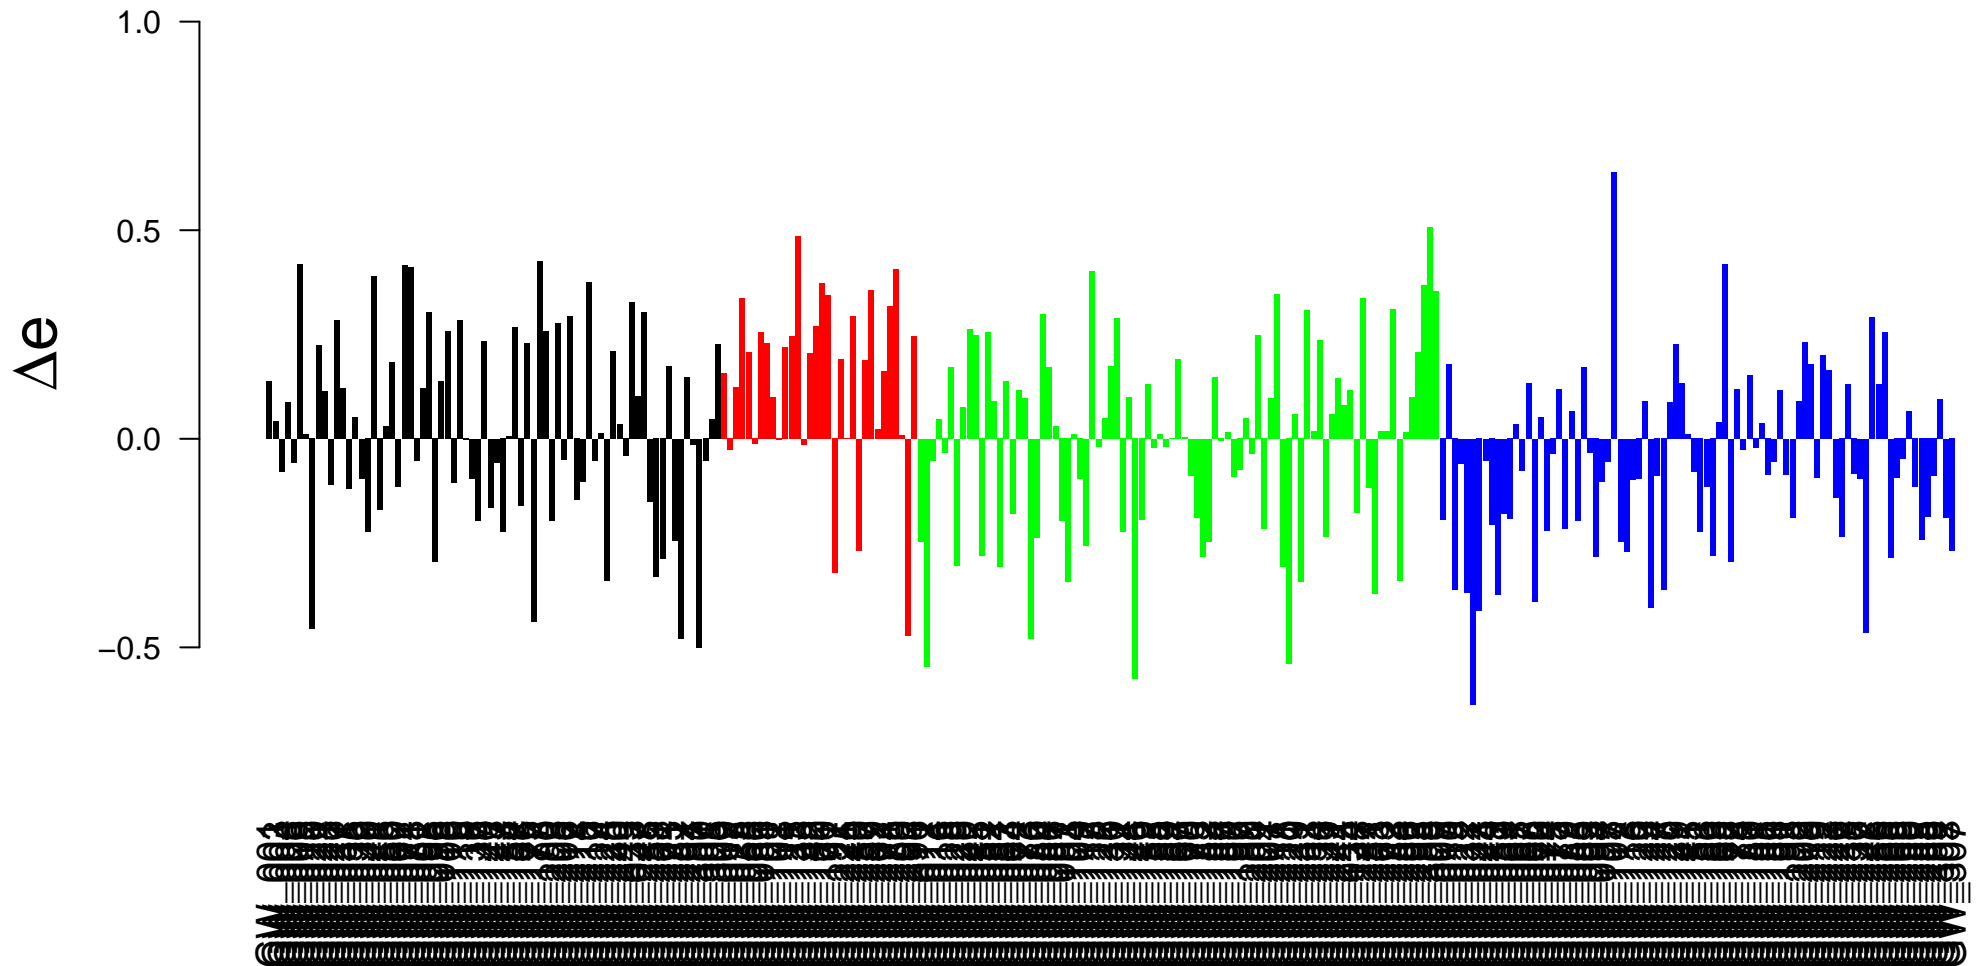

Expression of small nuclear ribonucleoprotein complex in Spot I

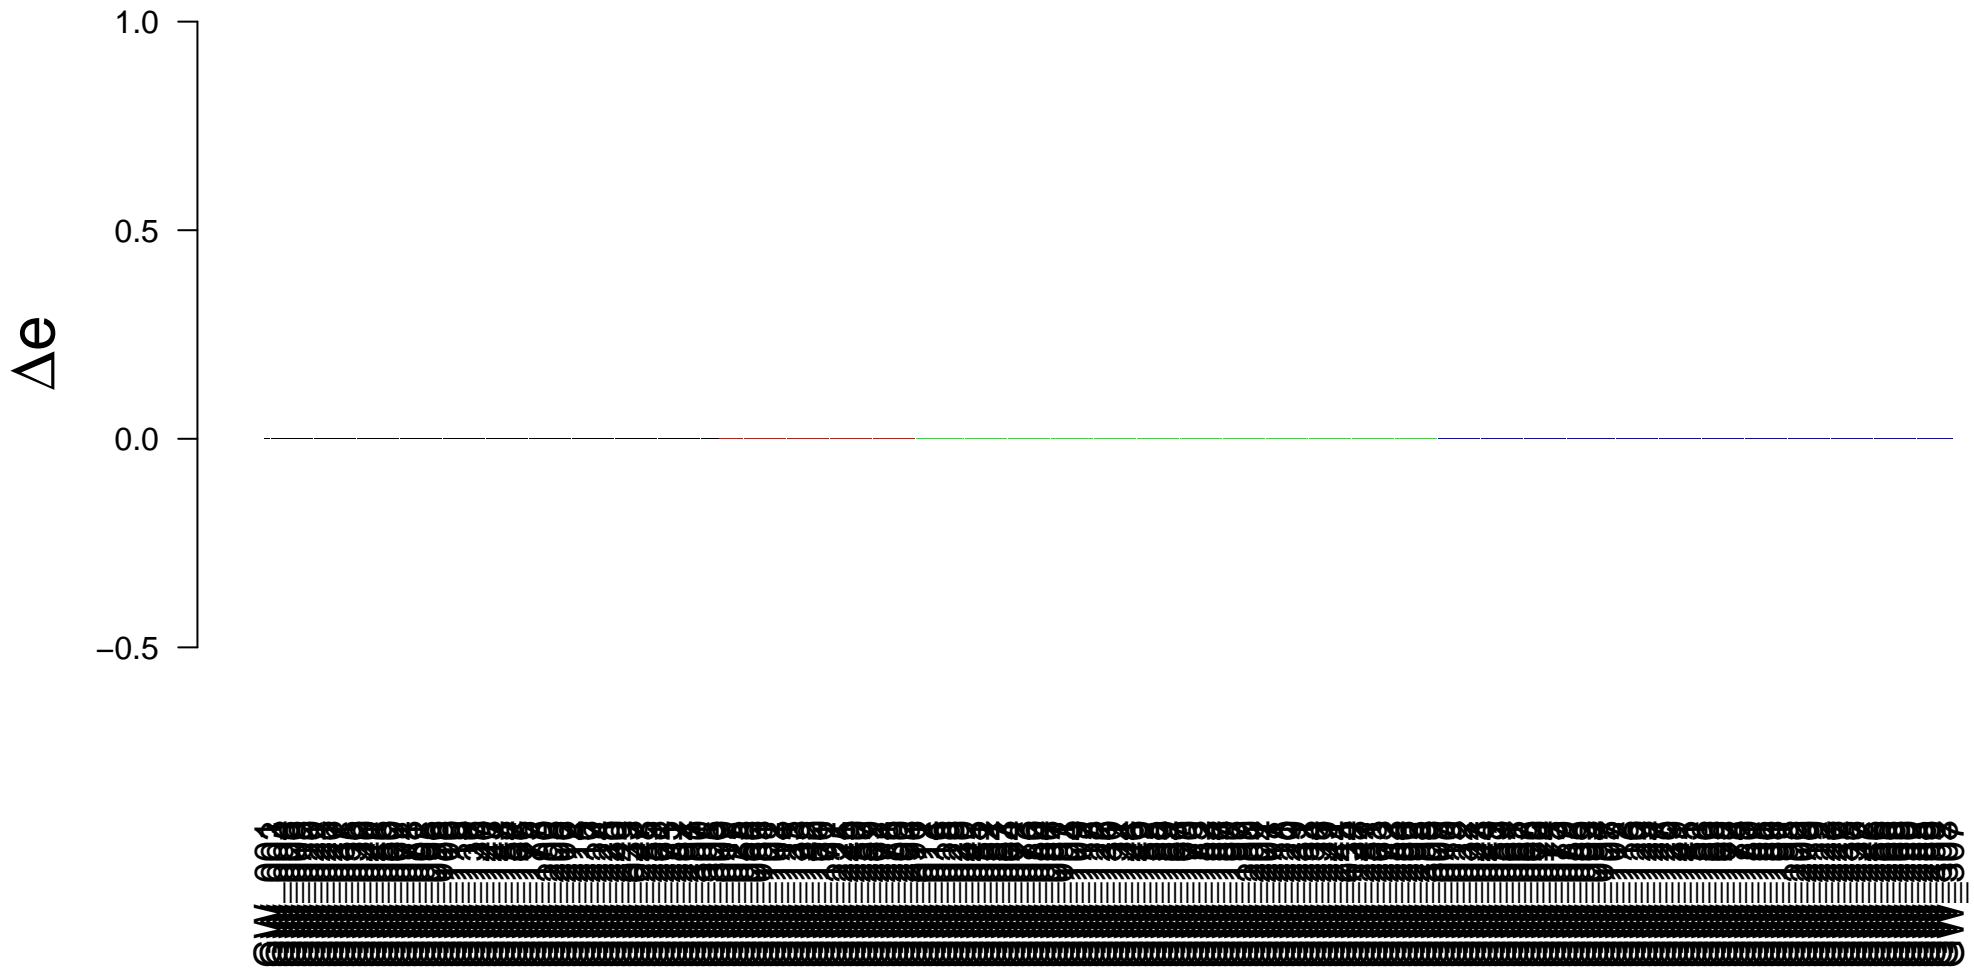

Expression of small nuclear ribonucleoprotein complex in Spot J

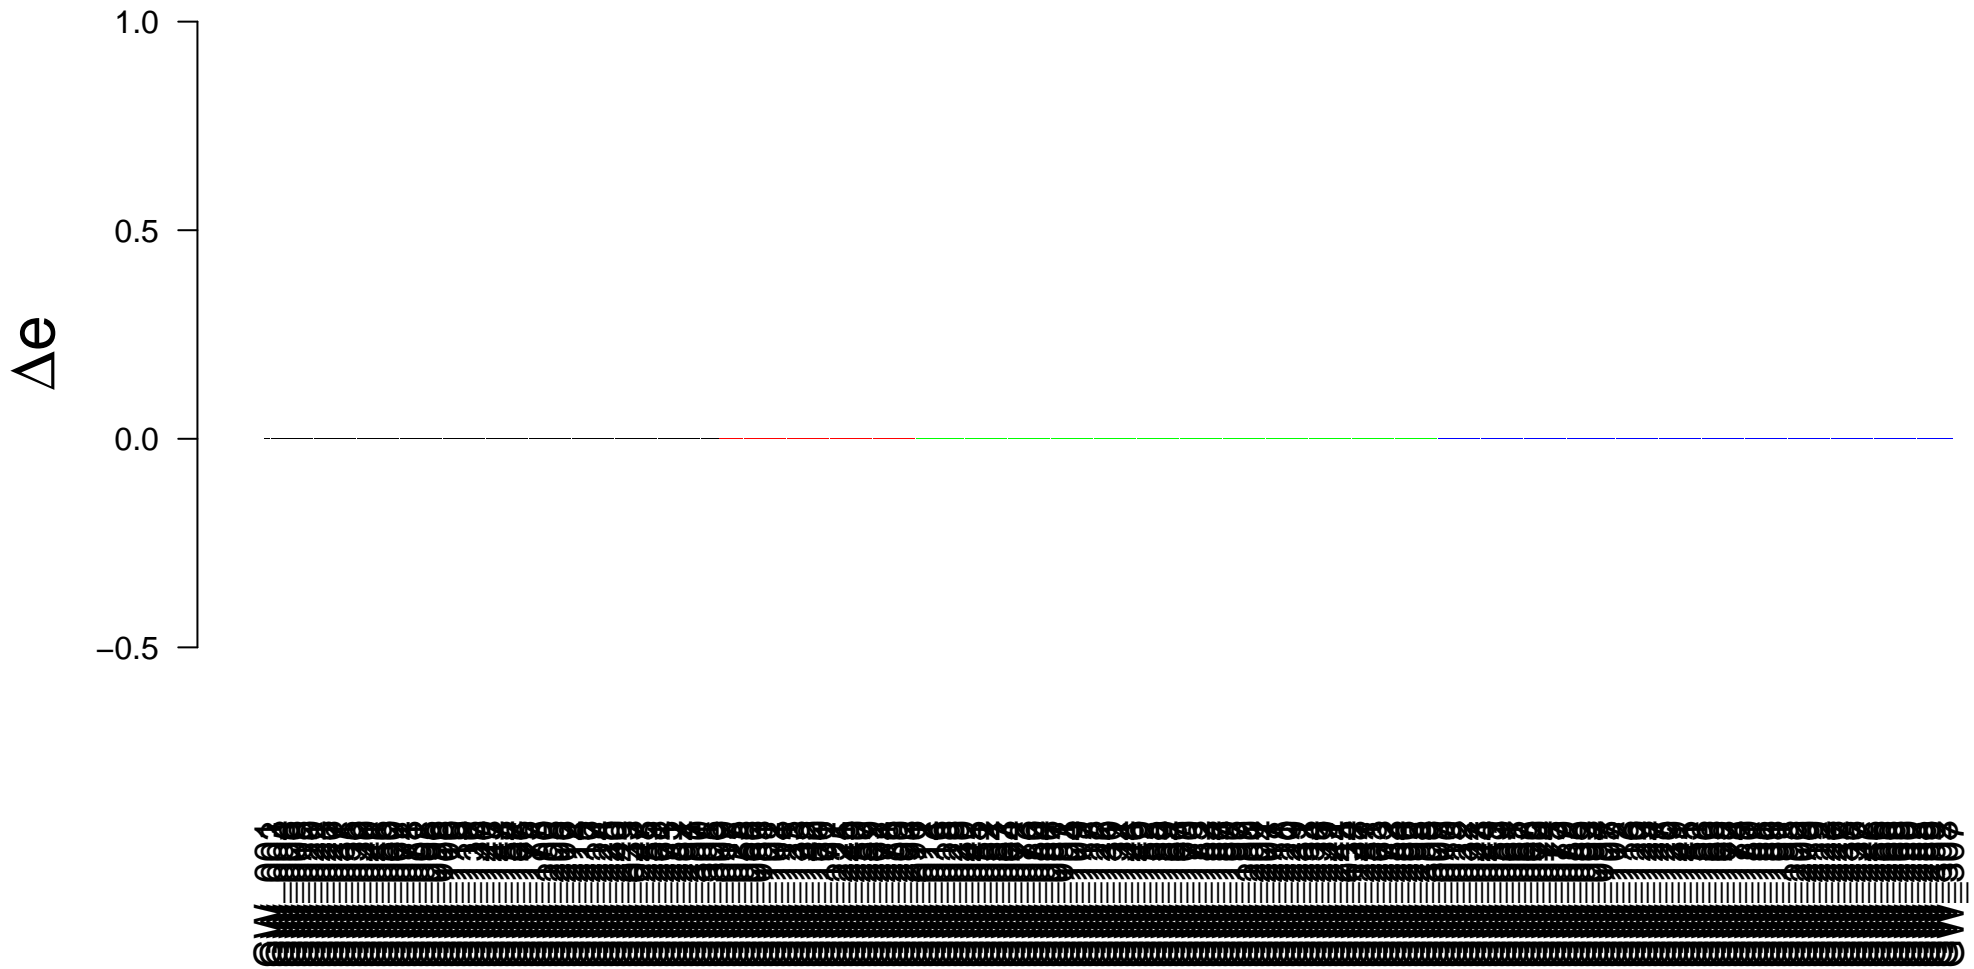

Expression of small nuclear ribonucleoprotein complex in Spot K

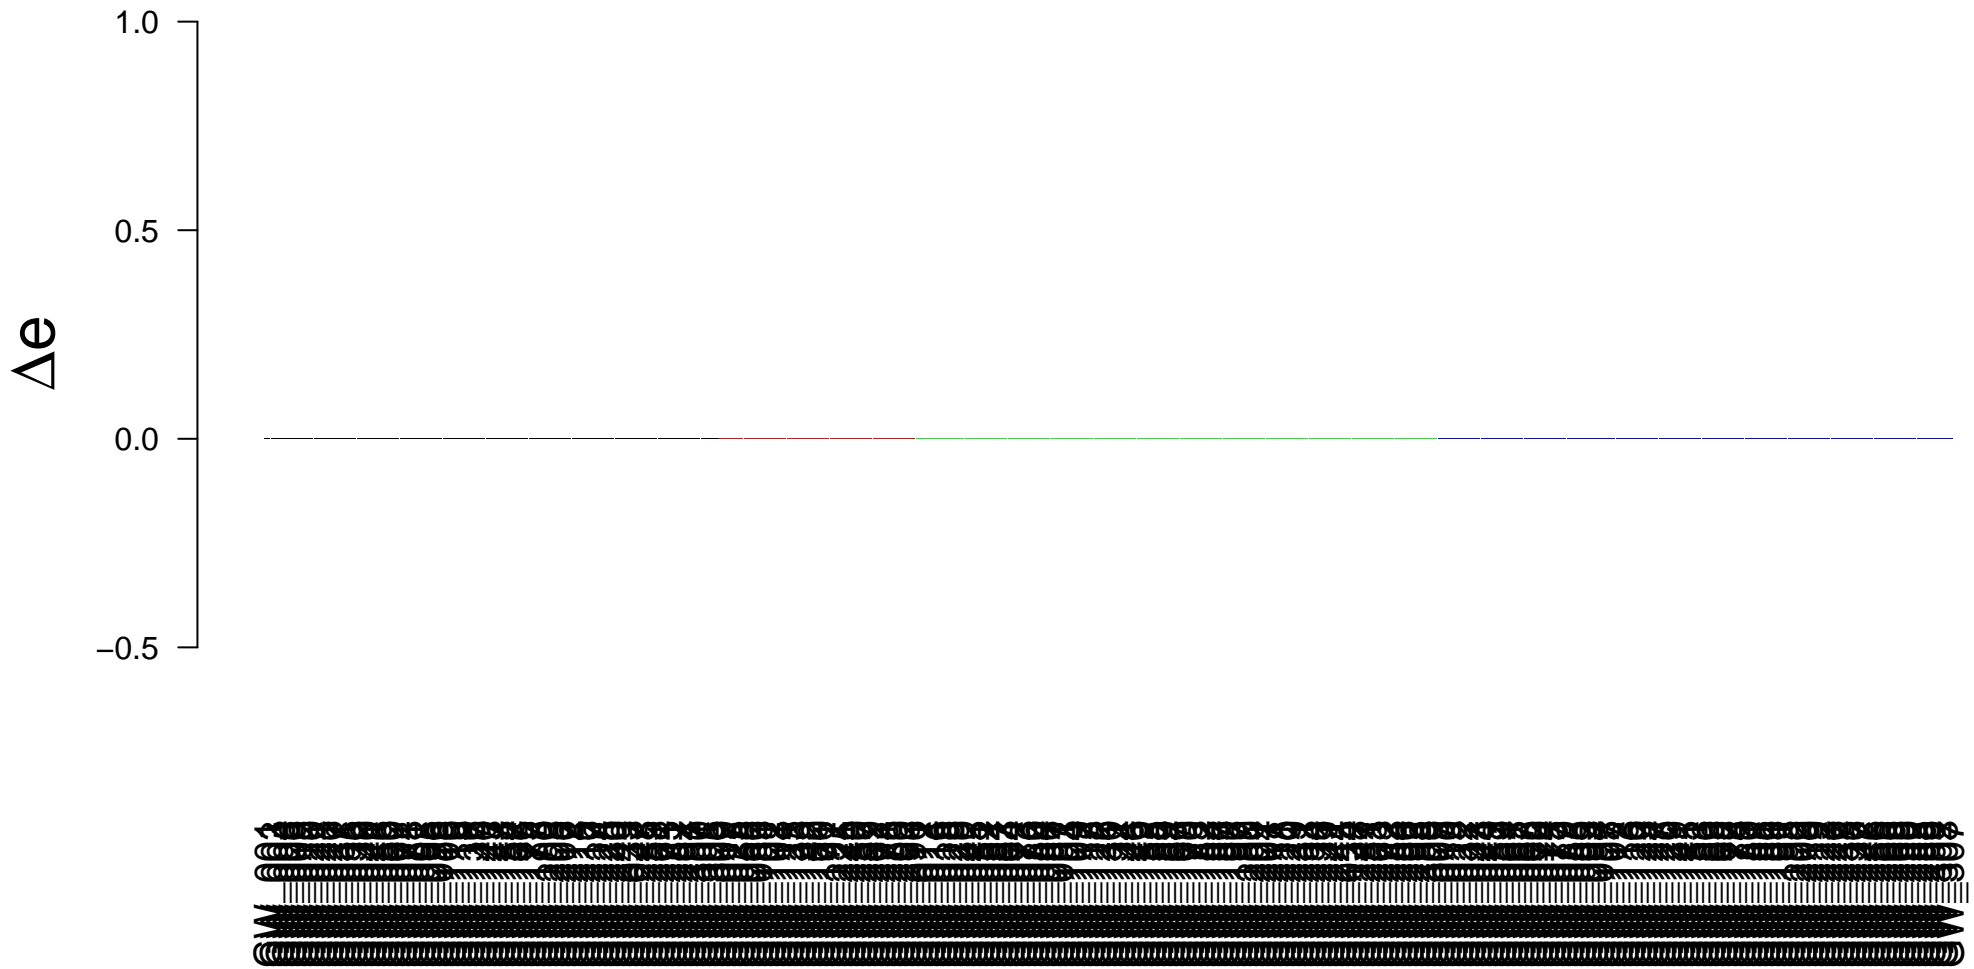

Expression of small nuclear ribonucleoprotein complex in Spot L

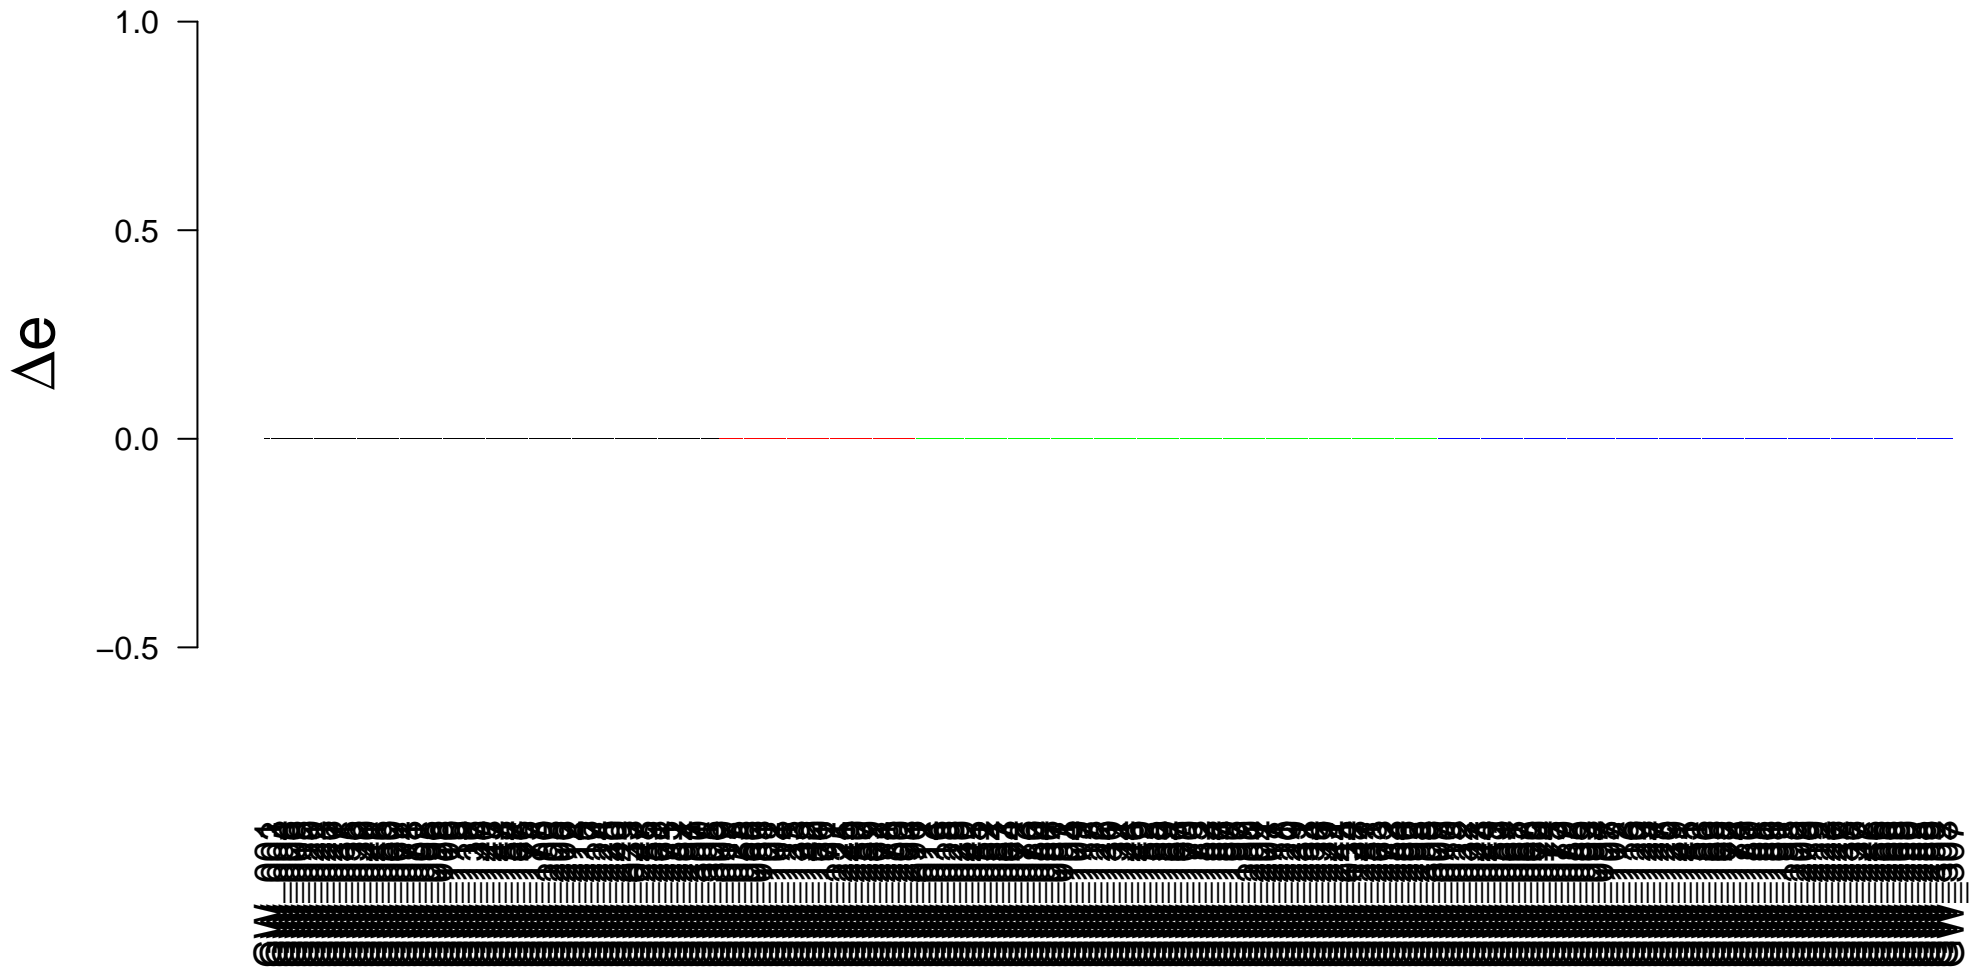

Expression of small nuclear ribonucleoprotein complex in Spot M

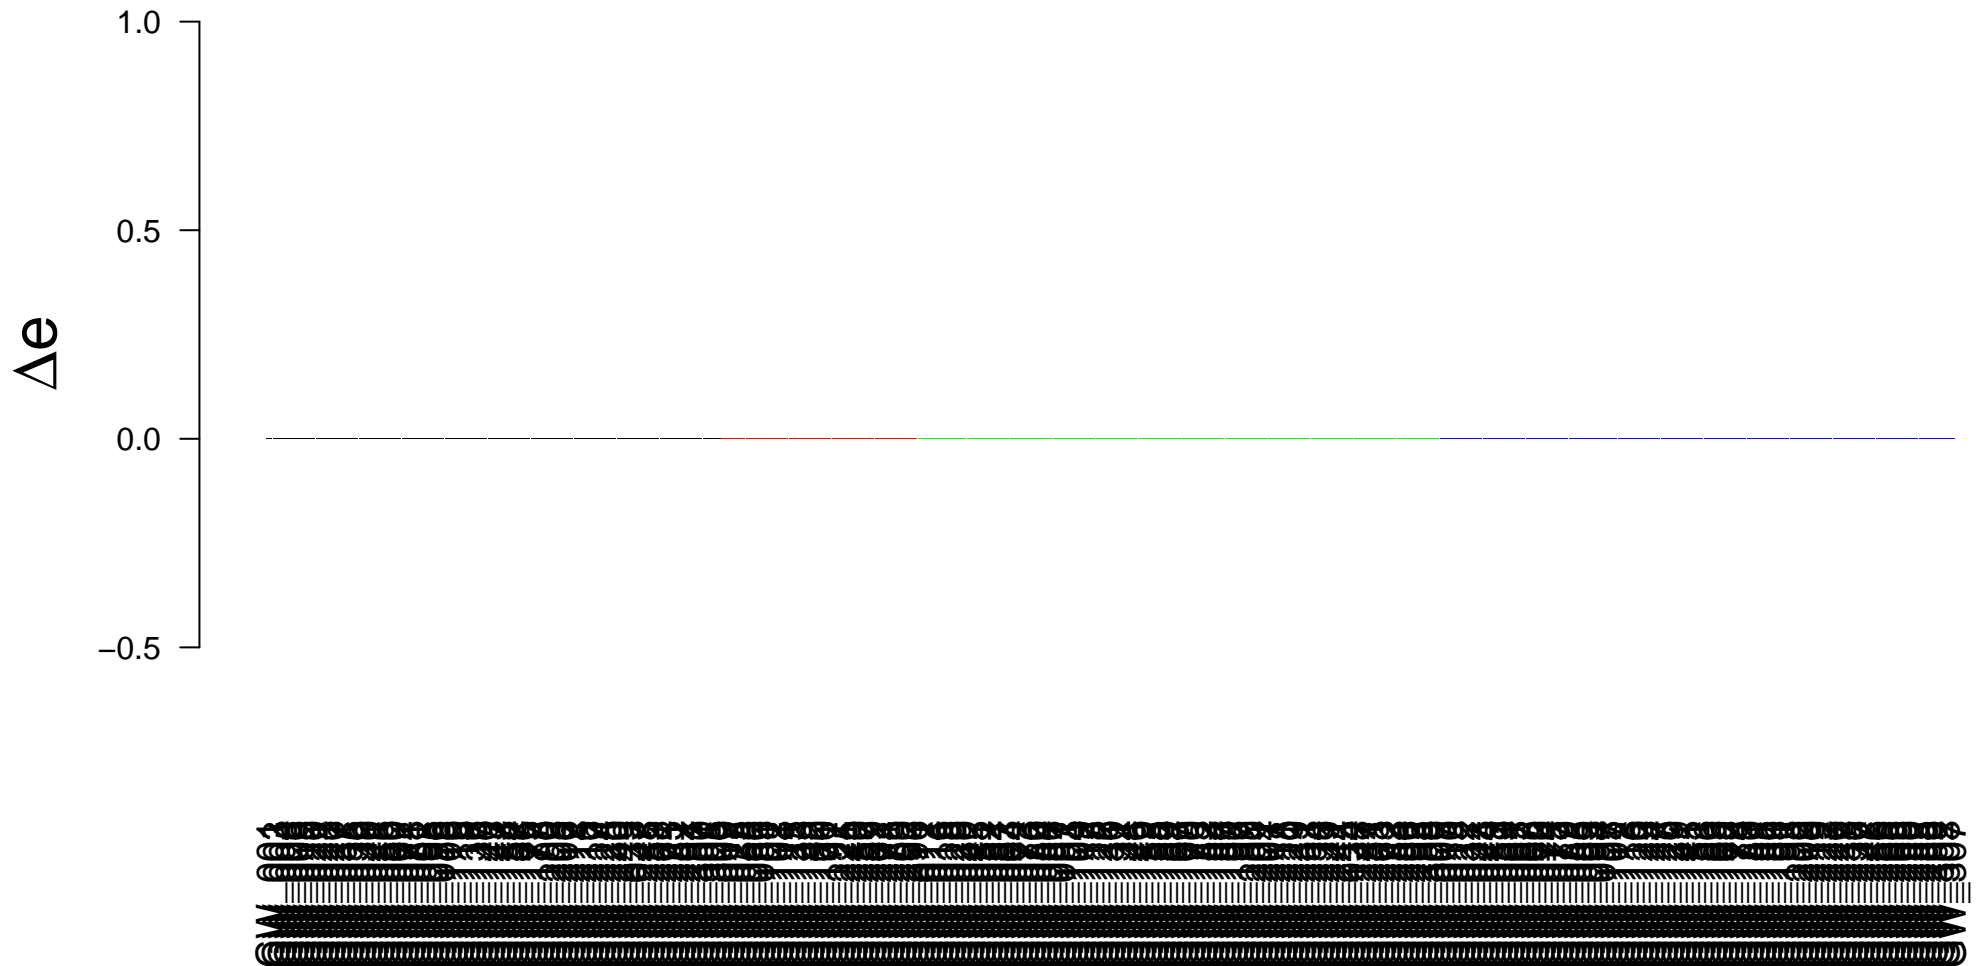

Expression of small nuclear ribonucleoprotein complex in Spot N

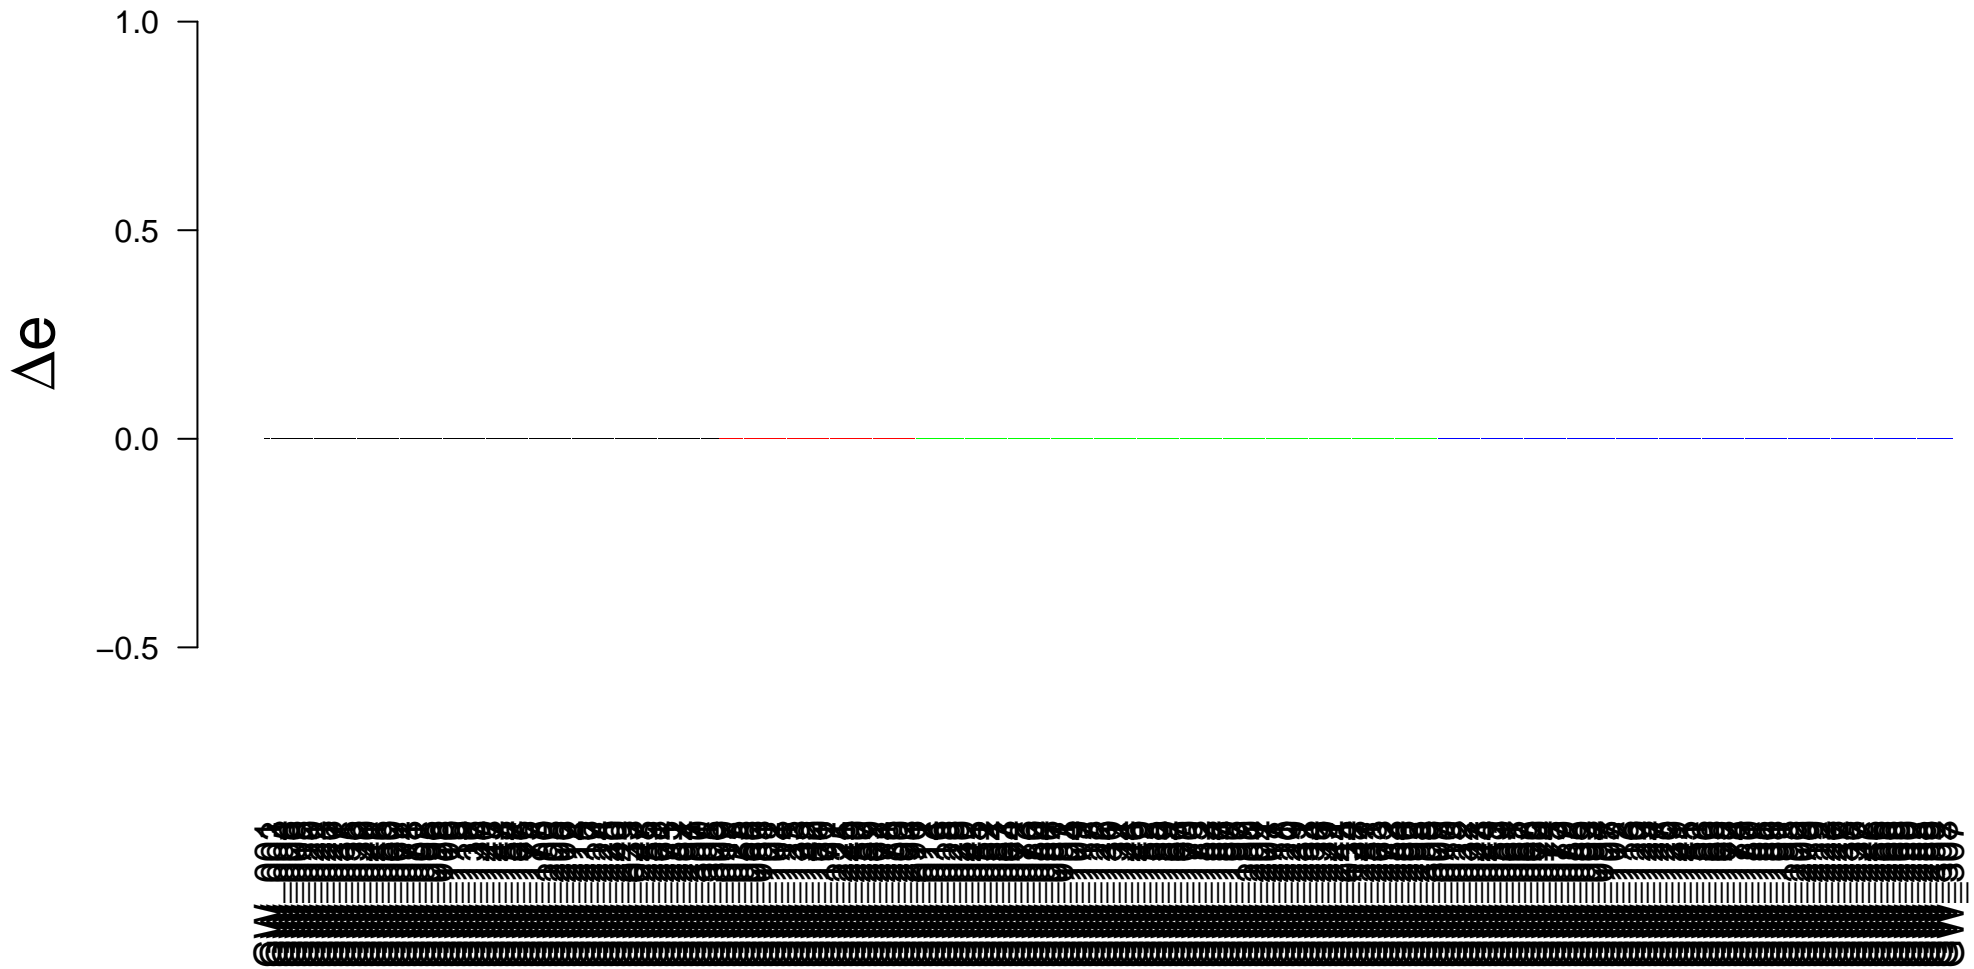

Expression of small nuclear ribonucleoprotein complex in Spot O

Expression of small nuclear ribonucleoprotein complex in Spot P

Expression of small nuclear ribonucleoprotein complex in Spot Q

Expression of small nuclear ribonucleoprotein complex in Spot R
