

structural constituent of ribosome

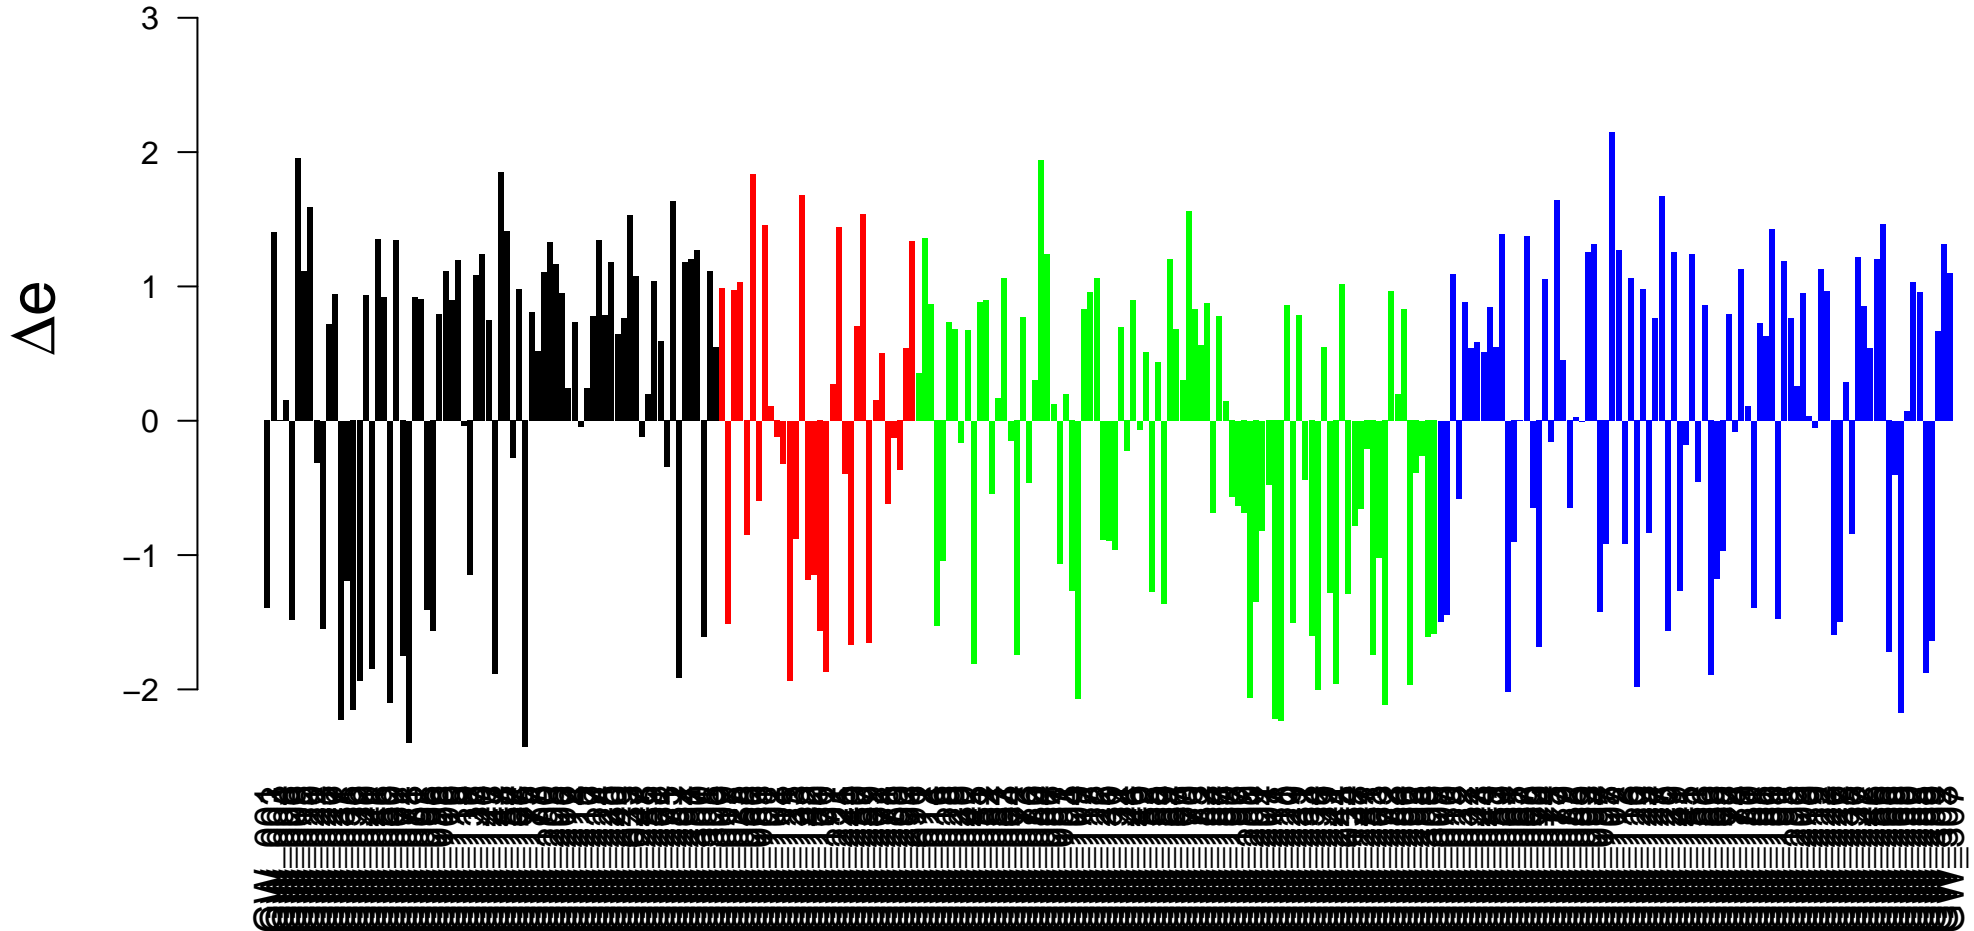

structural constituent of ribosome

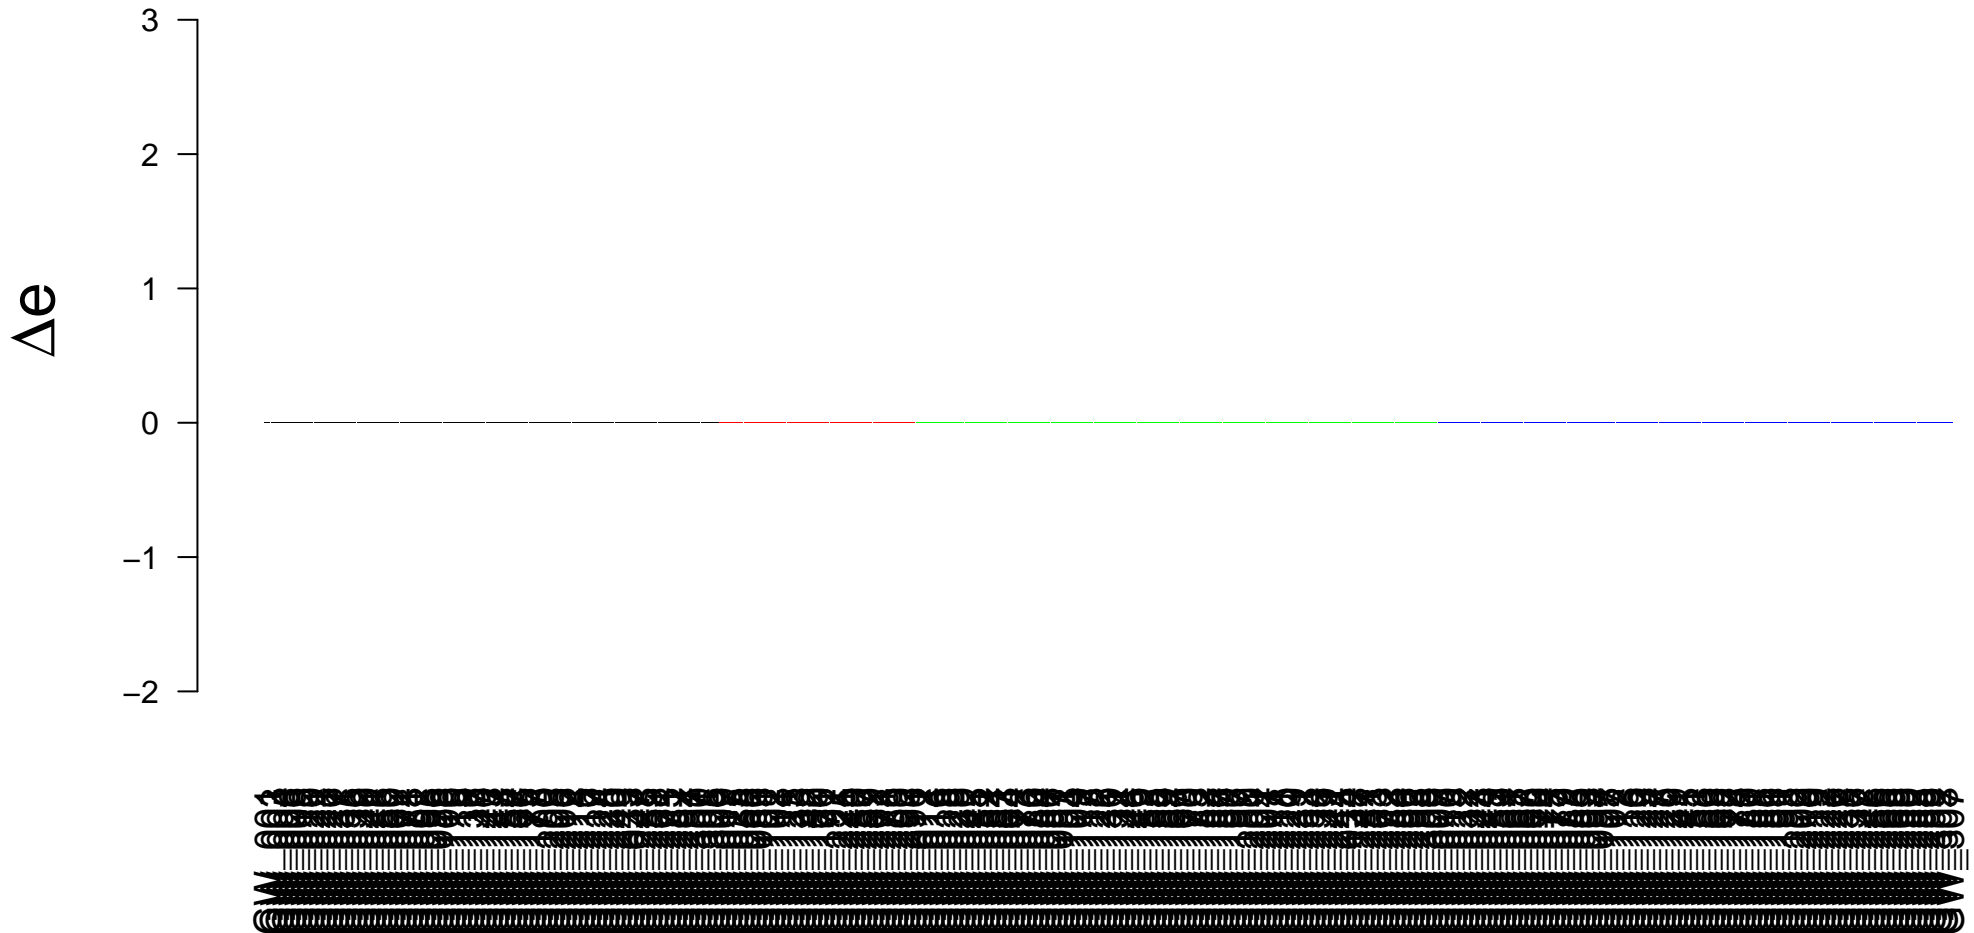

Enrichment in spots: structural constituent of ribosome

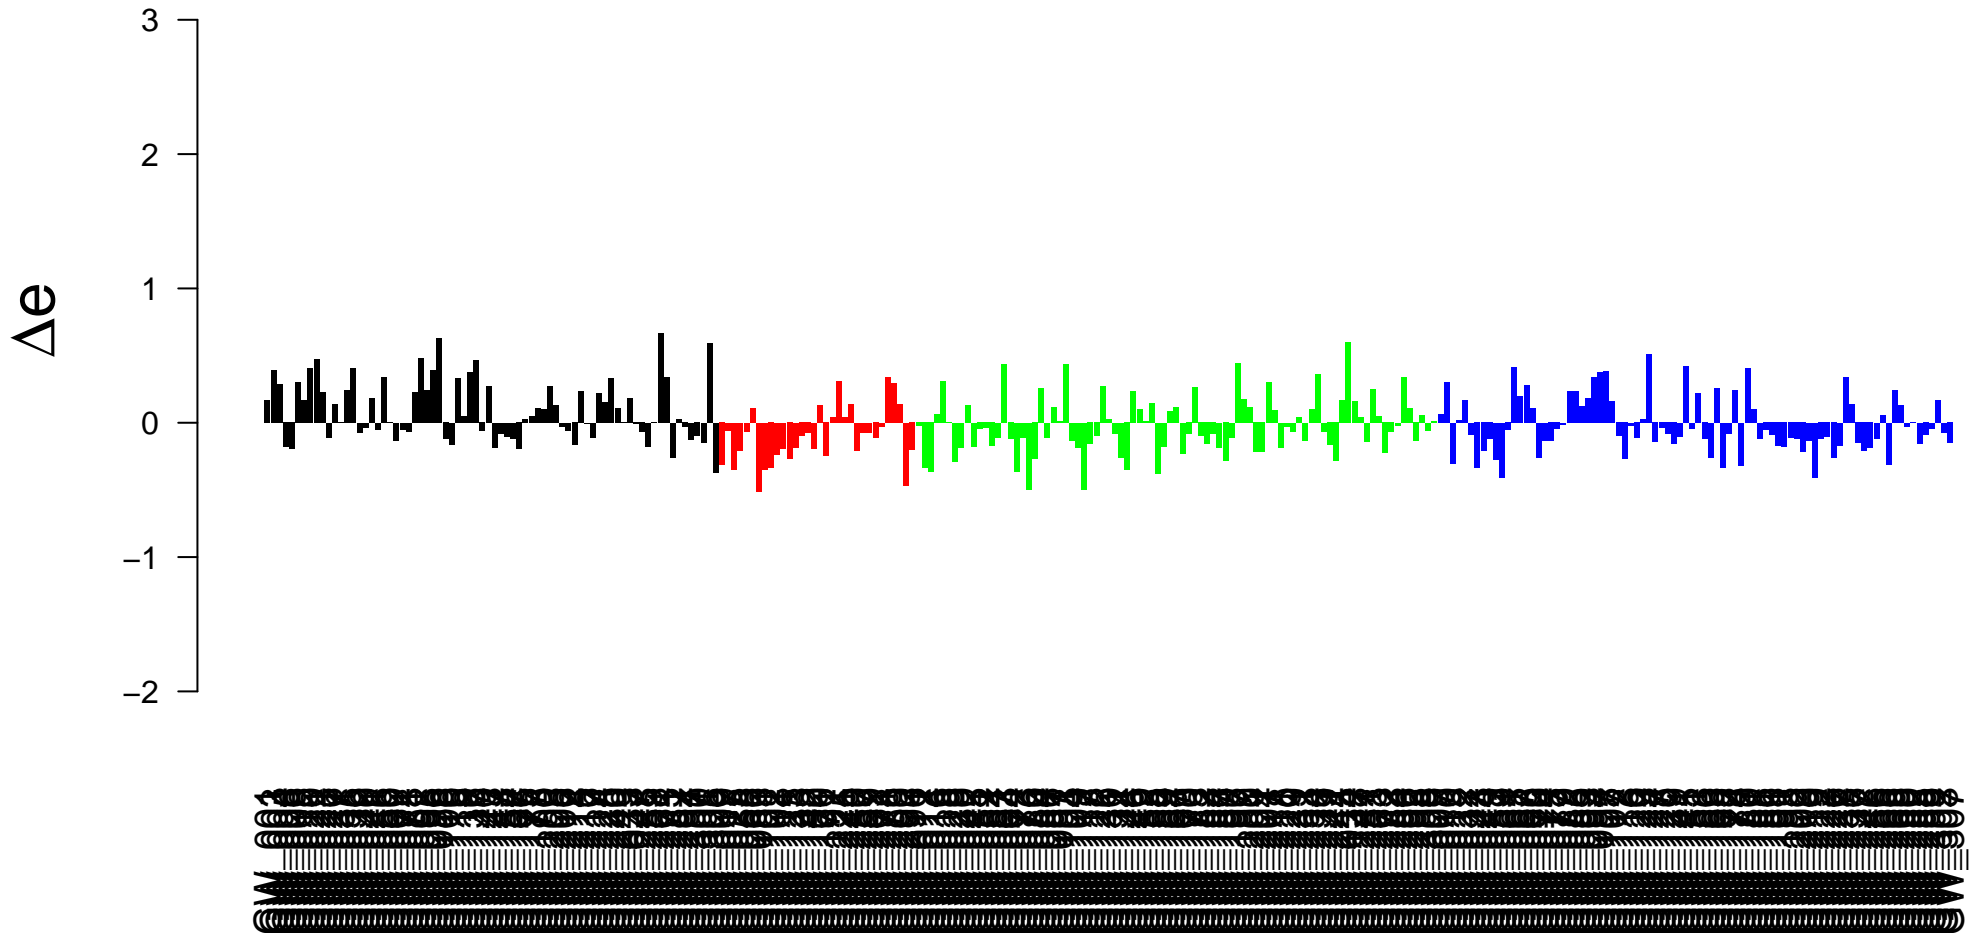

Expression of structural constituent of ribosome in Spot A

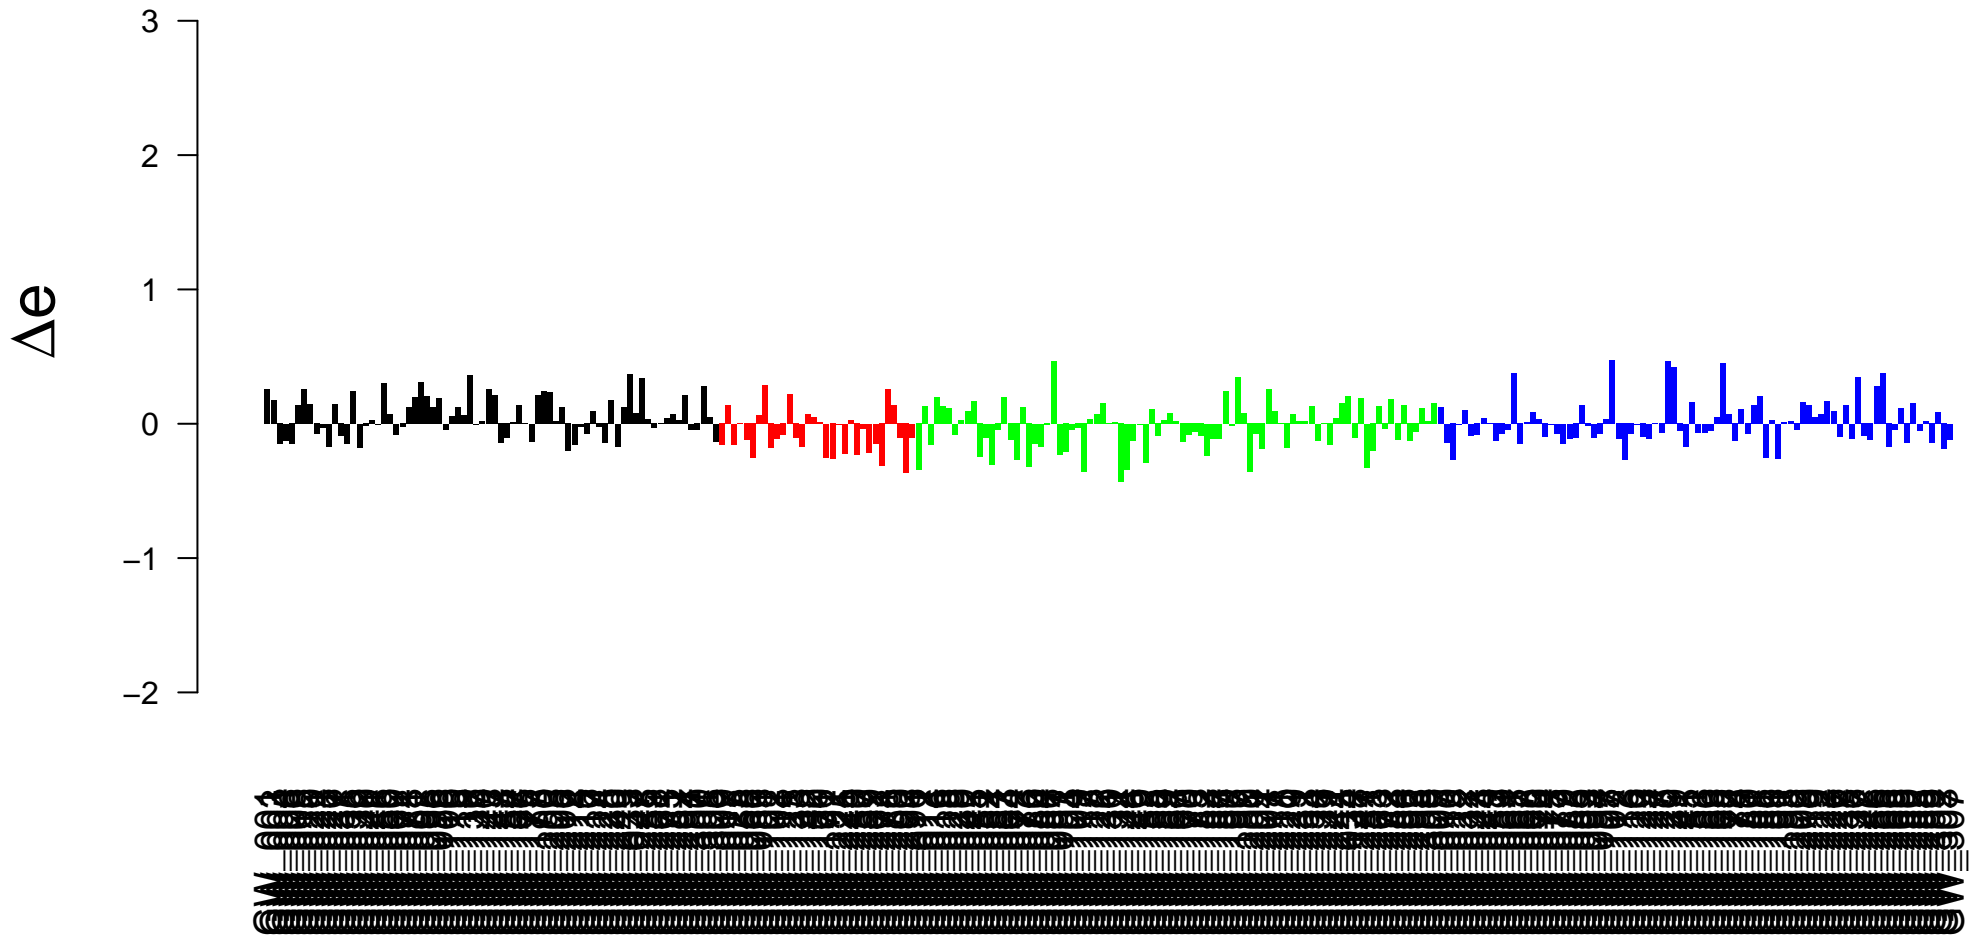

Expression of structural constituent of ribosome in Spot B

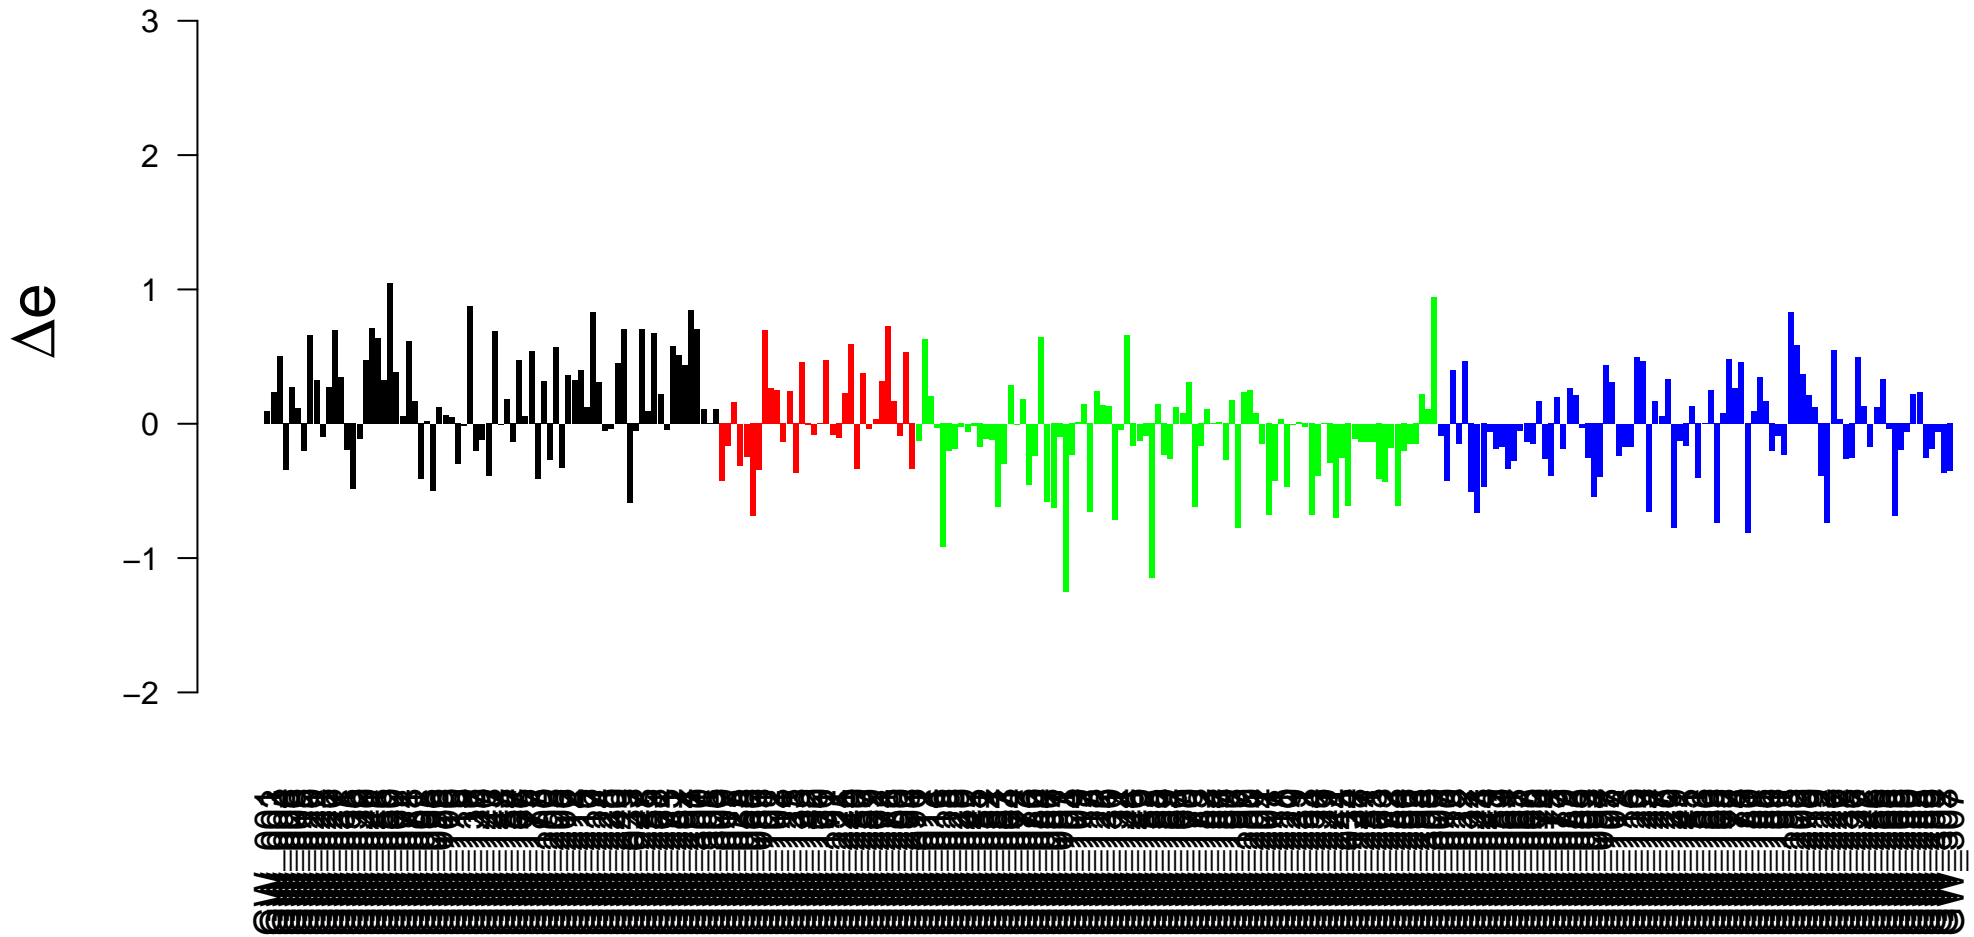

Expression of structural constituent of ribosome in Spot C

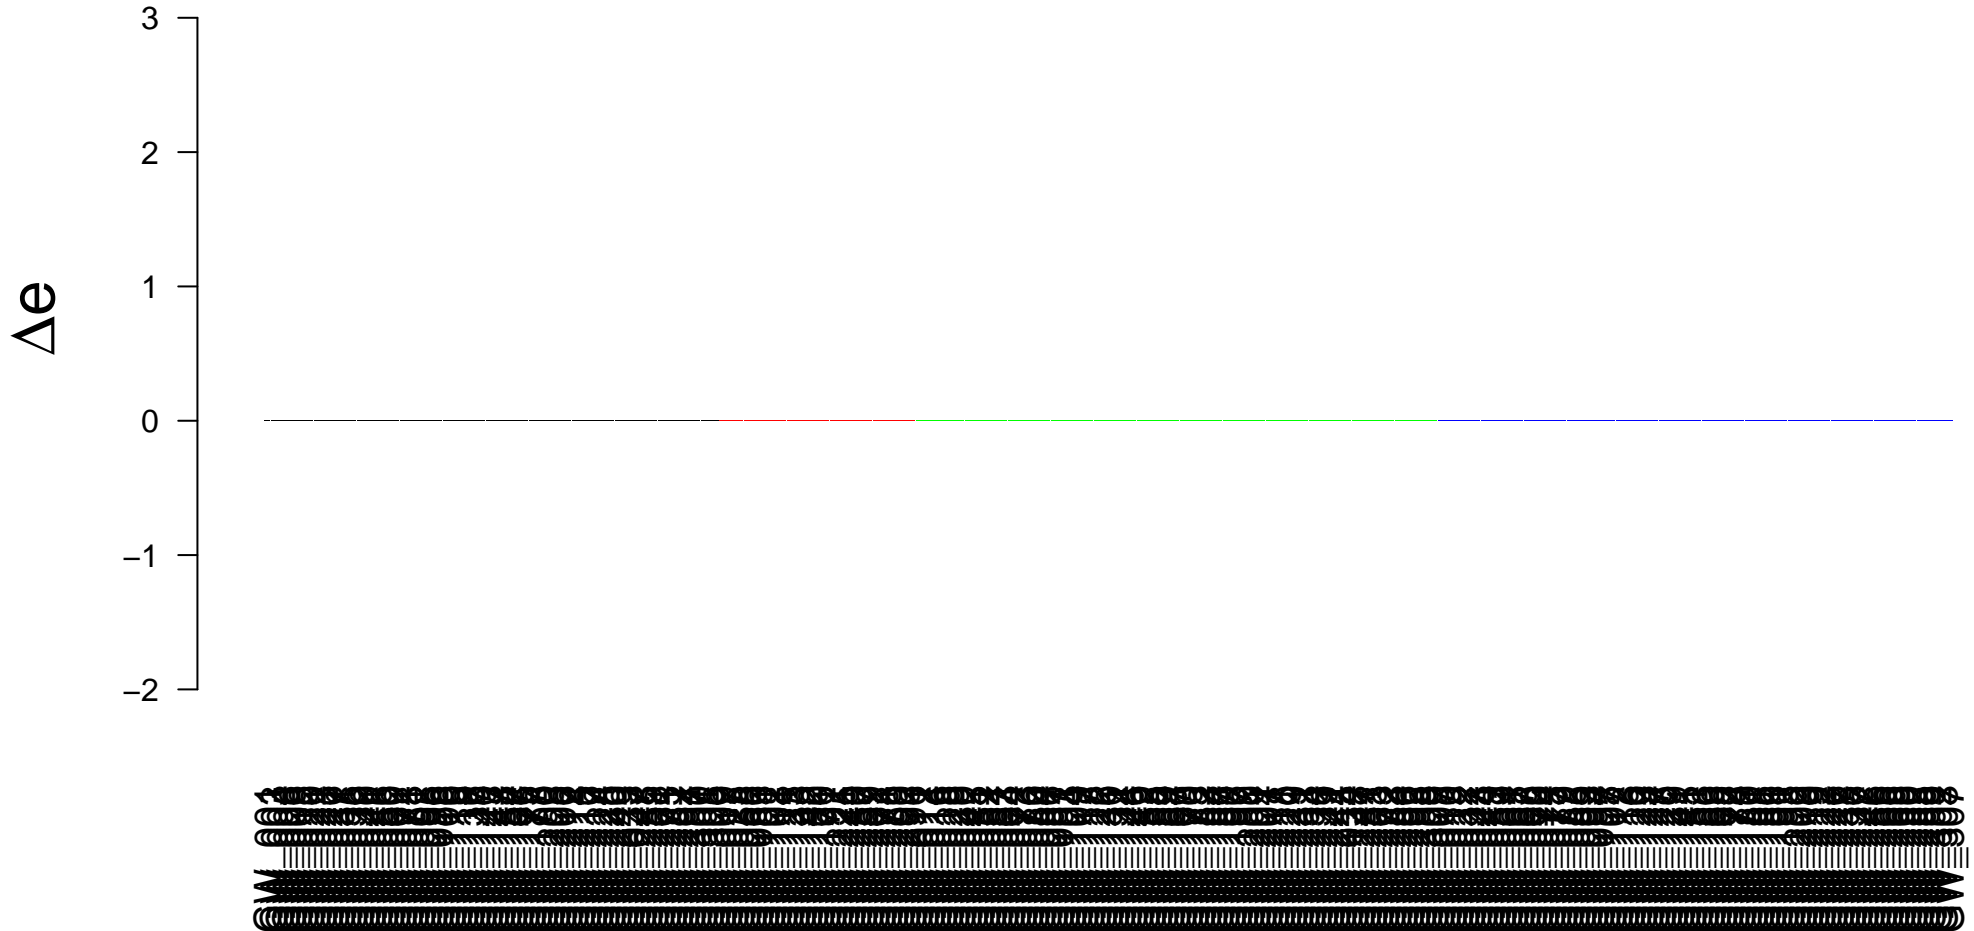

Expression of structural constituent of ribosome in Spot D

Expression of structural constituent of ribosome in Spot E

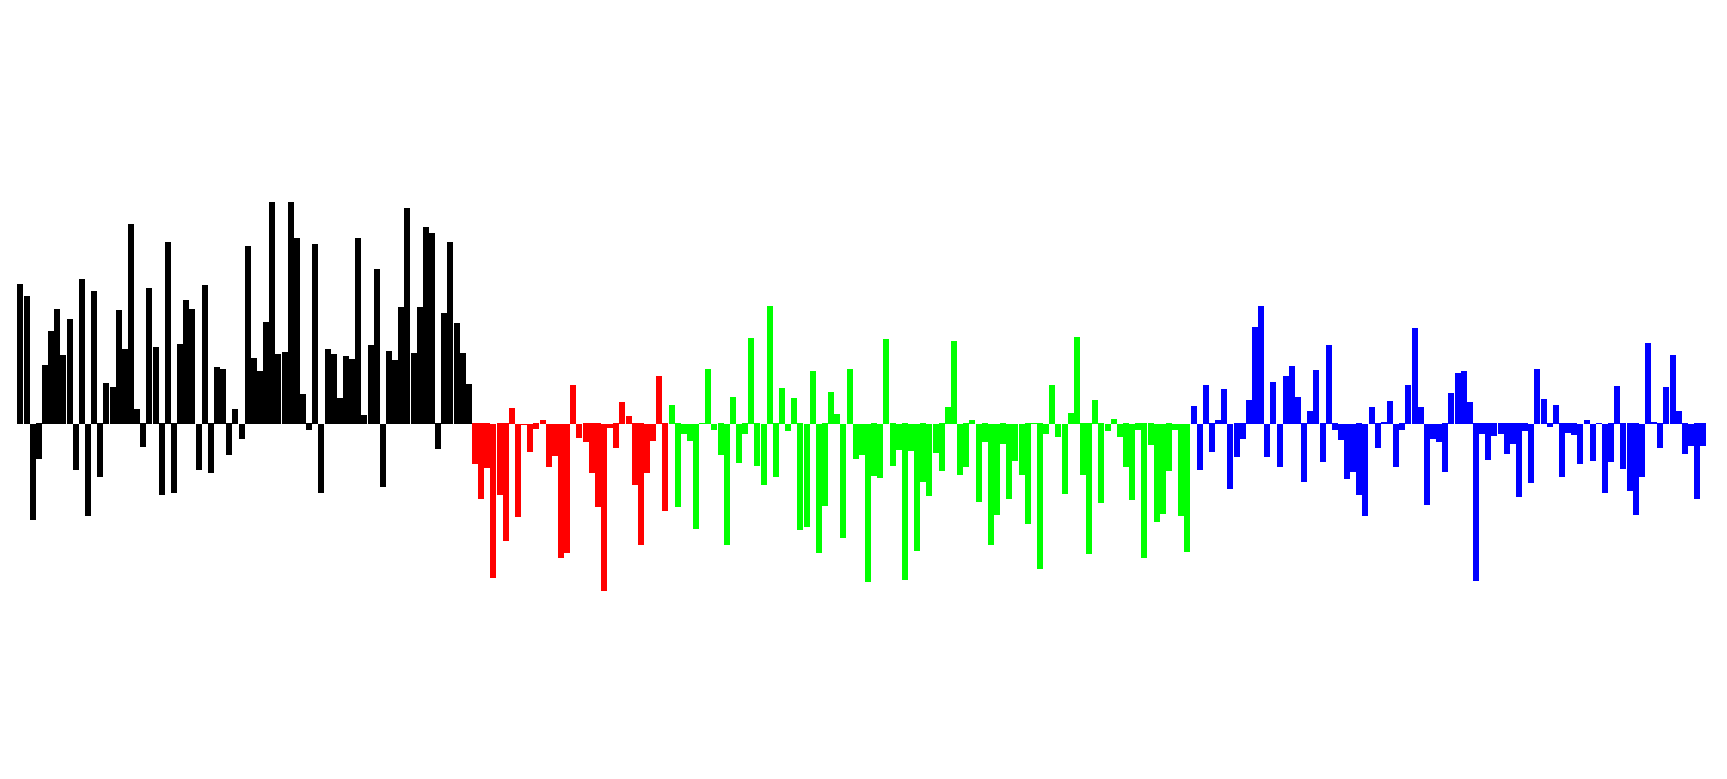

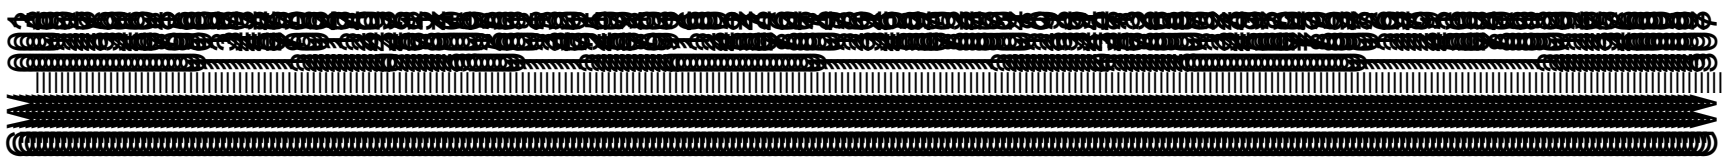

Expression of structural constituent of ribosome in Spot F

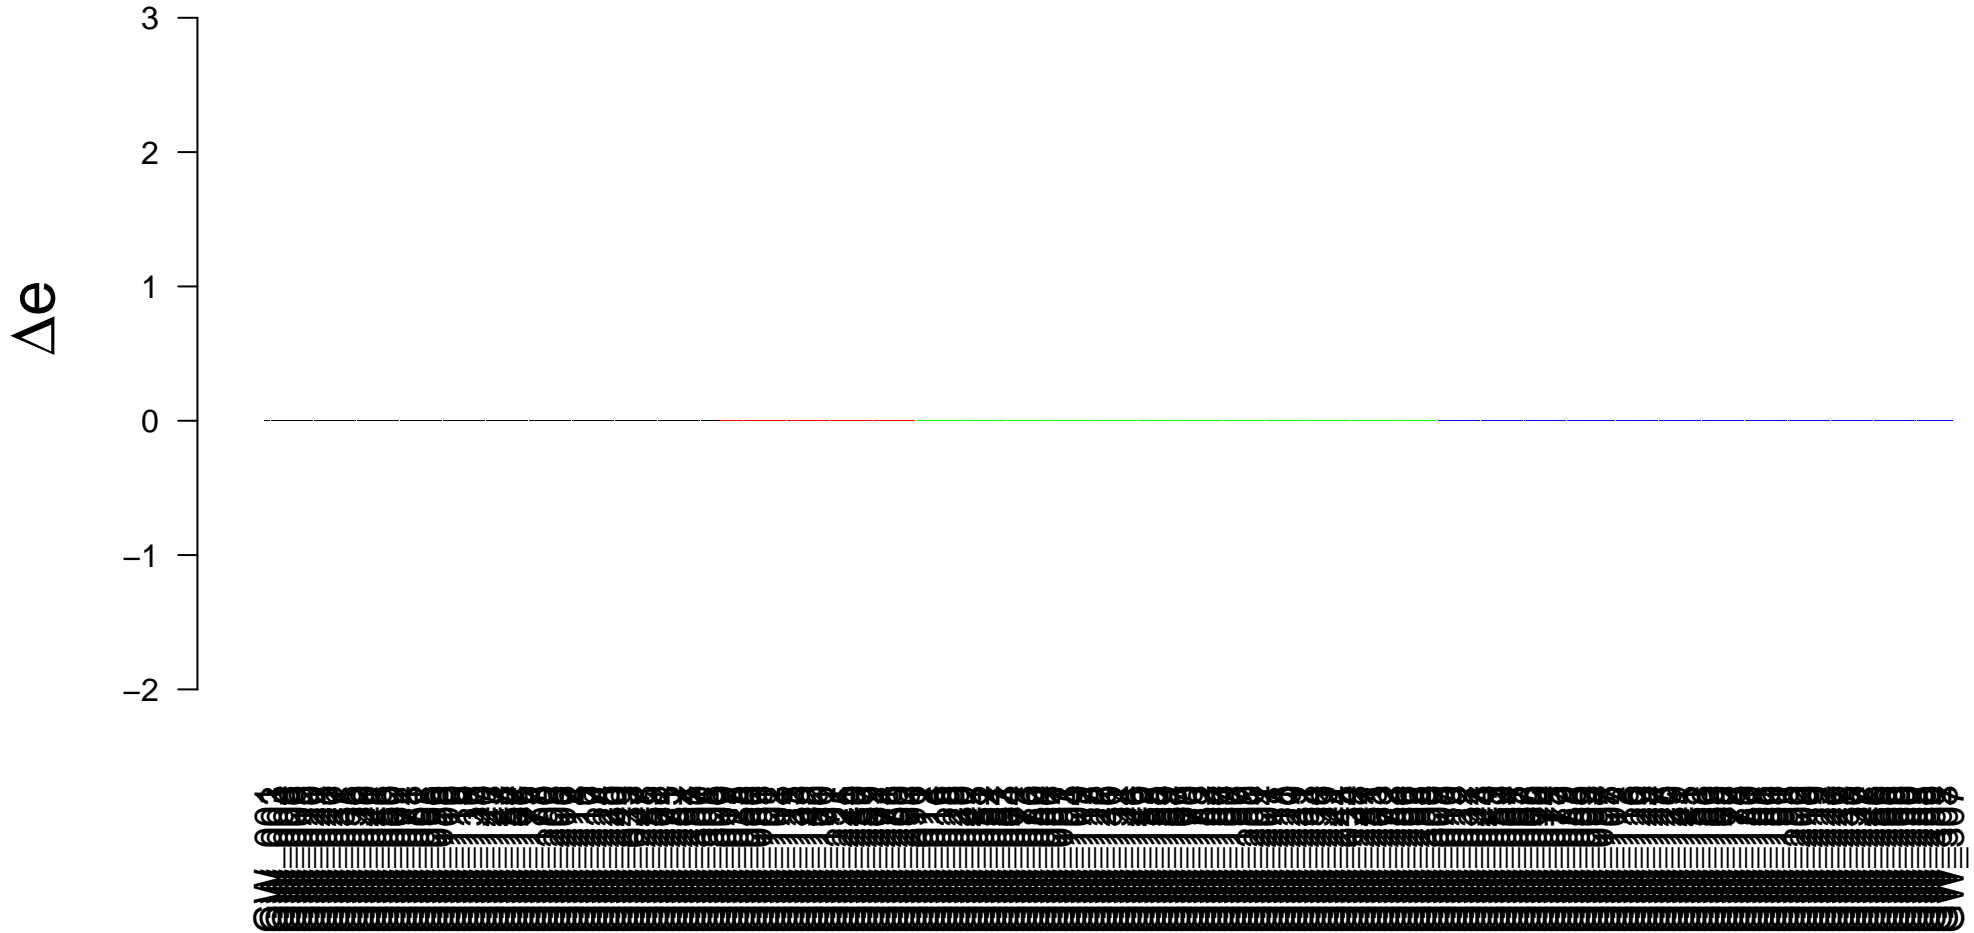

Expression of structural constituent of ribosome in Spot G

Expression of structural constituent of ribosome in Spot H

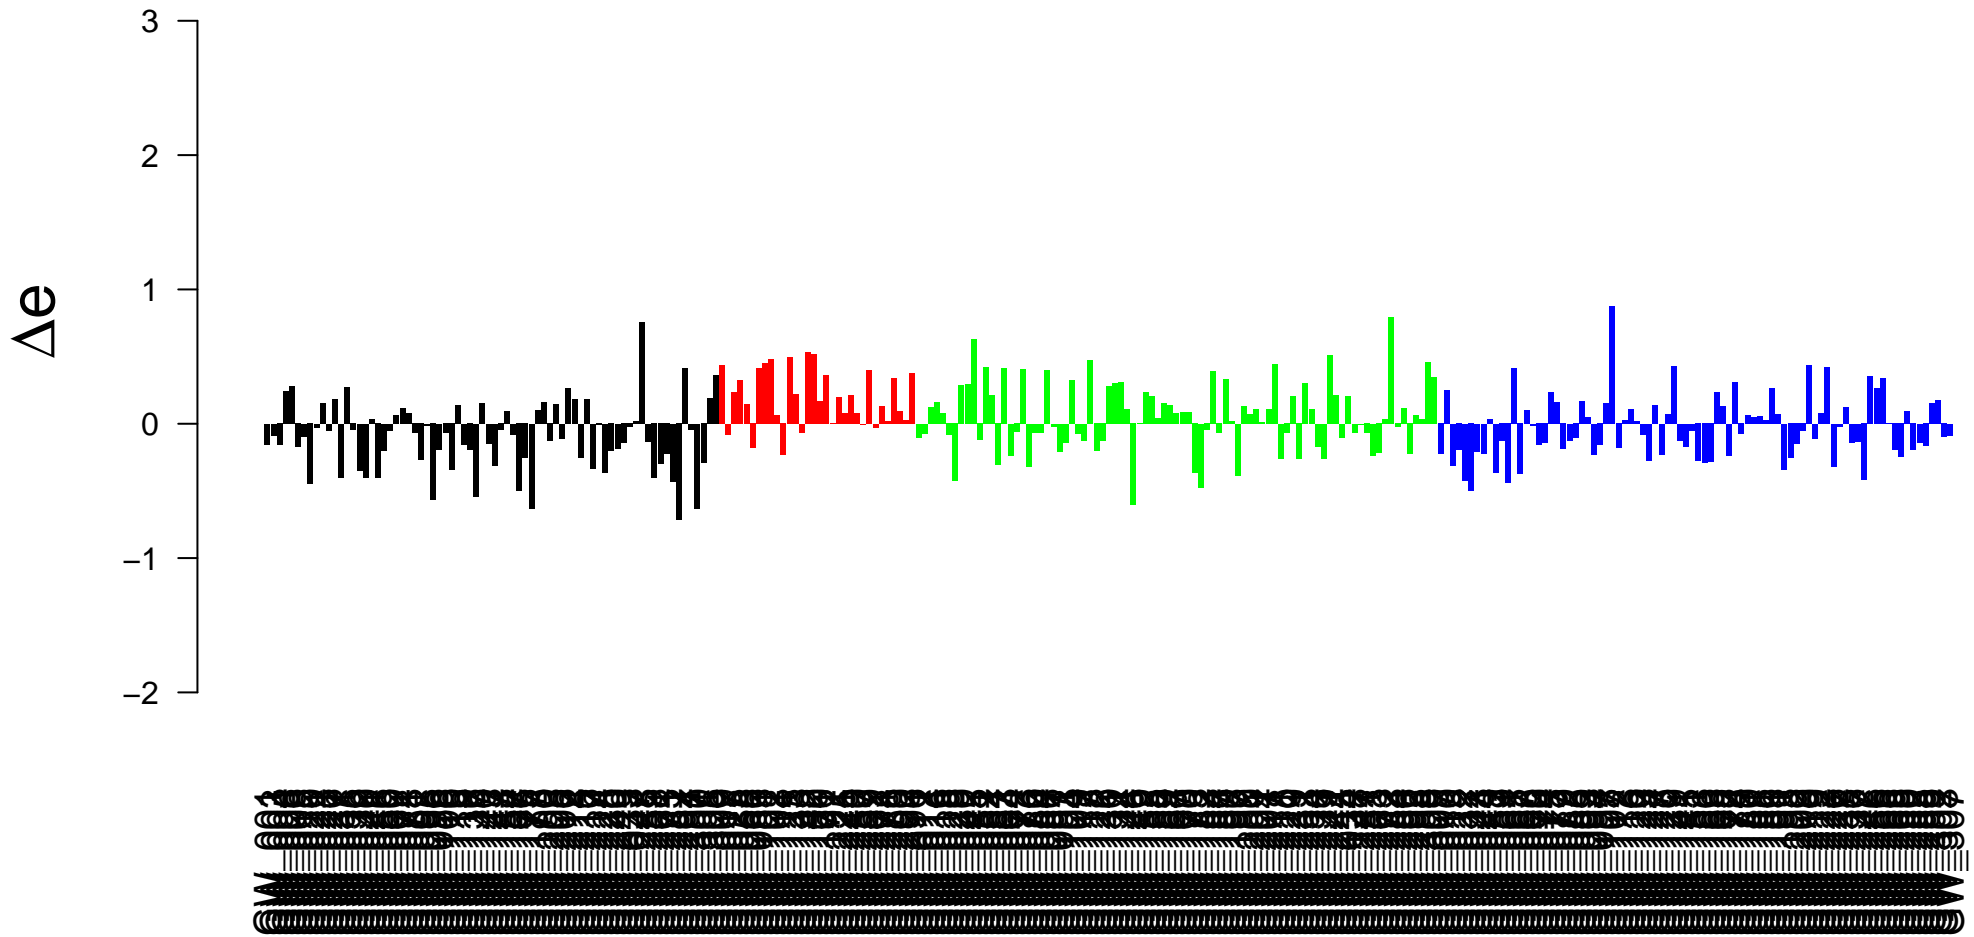

Expression of structural constituent of ribosome in Spot I

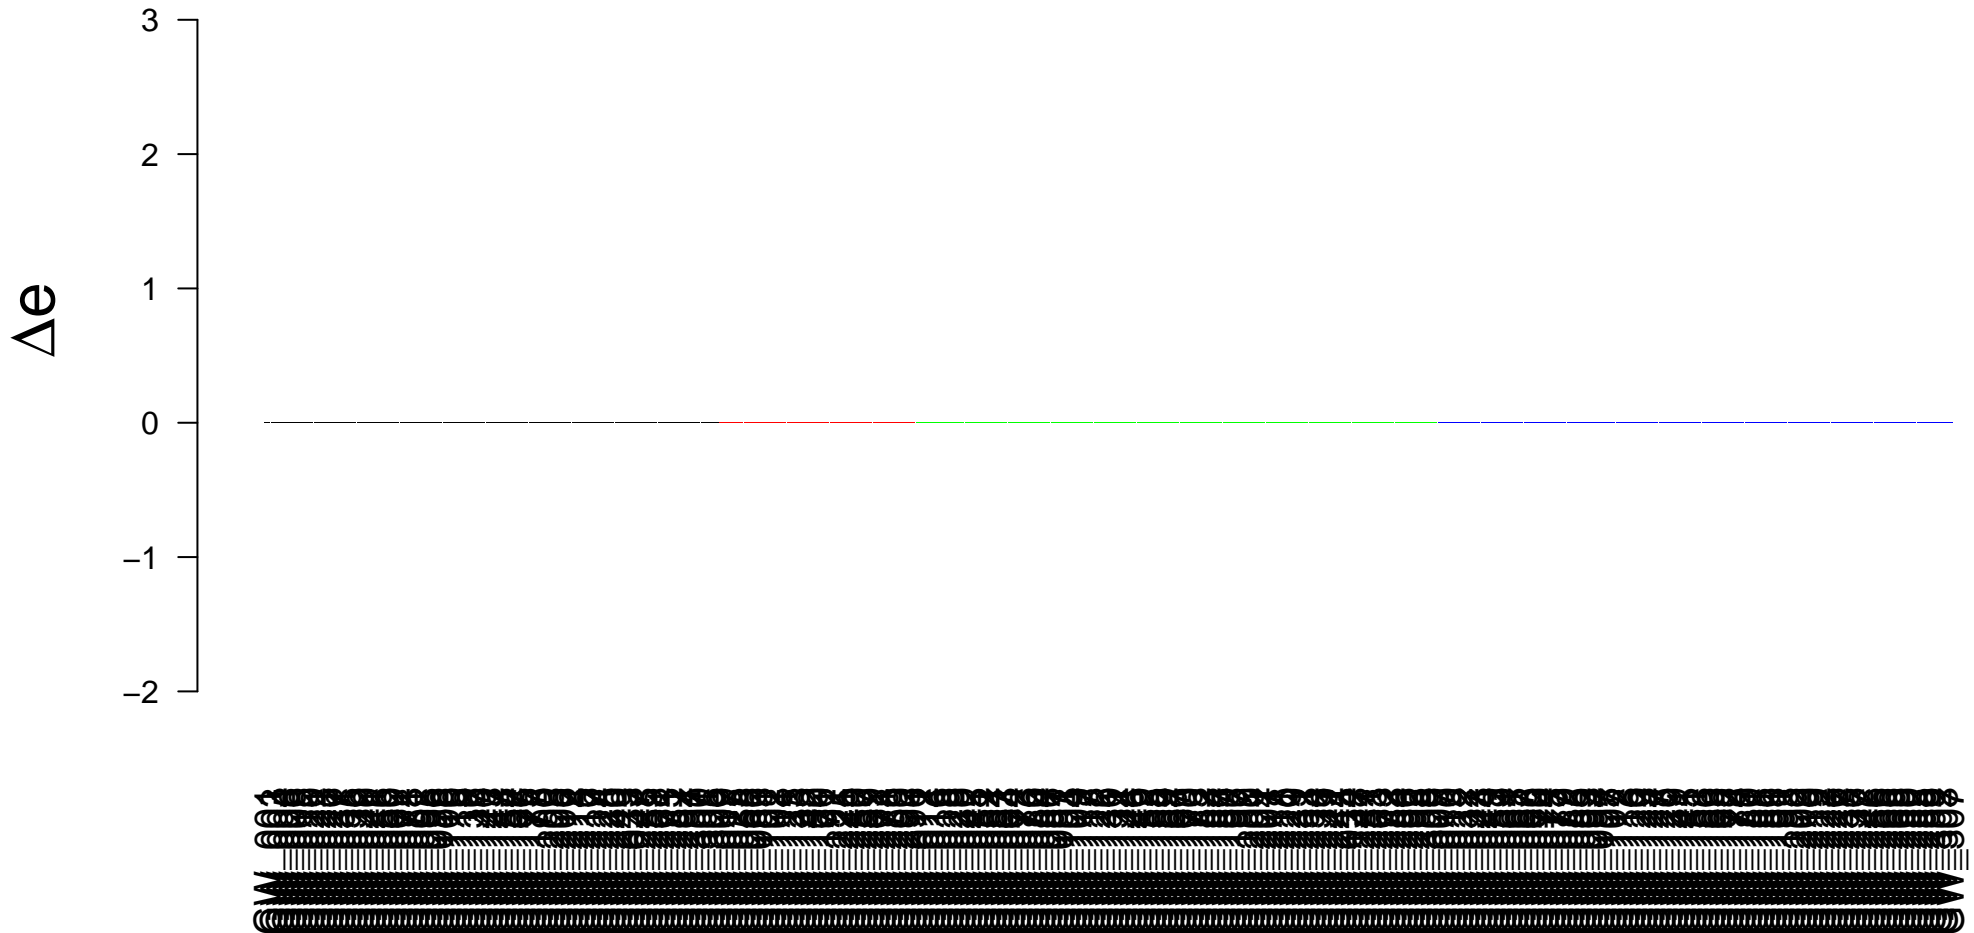

Expression of structural constituent of ribosome in Spot J

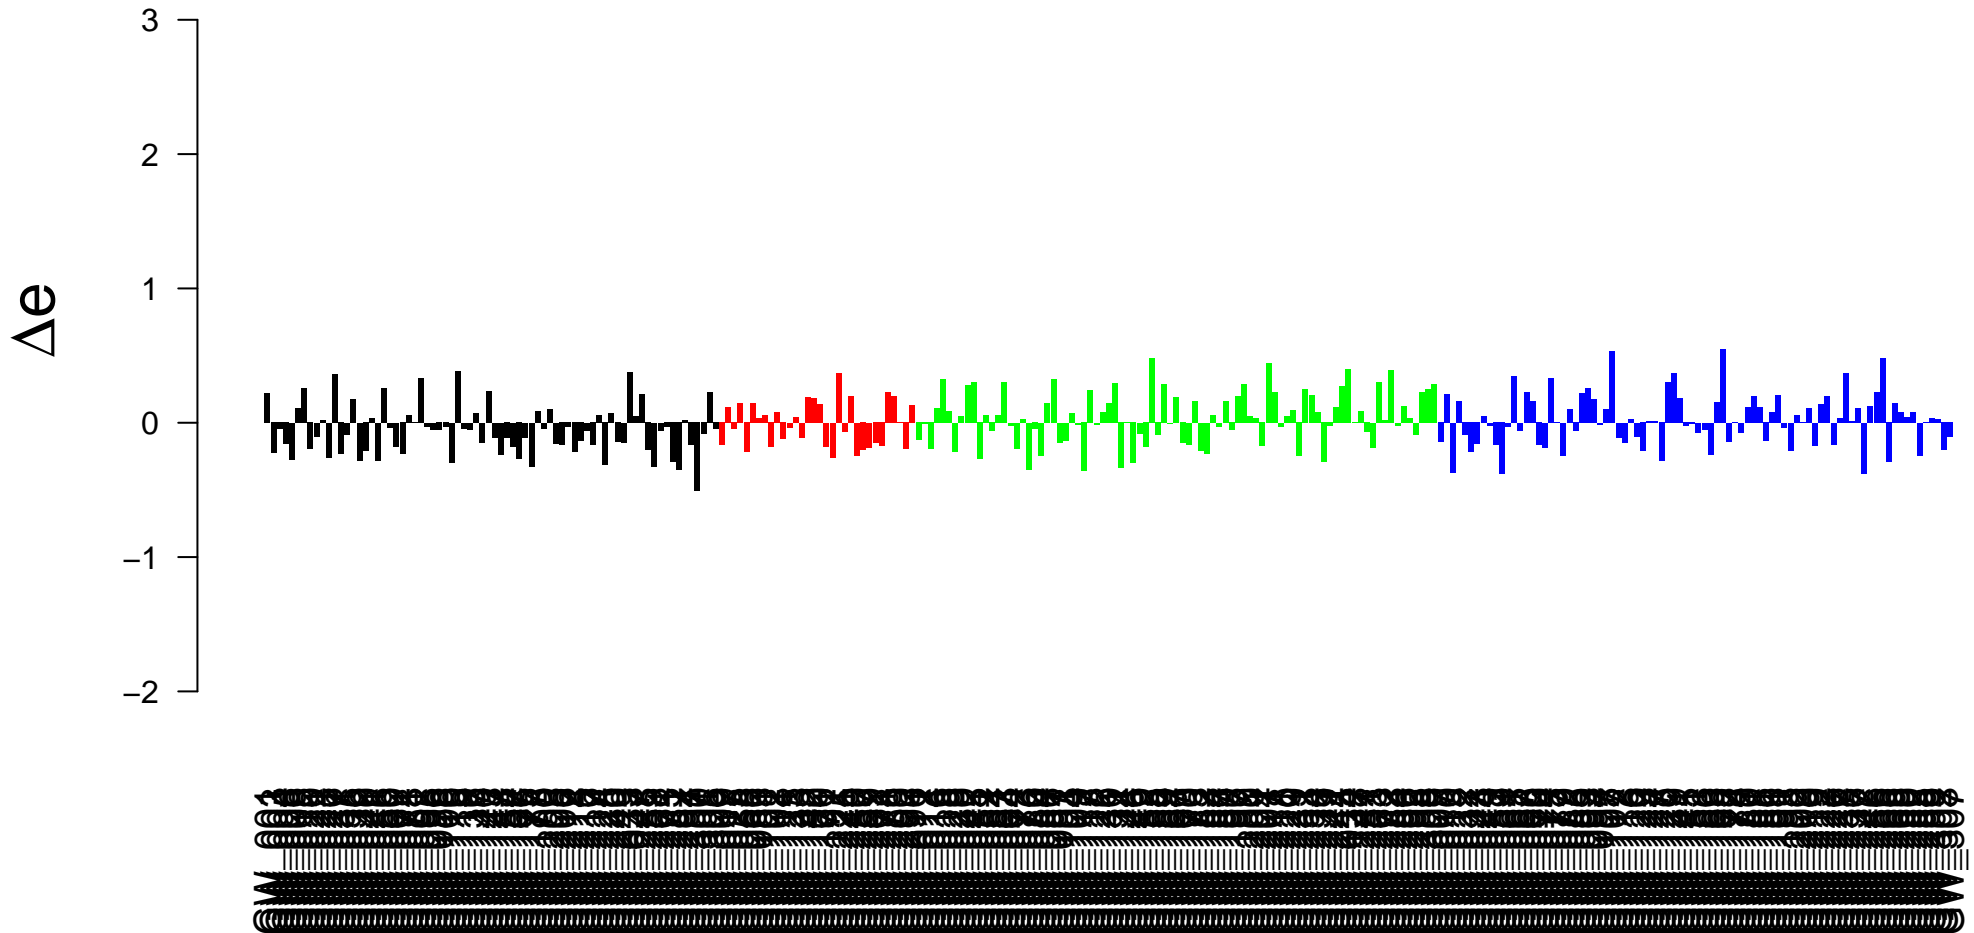

Expression of structural constituent of ribosome in Spot K

Expression of structural constituent of ribosome in Spot L

Expression of structural constituent of ribosome in Spot M

Expression of structural constituent of ribosome in Spot N
