

structural molecule activity

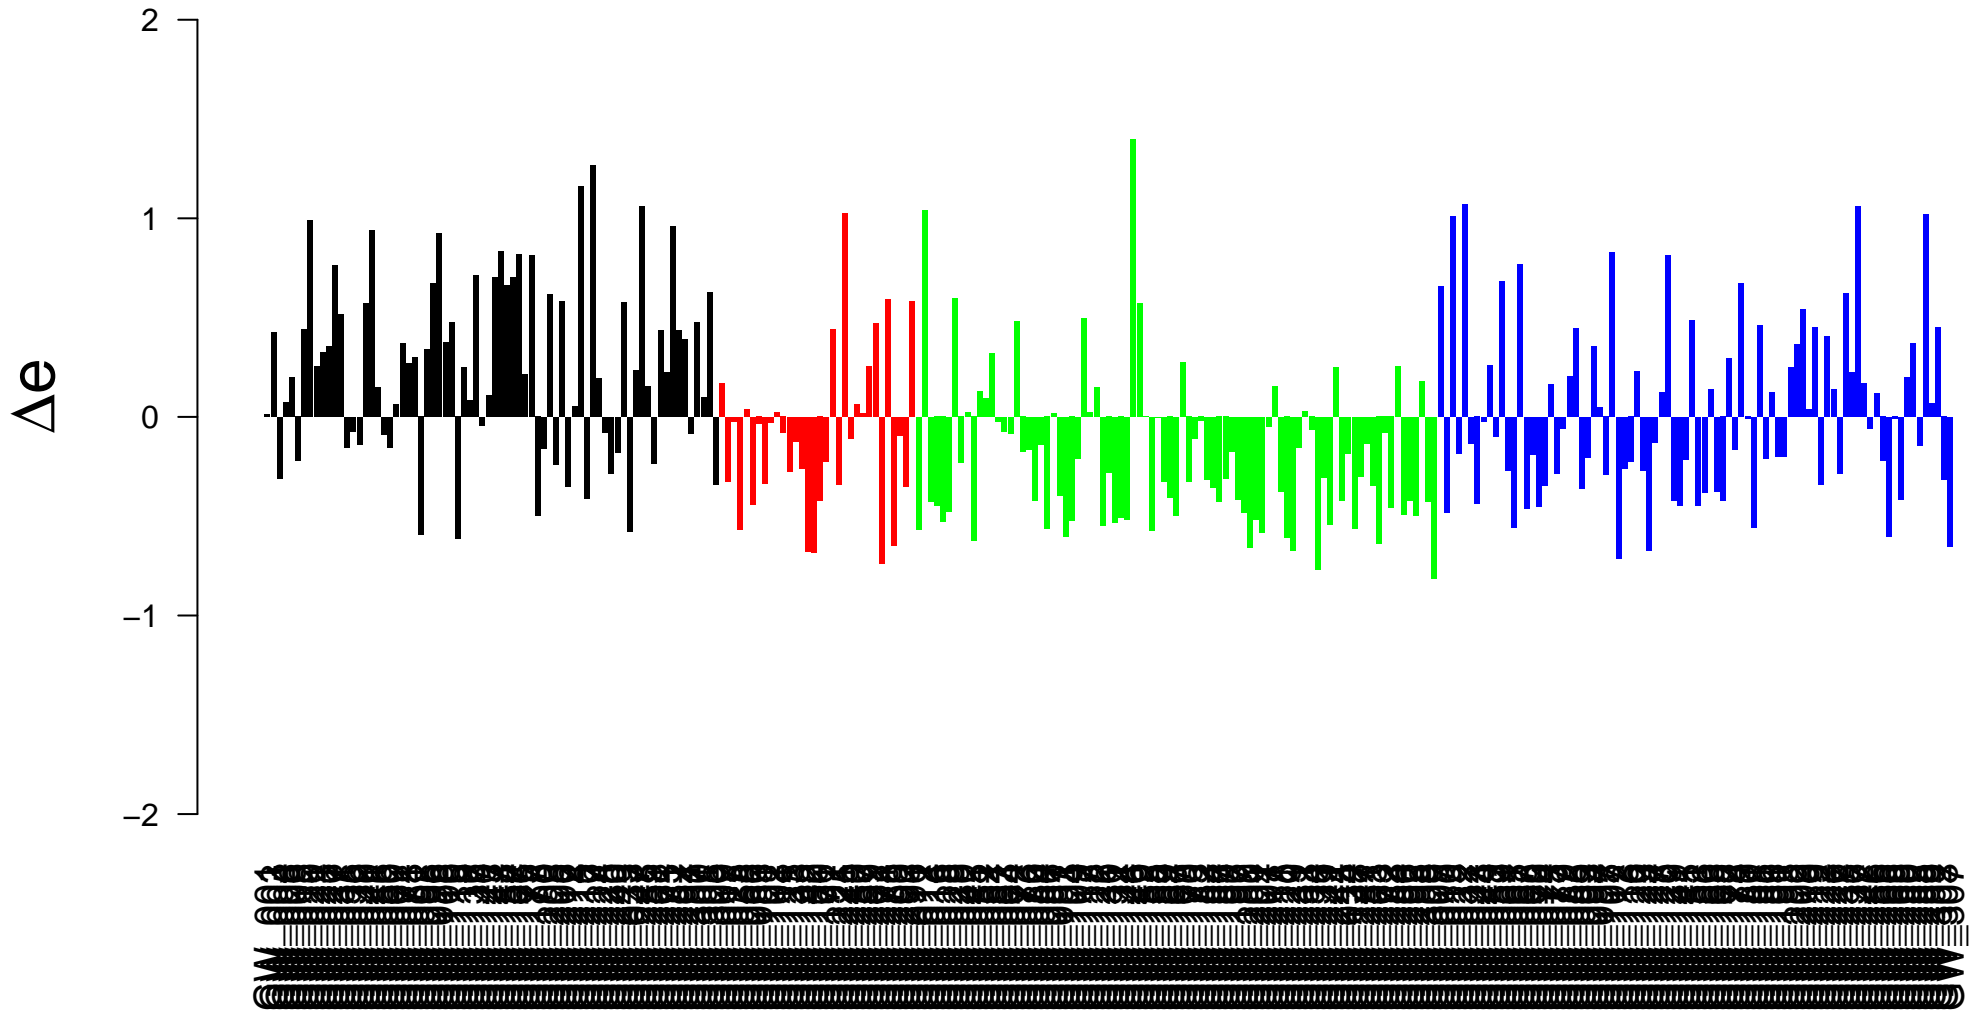

structural molecule activity

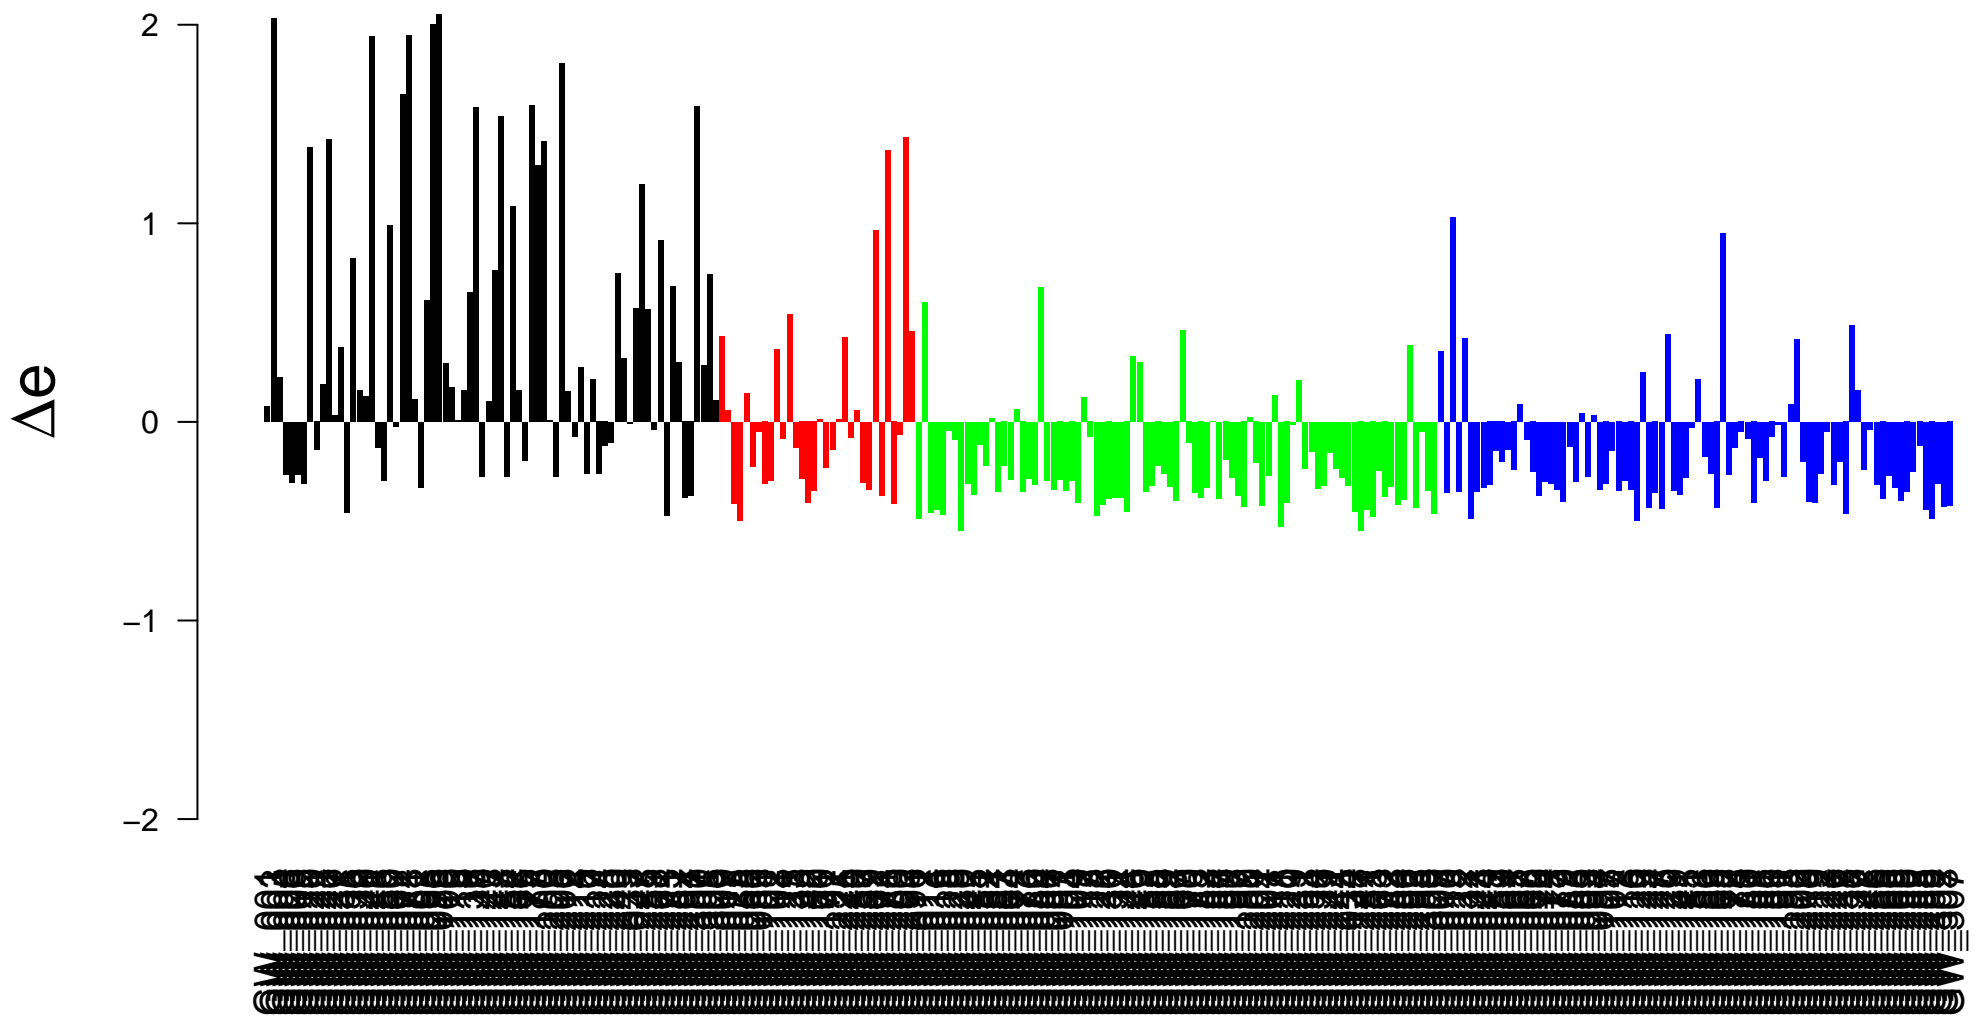

Enrichment in spots: structural molecule activity

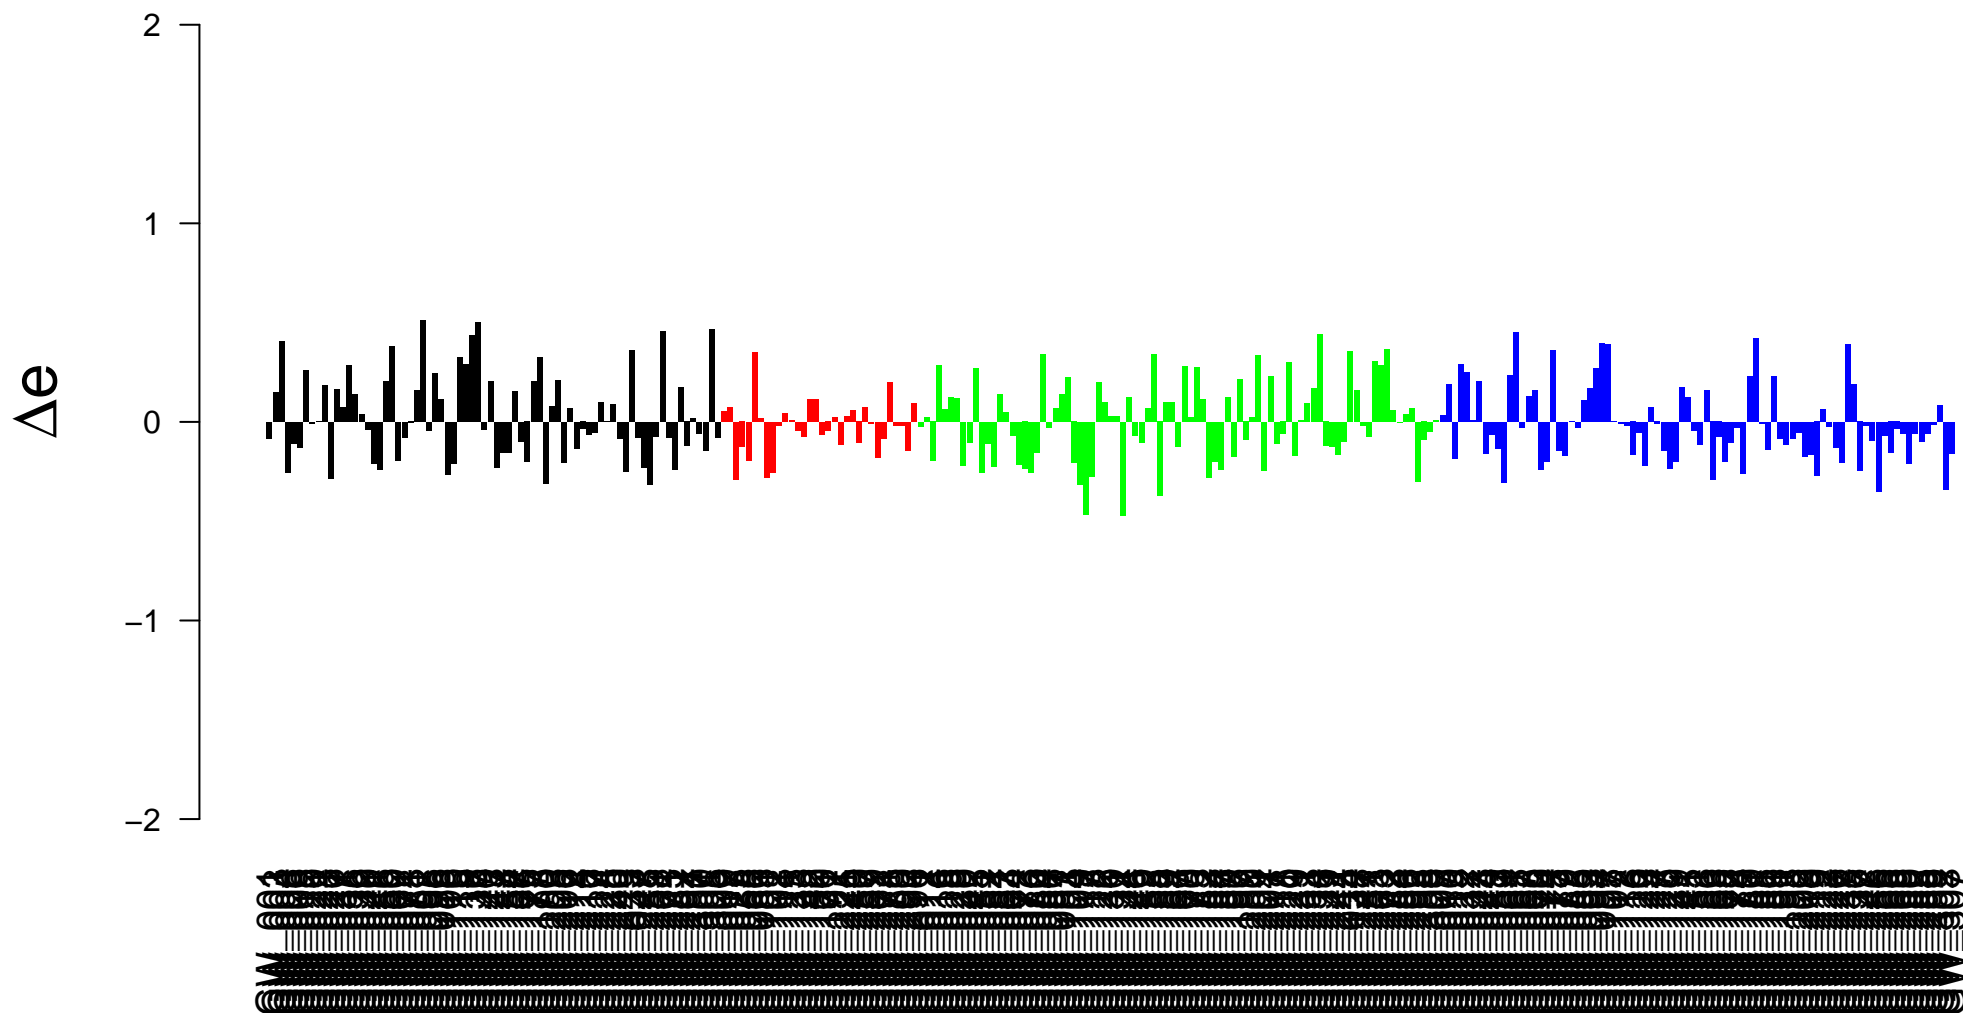

Expression of structural molecule activity in Spot A

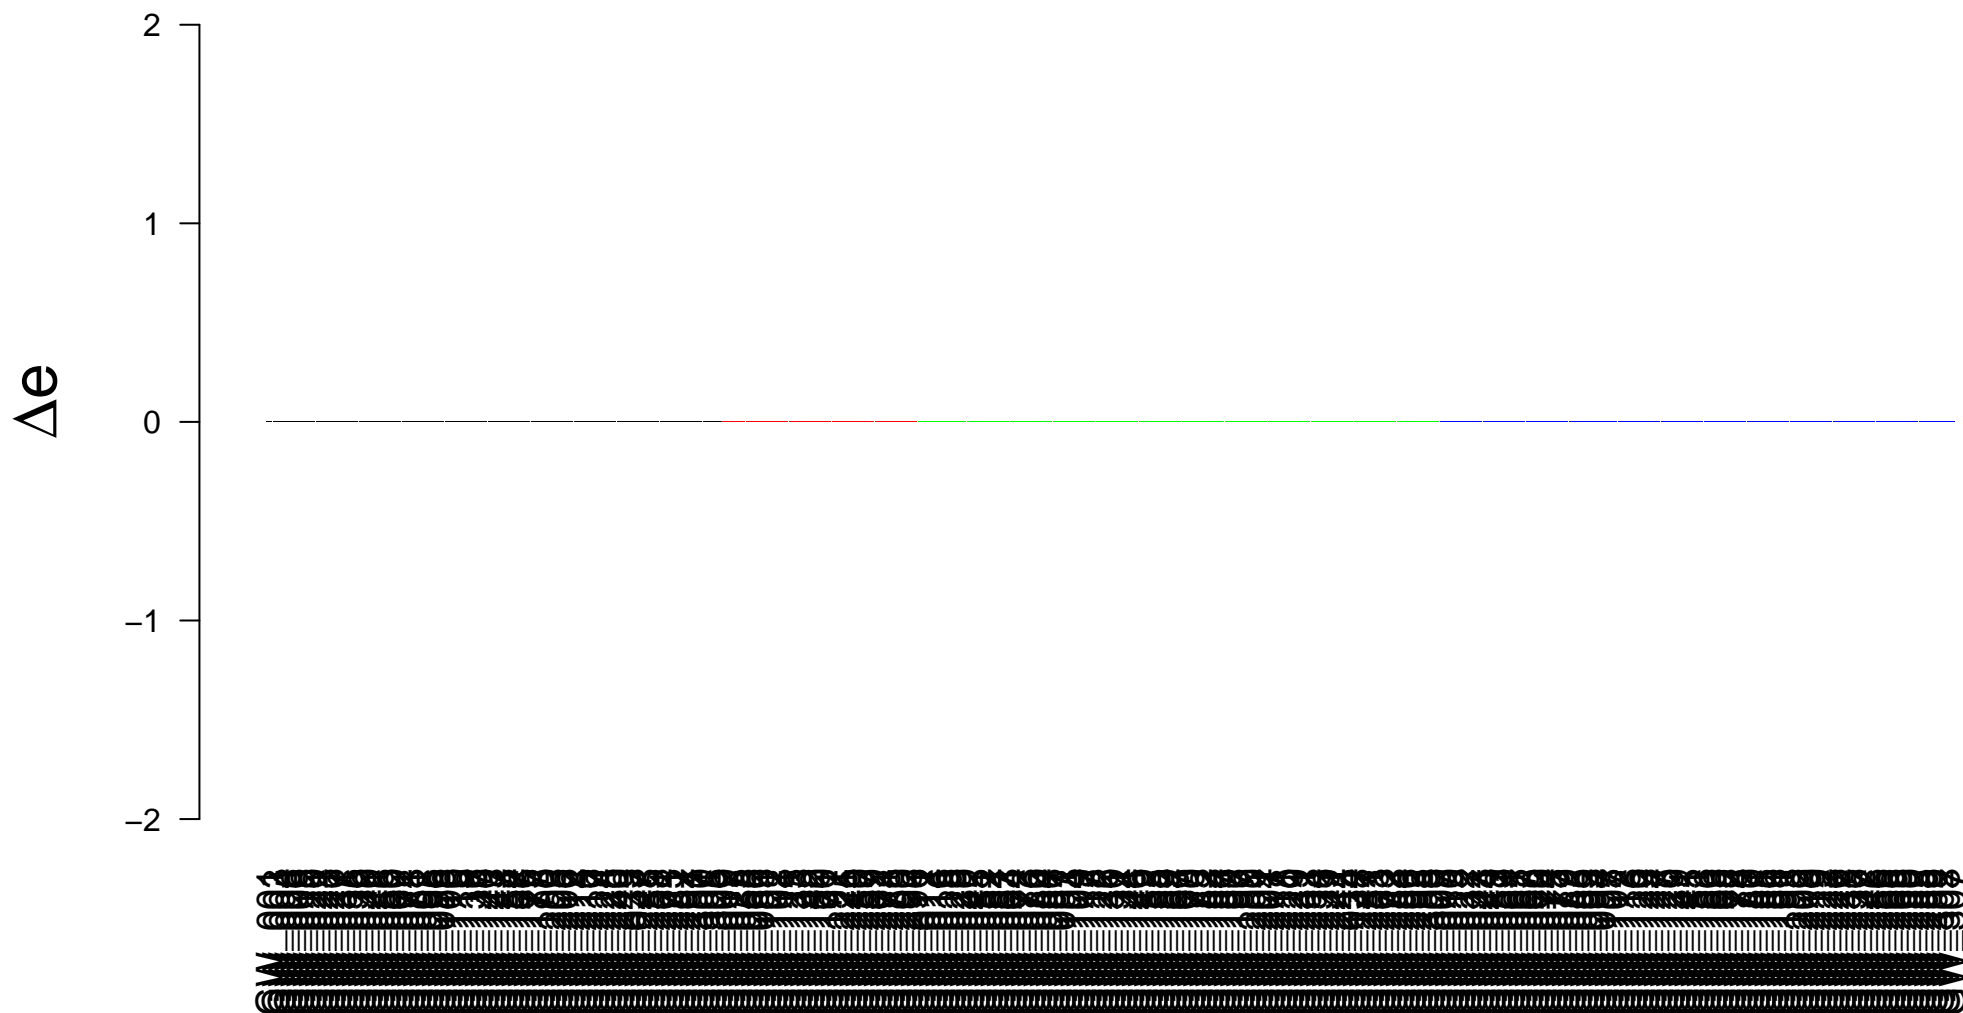

Expression of structural molecule activity in Spot B

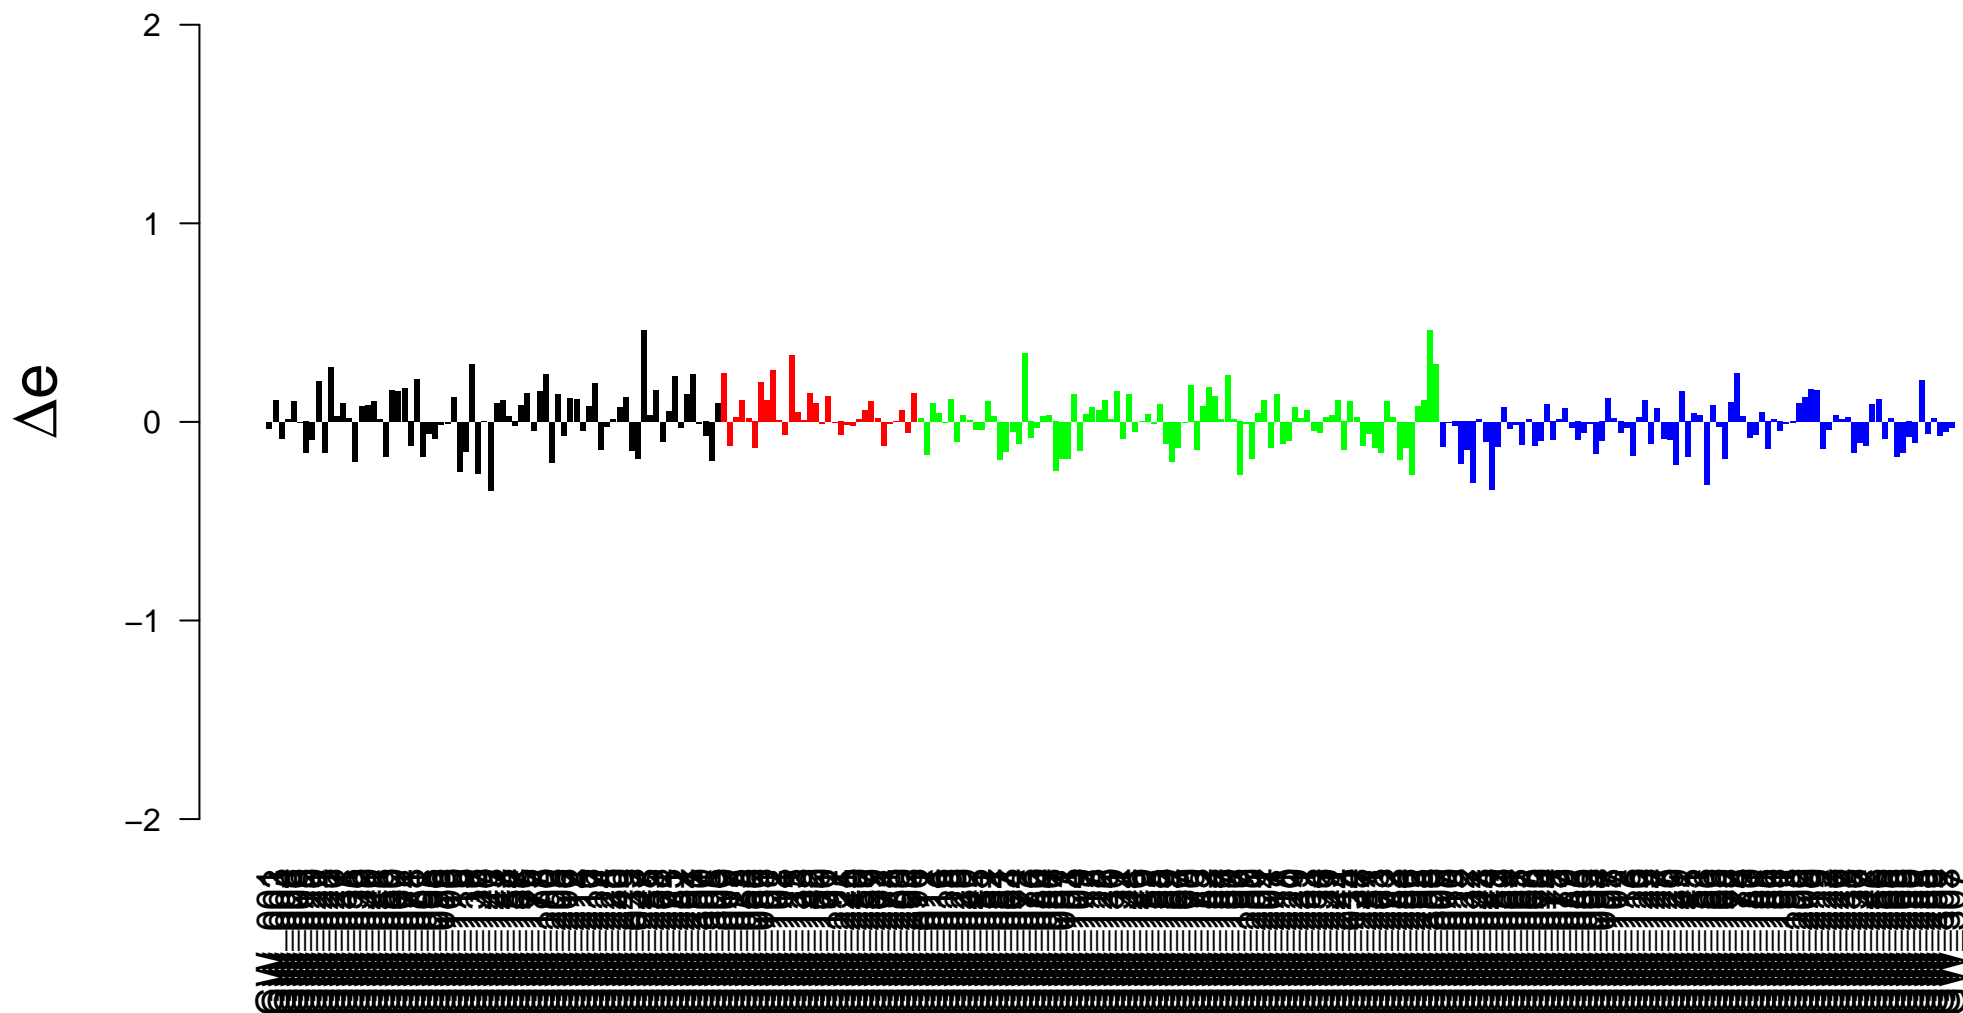

Expression of structural molecule activity in Spot C

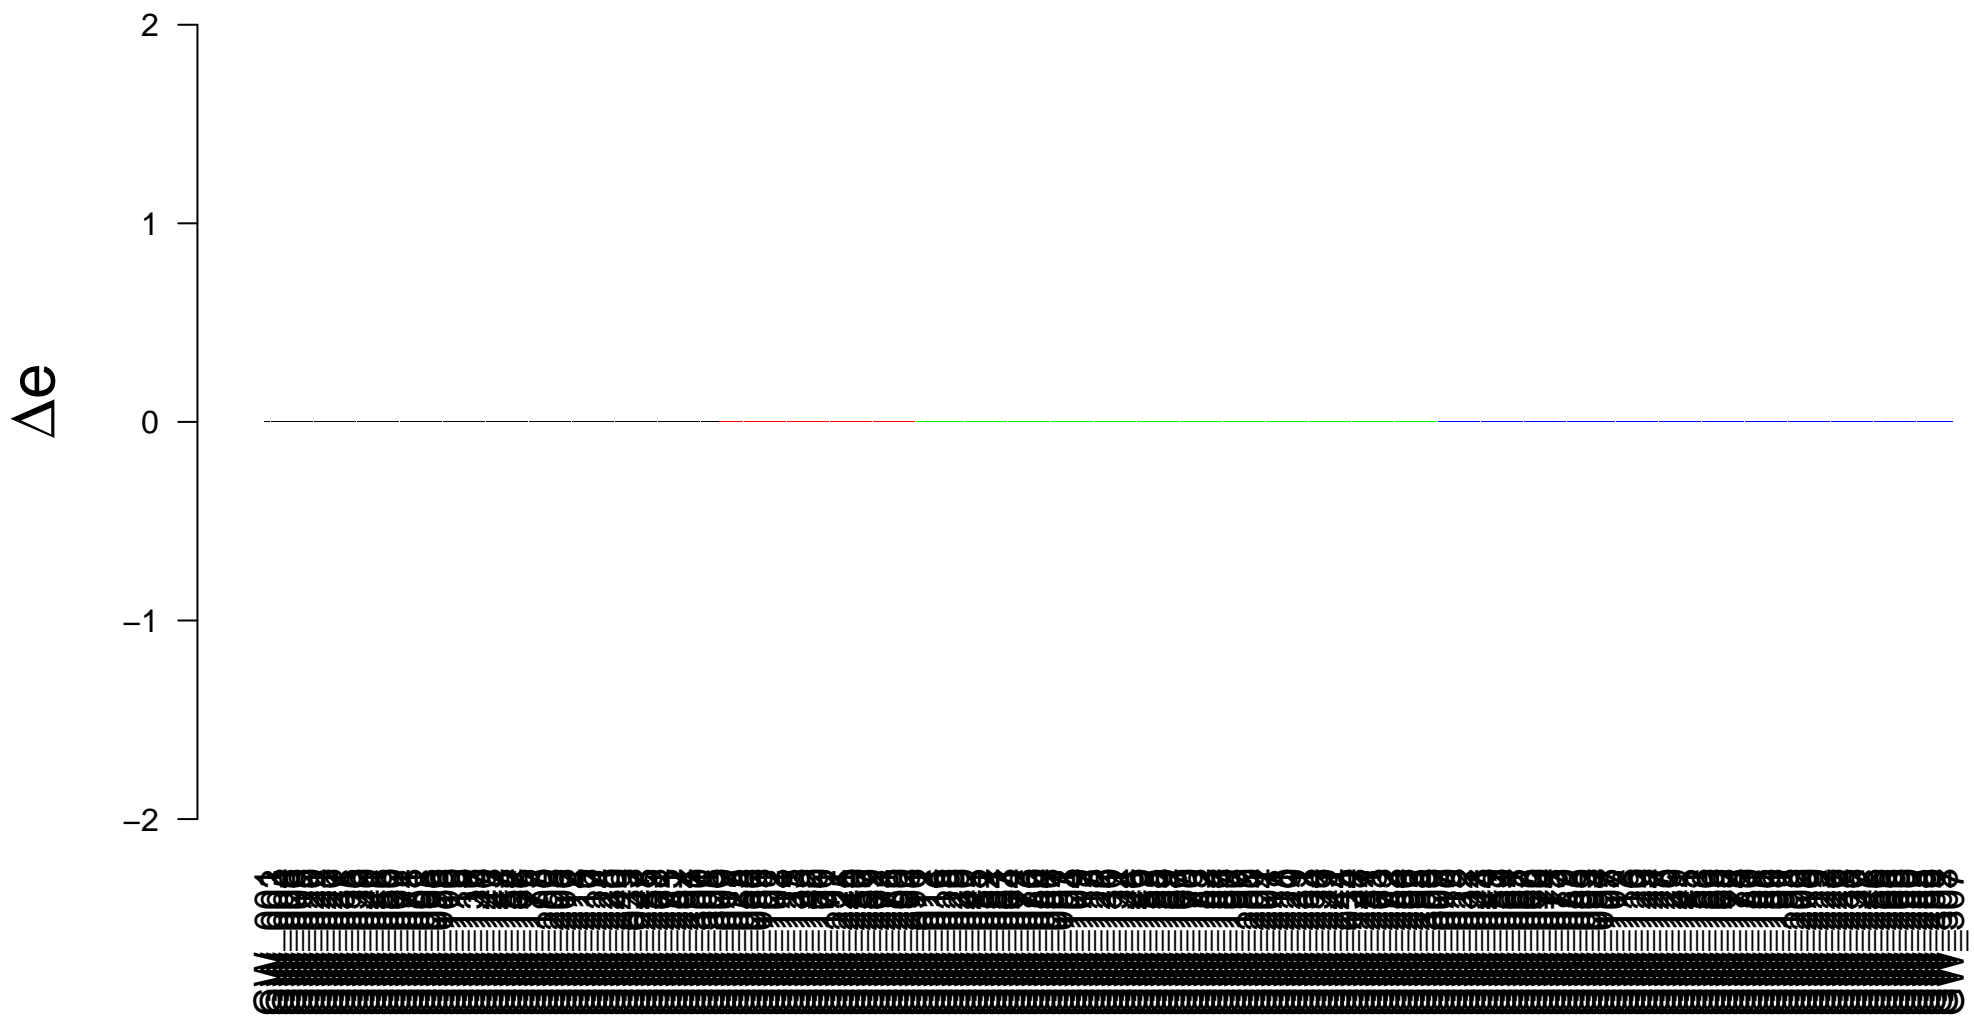

Expression of structural molecule activity in Spot D

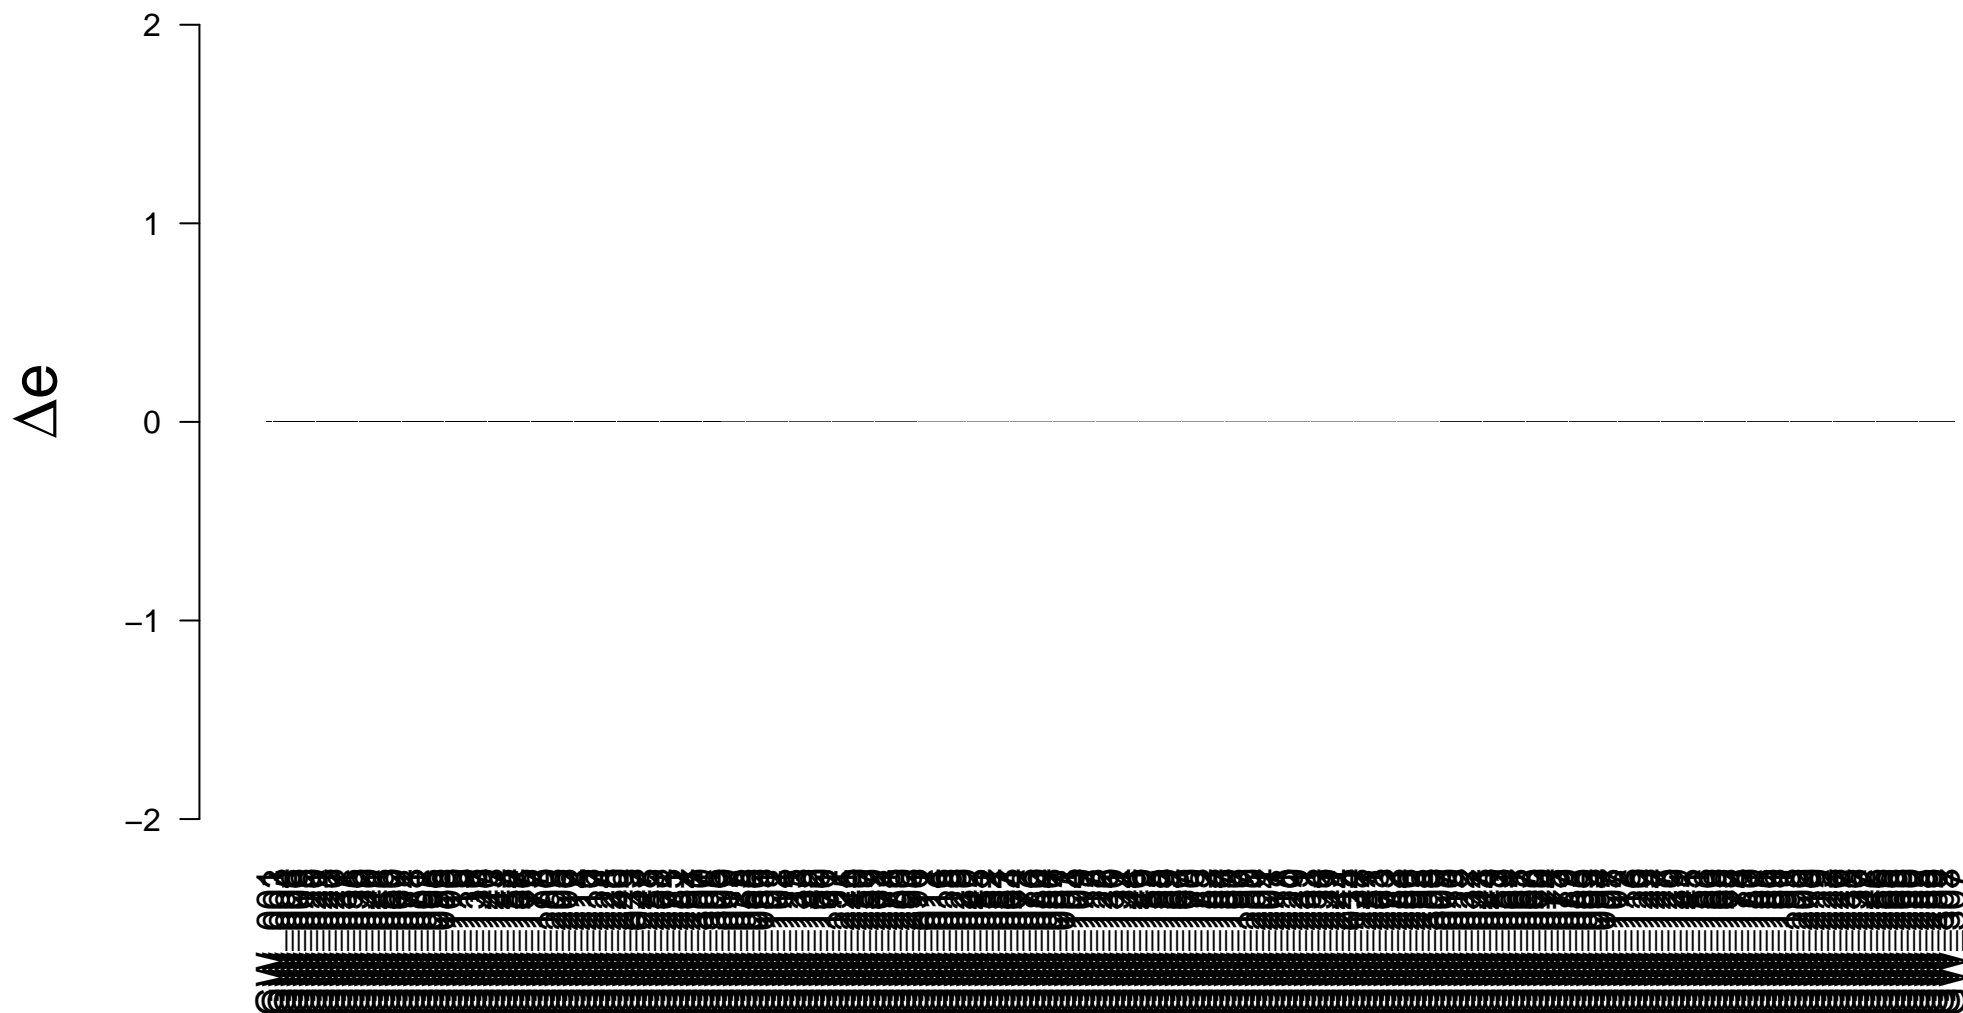

Expression of structural molecule activity in Spot E

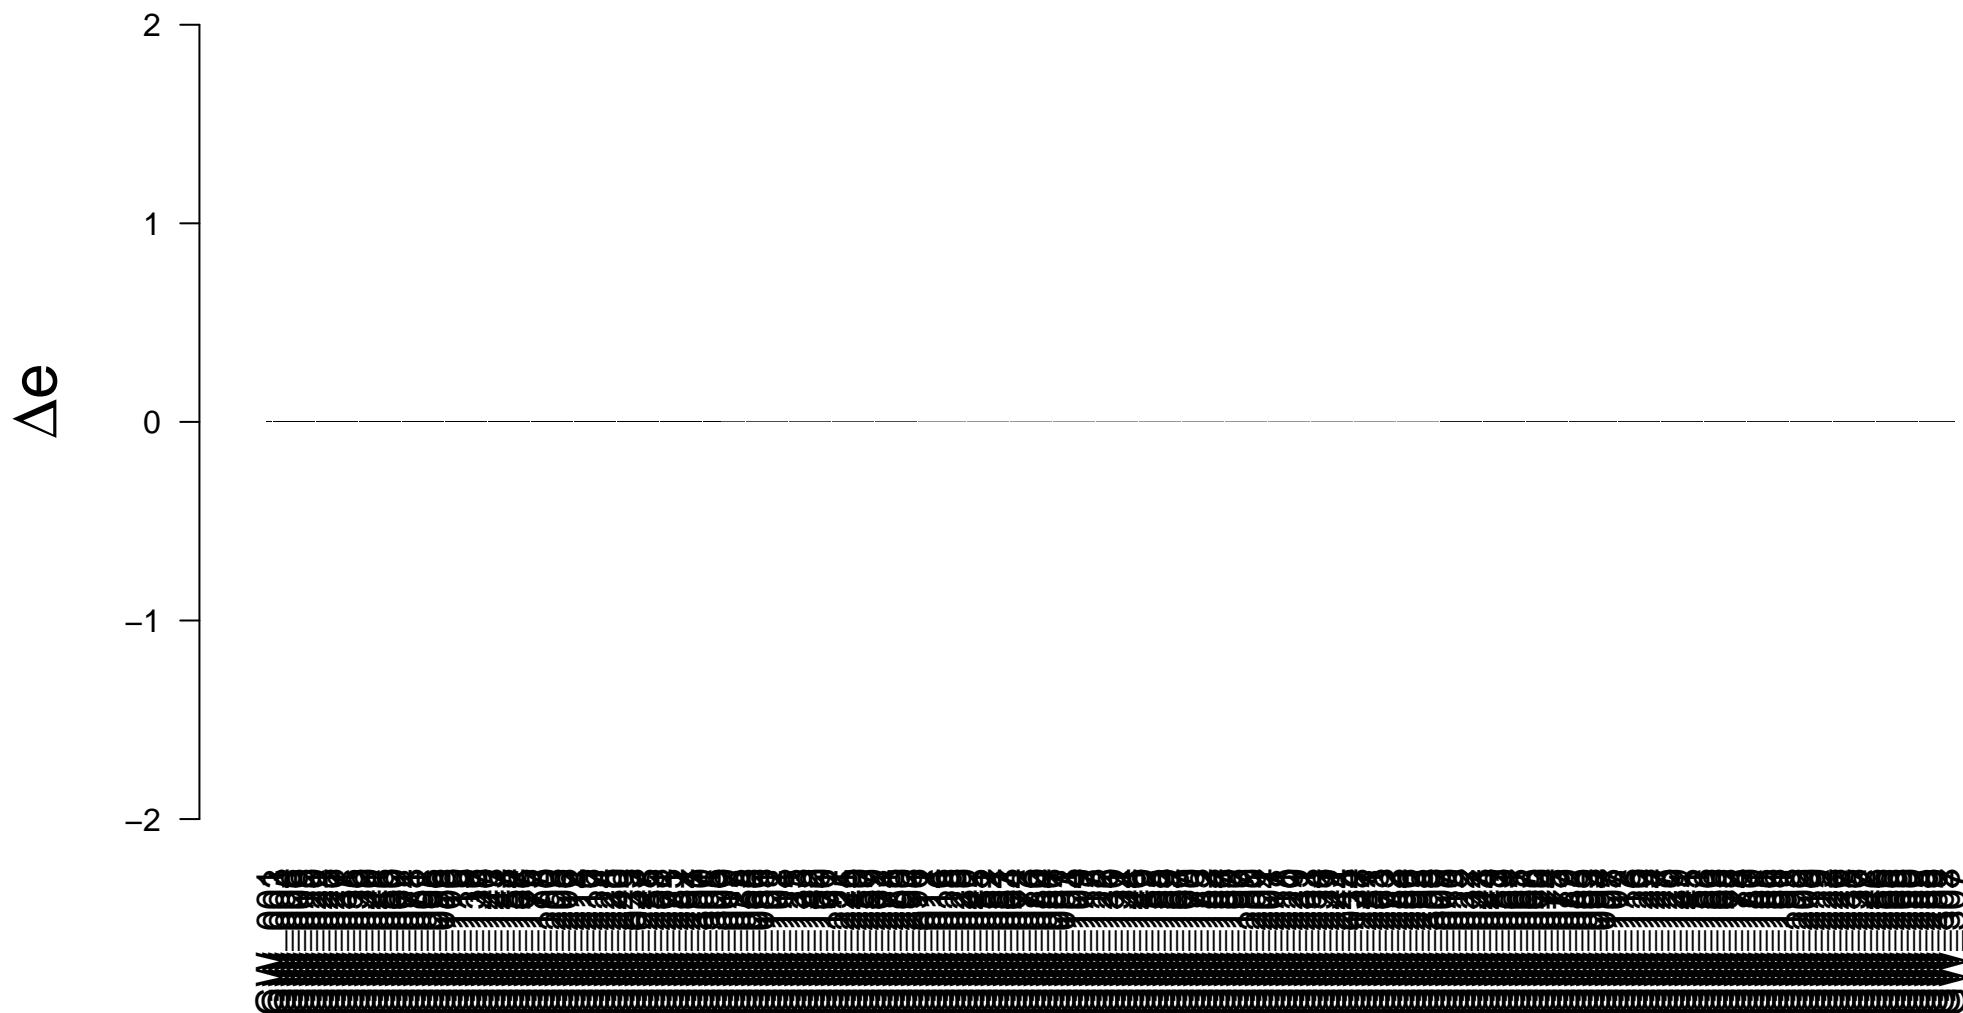

Expression of structural molecule activity in Spot F

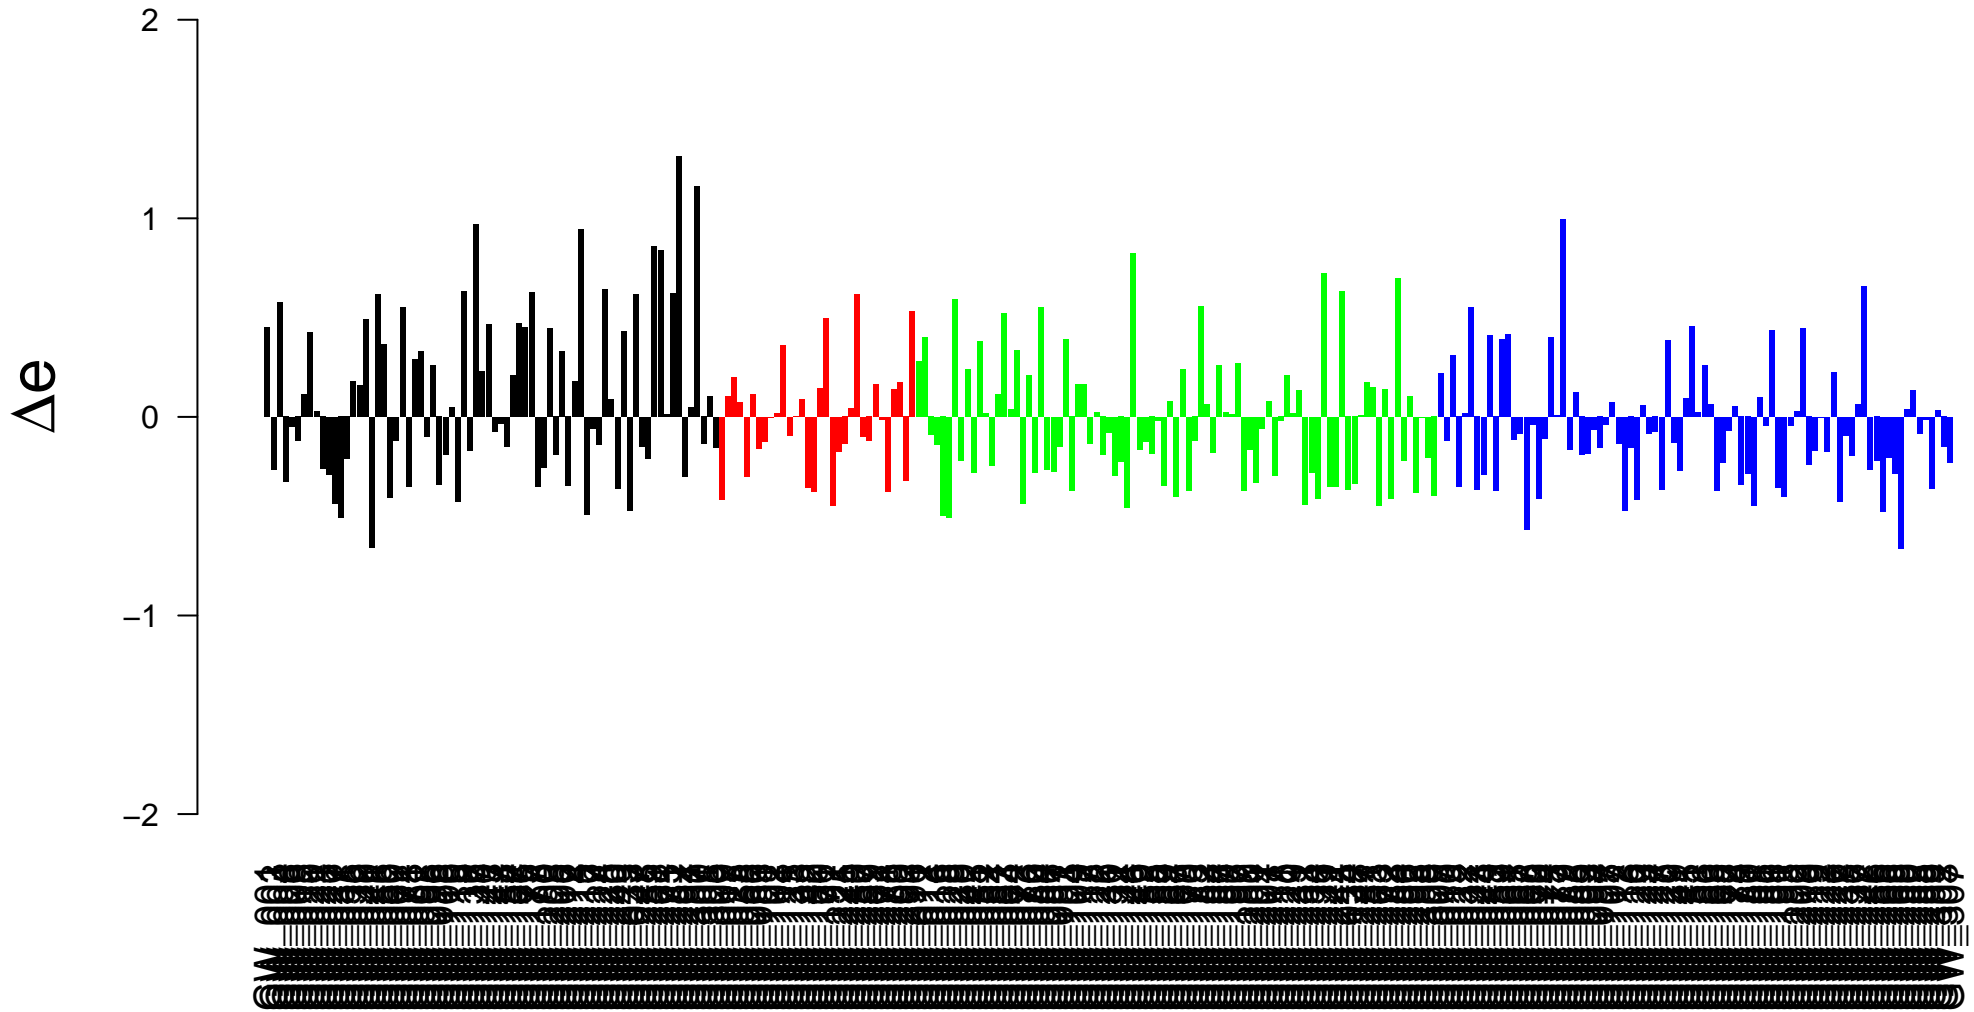

Expression of structural molecule activity in Spot G

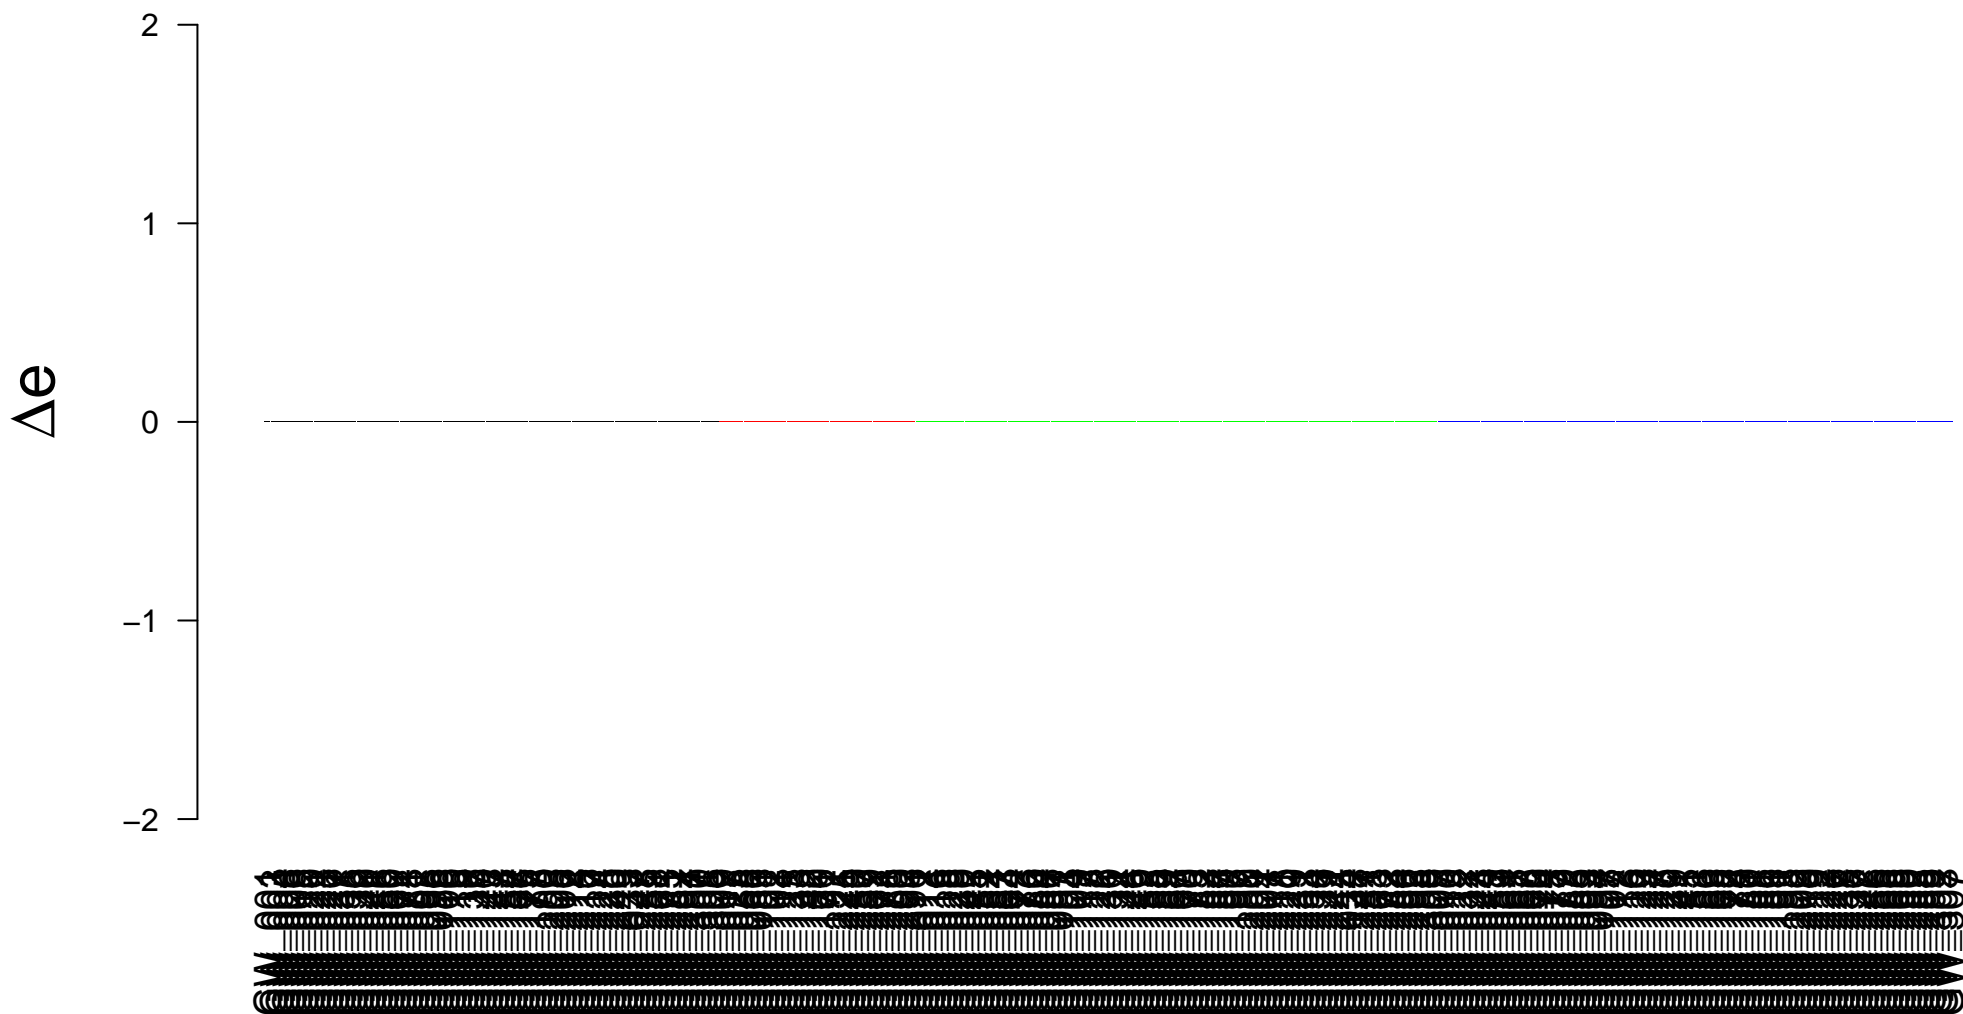

Expression of structural molecule activity in Spot H

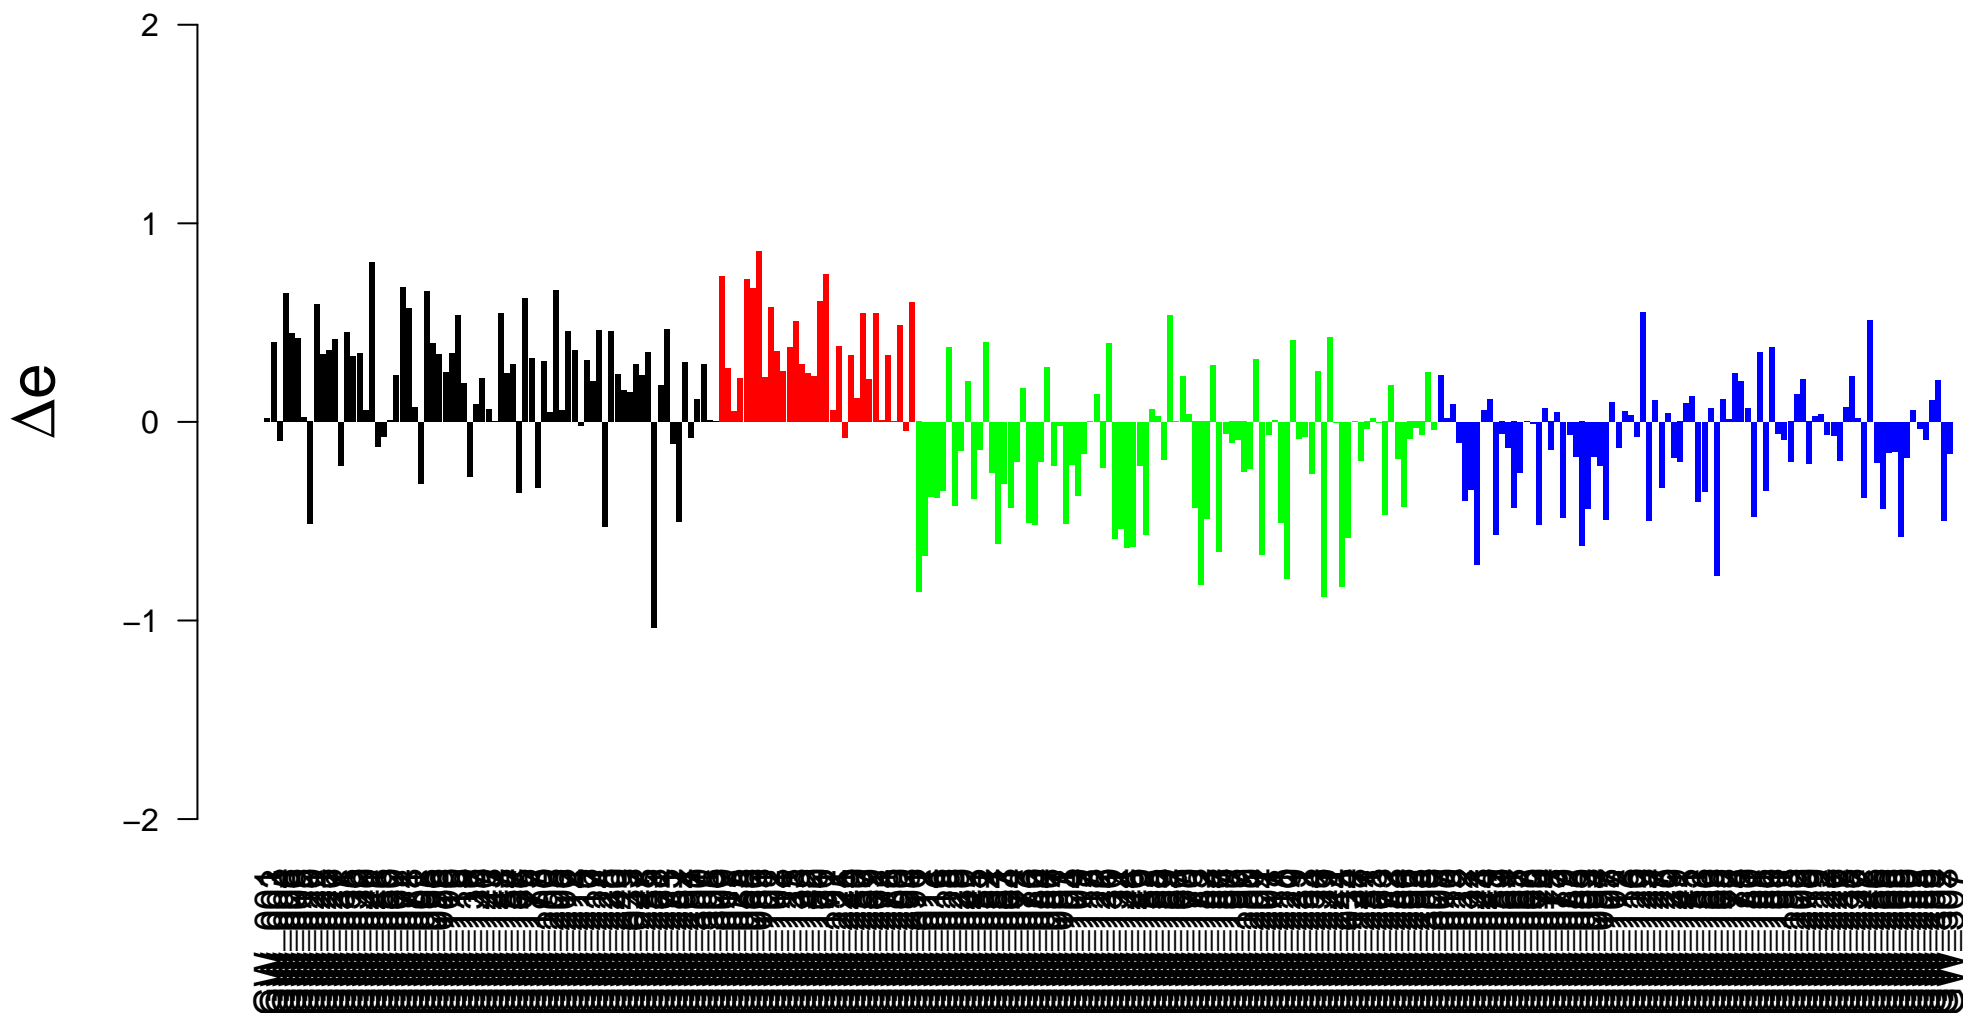

Expression of structural molecule activity in Spot I

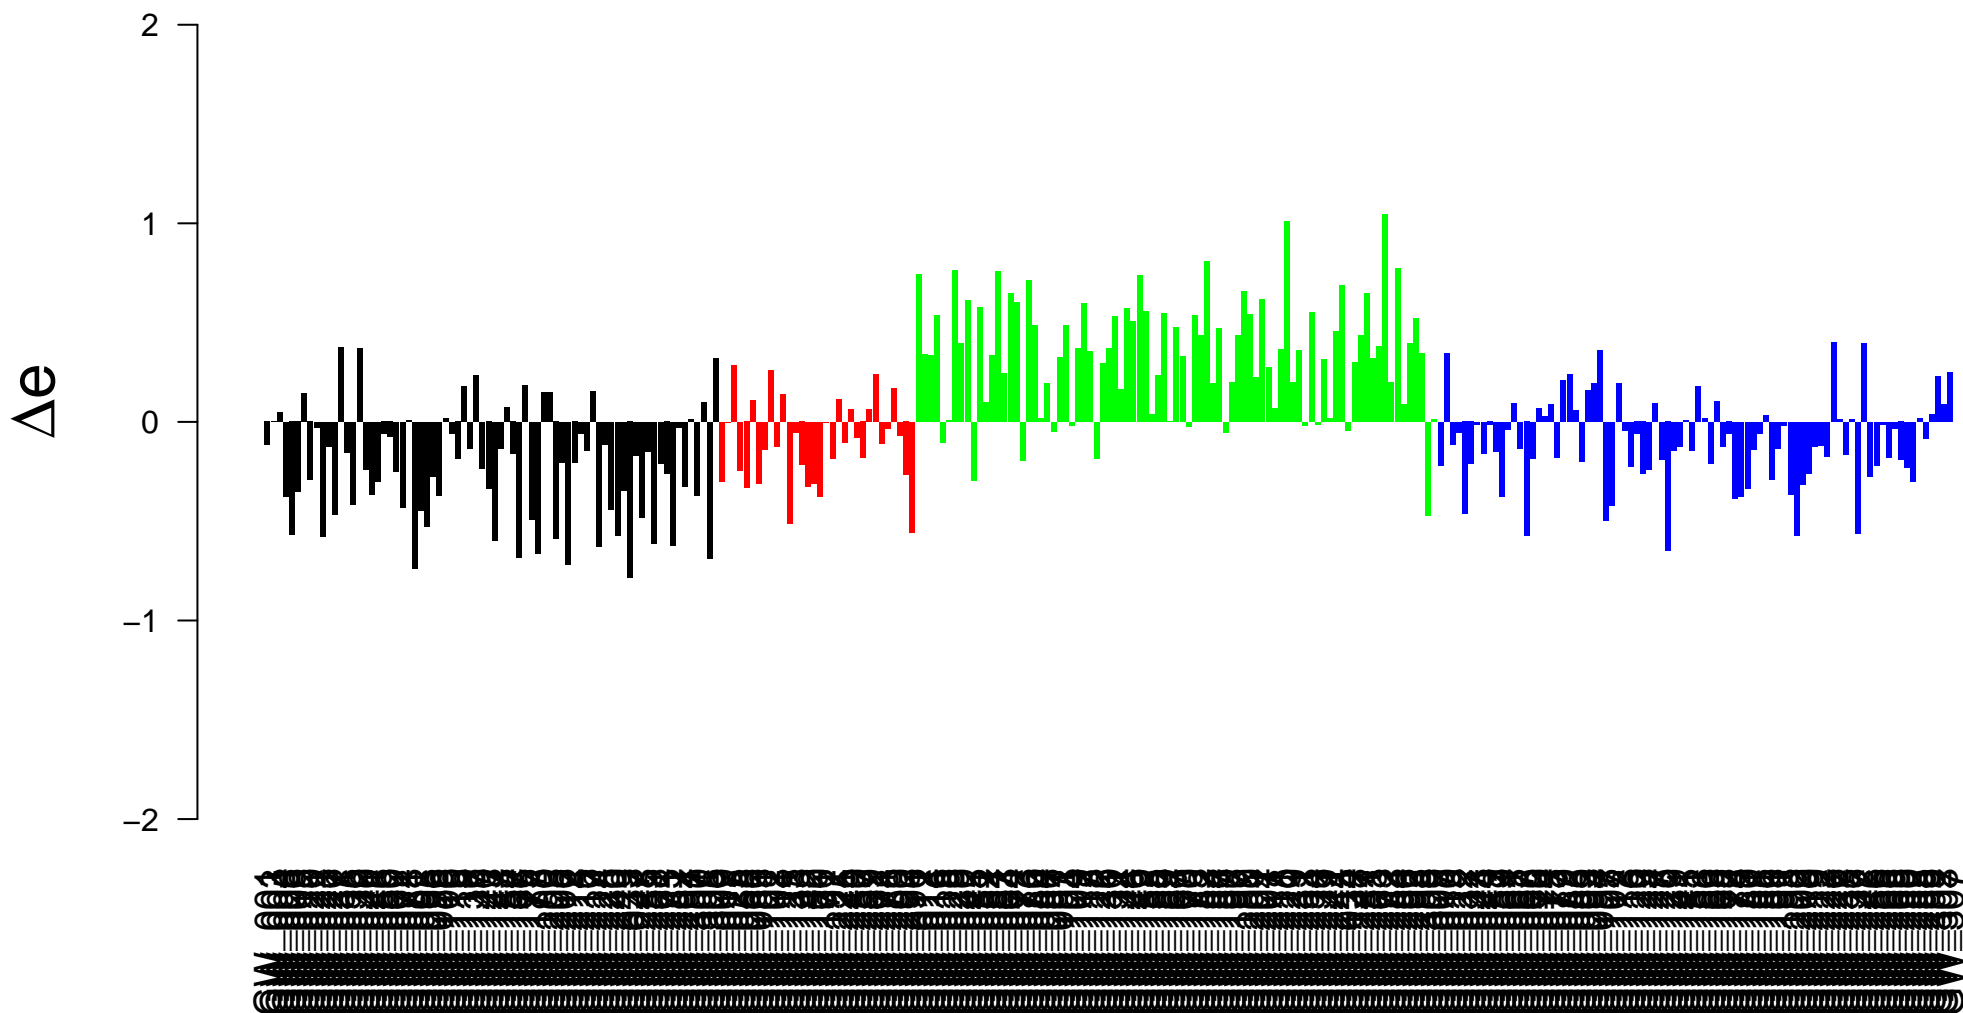

Expression of structural molecule activity in Spot J

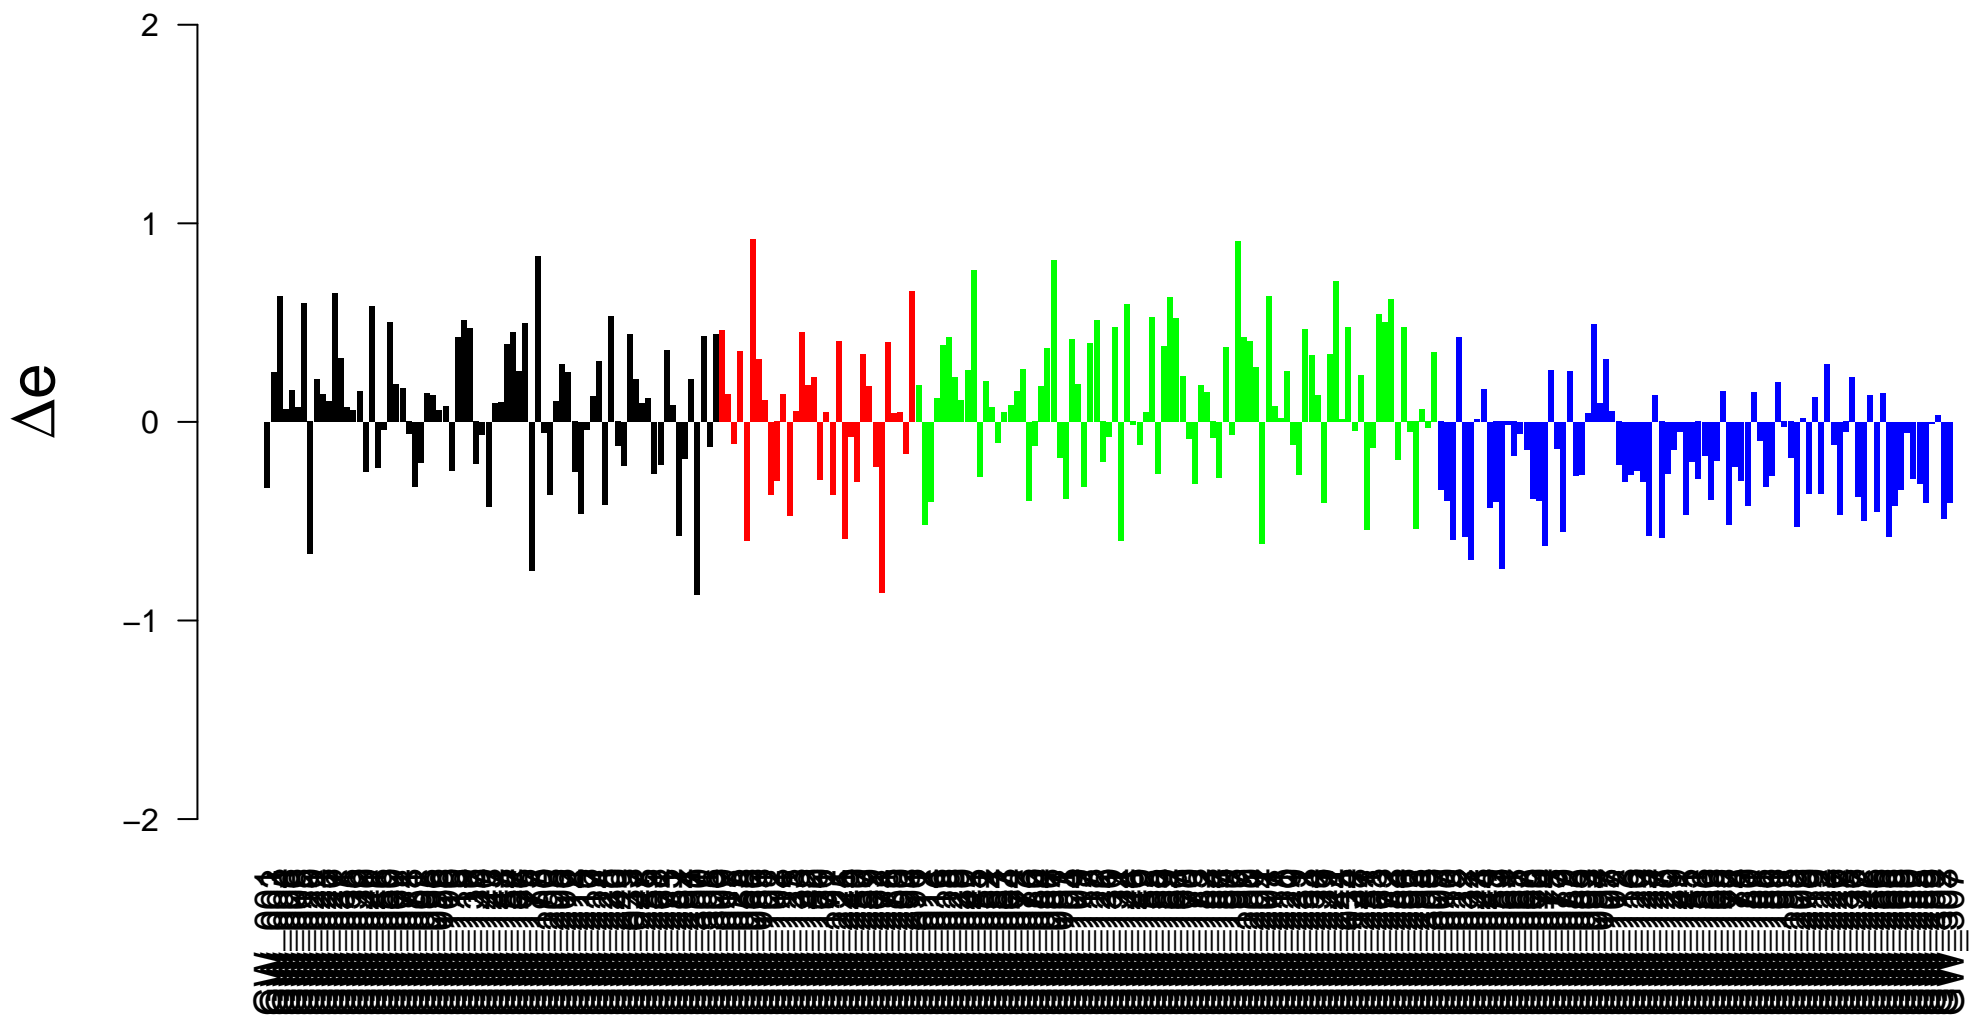

Expression of structural molecule activity in Spot K

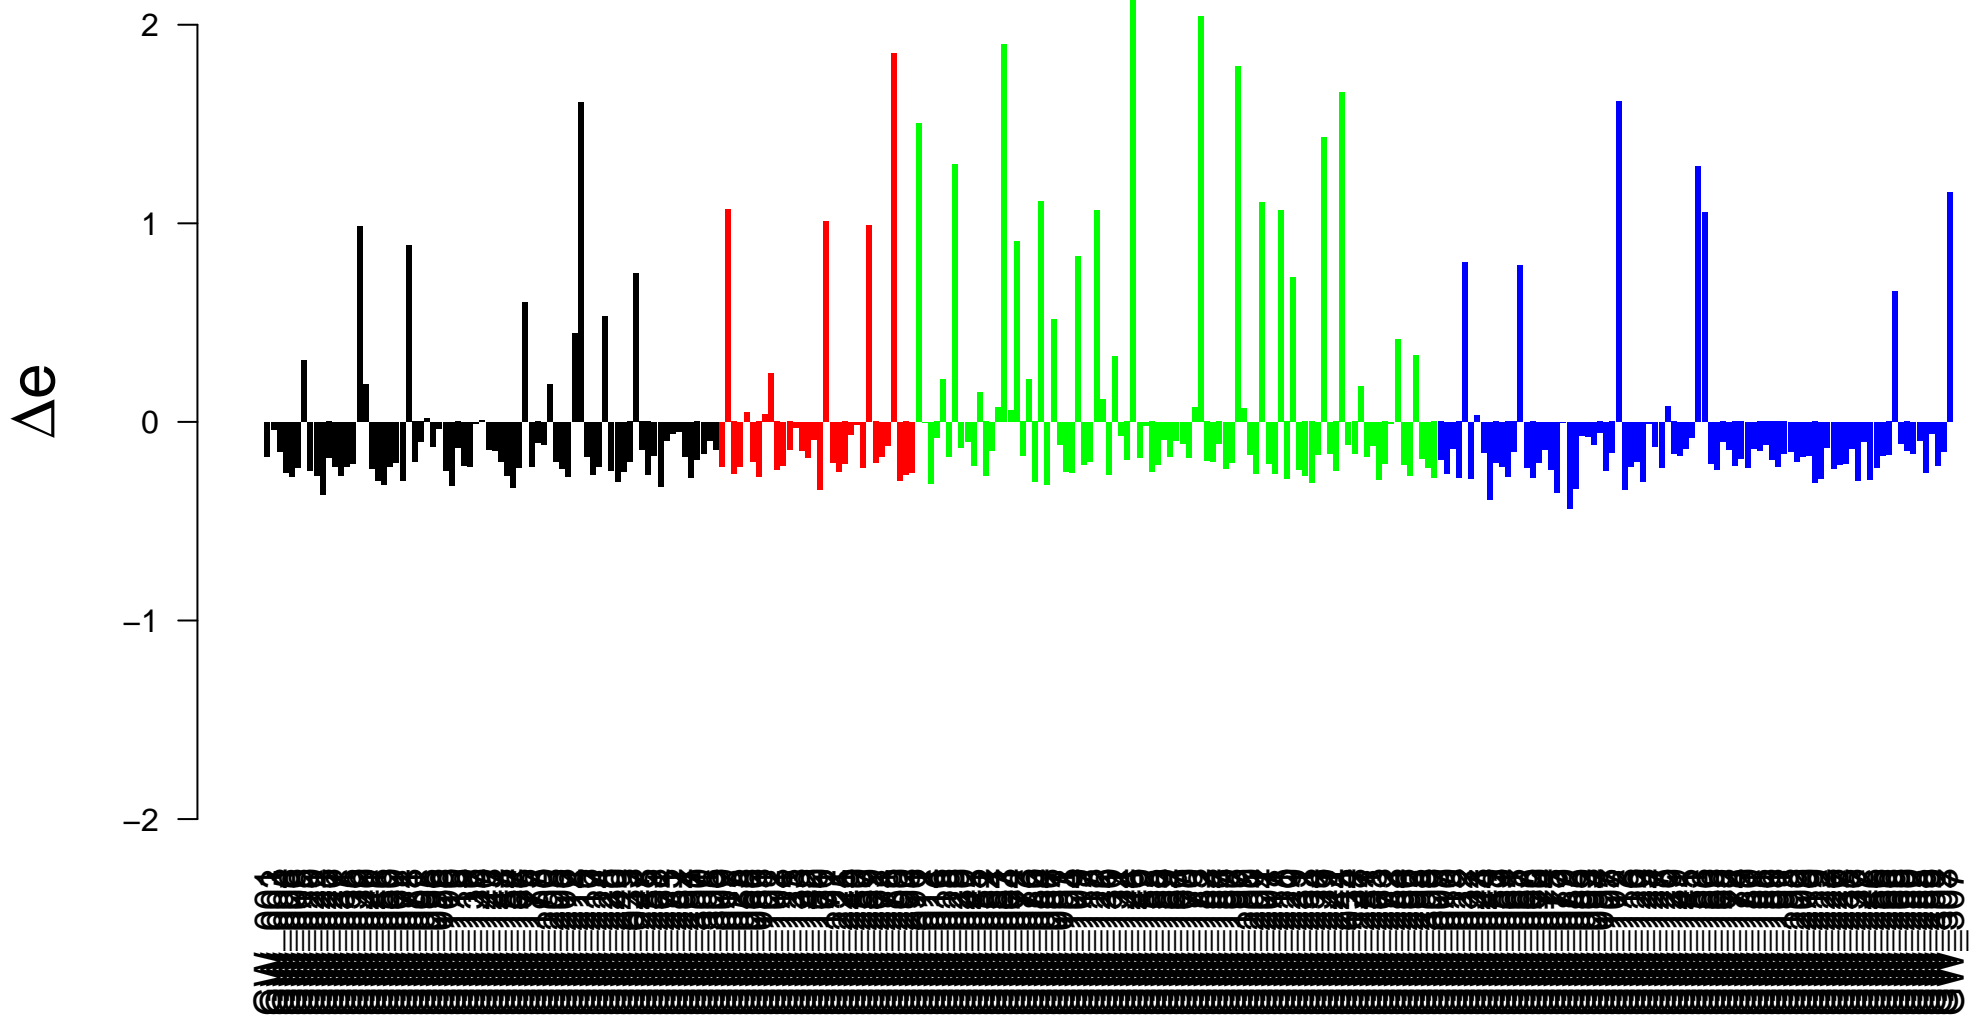

Expression of structural molecule activity in Spot L

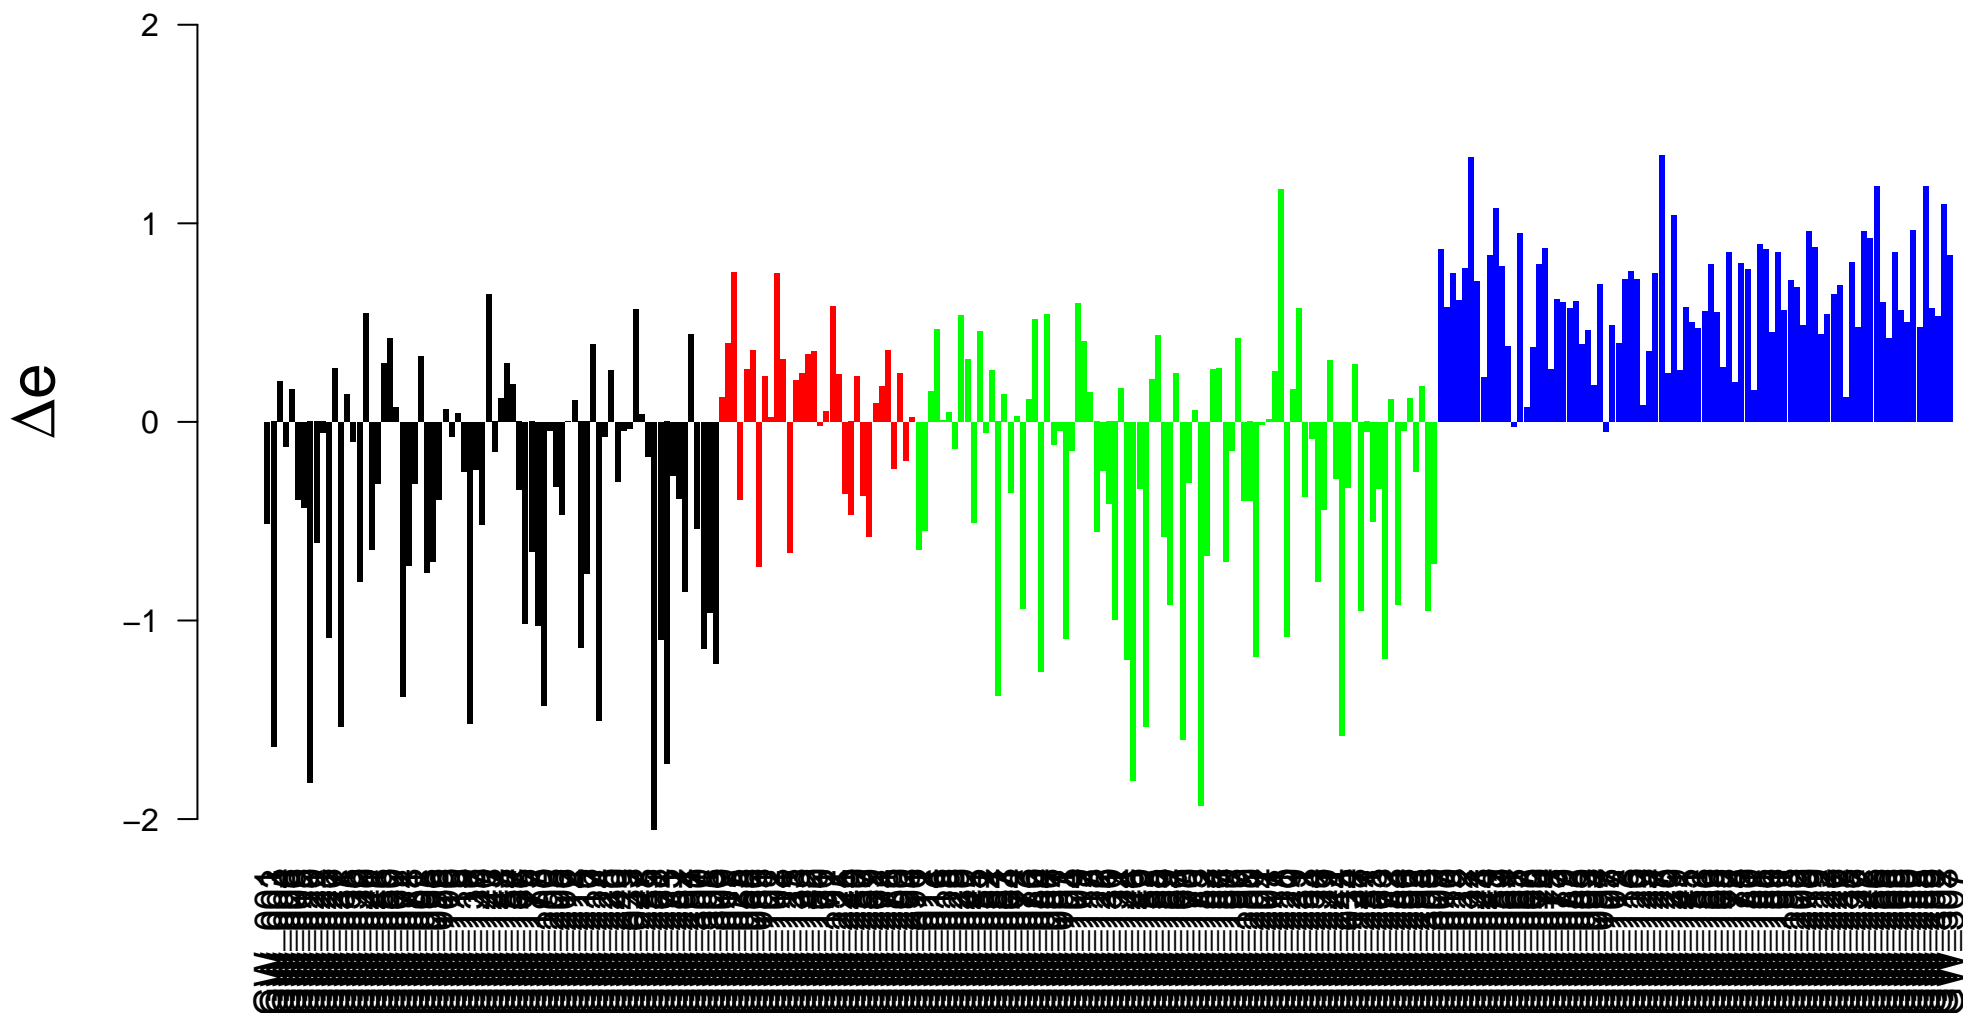

Expression of structural molecule activity in Spot M

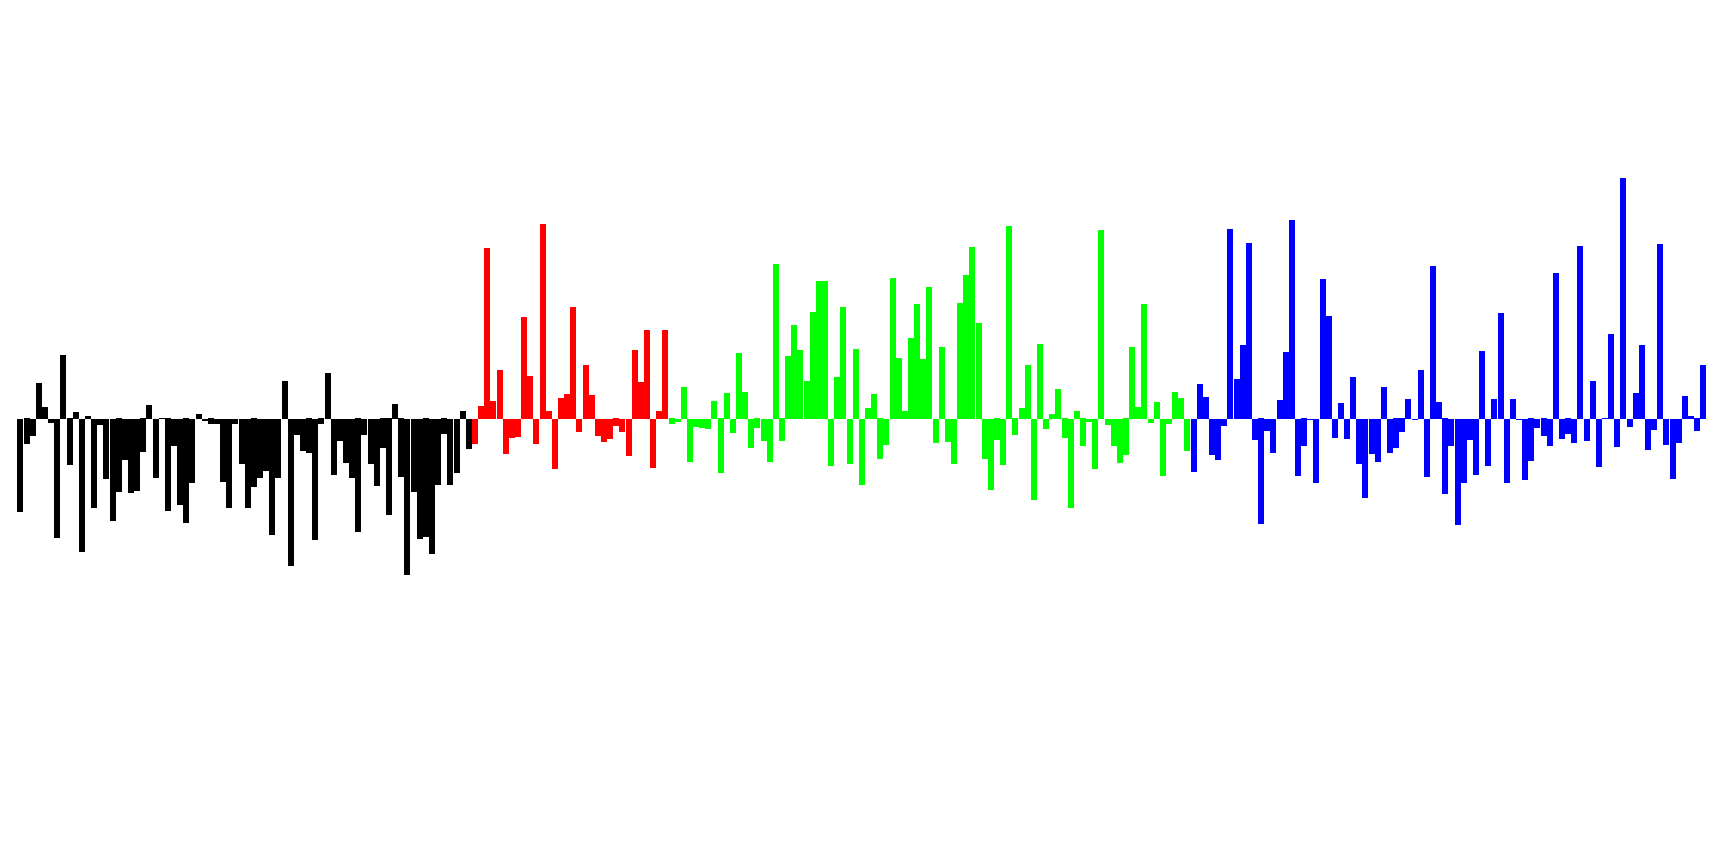

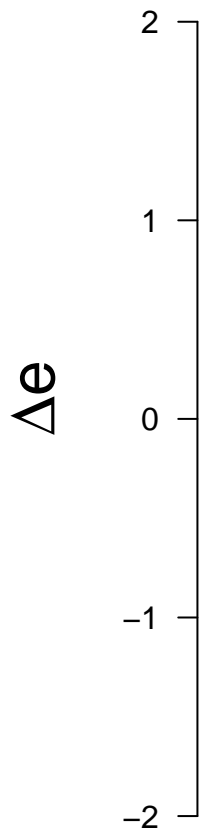

Expression of structural molecule activity in Spot N

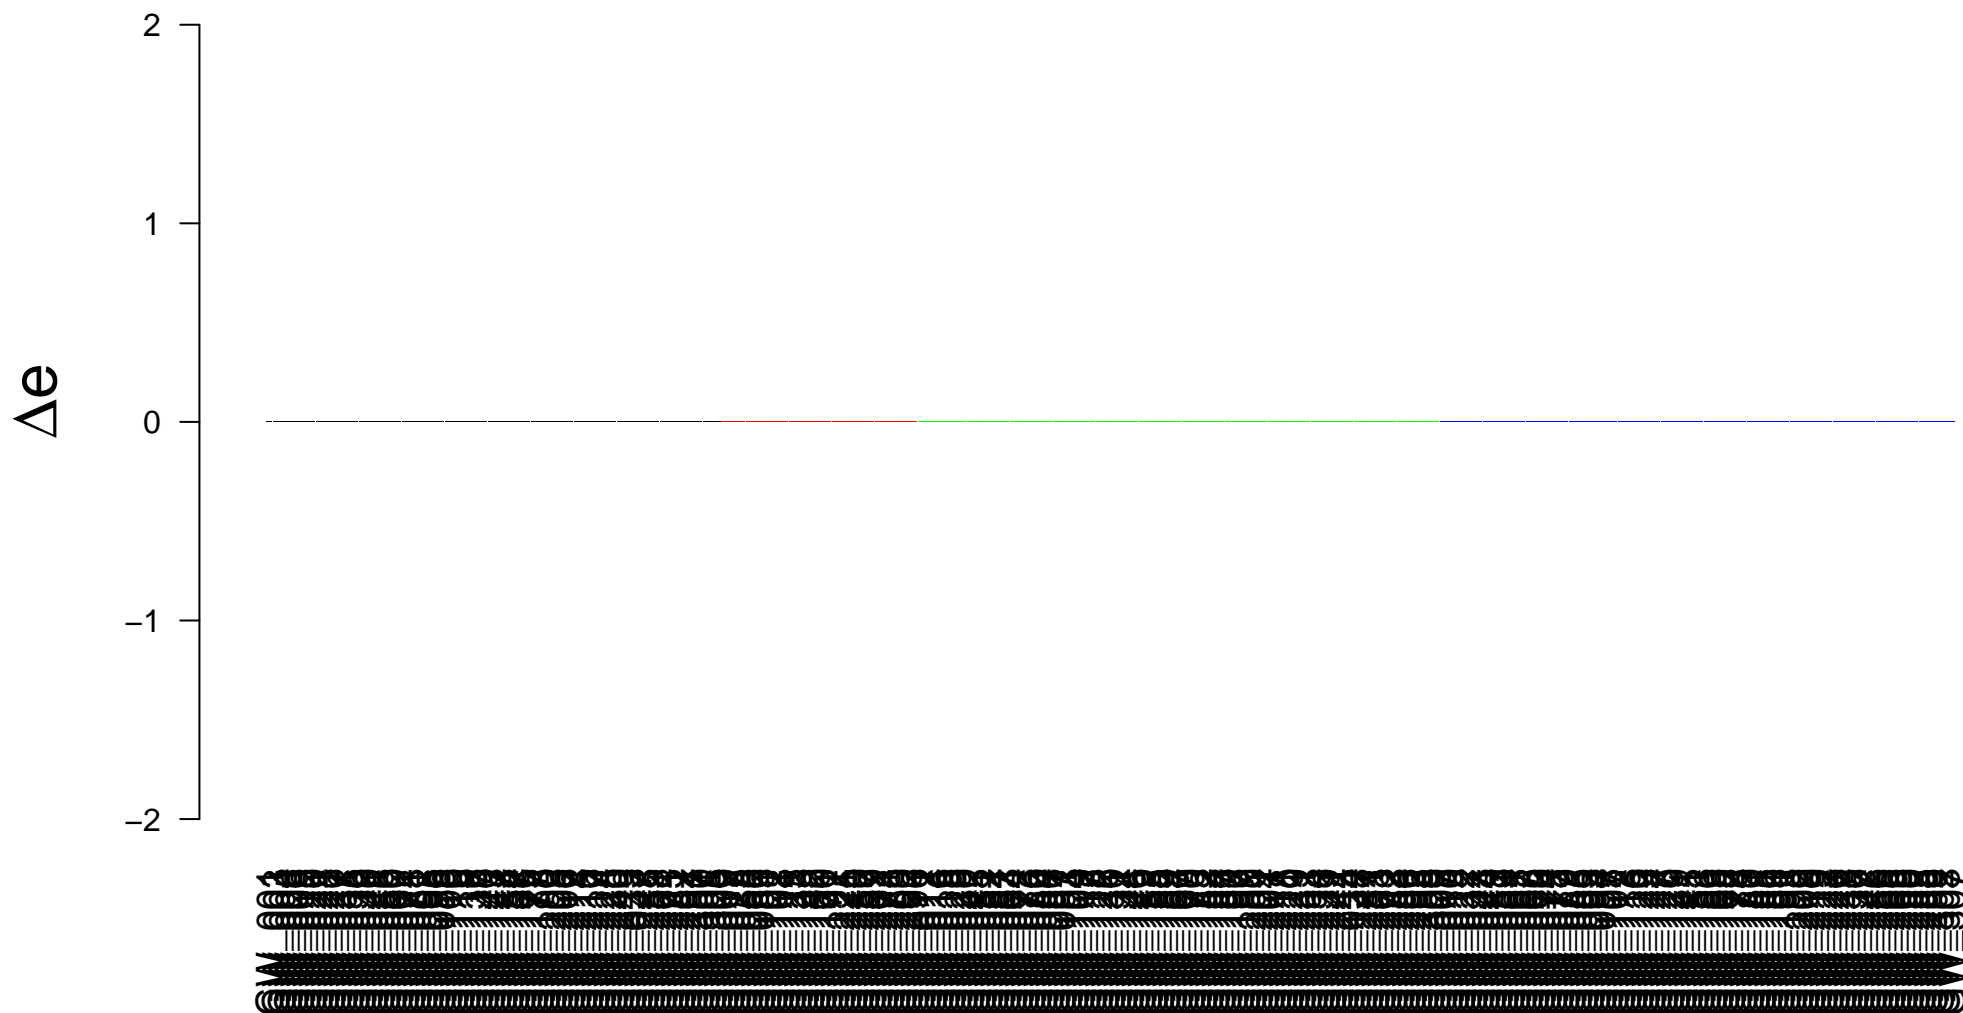

Expression of structural molecule activity in Spot O

Expression of structural molecule activity in Spot P

Expression of structural molecule activity in Spot Q

Expression of structural molecule activity in Spot R
