

termination of G-protein coupled receptor signaling pathway

termination of G-protein coupled receptor signaling pathway

Enrichment in spots: termination of G-protein coupled receptor signaling pathway

Expression of termination of G-protein coupled receptor signaling pathway in Spot A

Expression of termination of G-protein coupled receptor signaling pathway in Spot B

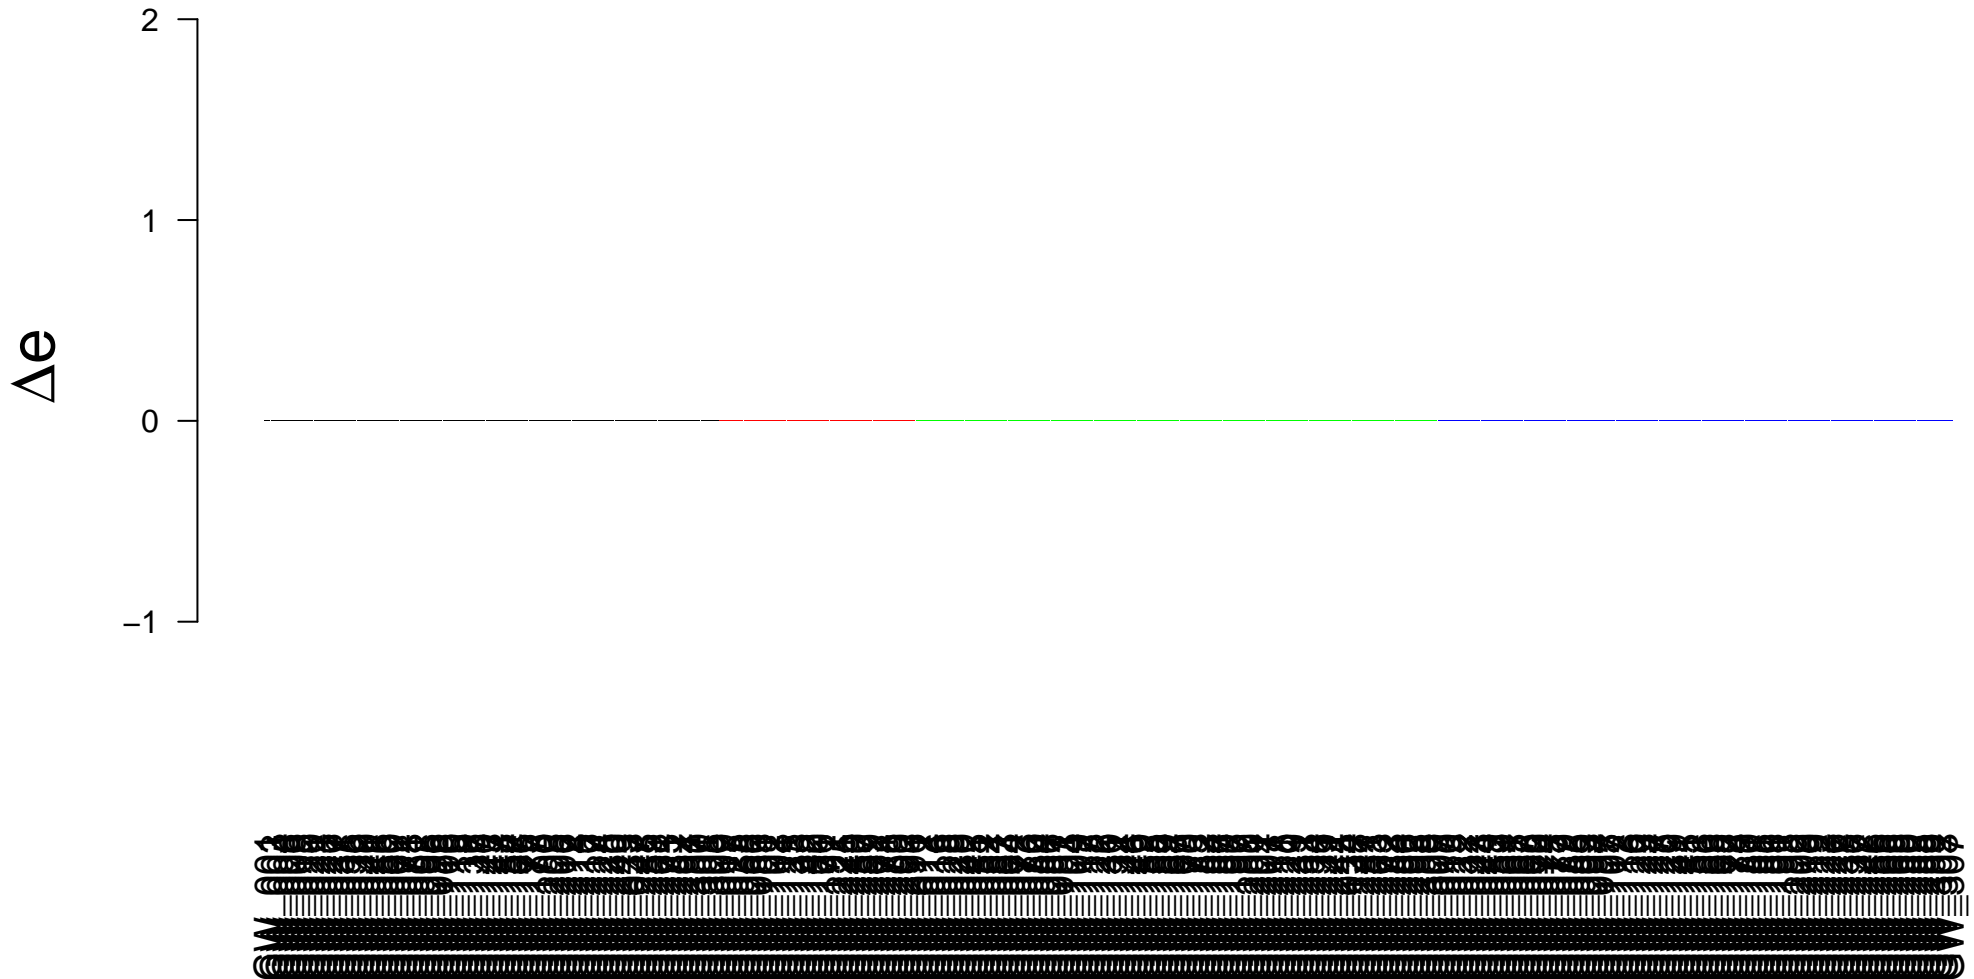

Expression of termination of G-protein coupled receptor signaling pathway in Spot C

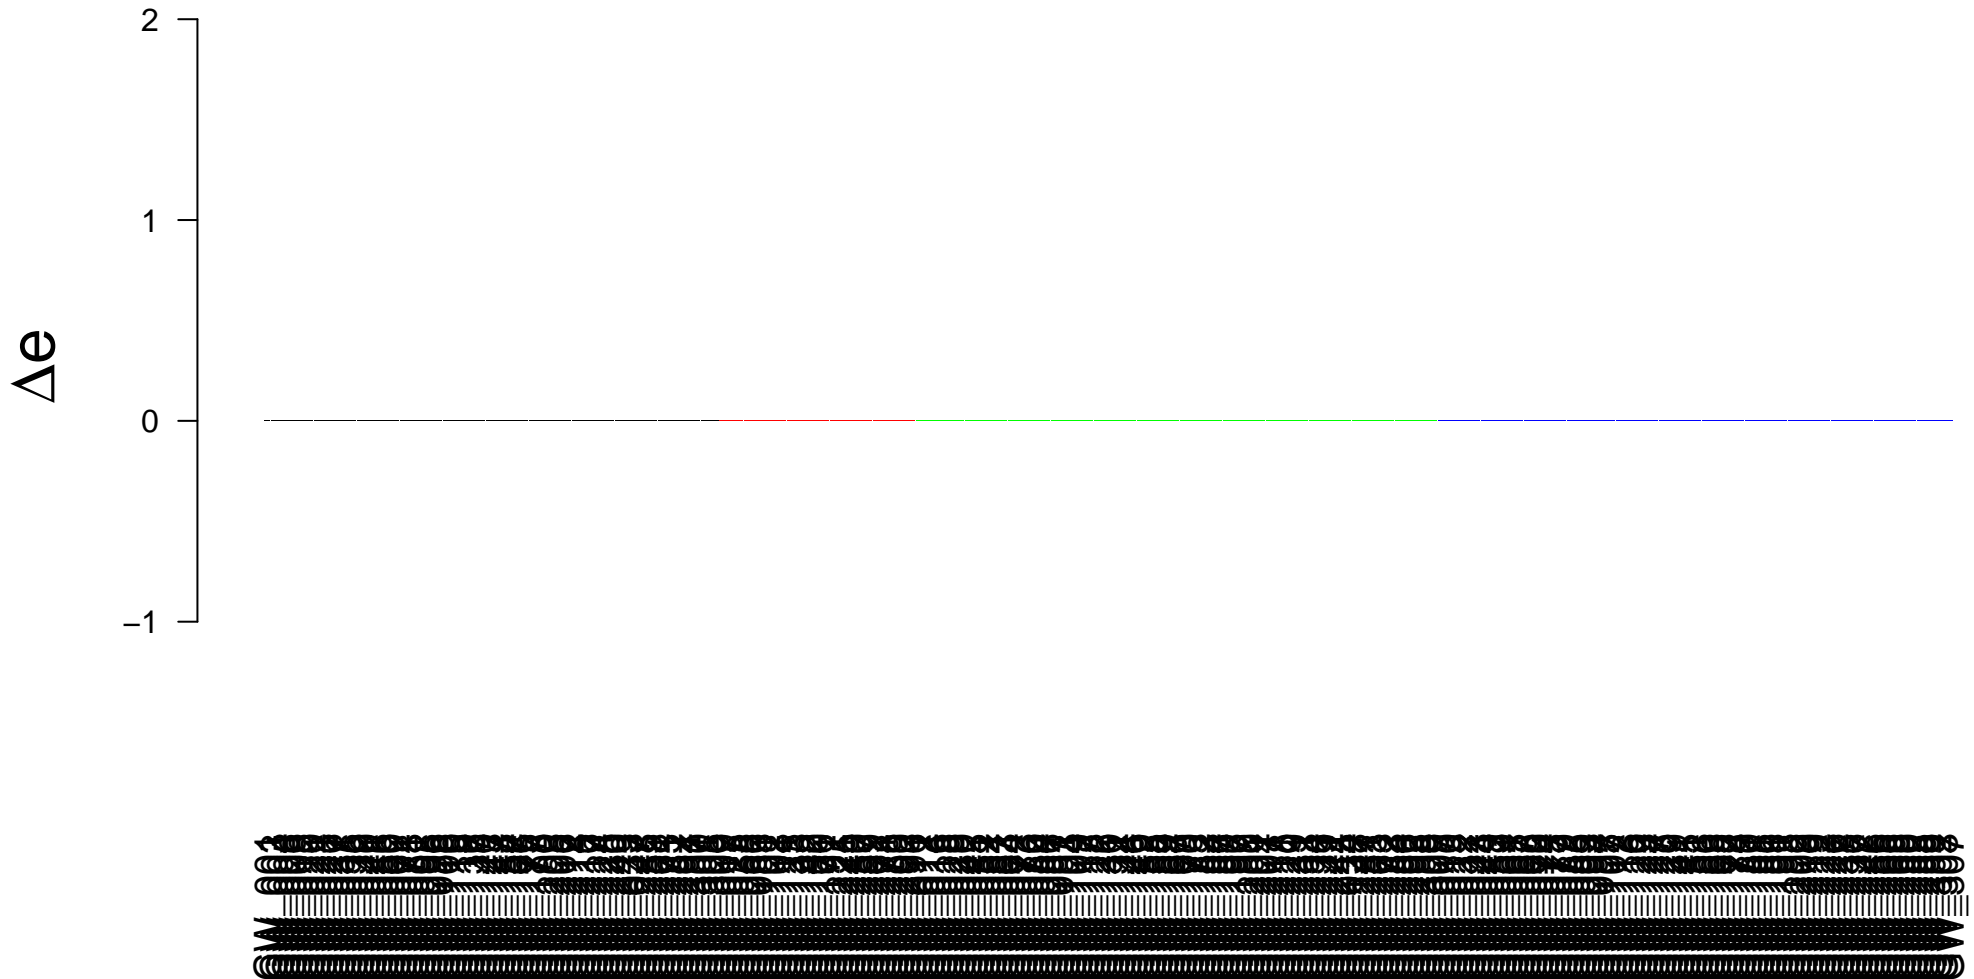

Expression of termination of G-protein coupled receptor signaling pathway in Spot D

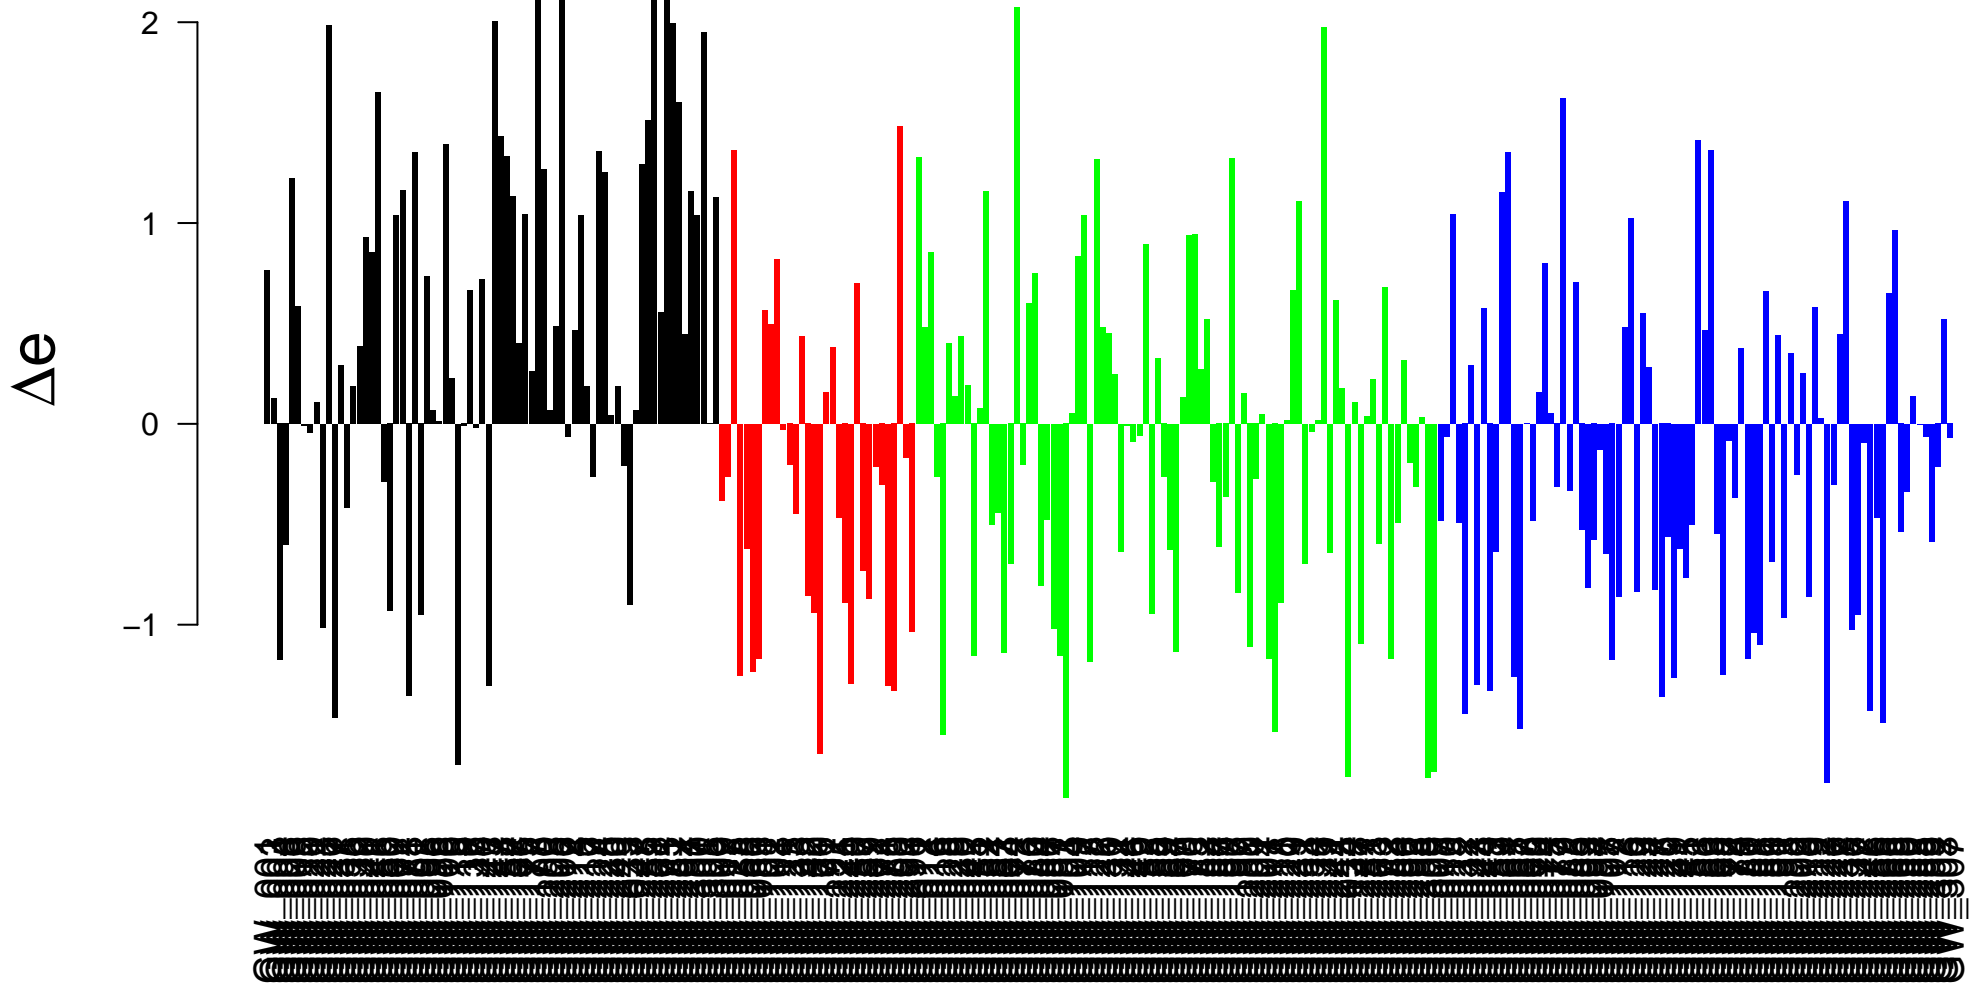

Expression of termination of G-protein coupled receptor signaling pathway in Spot E

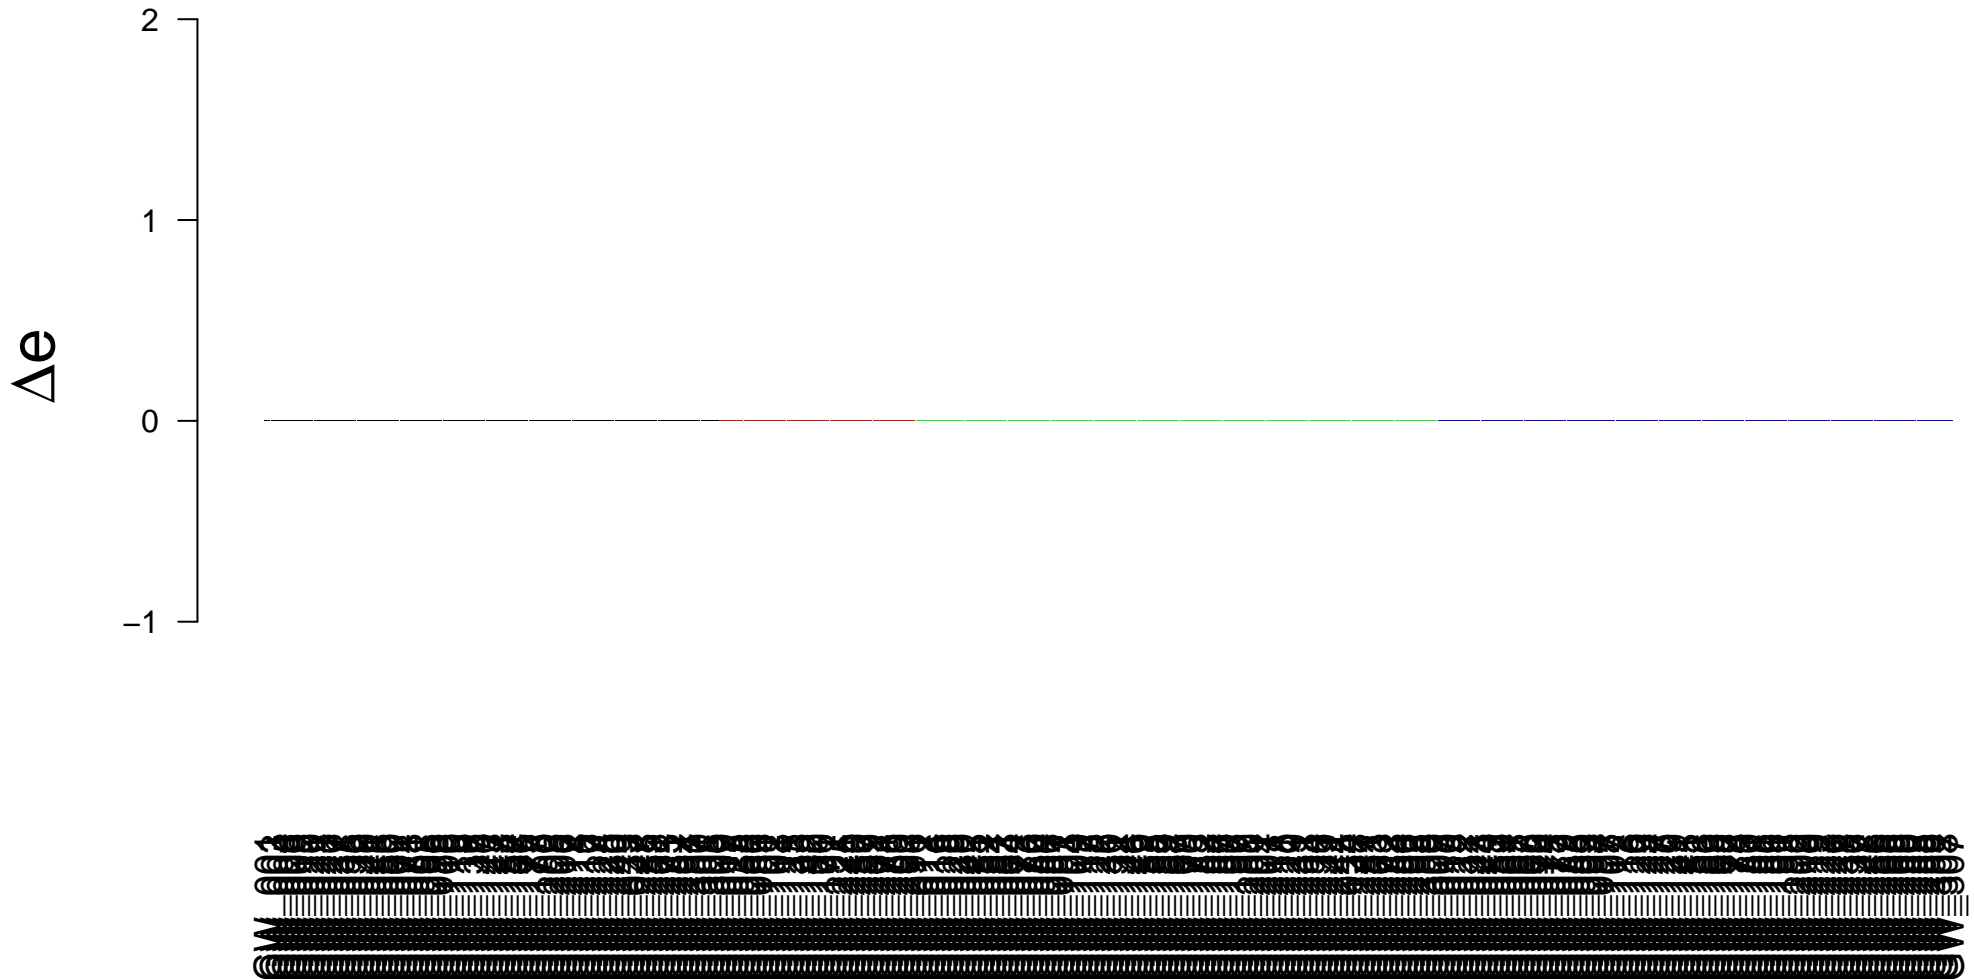

Expression of termination of G-protein coupled receptor signaling pathway in Spot F

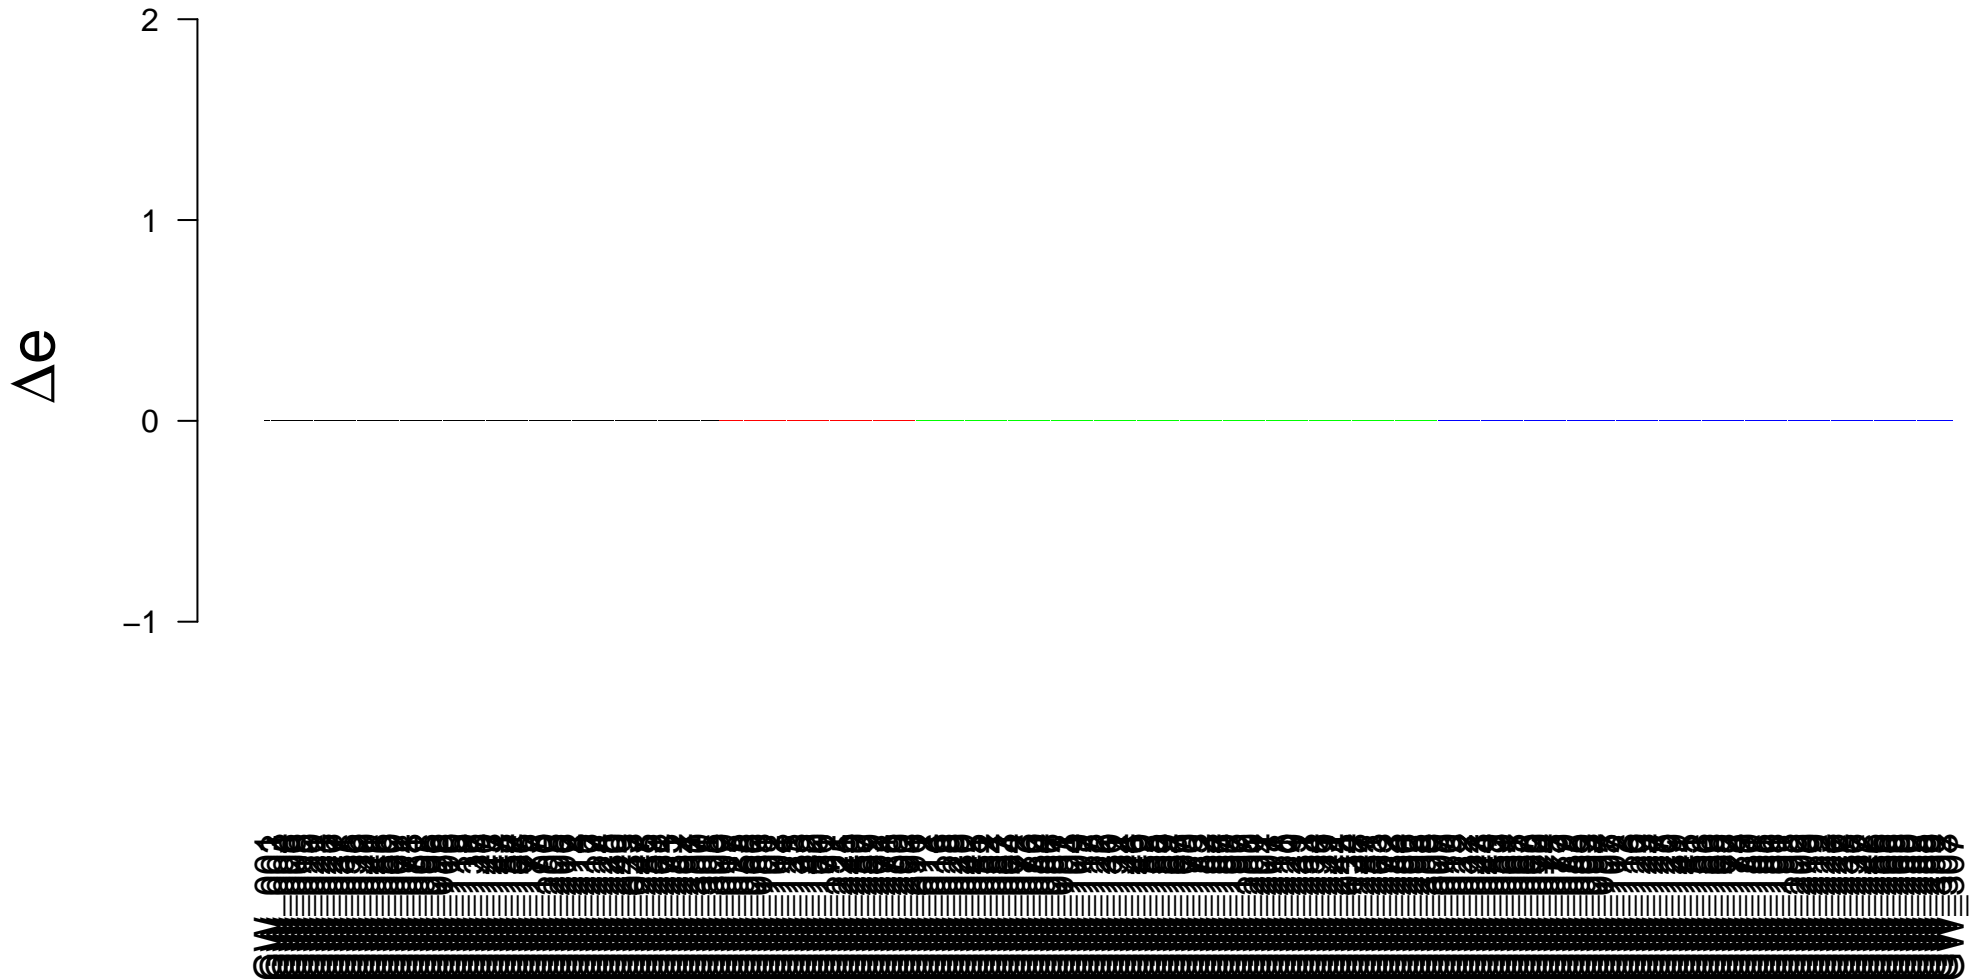

Expression of termination of G-protein coupled receptor signaling pathway in Spot G

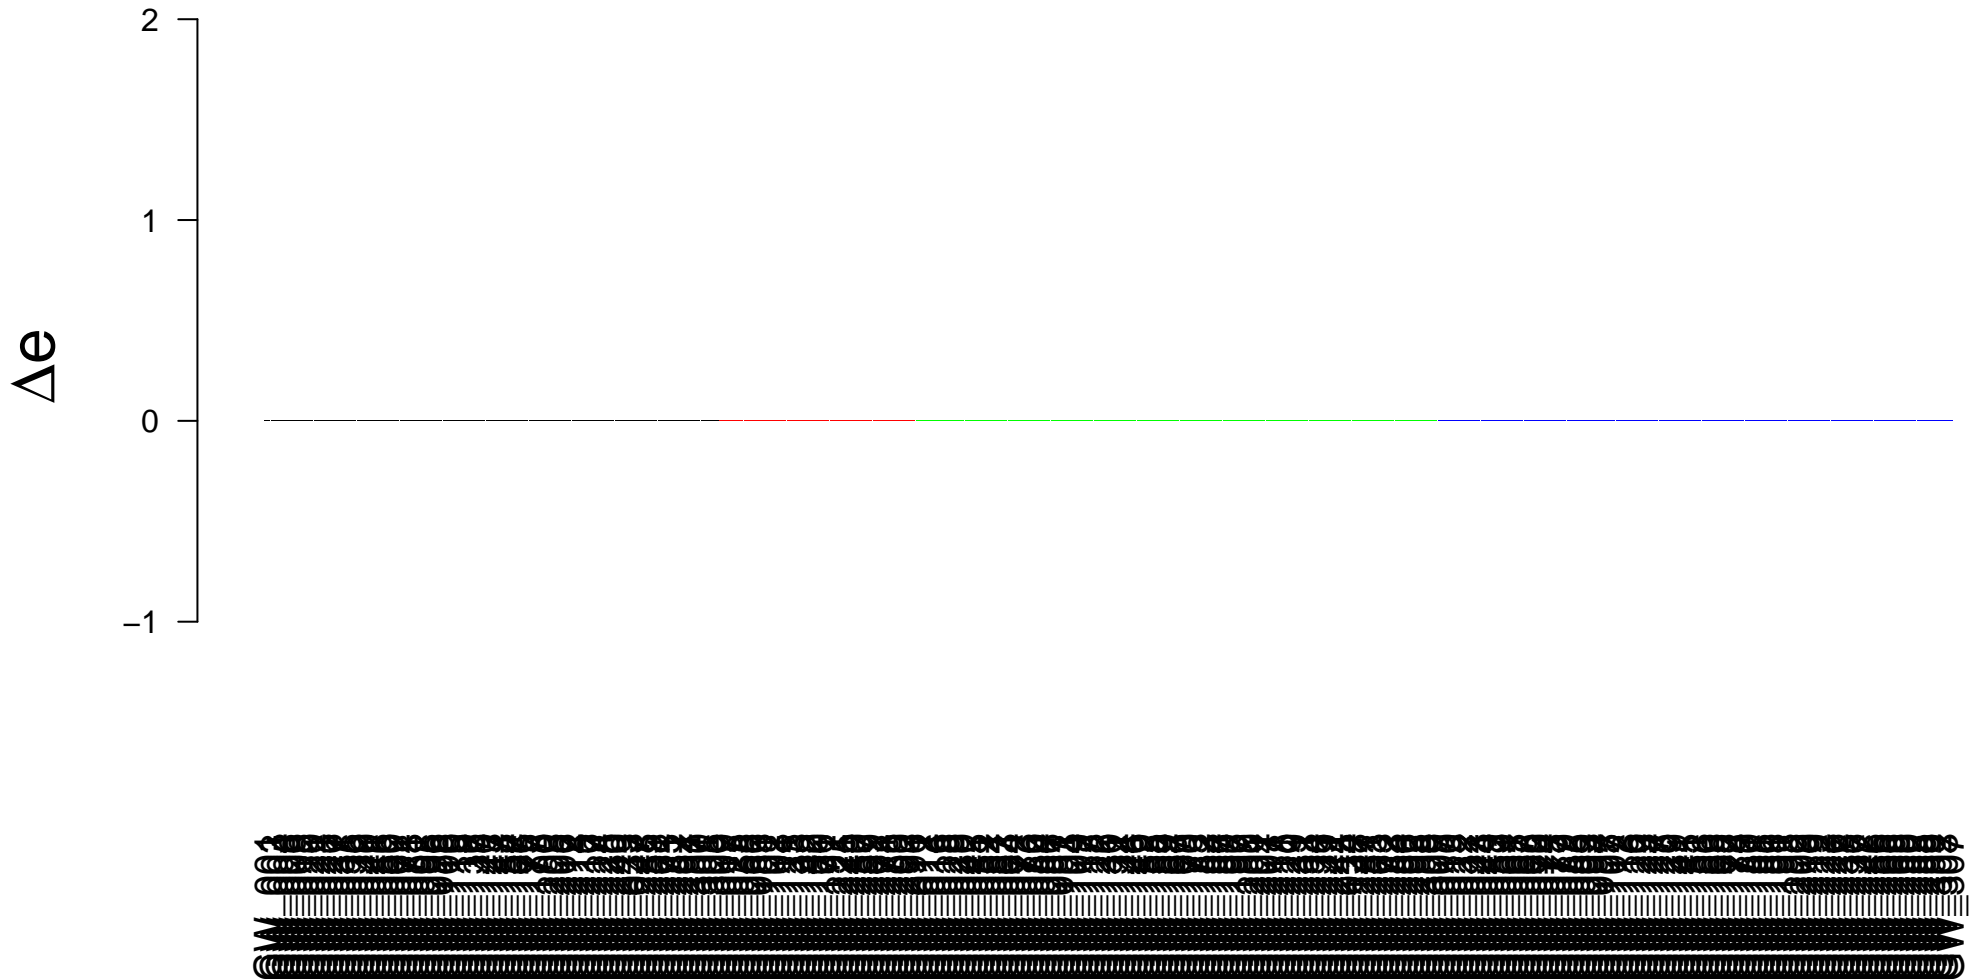

Expression of termination of G-protein coupled receptor signaling pathway in Spot H

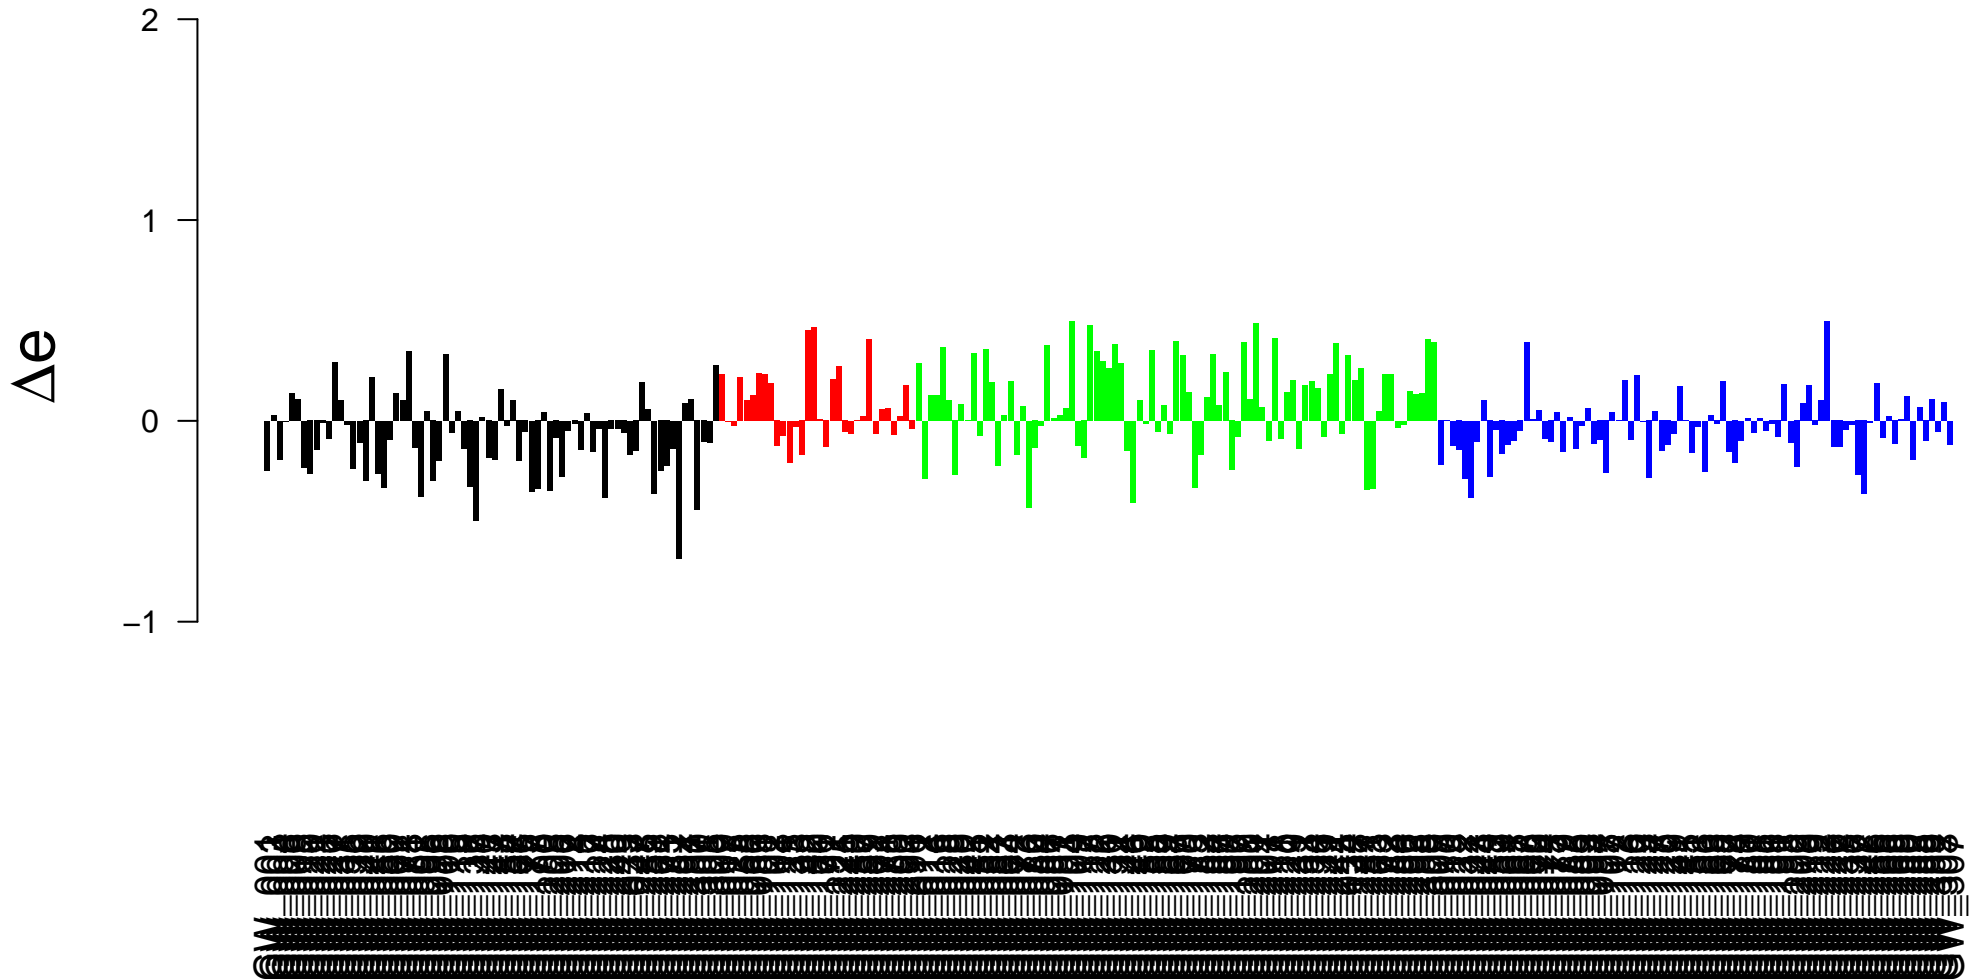

Expression of termination of G-protein coupled receptor signaling pathway in Spot I

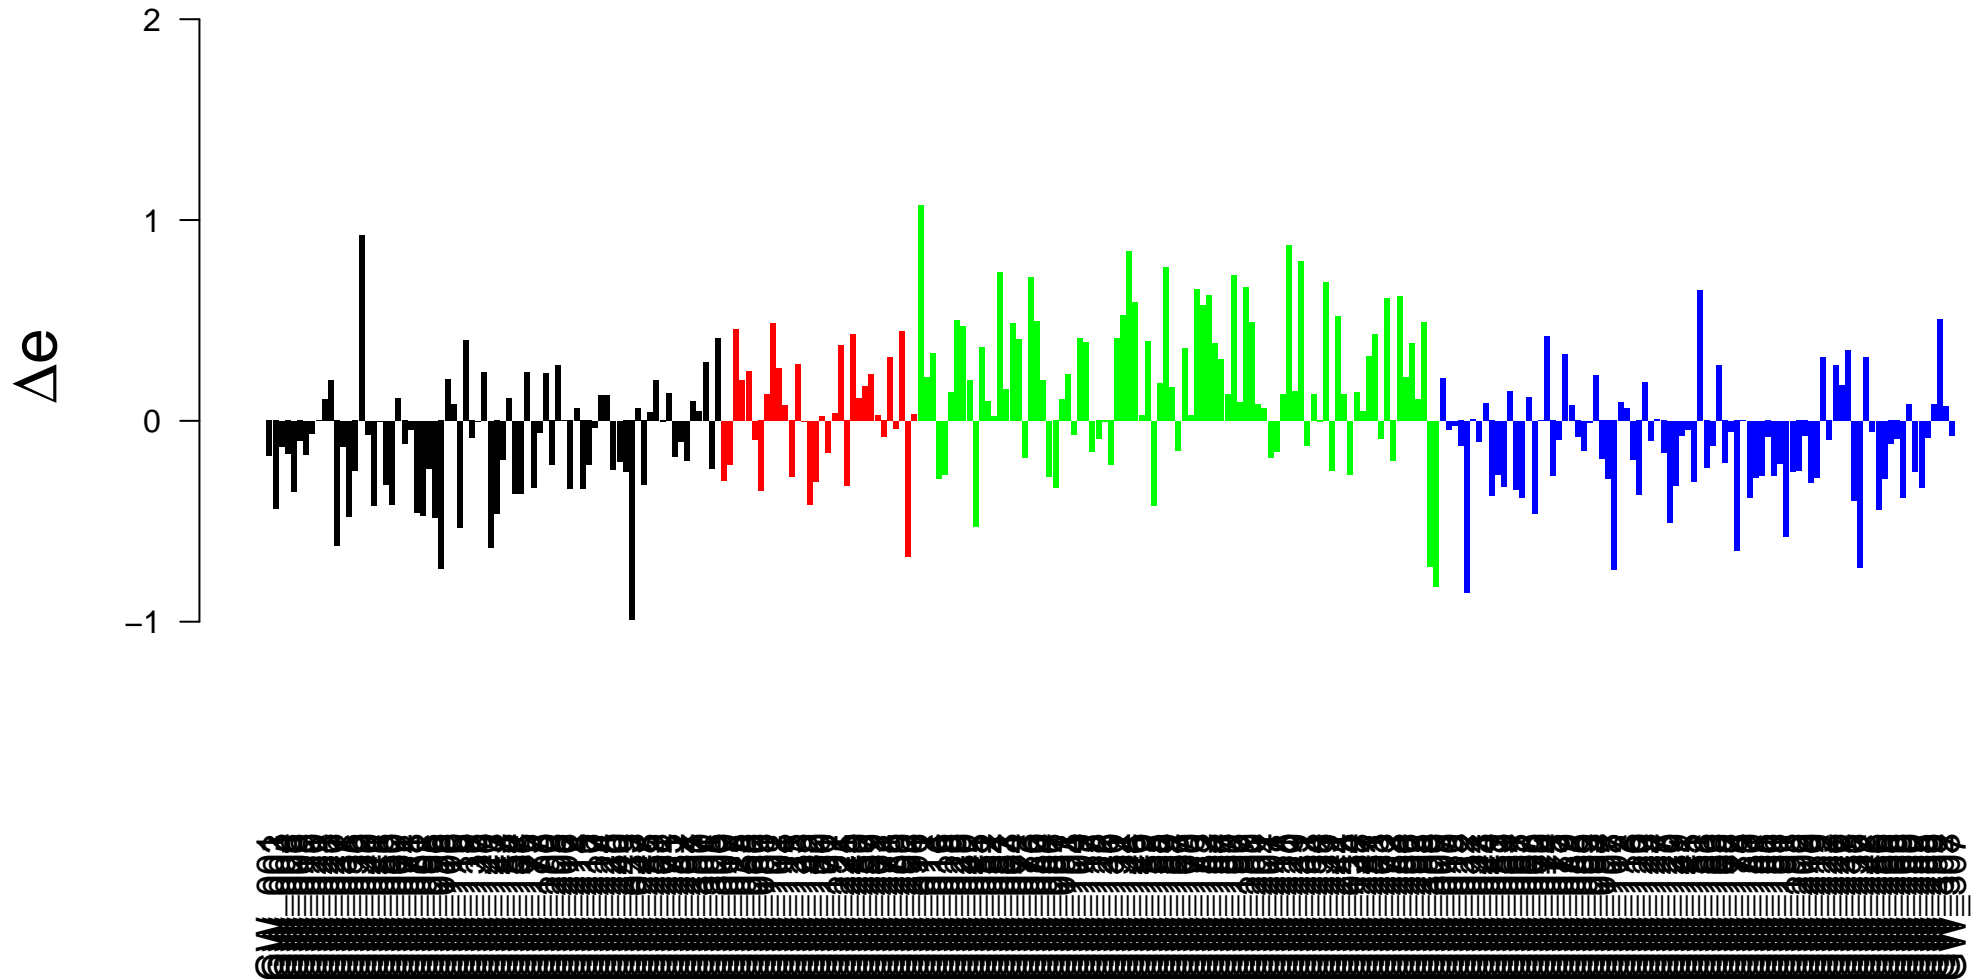

Expression of termination of G-protein coupled receptor signaling pathway in Spot J

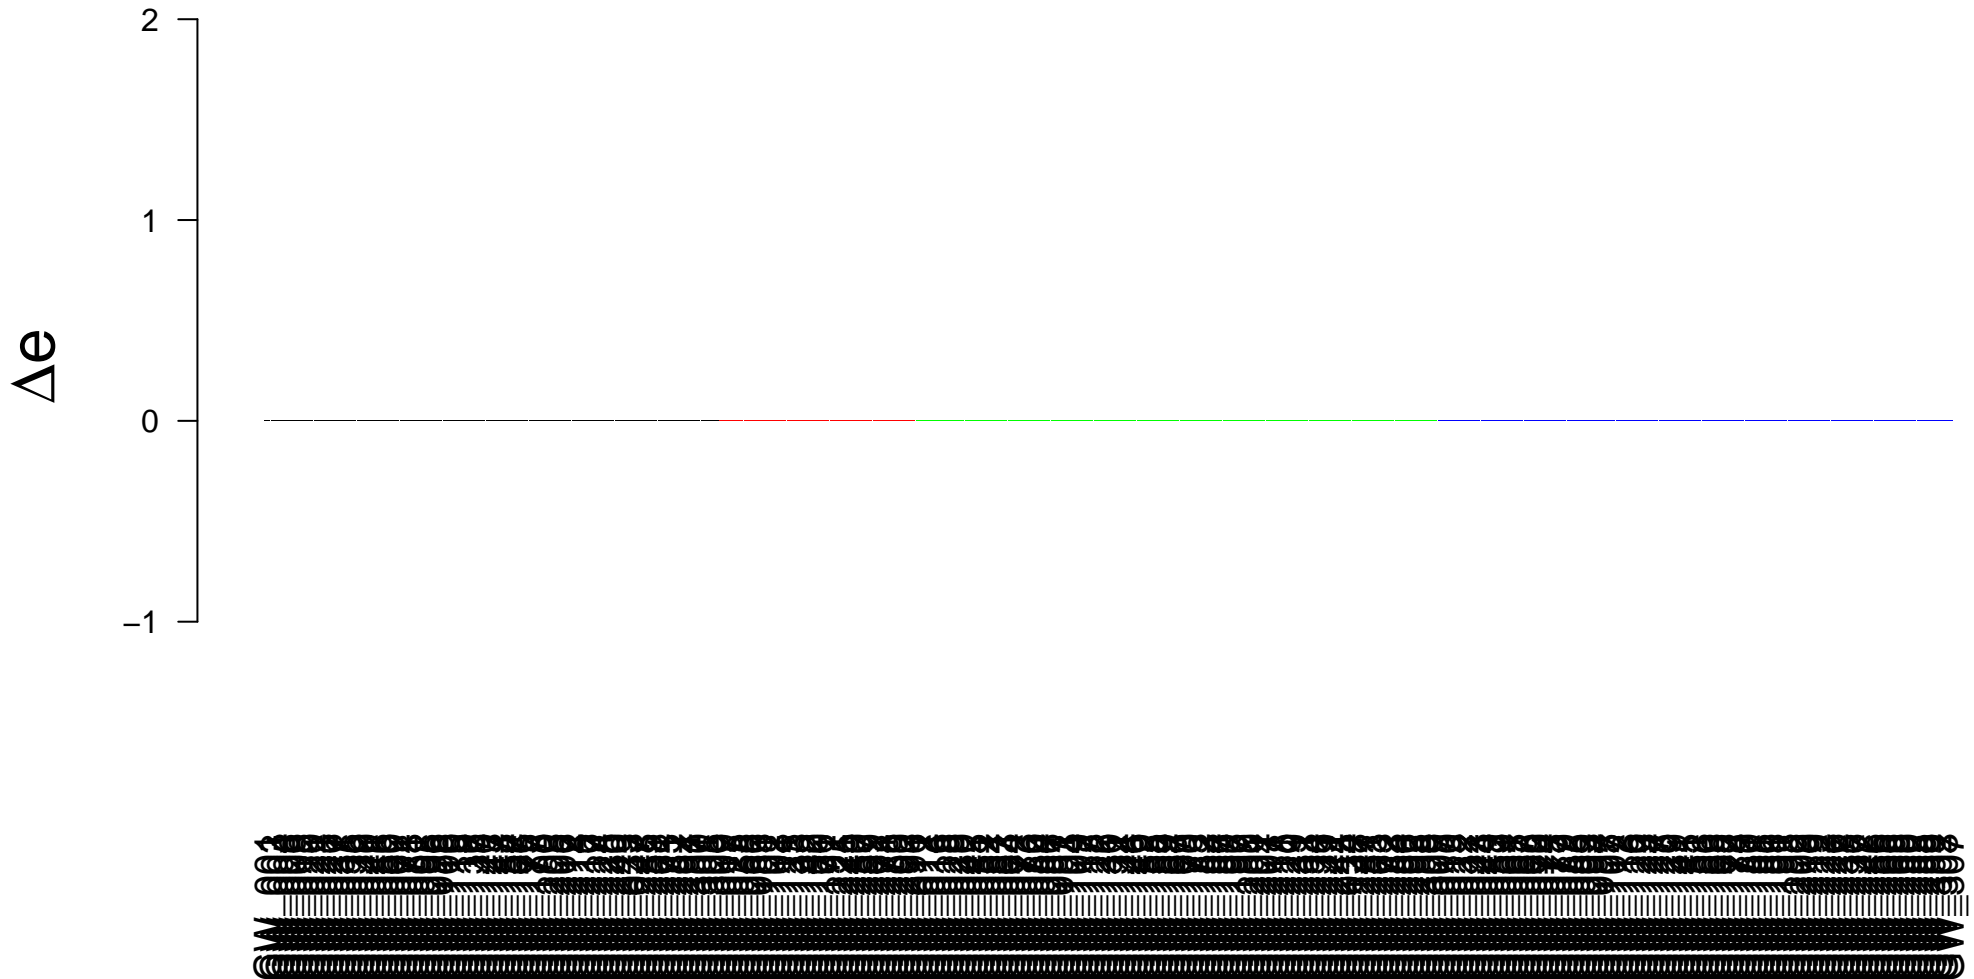

Expression of termination of G-protein coupled receptor signaling pathway in Spot K

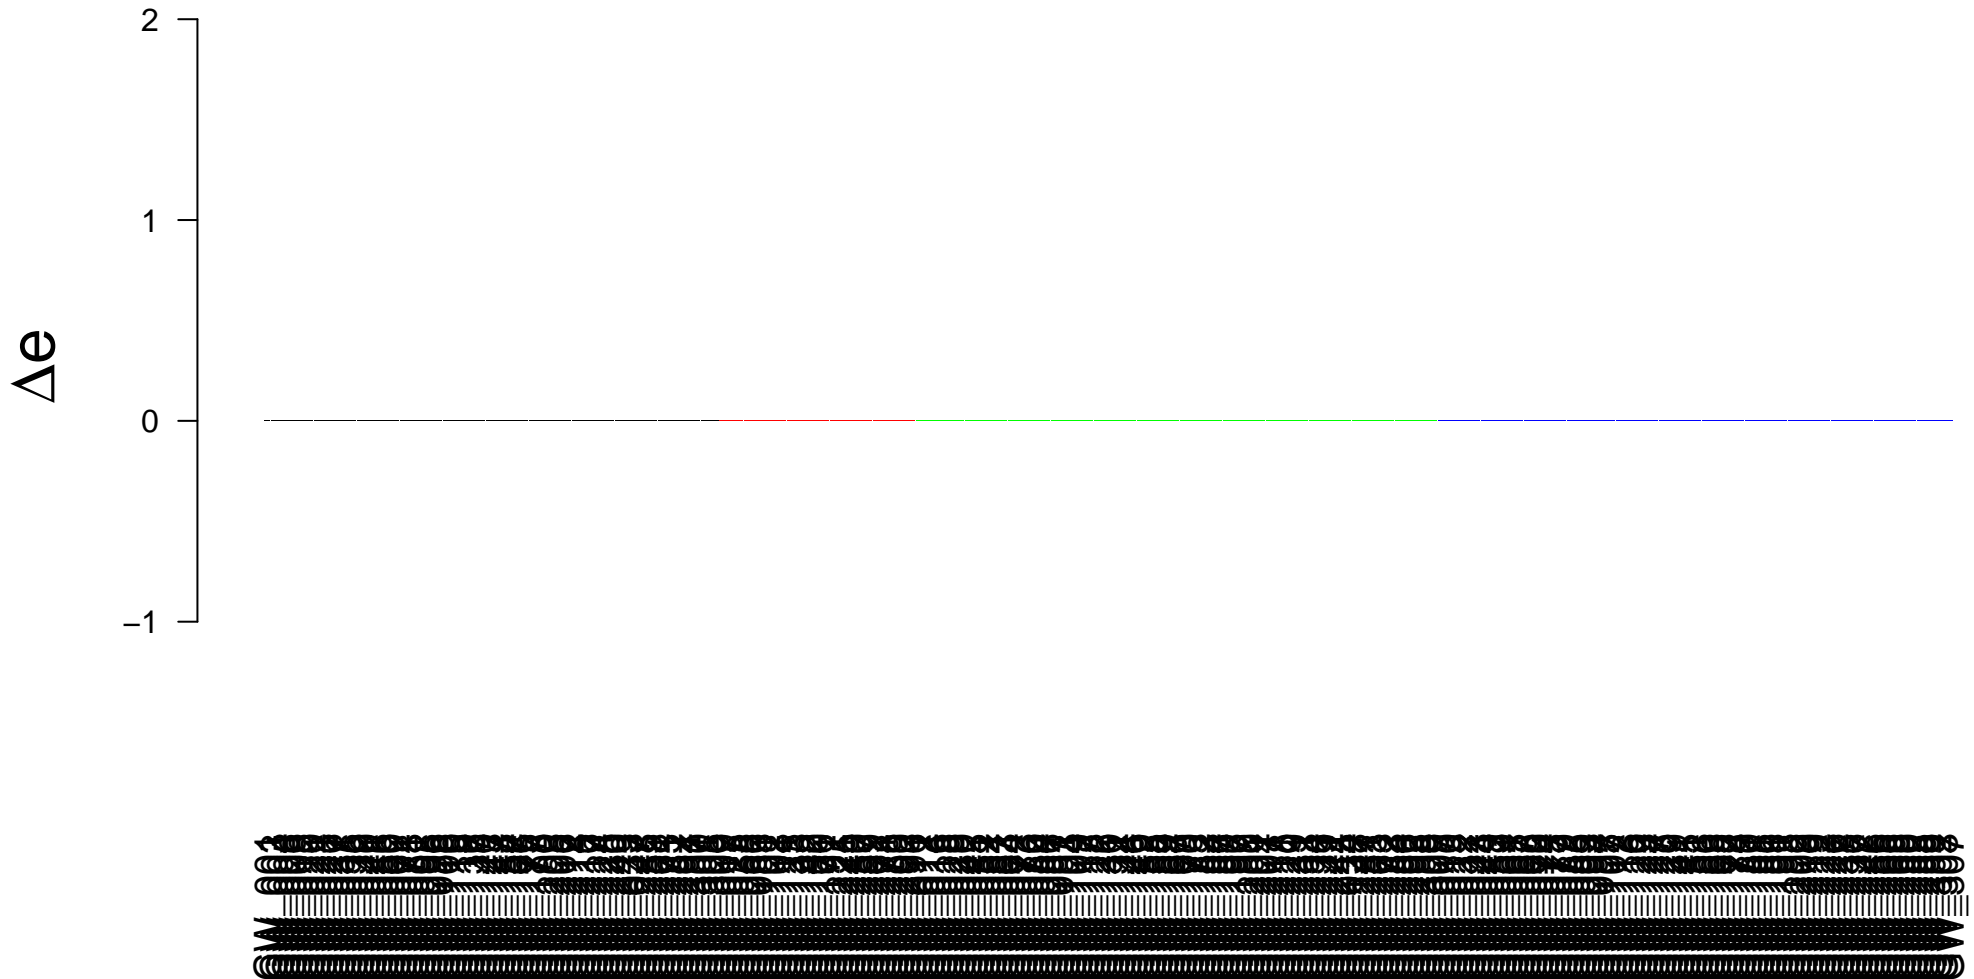

Expression of termination of G-protein coupled receptor signaling pathway in Spot L

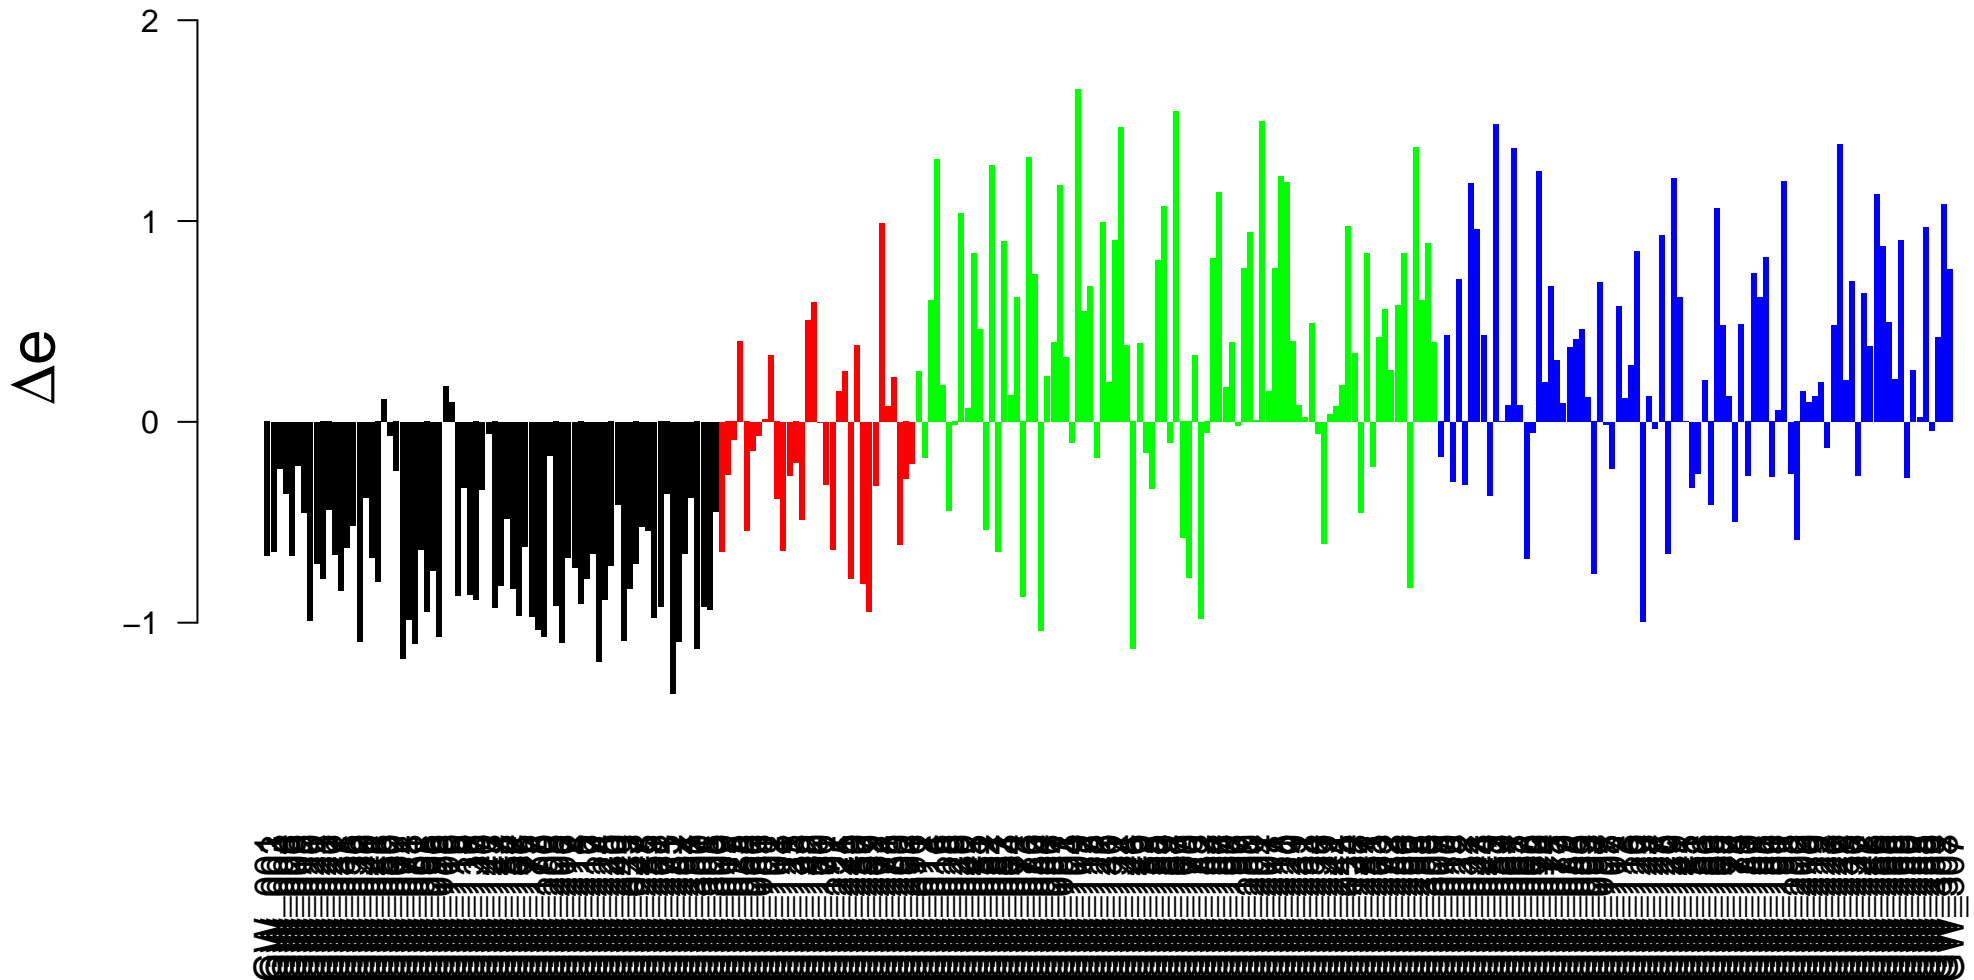

Expression of termination of G-protein coupled receptor signaling pathway in Spot M

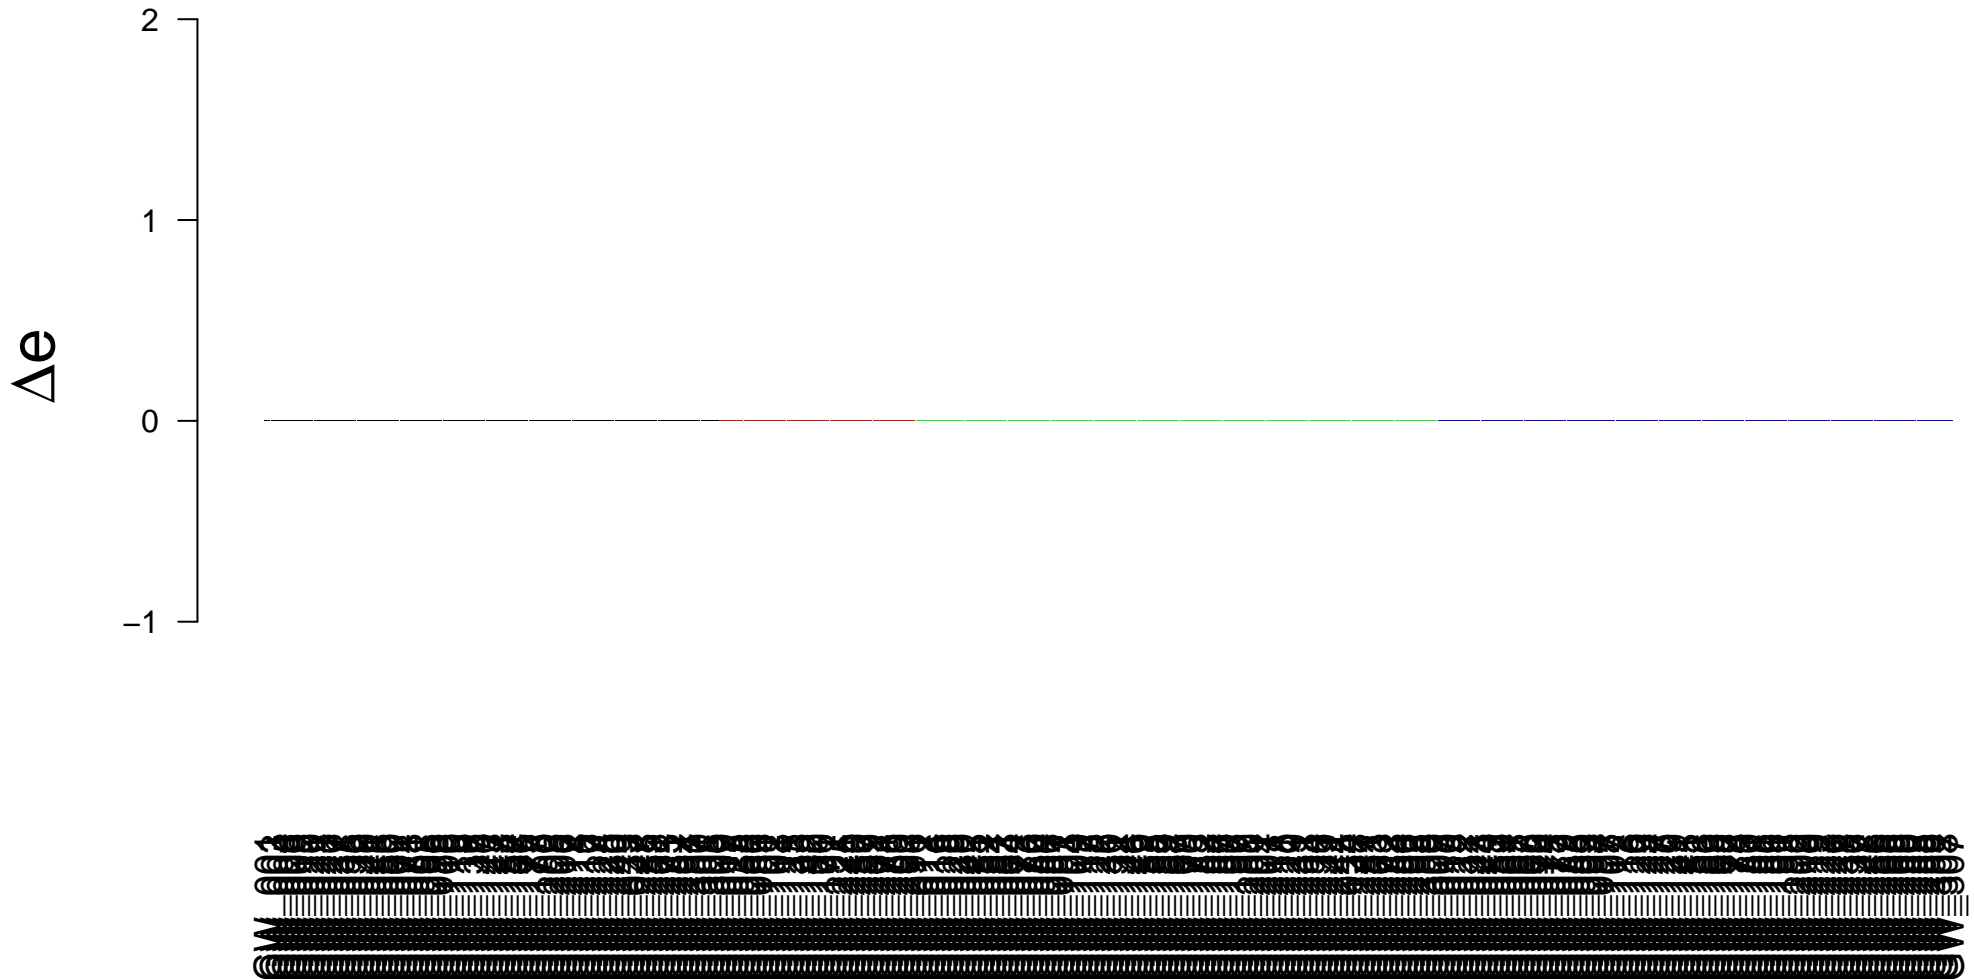

Expression of termination of G-protein coupled receptor signaling pathway in Spot N

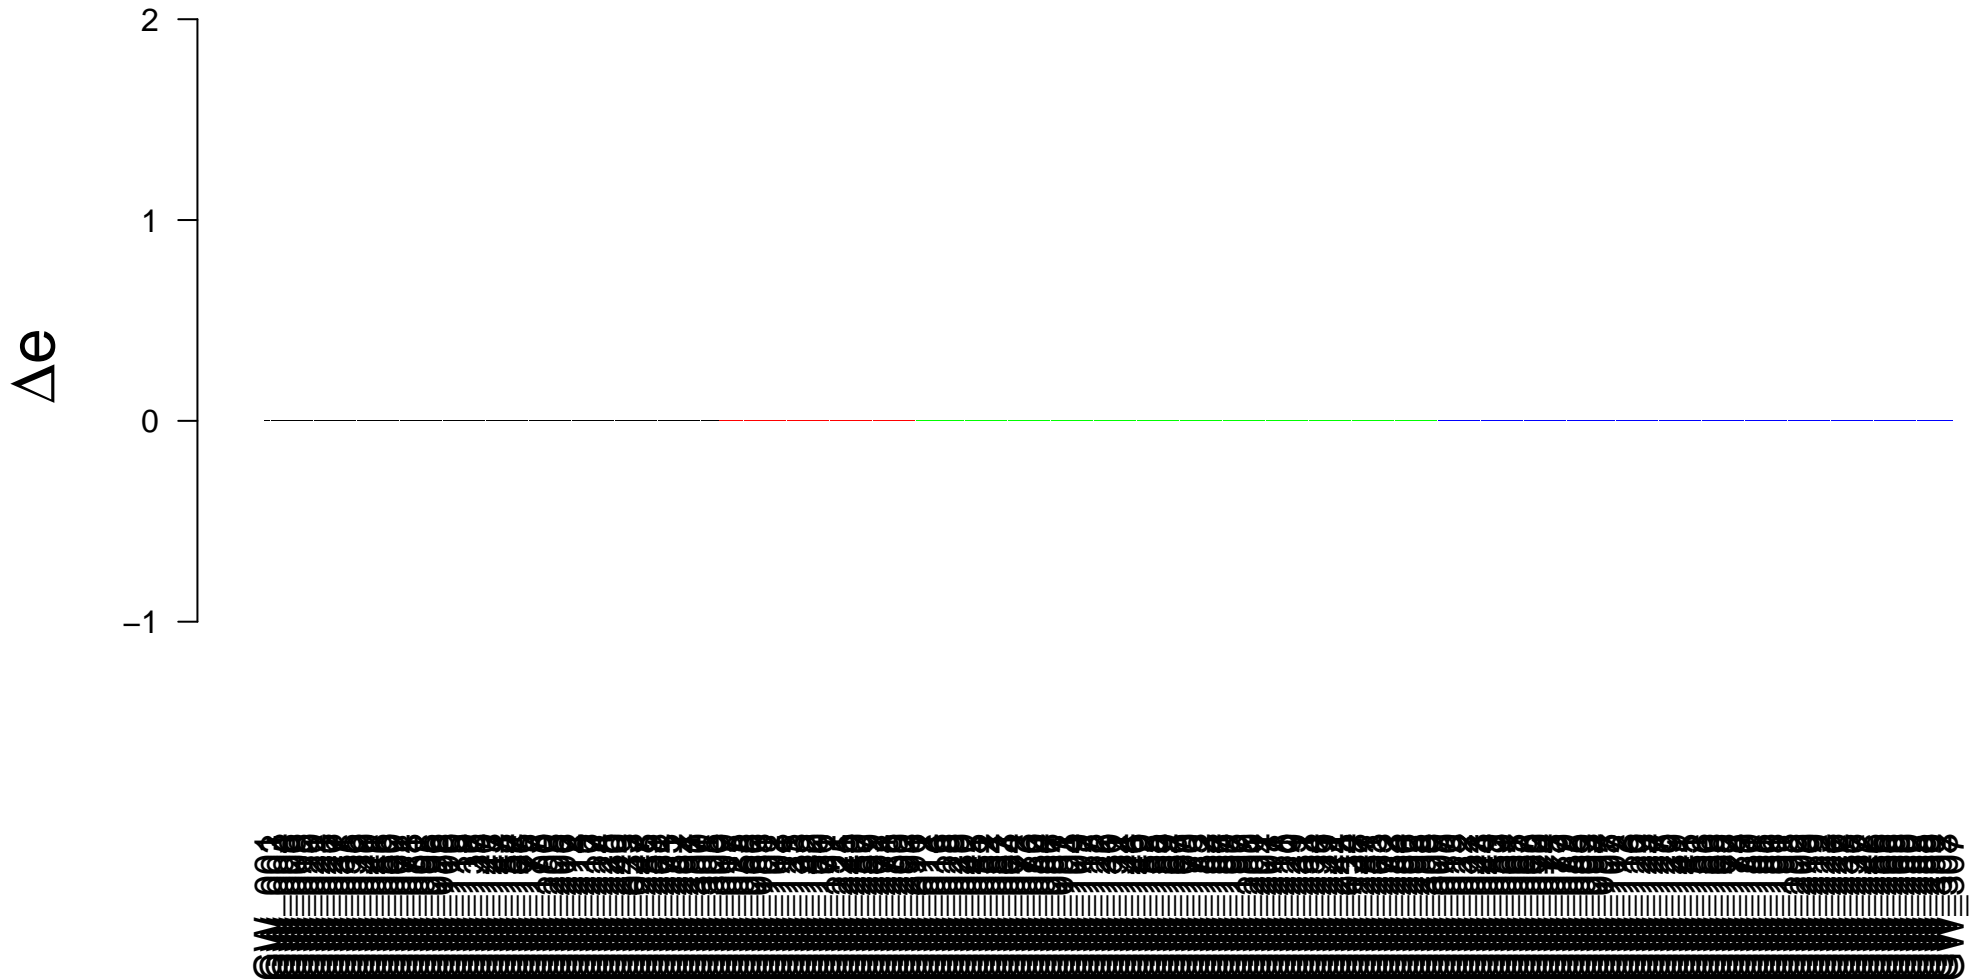

Expression of termination of G-protein coupled receptor signaling pathway in Spot O

Expression of termination of G-protein coupled receptor signaling pathway in Spot P

Expression of termination of G-protein coupled receptor signaling pathway in Spot Q

Expression of termination of G-protein coupled receptor signaling pathway in Spot R
