

transcription regulatory region DNA binding

transcription regulatory region DNA binding

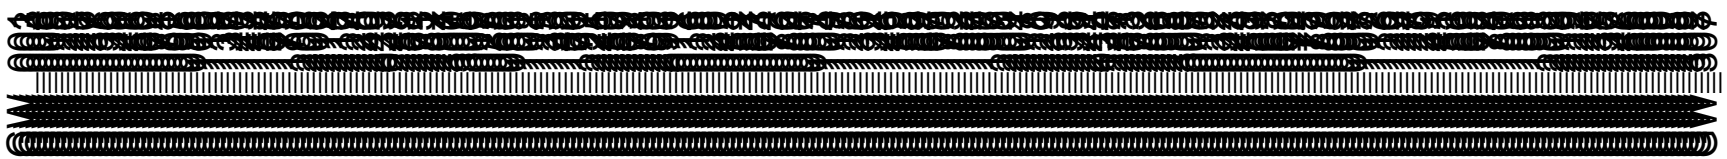

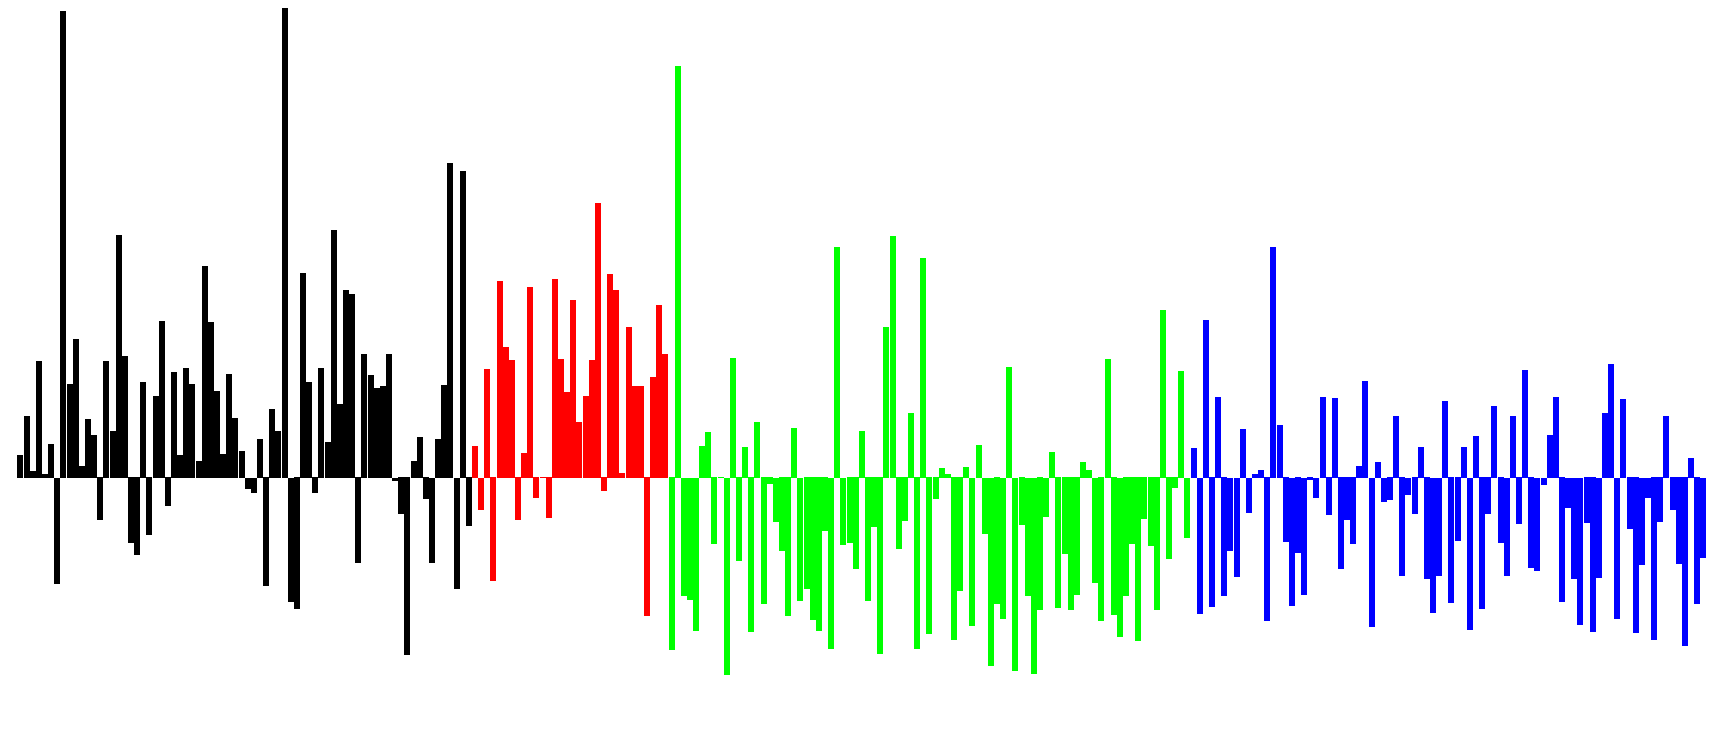

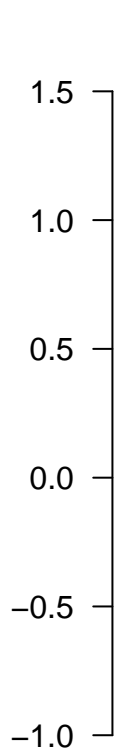

Enrichment in spots: transcription regulatory region DNA binding

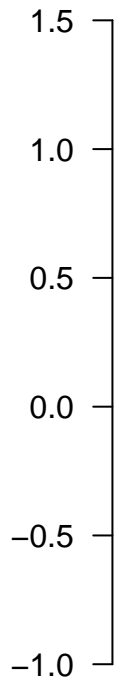

Expression of transcription regulatory region DNA binding in Spot A

Δe

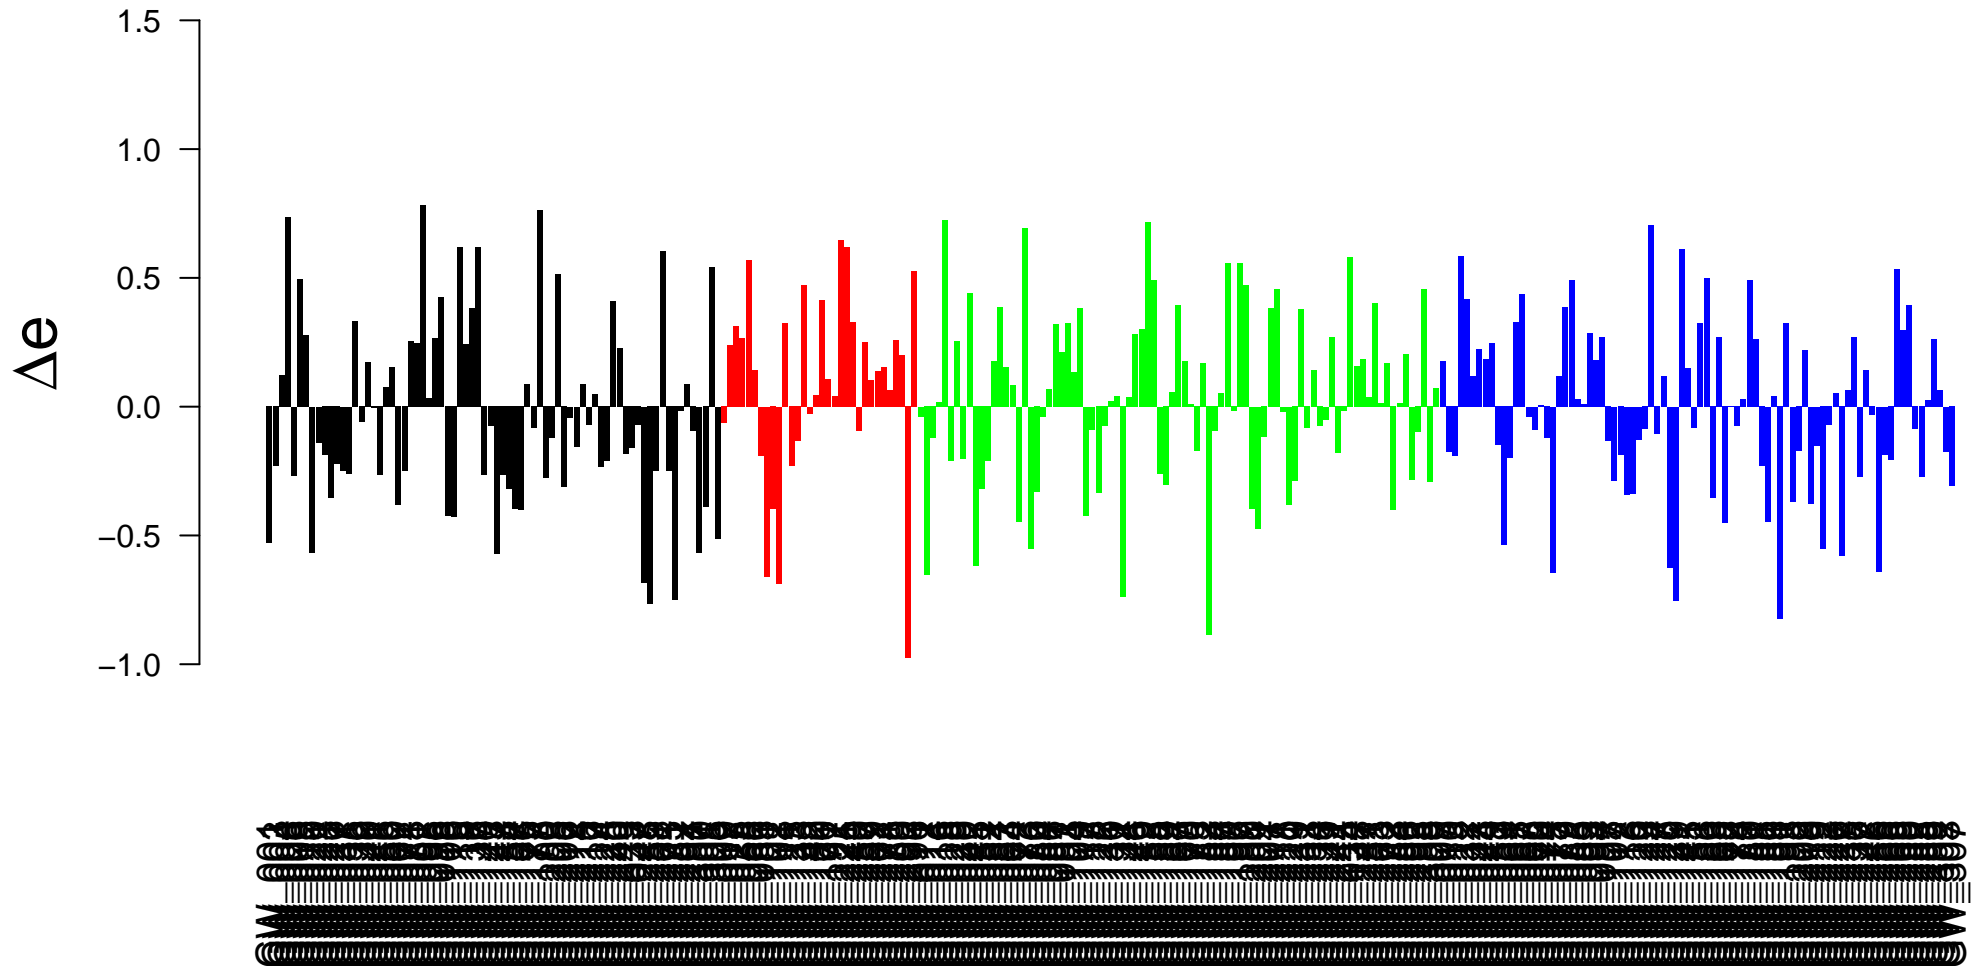

Expression of transcription regulatory region DNA binding in Spot B

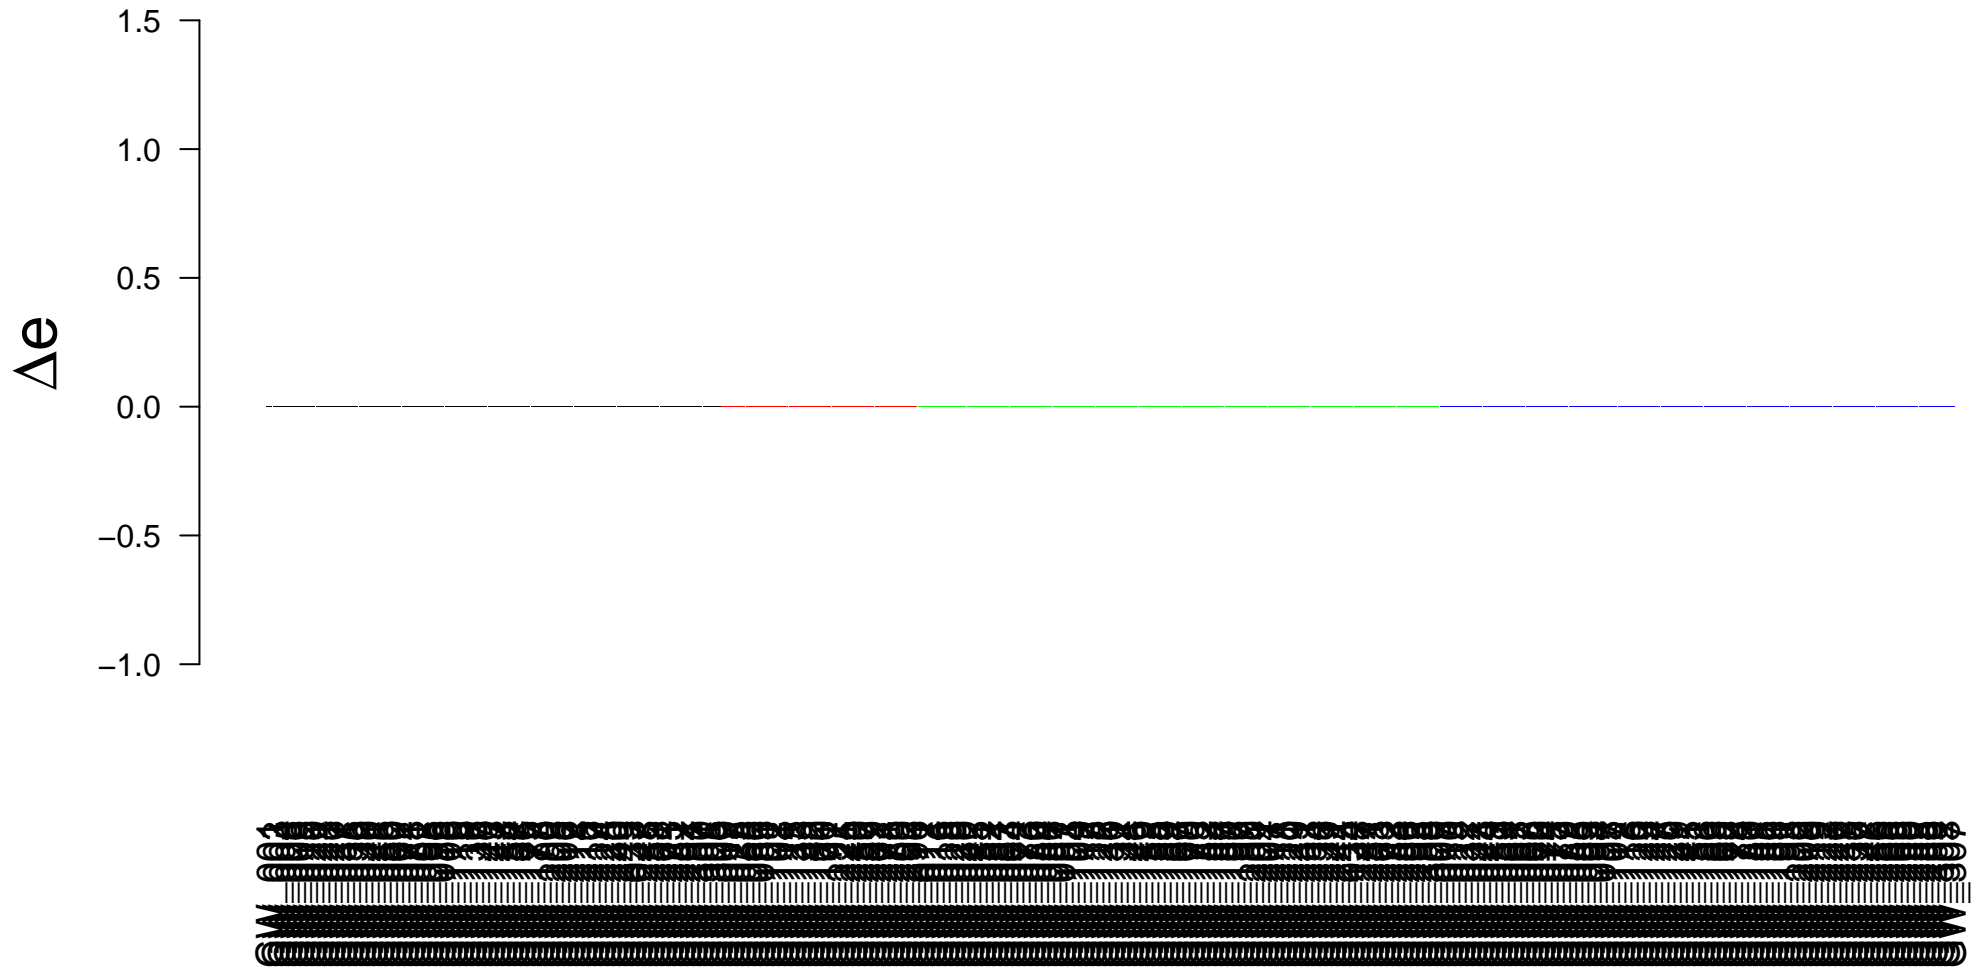

Δe

Expression of transcription regulatory region DNA binding in Spot C

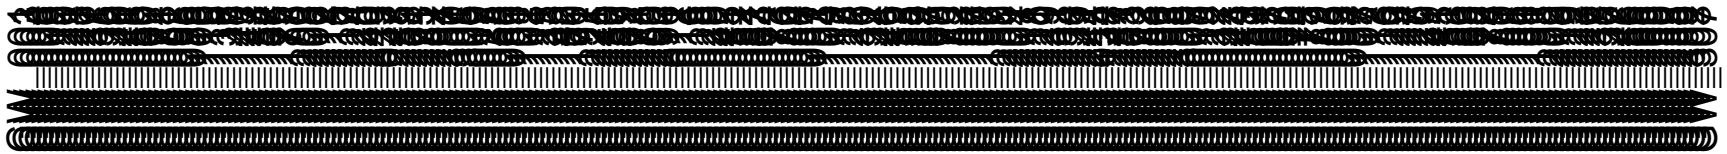

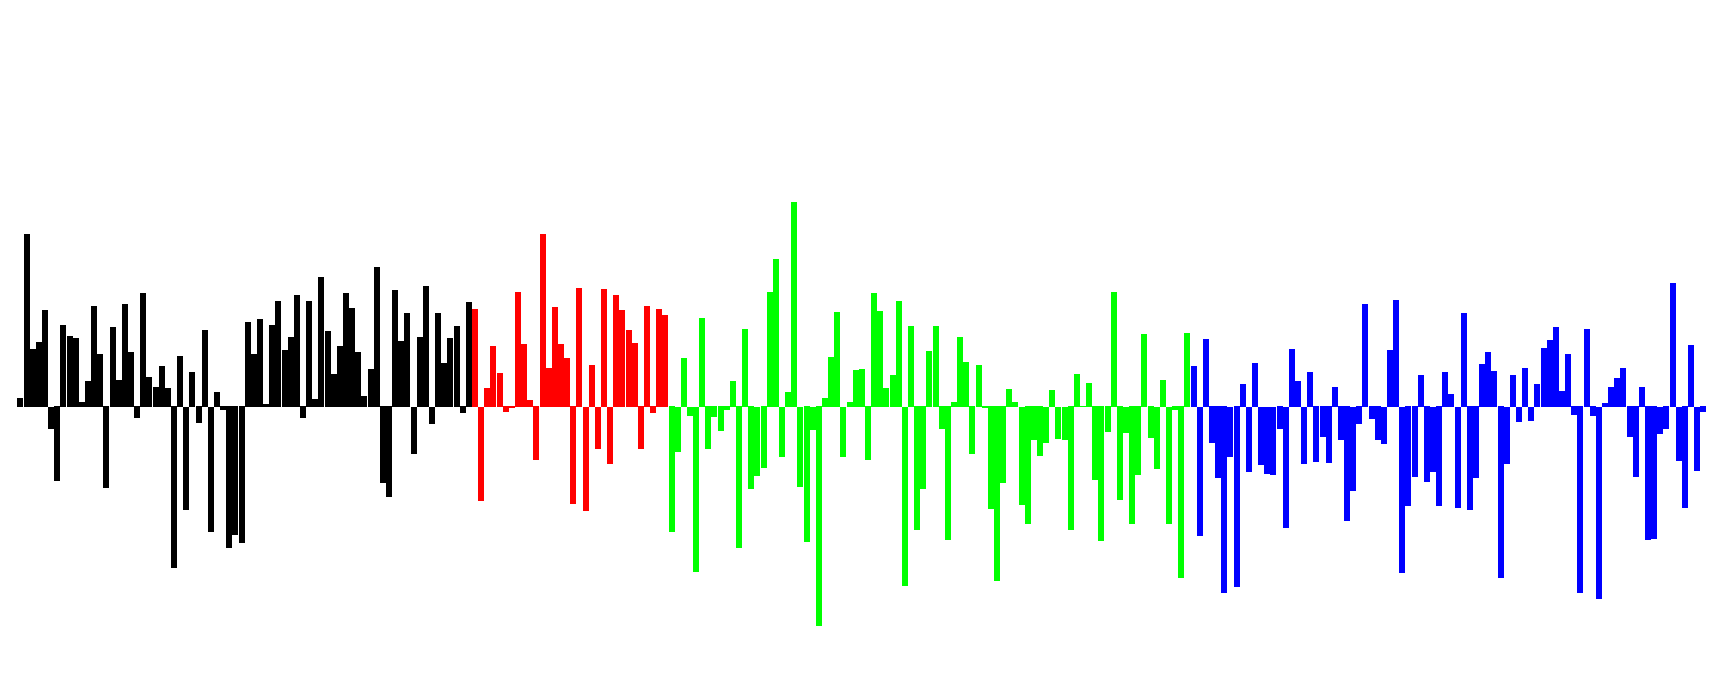

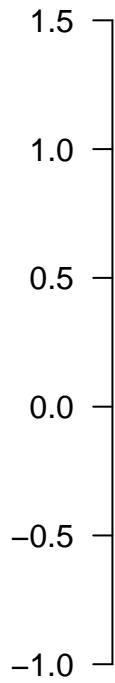

Expression of transcription regulatory region DNA binding in Spot D

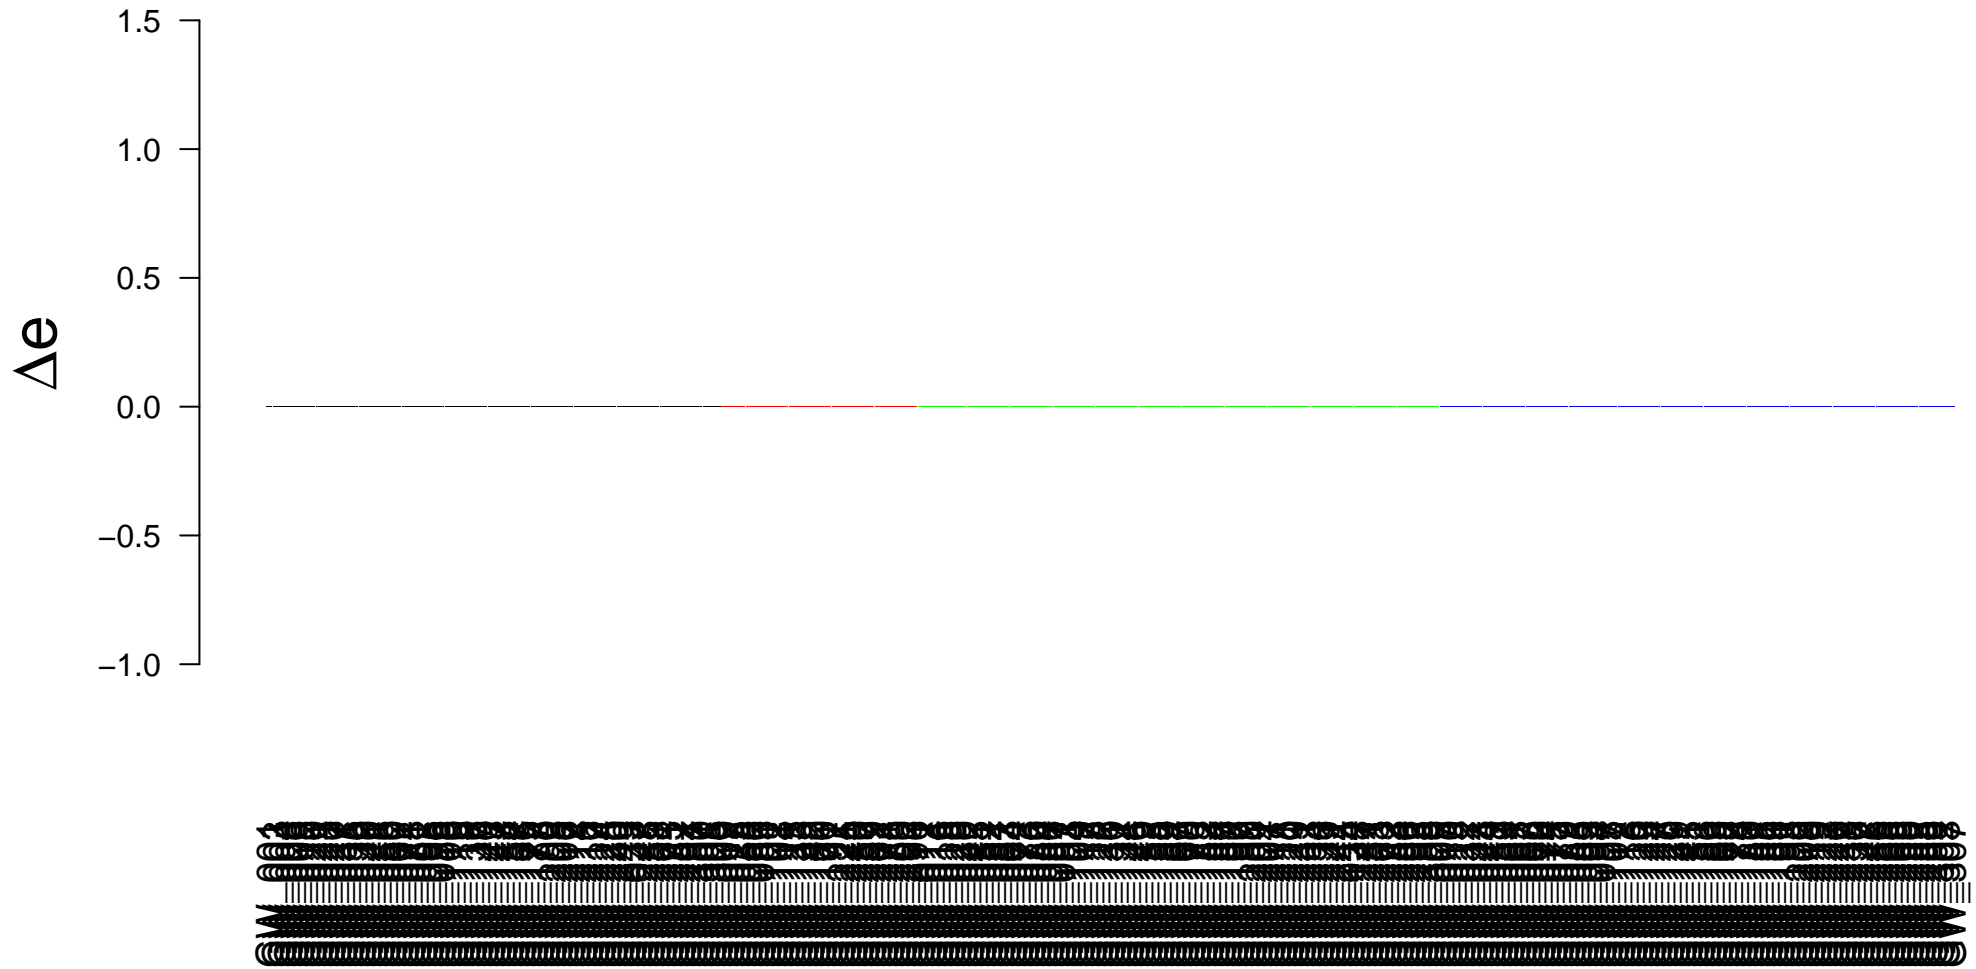

Expression of transcription regulatory region DNA binding in Spot E

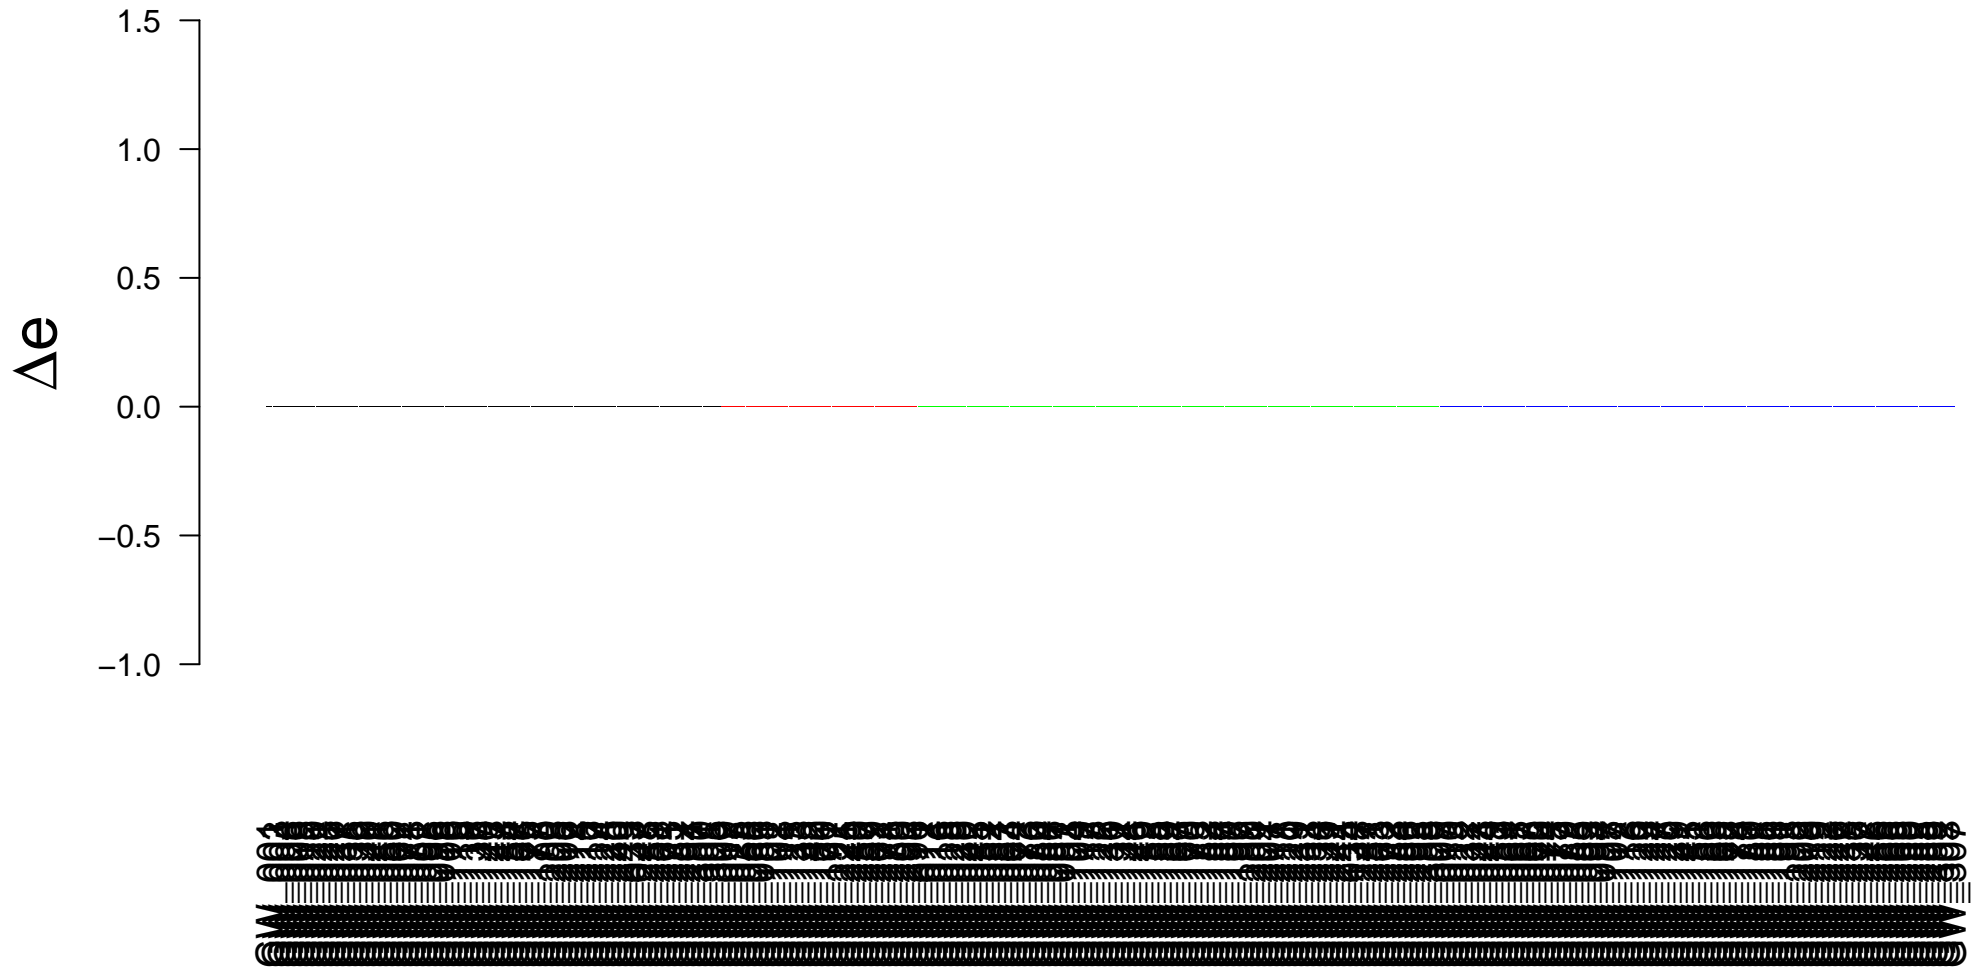

Δe

Expression of transcription regulatory region DNA binding in Spot F

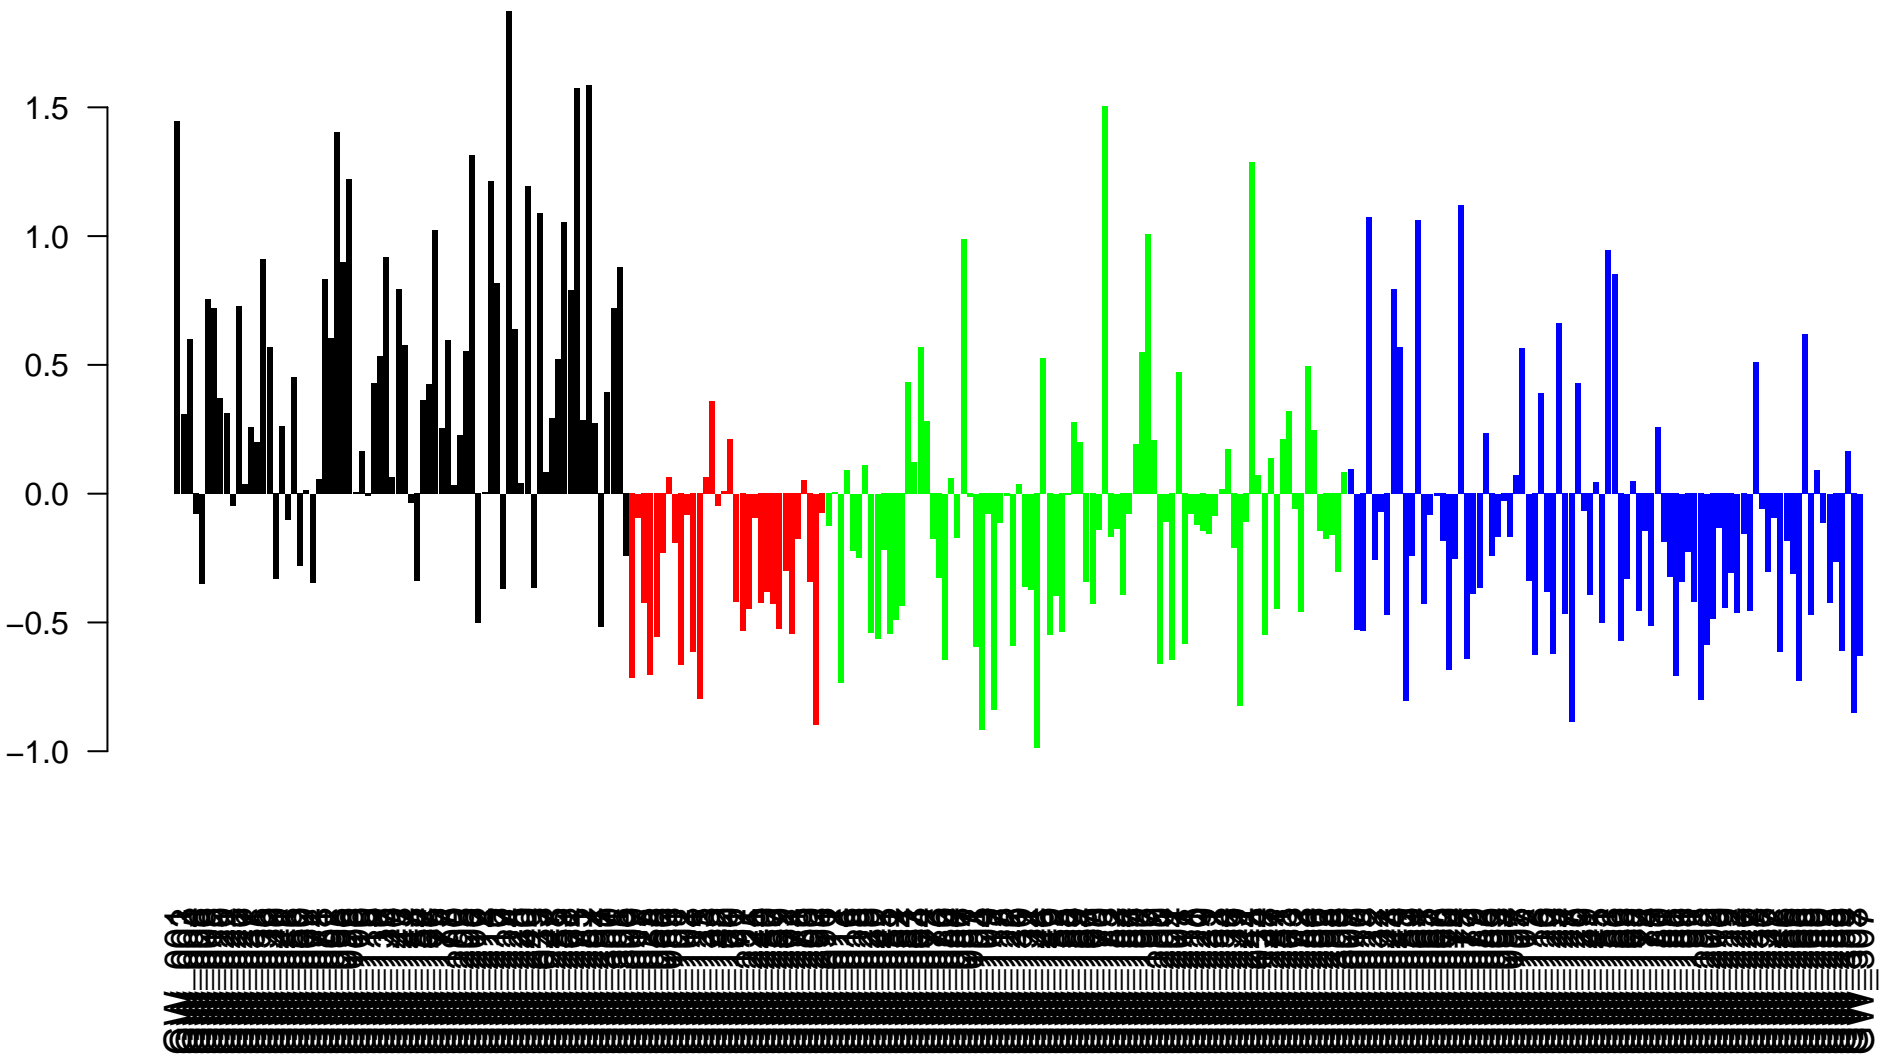

Expression of transcription regulatory region DNA binding in Spot G

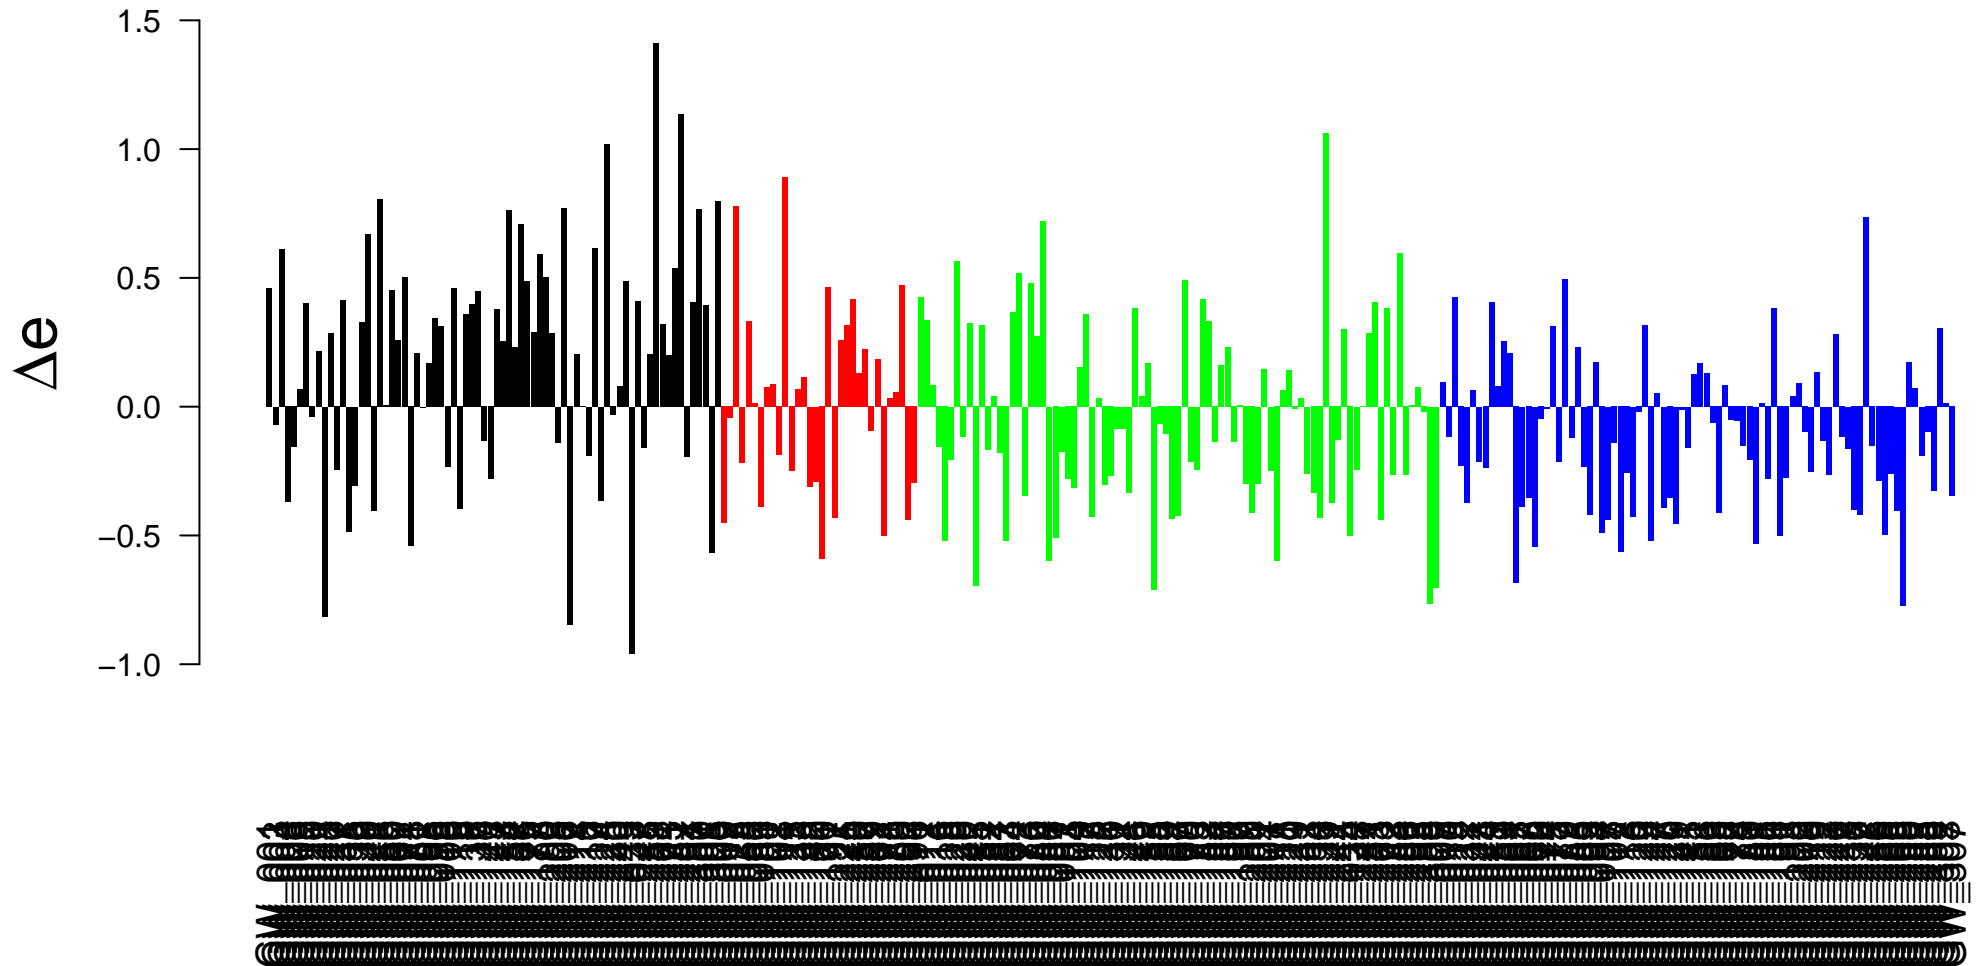

Expression of transcription regulatory region DNA binding in Spot H

Δe

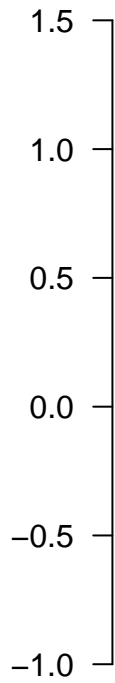

Expression of transcription regulatory region DNA binding in Spot I

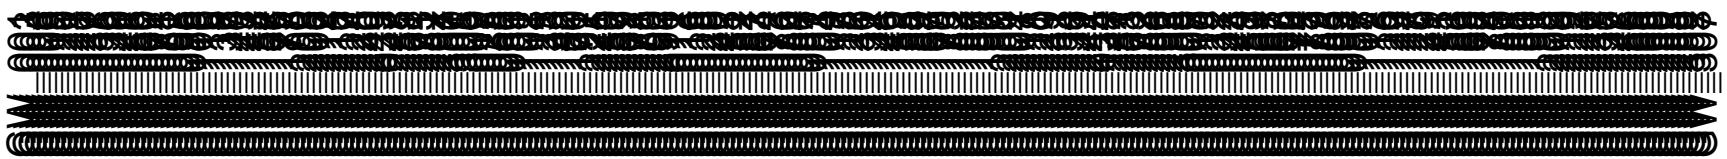

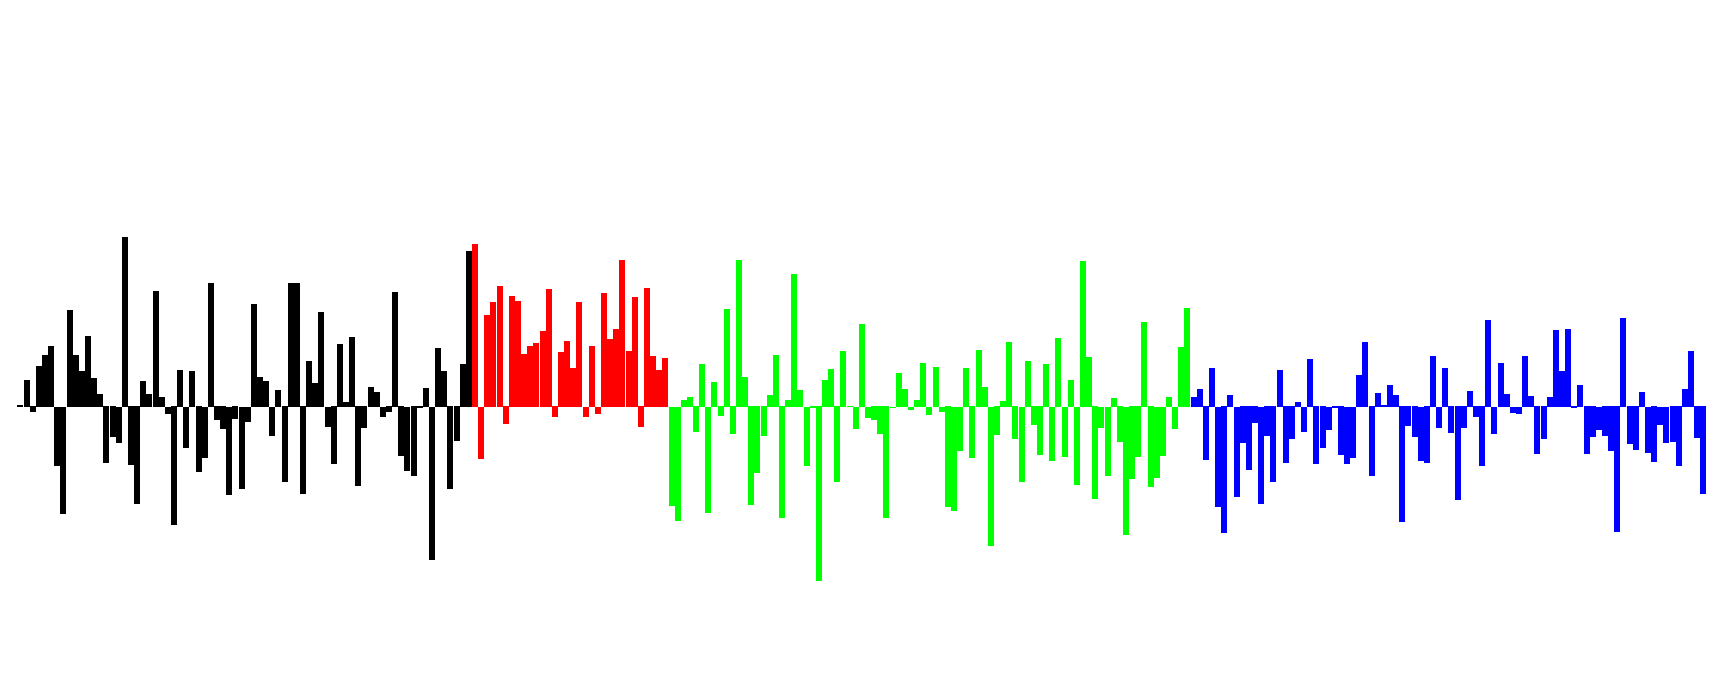

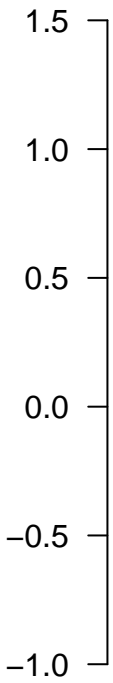

Expression of transcription regulatory region DNA binding in Spot J

Δe

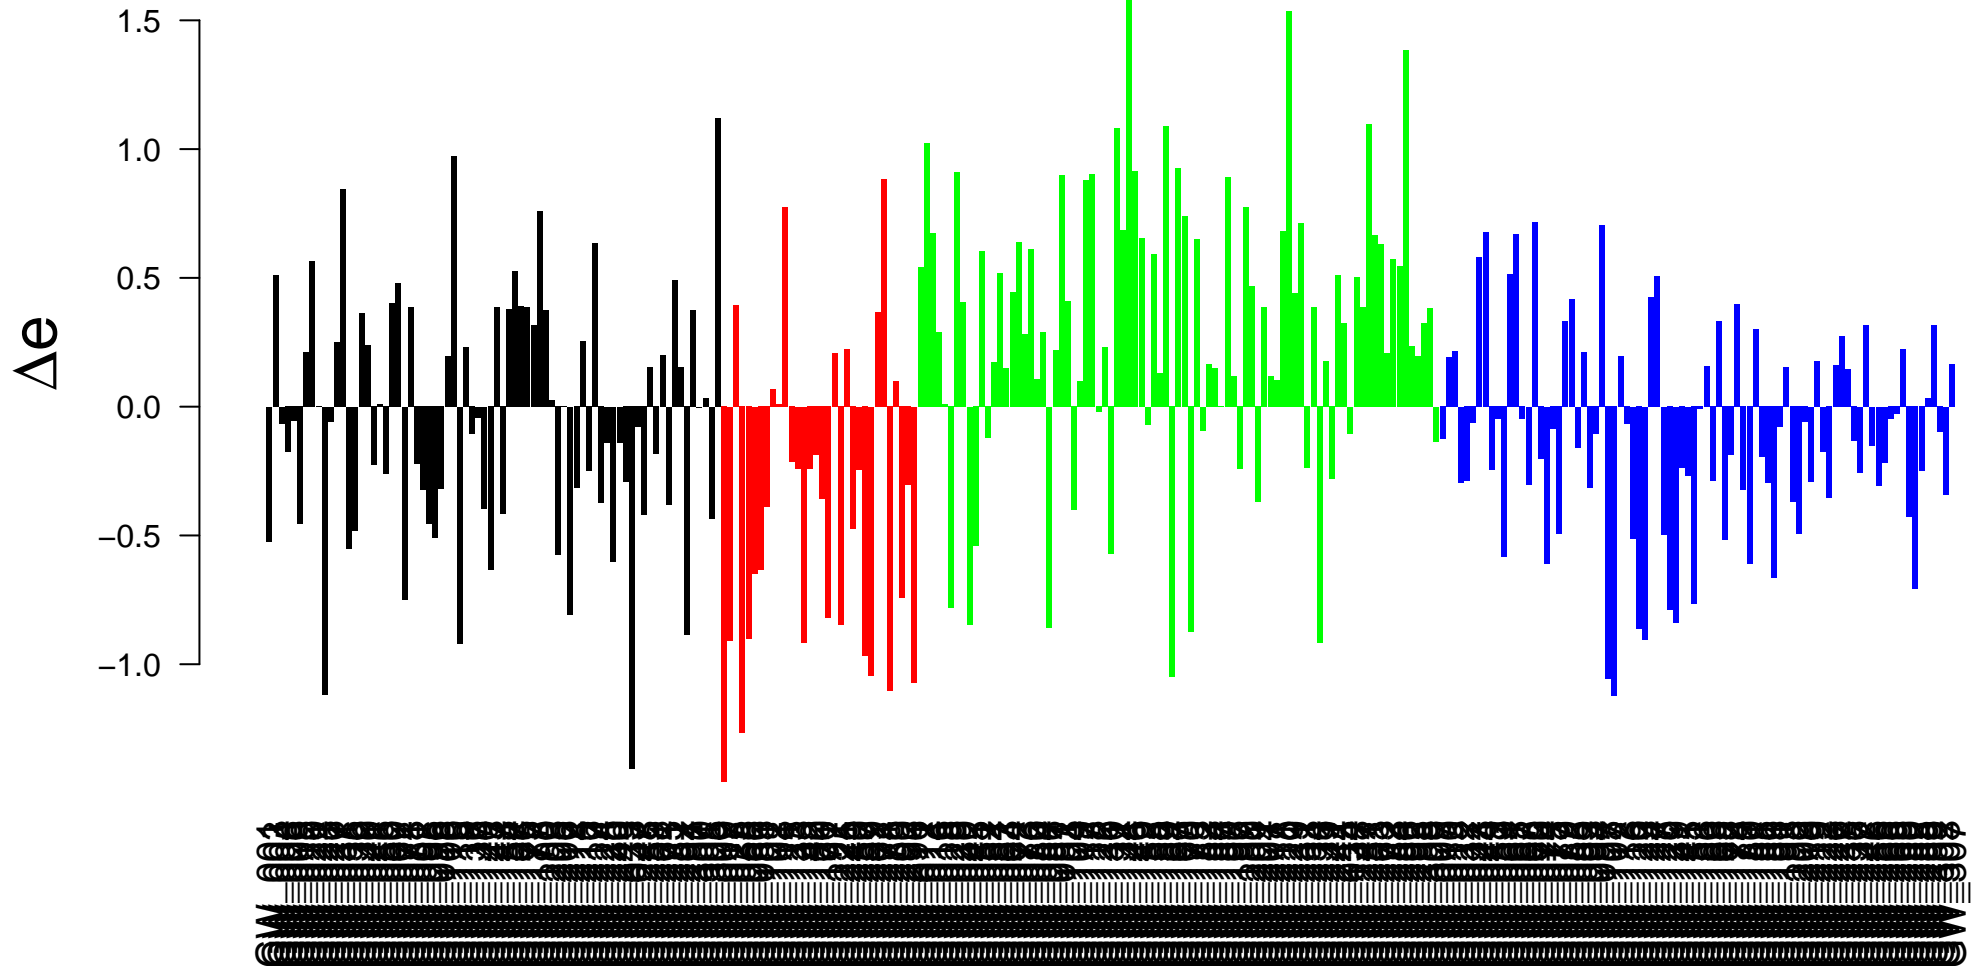

Expression of transcription regulatory region DNA binding in Spot K

Δe

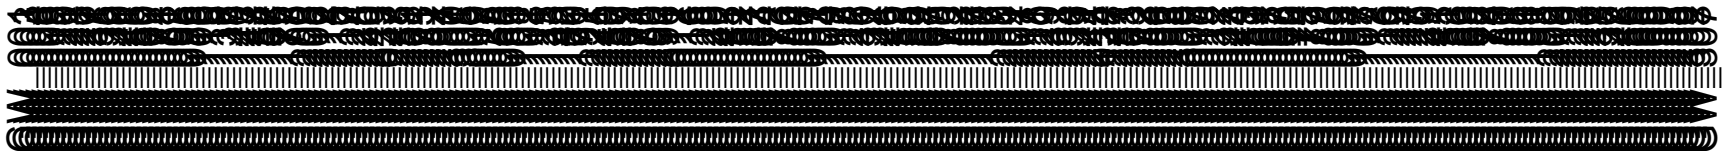

Expression of transcription regulatory region DNA binding in Spot L

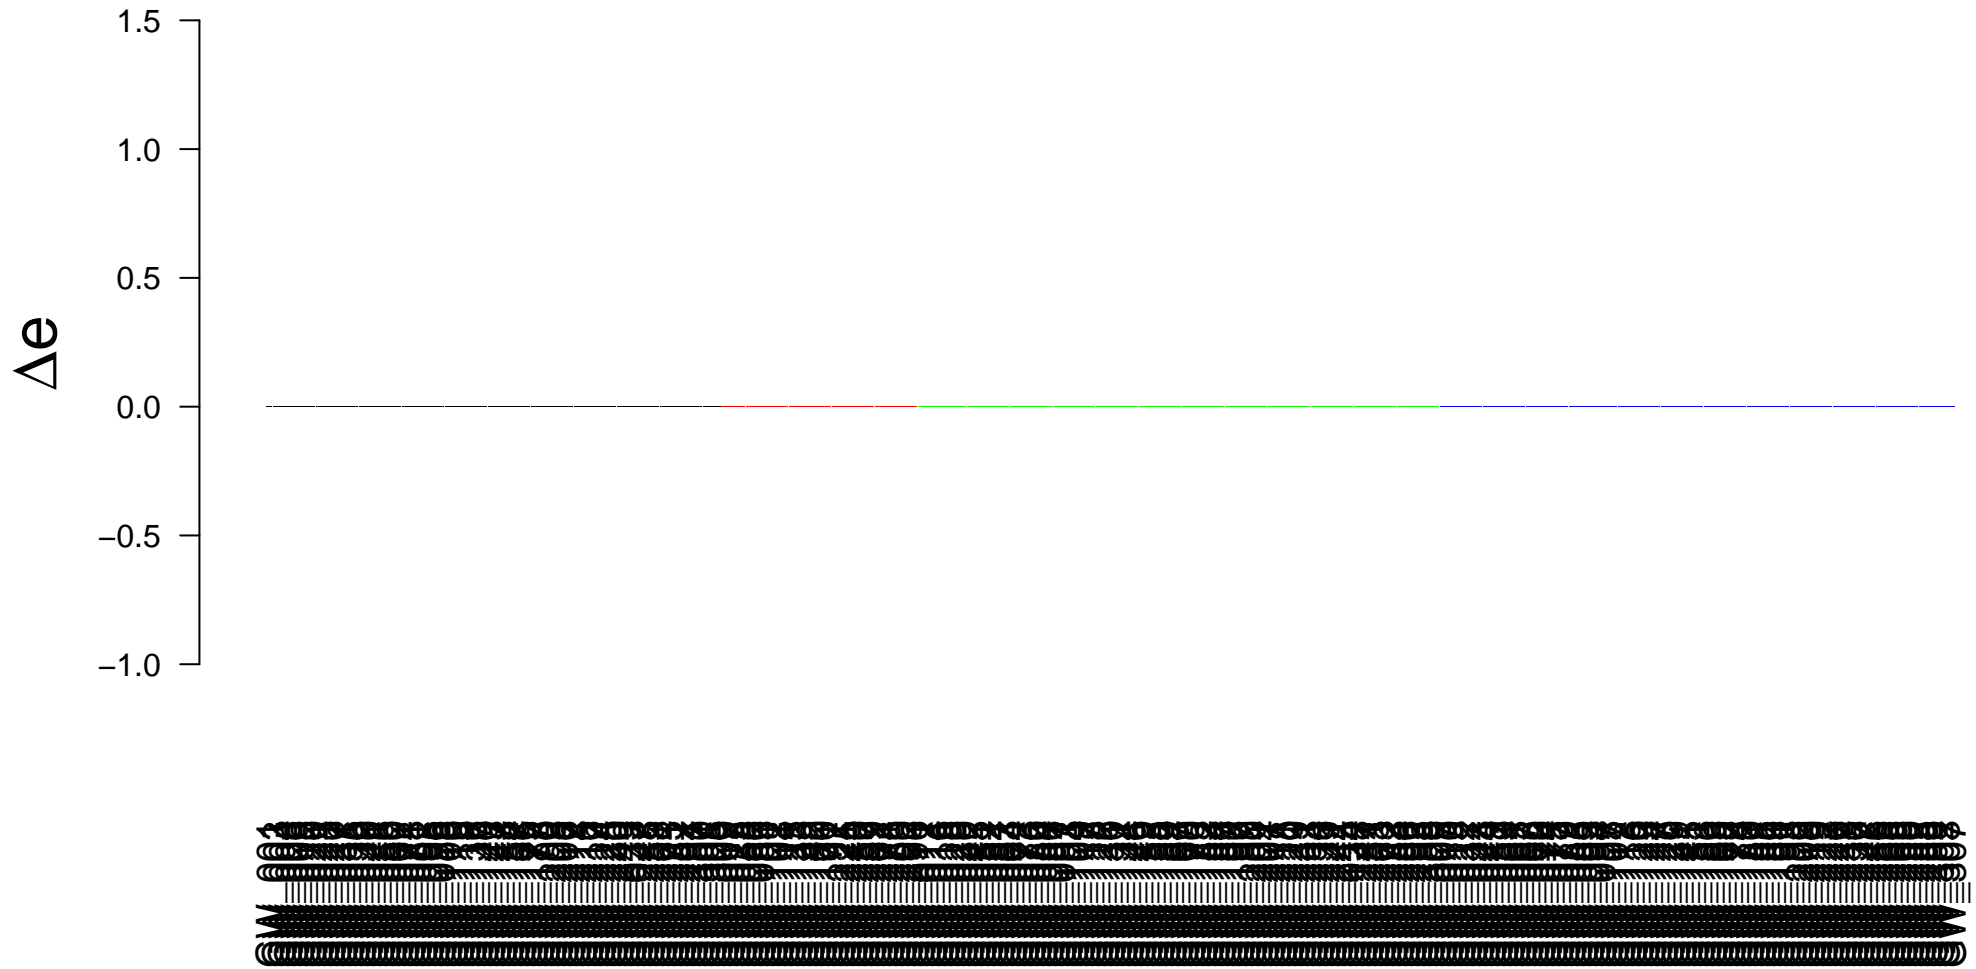

Expression of transcription regulatory region DNA binding in Spot M
