

very-low-density lipoprotein particle

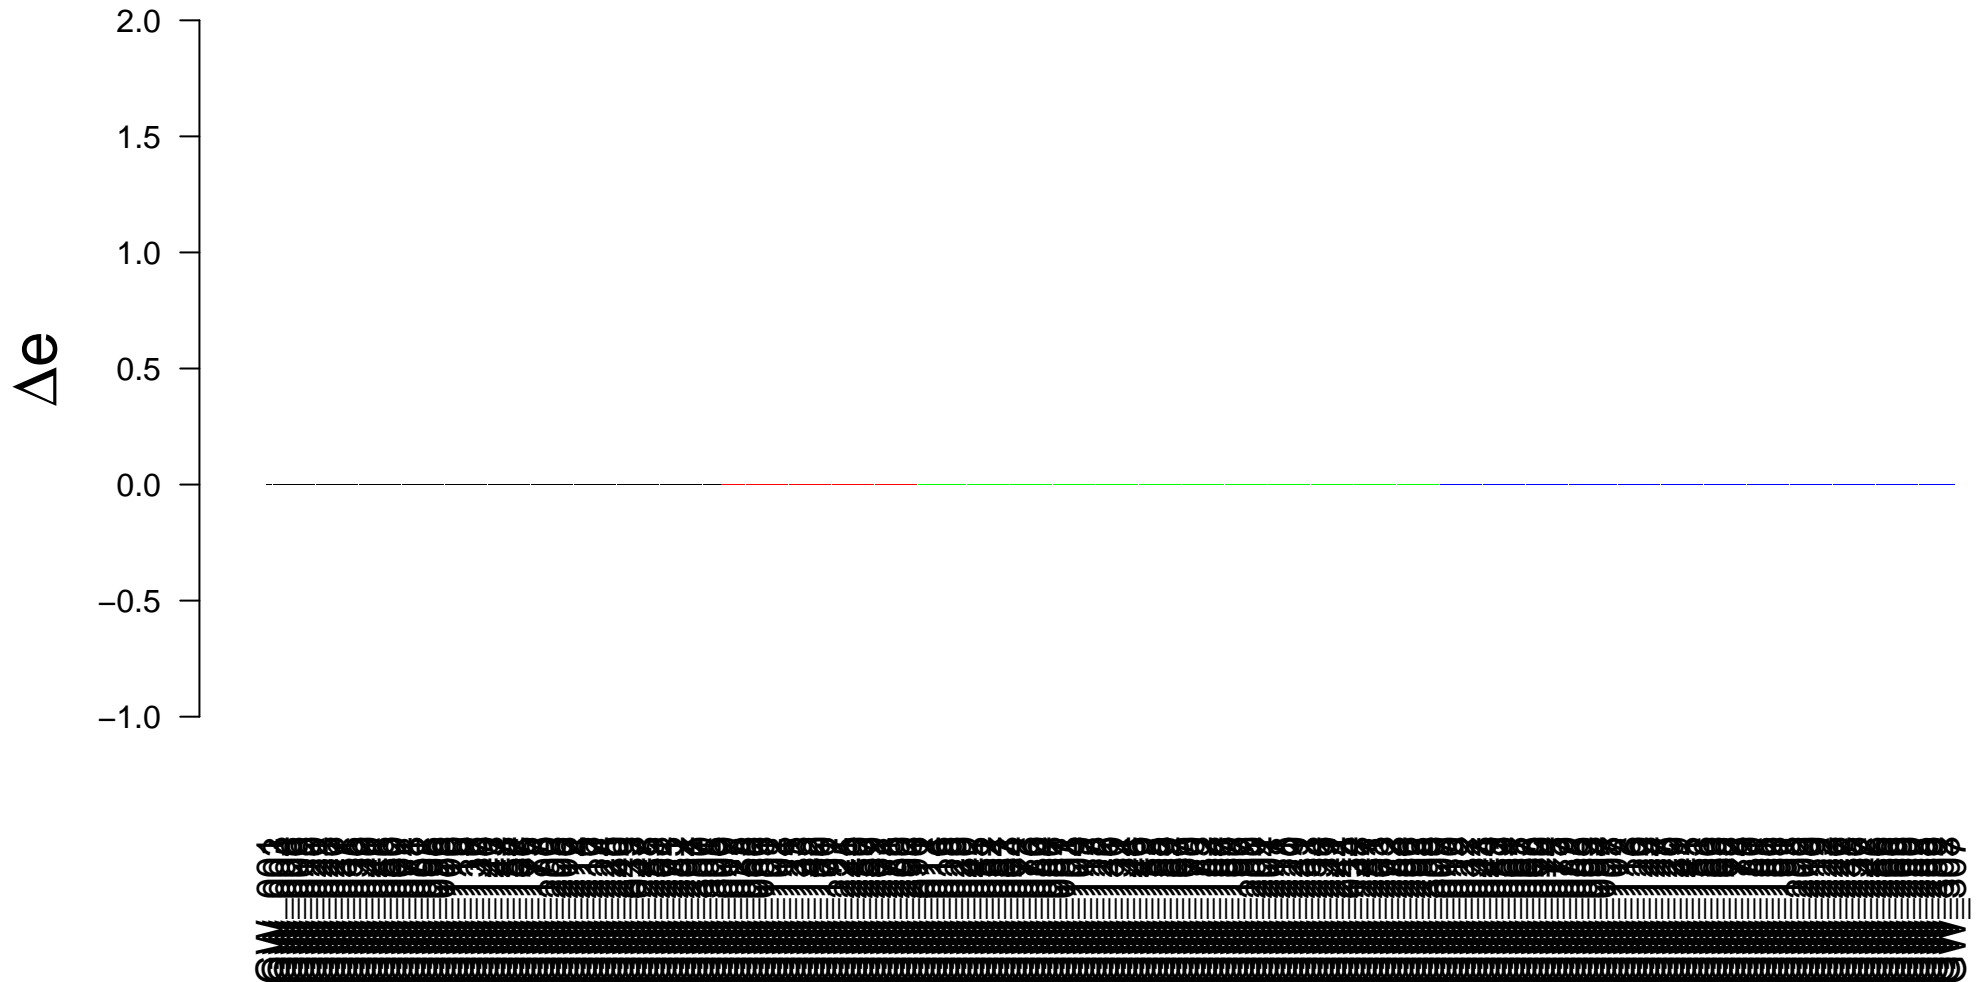

very-low-density lipoprotein particle

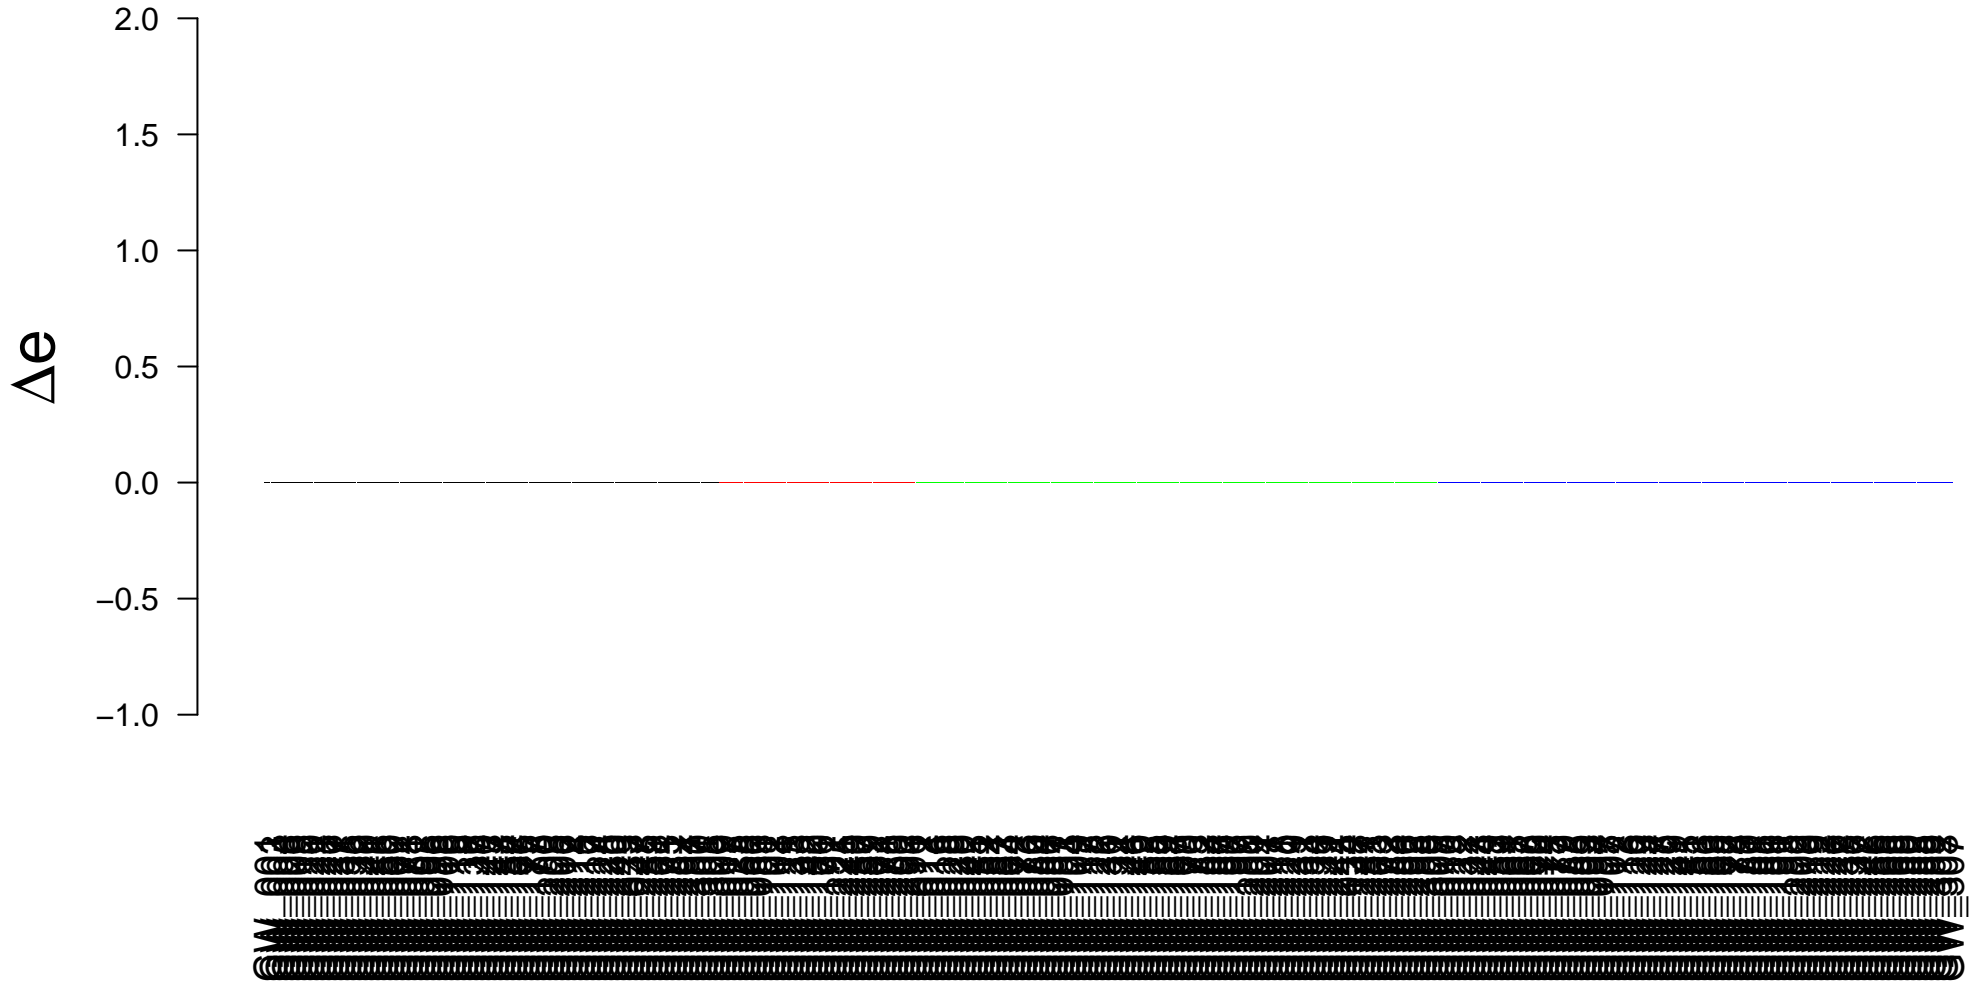

Enrichment in spots: very-low-density lipoprotein particle

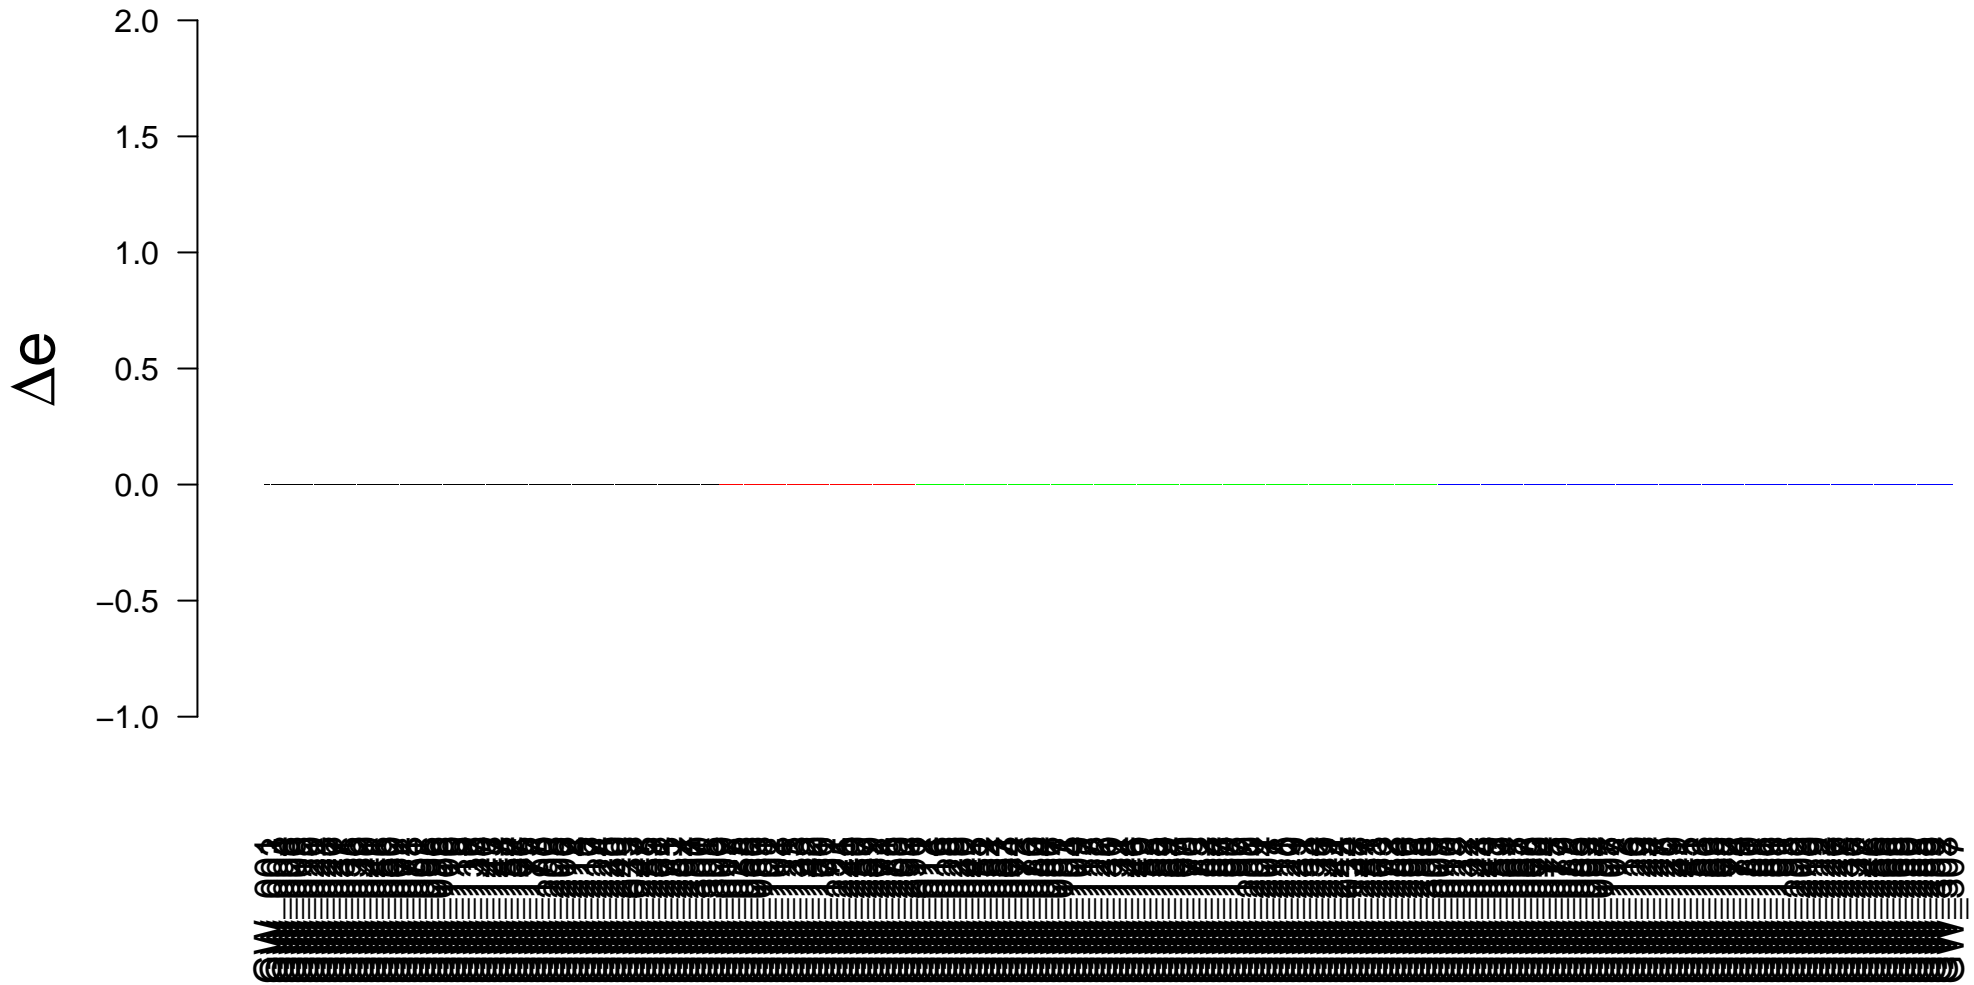

Expression of very-low-density lipoprotein particle in Spot A

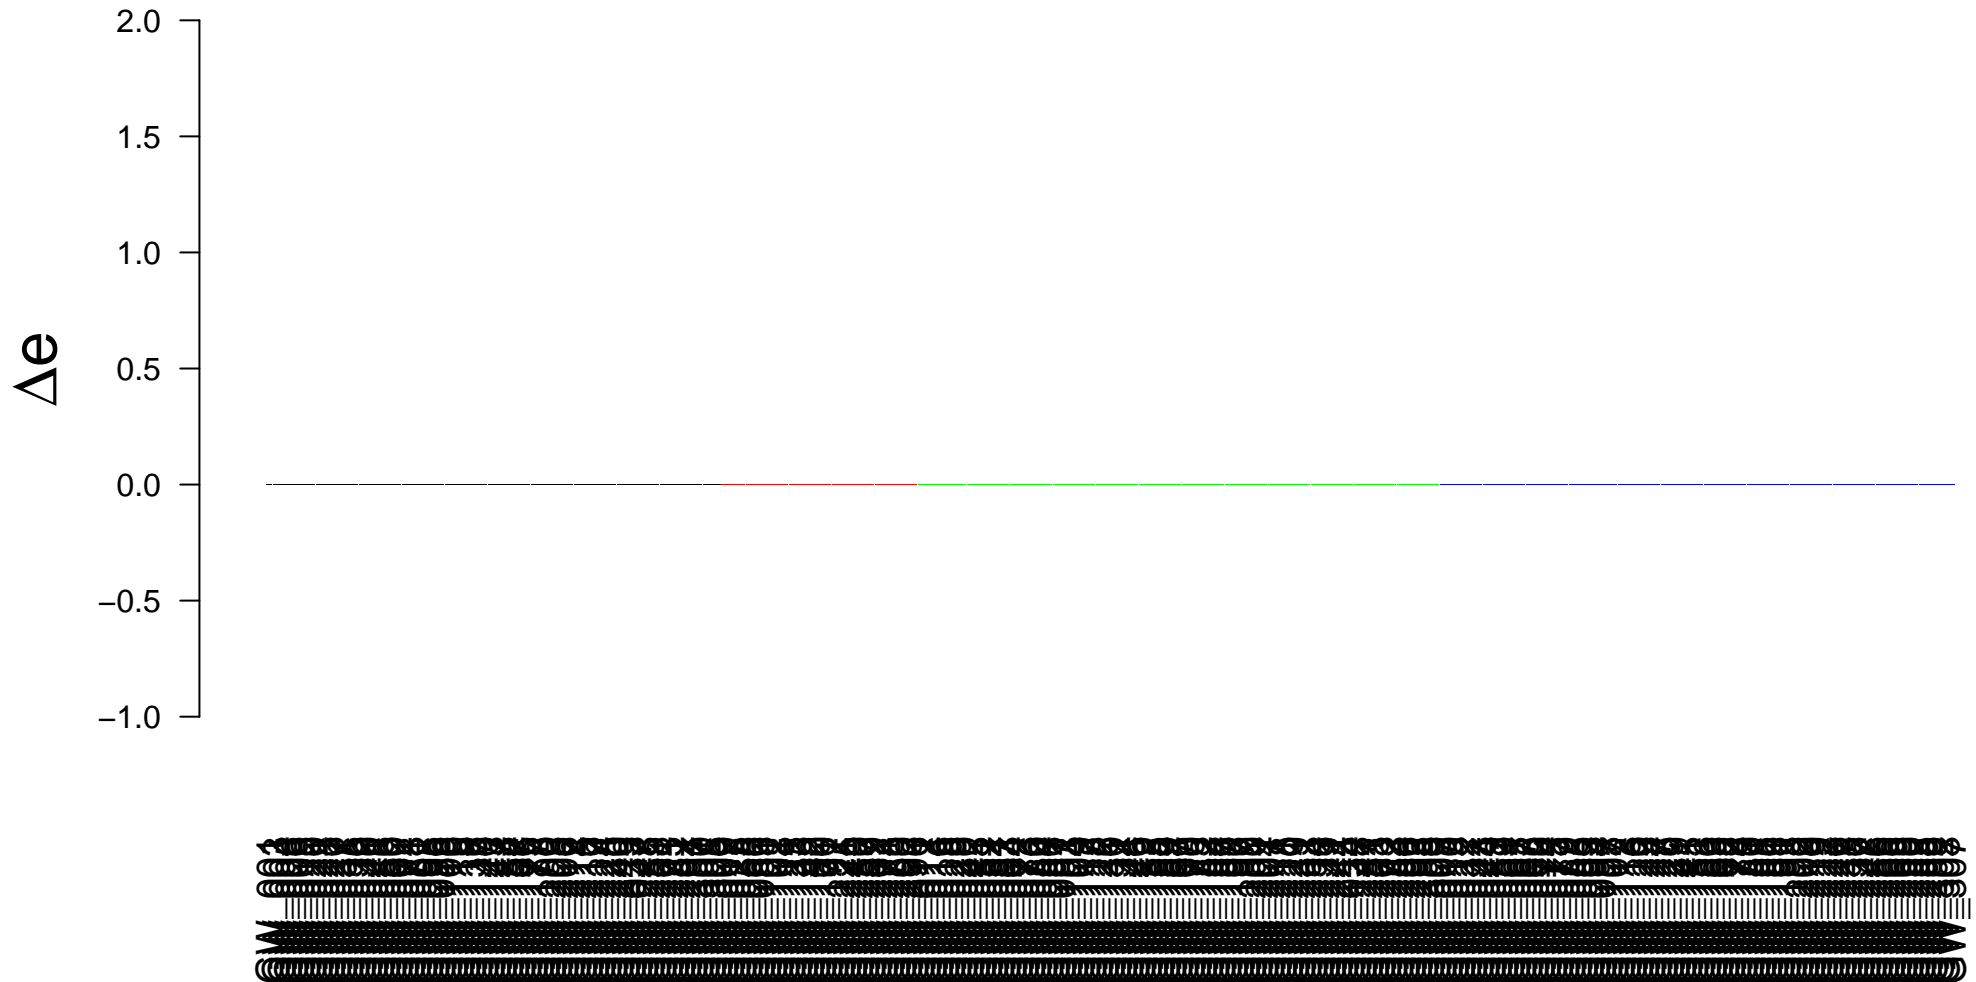

Expression of very-low-density lipoprotein particle in Spot B

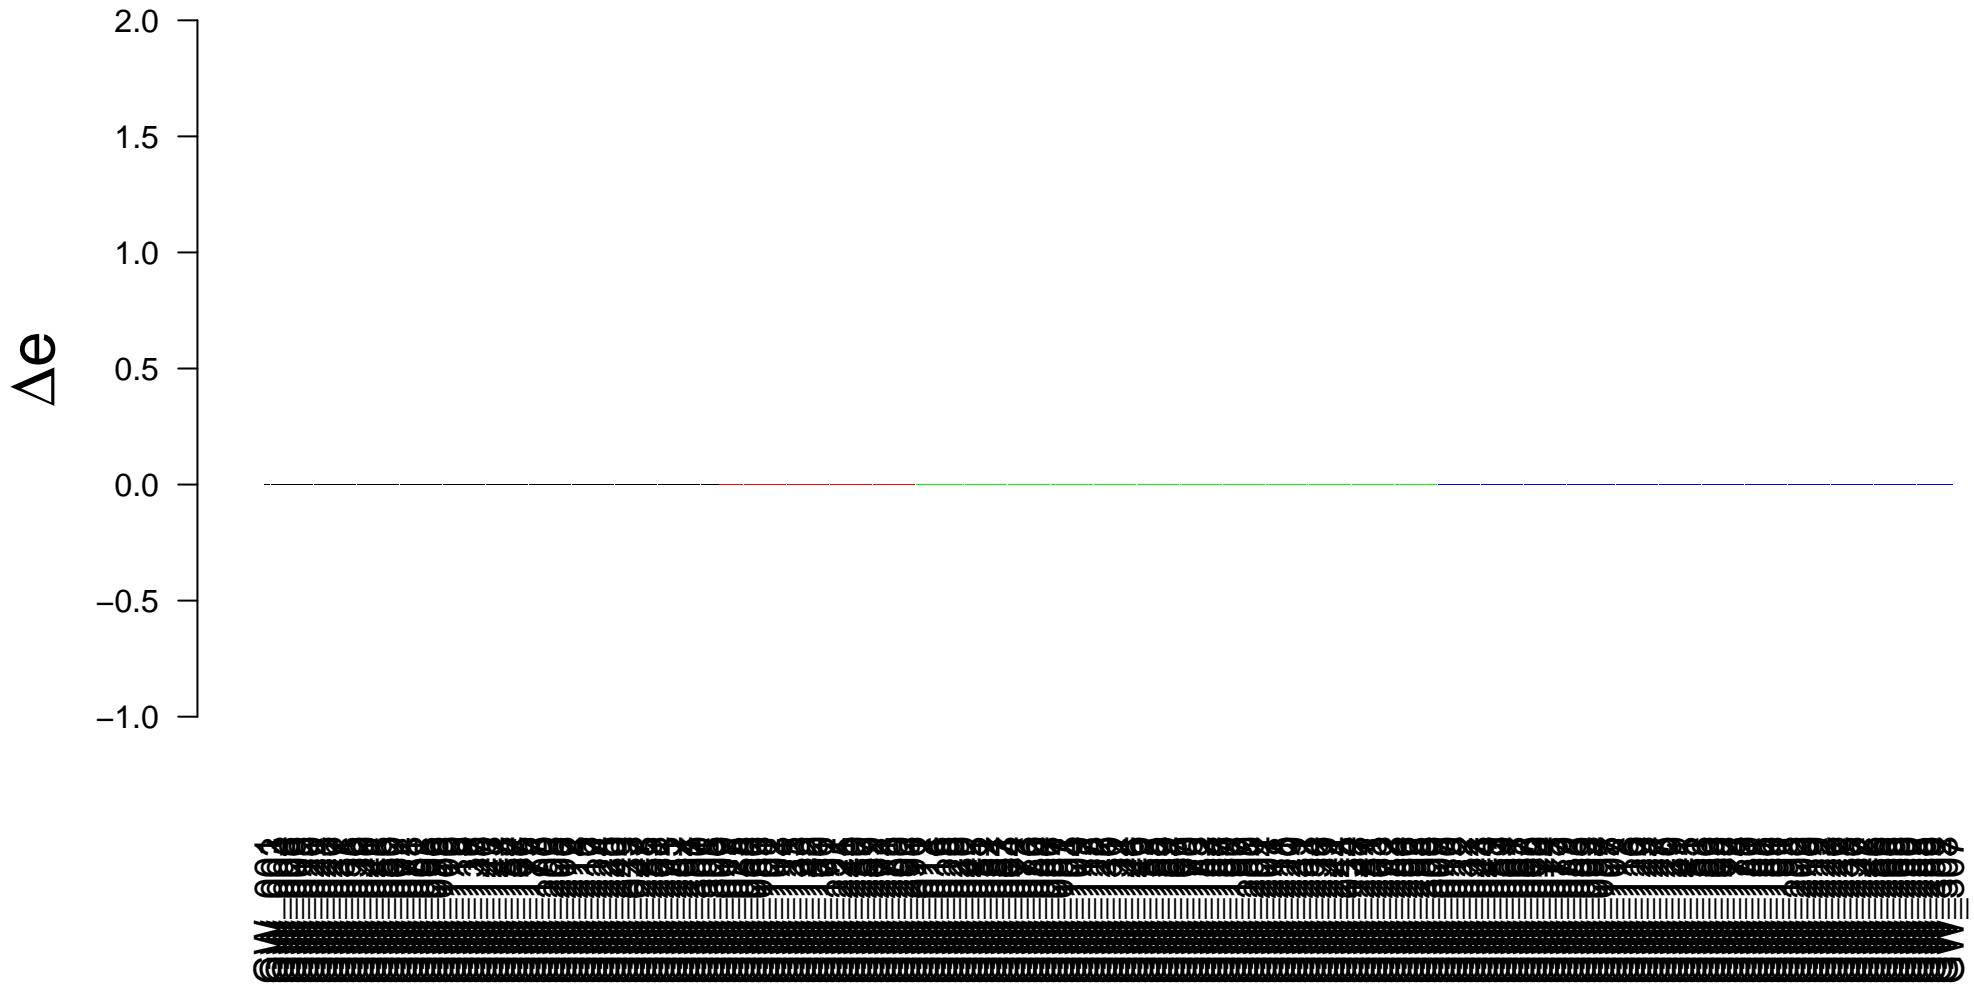

Expression of very-low-density lipoprotein particle in Spot C

Expression of very-low-density lipoprotein particle in Spot D

Expression of very-low-density lipoprotein particle in Spot E

Expression of very-low-density lipoprotein particle in Spot F

Expression of very-low-density lipoprotein particle in Spot G

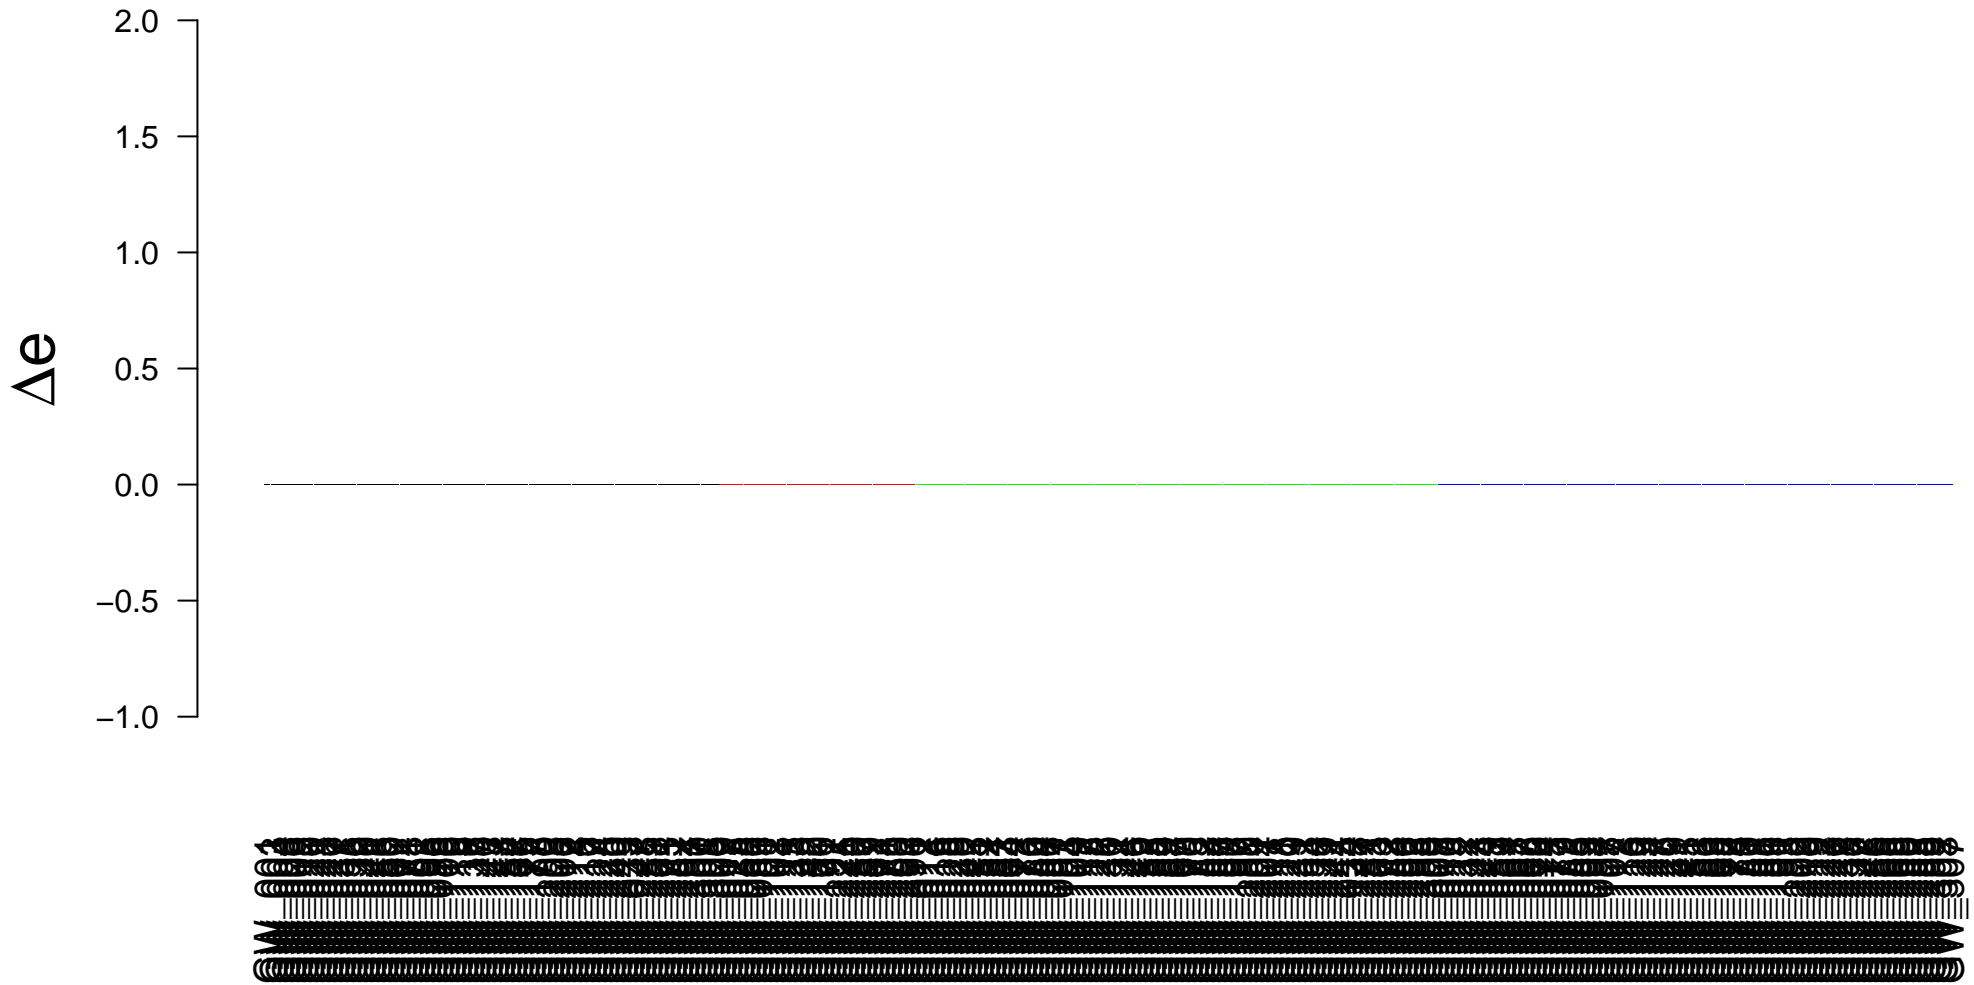

Δe

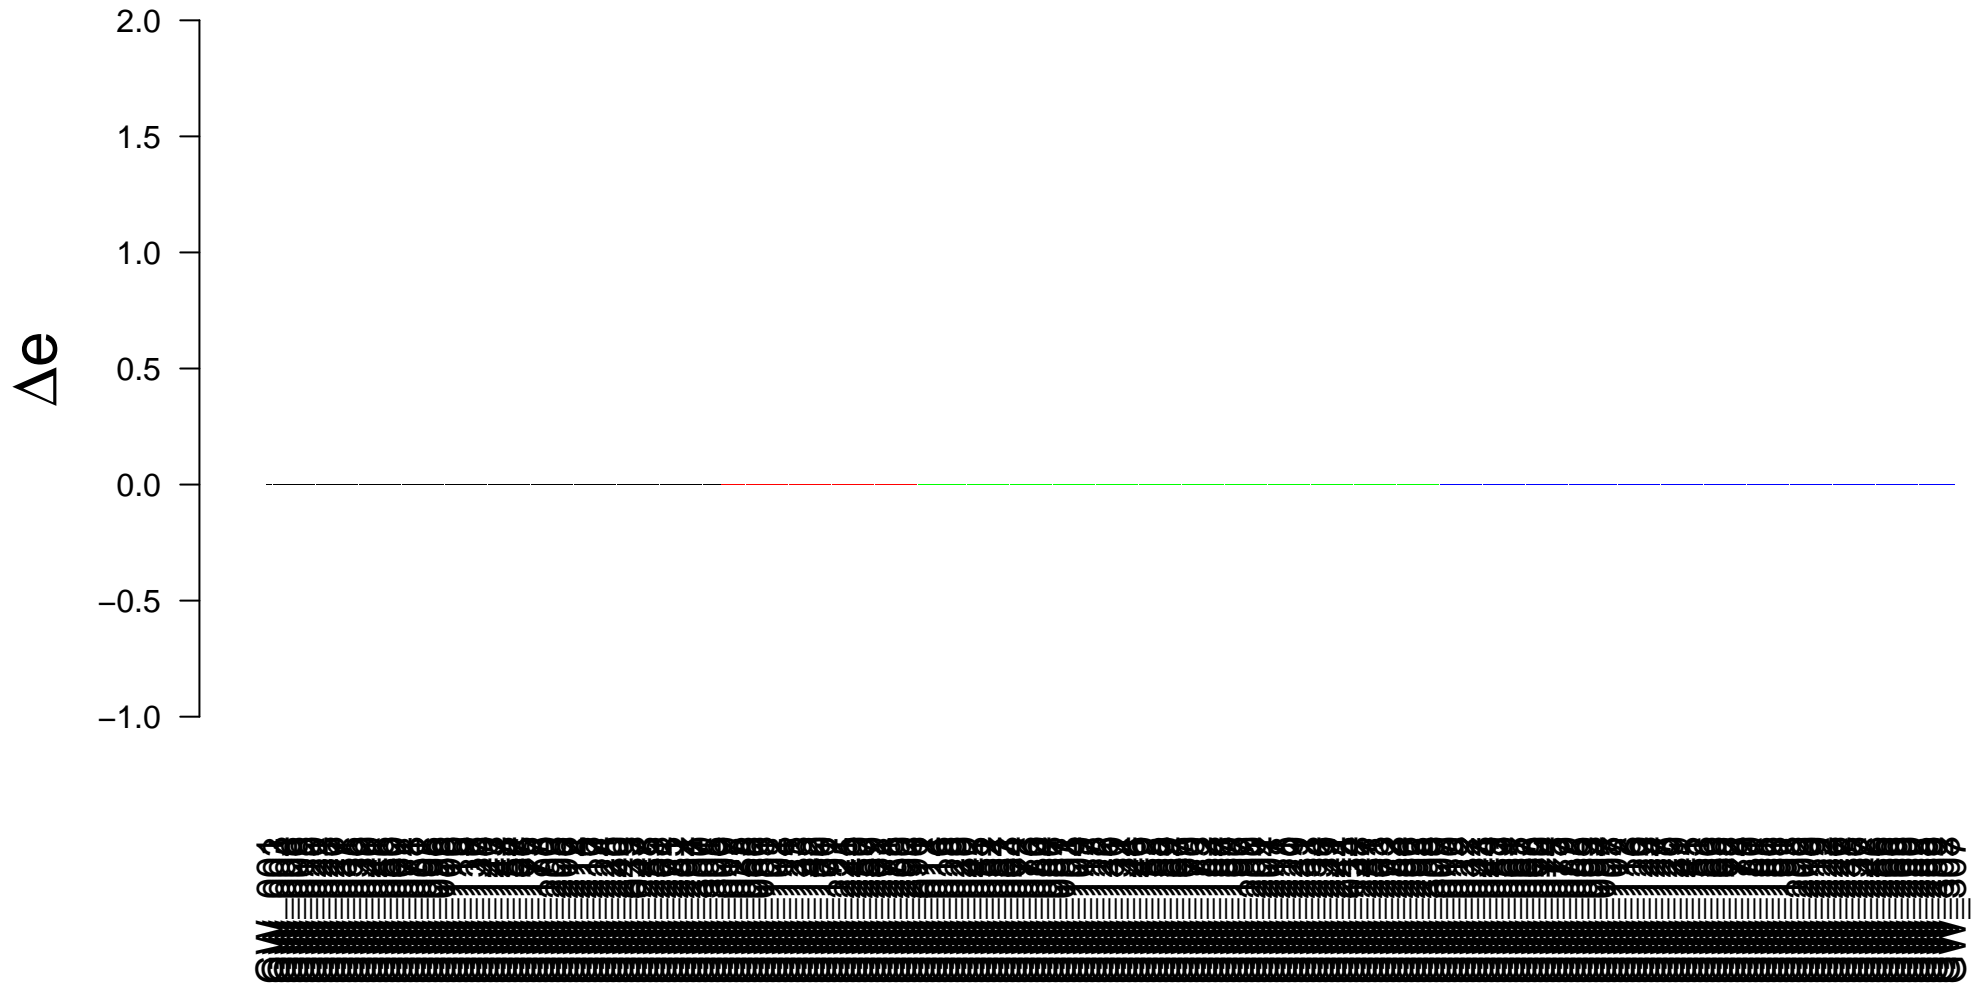

Expression of very-low-density lipoprotein particle in Spot H

Expression of very-low-density lipoprotein particle in Spot I

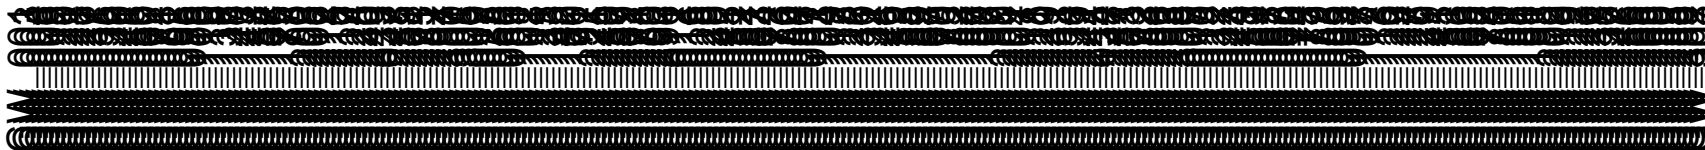

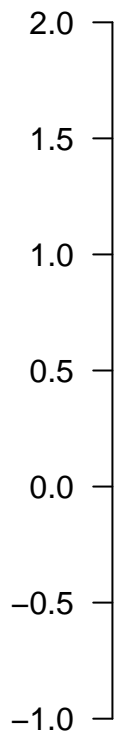

Expression of very-low-density lipoprotein particle in Spot J

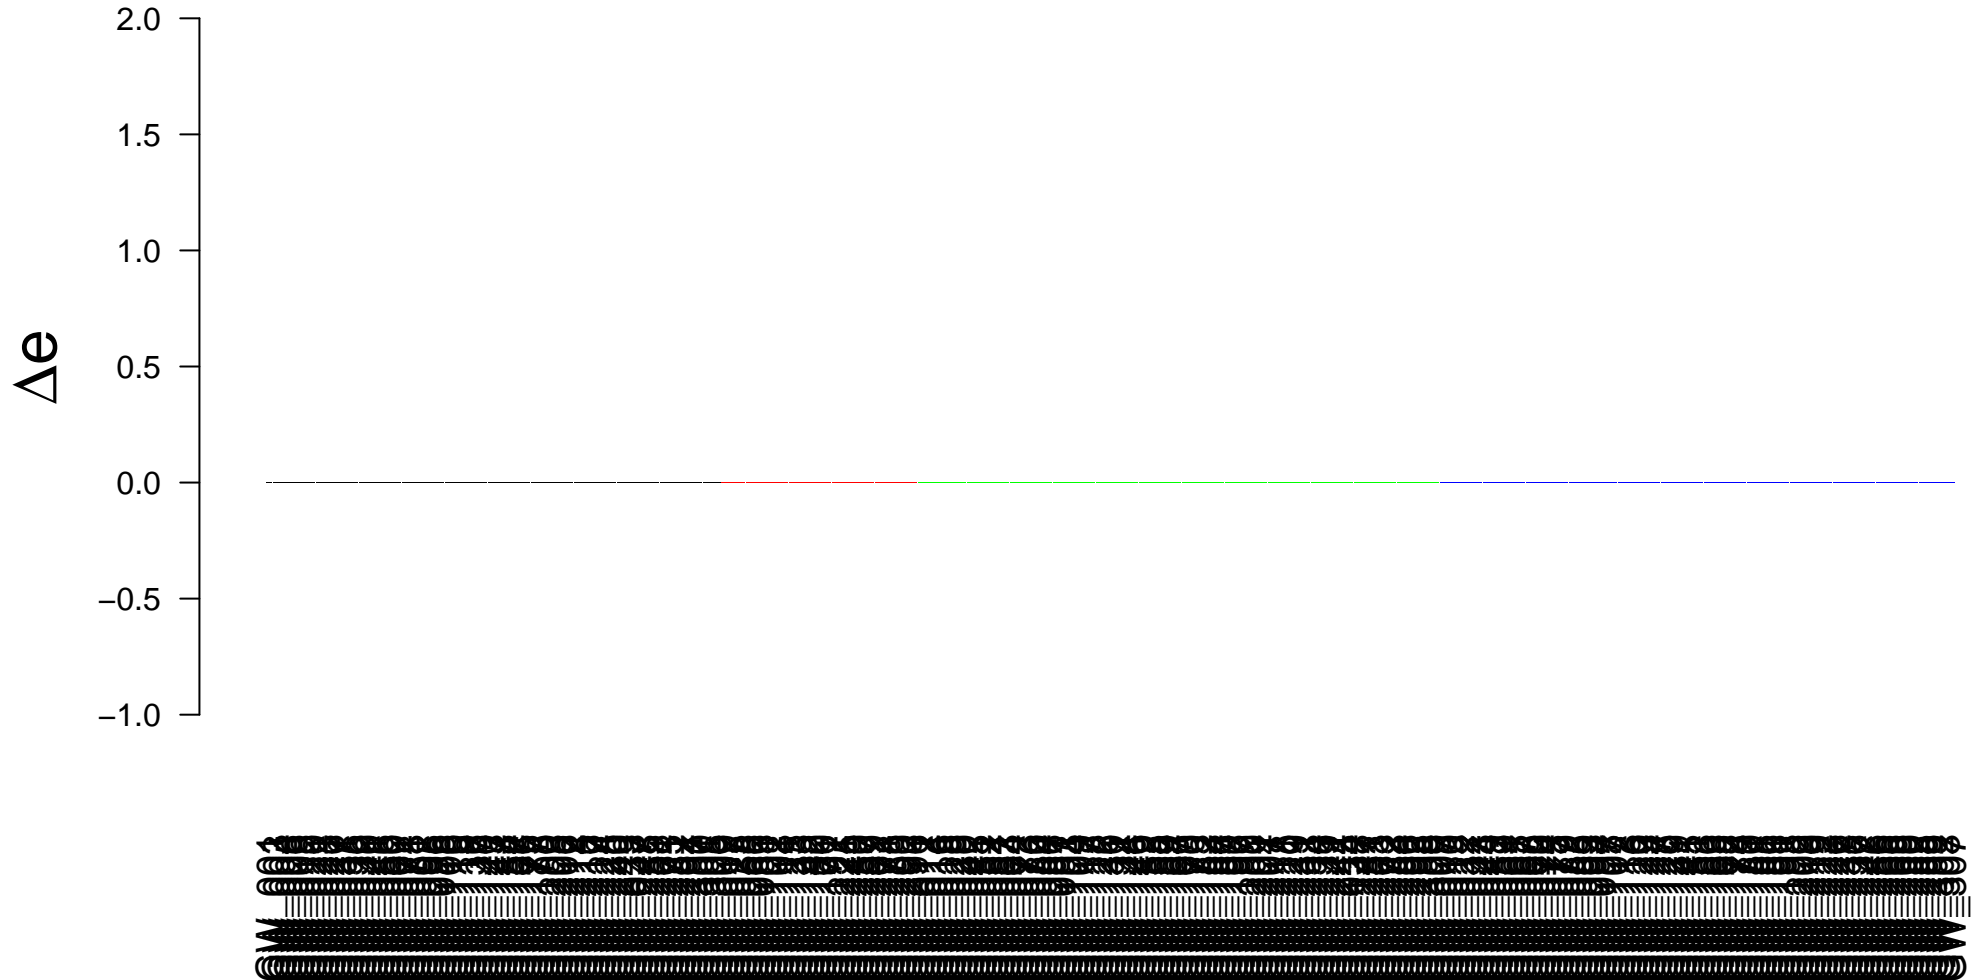

Expression of very-low-density lipoprotein particle in Spot K

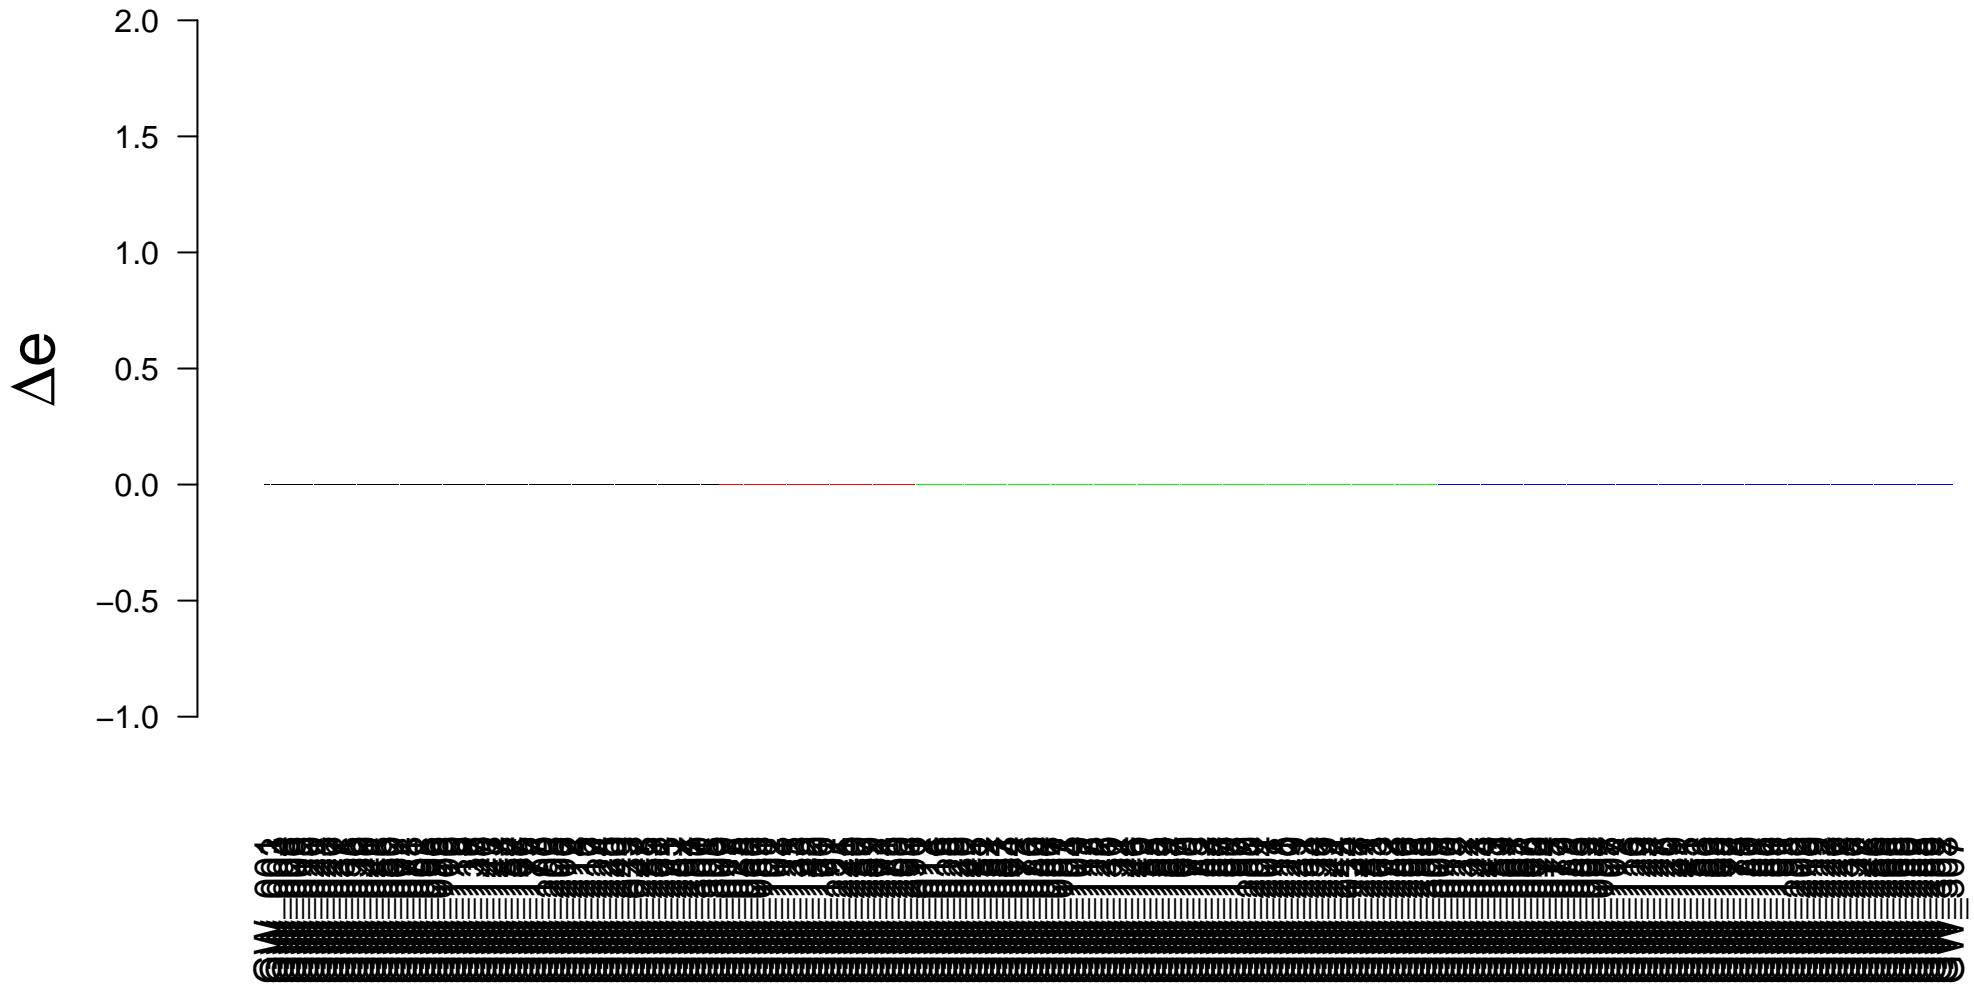

Δe

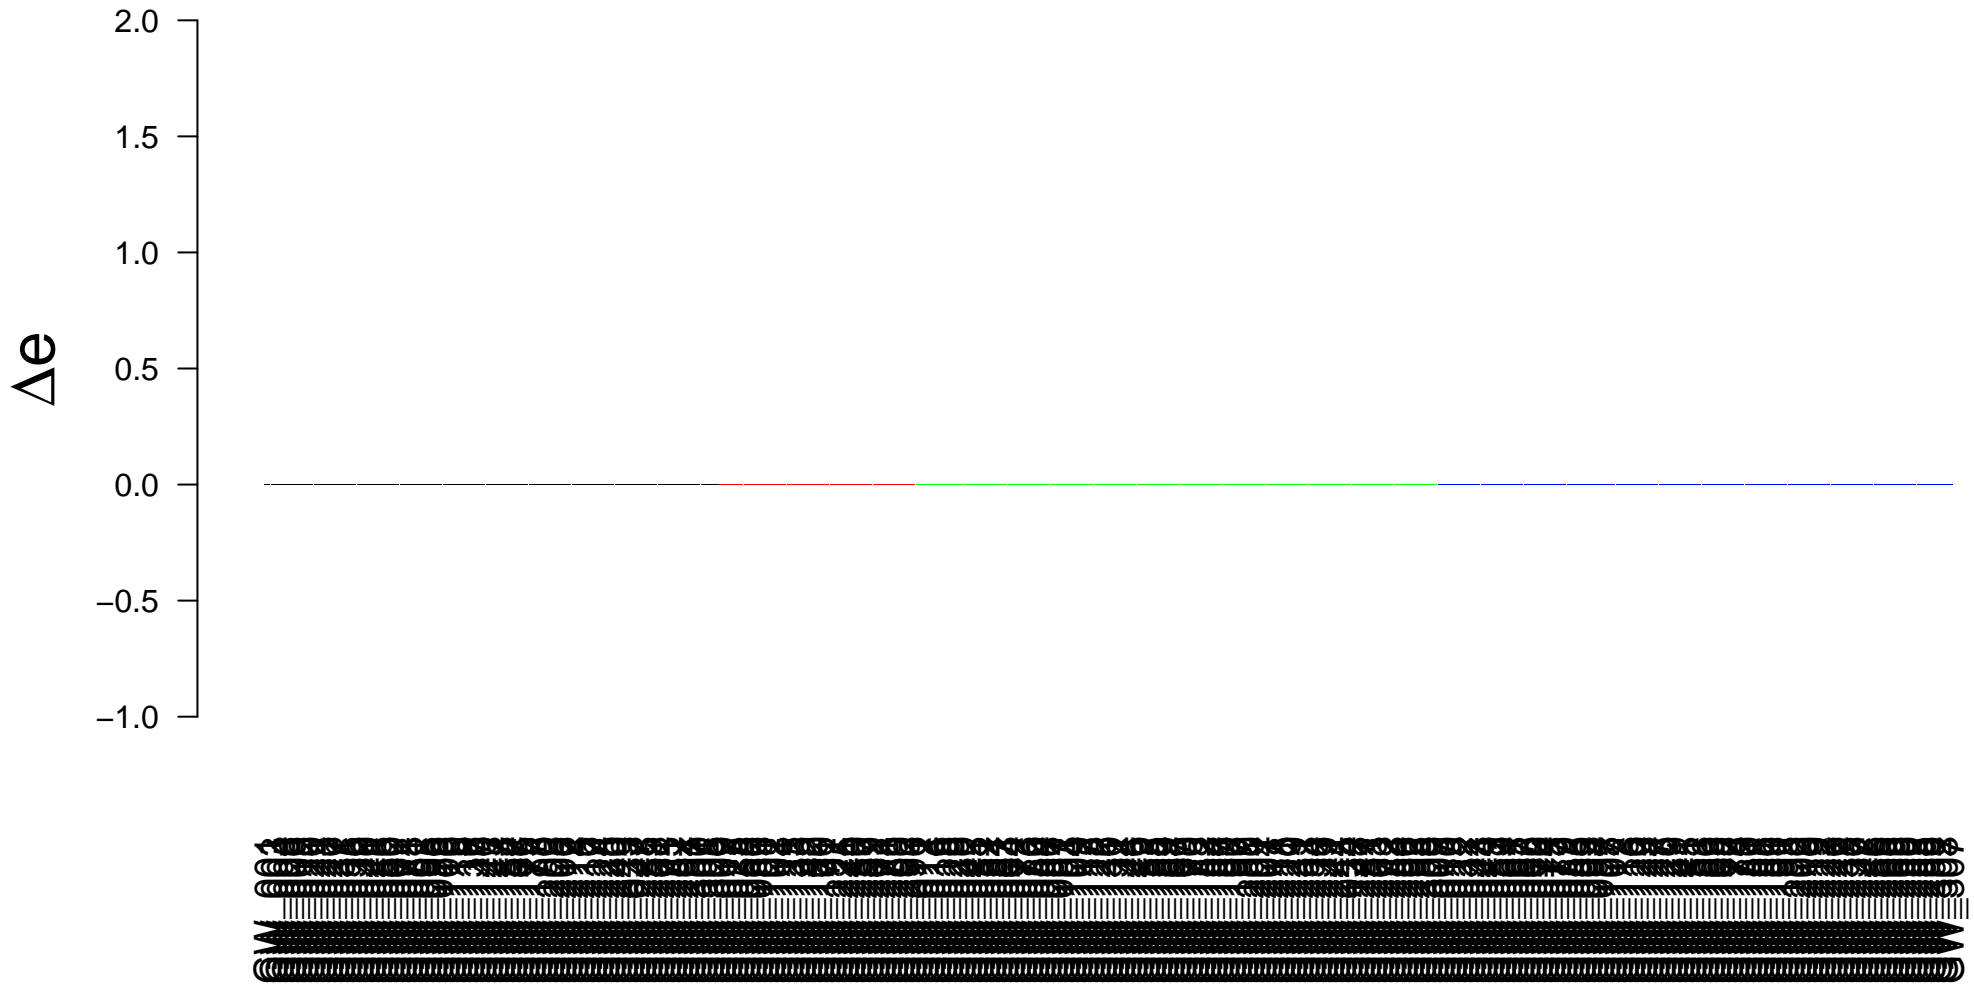

Expression of very-low-density lipoprotein particle in Spot L

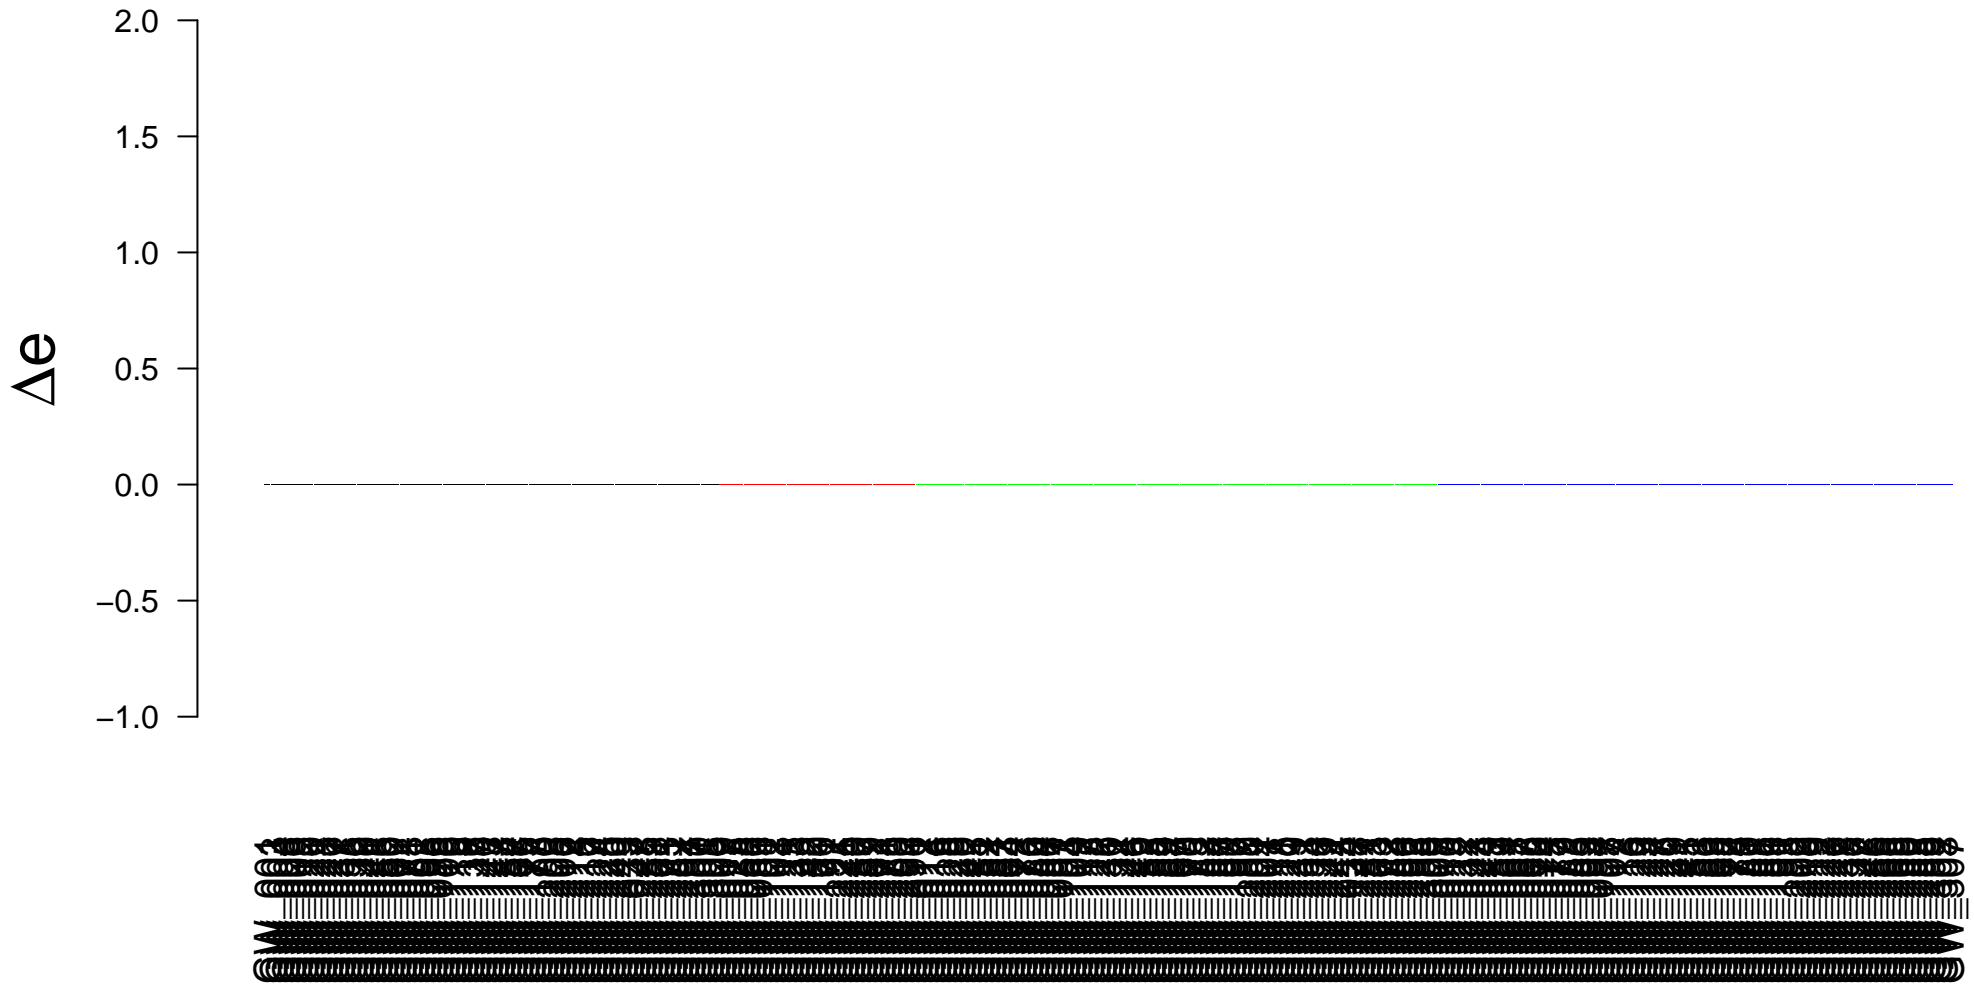

Expression of very-low-density lipoprotein particle in Spot M

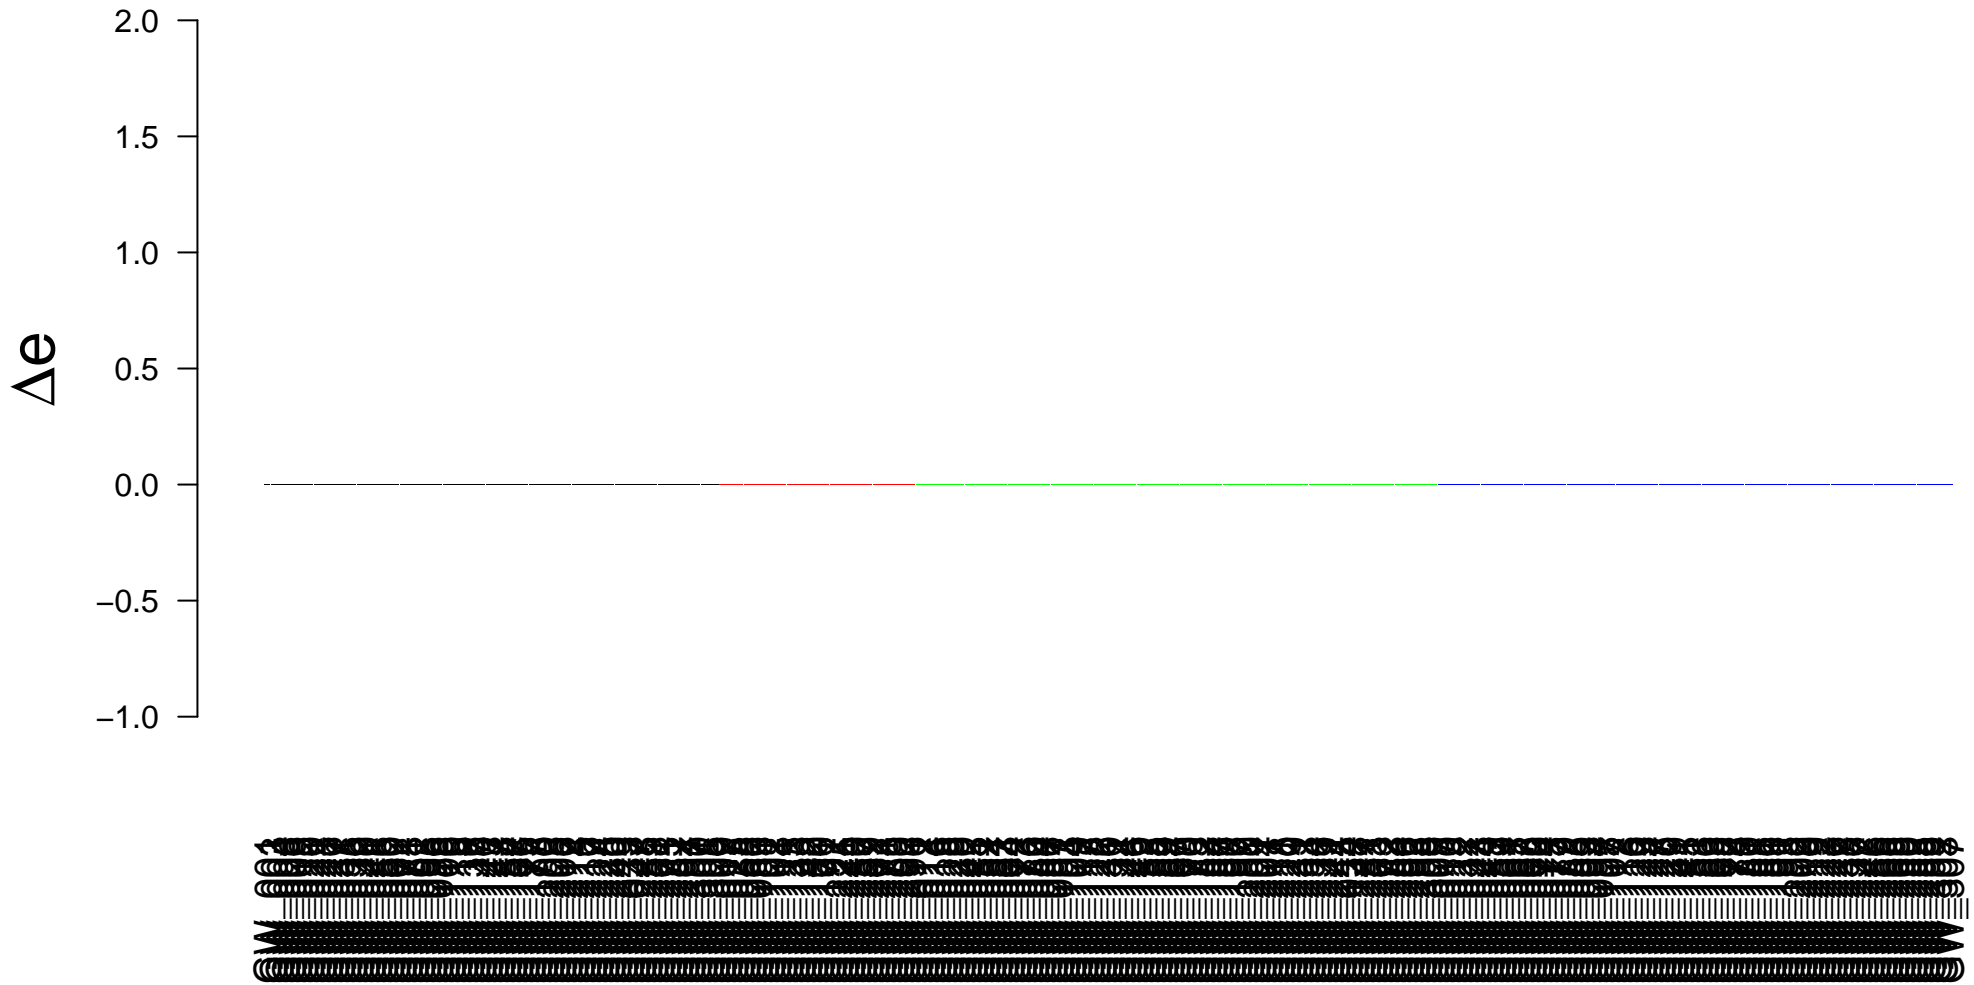

Expression of very-low-density lipoprotein particle in Spot N

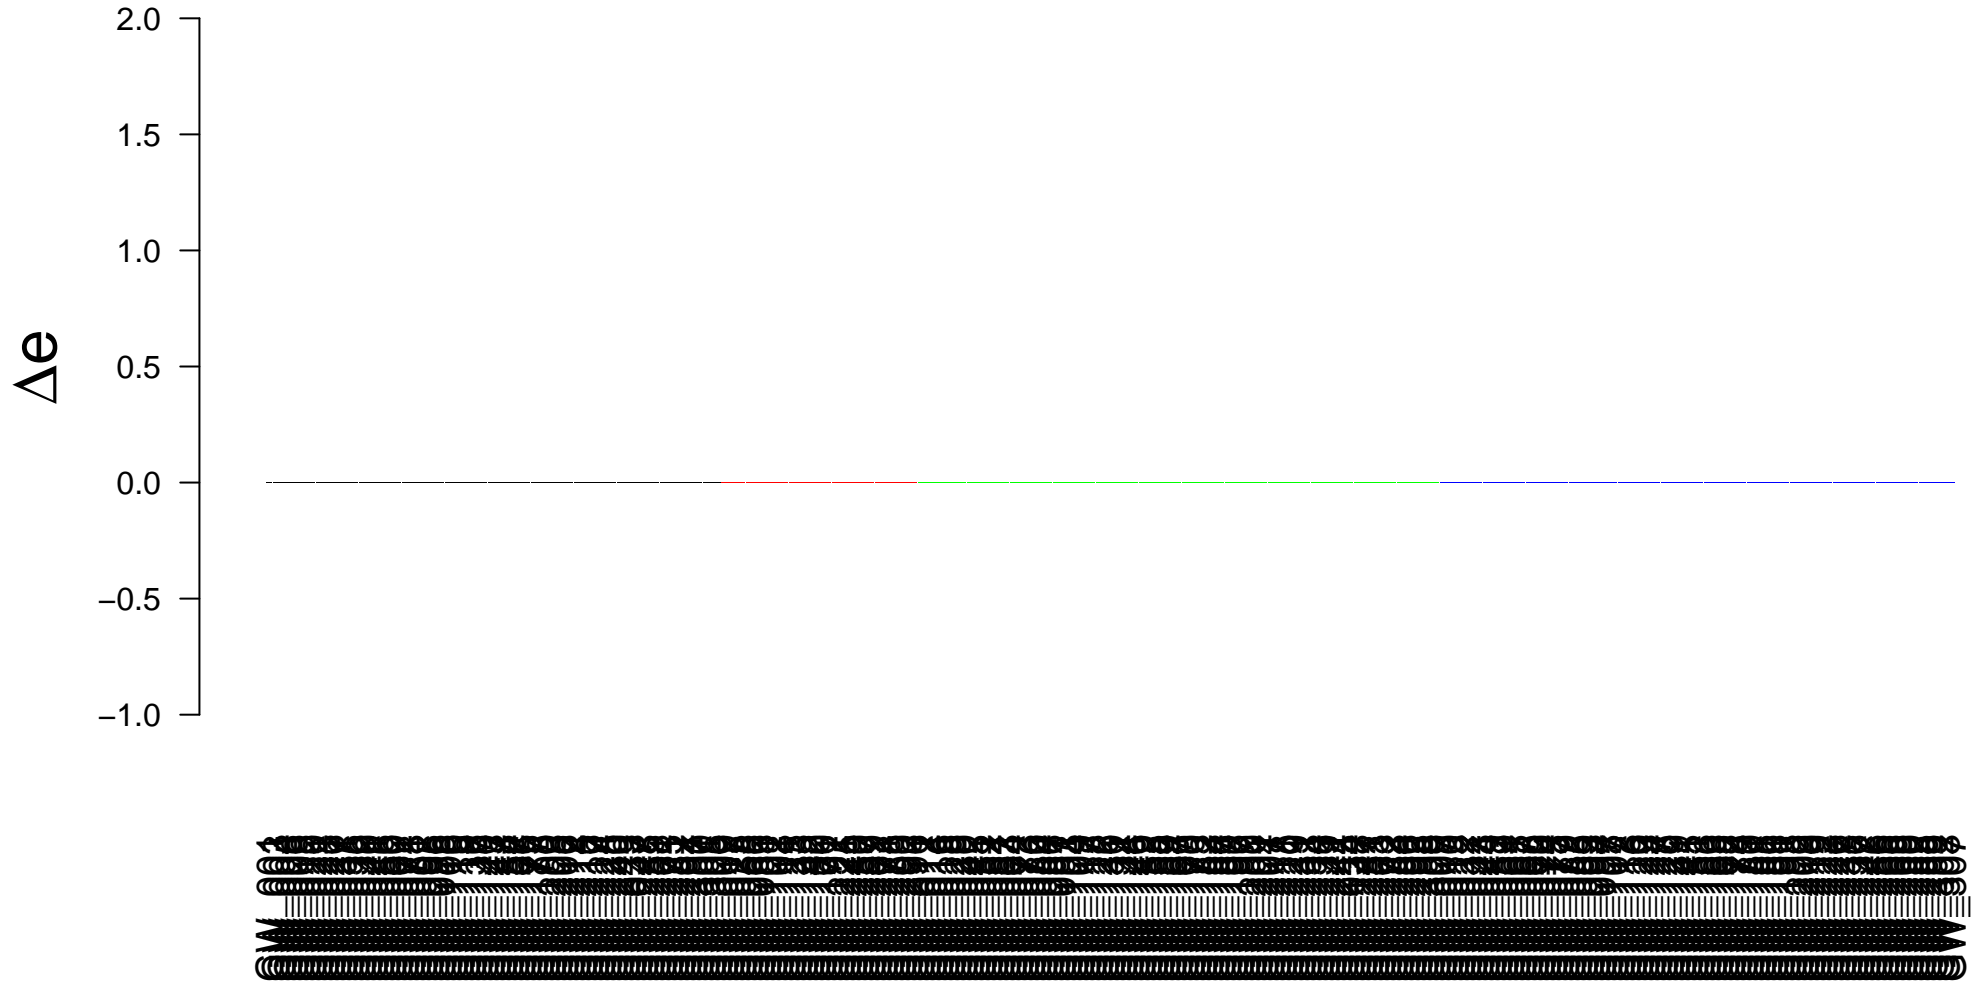

Expression of very-low-density lipoprotein particle in Spot O

Expression of very-low-density lipoprotein particle in Spot P

Expression of very-low-density lipoprotein particle in Spot Q

Expression of very-low-density lipoprotein particle in Spot R
